1964-73 STANDARD DOOR PANELS & QUARTER TRIM UPHOLSTERY

Our Restorer's Choice Standard Door Panels are the highest quality reproduction door panels available, featuring correct colors, grain patterns and other details. Produced with the same vinyls as our other interior trim items, each set features the correct padding with a durable fiberboard backing. All holes are die-cut in the correct locations for ease of installation. Original style chrome mylar trim is dielectric heat embossed to the panel when and where applicable. Also available, is our Restorer's Choice Quarter Trim Upholstery Set that includes enough material to re-cover both rear quarter panels in matching vinyl. Each set installs over your original interior quarter trim panels with 3M Super Trim Adhesive, sold separately. 1964-68 upholstery comes in correct Sierra grain, while the 1969-73 upholstery comes in the original Corinthian grain vinyl.

BLUE OR RED BACKLIT ILLUMINATION

COMPLETE KIT: Dakota Digital includes everything you'll need to convert your classic Mustang to this modern performance gauge package. A central control module is the brains of the kit, and will get spliced into your Mustang wire harness. Various sensors are also included to monitor your Mustang's vital functions, and convert this information into digital signals that get sent to the instrument display. A detailed, step-by-step instruction manual is included for the do-it-yourselfer. California Mustang suggests the average home mechanic may want to have a professional perform this installation.

1965-73 MUSTANG INNER OR OUTER WHEELHOUSE PANELS

More of a patch panel, these pieces can be used to replace small to medium sized areas of rust in your wheelhouse. These parts are less specific regarding the differences between various body styles than our complete wheelhouse, and may require cutting and fitting to work well in convertible applications.

REPRODUCTION RALLY WHEELS

Rally wheels are a popular, original style optional wheel for your classic Mustang. 1965 Rally wheels used a fully chromed outer rim, while 1966 and 1967 styles features a painted outer rim that must be covered with a chrome trim ring. Besides the original size and style Rally wheels, we also offer custom sizes with fully chromed outer rims, like the 1965 Rally wheel. Charcoal is available in most sizes. Ask your sales rep for details.

DRUM BRAKE HARDWARE KIT

Kit contains commonly replaced drum brake attaching hardware for two wheels. NOTE: to confirm drum brake size, measure the inside diameter of your brake drums (9" or 10" dia.); and measure the width of your brake shoes (from 1-1/2" to 2-1/2" wide). Remember, front brakes are normally larger than rear brakes- so don't just measure one rear wheel brake and assume the front brakes are the same (or vice-versa).

INTEGRAL POWER STEERING CONVERSION KIT

- ***Simpler than original Mustang PS sytems!***
- ***No expensive, complicated control valve!***
- ***Fewer Moving parts***
- ***Half the number of hoses!***

An affordable, simple and effective power steering solution for your 1965-70 Mustang. Convert your manual steering to the safety and convenience of power steering; or replace your worn, complicated factory power steering components with this modern system.

The size of the integral power steering box is nearly identical to a manual steering box; yet it eliminates the control valve and steering ram that consistently leaks and creates that sloppy fill in your steering wheel. With a 16:1 steering ratio, this power steering box is quicker than the 19:1 stock box; and will make your Mustang feel tighter and more controlled on the highway. The saginaw pump is much quieter than the stock Ford pump, and provides higher pressure for better low-speed operation.

Pumps are rebuilt units. All other parts are new.
Installation instructions included.

6019DR1

***NOTE:**
Any reference to a "cast iron" or "aluminum" water pump refers to the two different types of water pump/timing chain cover combinations originally used by the Ford factory on early Mustang V8's. Some early V8 Mustangs came from the factory with an aluminum water pump featuring an exposed impeller on the back. This pump required a special timing chain cover with a deep cavity to mate properly with the exposed impeller. At some point in the 1965 production run, Ford changed over to a cast-iron water pump with a stamped steel cover over the back of the pump. The timing chain cover was changed to accommodate this new pump, and features a shallow cavity where the iron pump attaches to it. Each of these early pumps MUST use the appropriate style of timing chain cover.

- ***High Quality Parts***
- ***2-Year Manufacturer's Warranty***
- ***Hypereutectic Pistons***
- ***Torque Plated Honed***
- ***Assembled and Ready to Go!***

Hypereutectic pistons are made of an aluminum alloy which has much more silicon present than is soluble in aluminum at the operating temperature. Hypereutectic aluminum has a lower coefficient of thermal expansion, which allows engine designers to specify much tighter tolerances.

HK705 *1965-73 Brass radiator fitting for trans. cooler lines (2)* **$6.65**

CHAMPION ALUMINUM RADIATORS

An affordable all-aluminum performance radiator designed specifically for the classic Mustang! Features include: billet fill neck, 100% tig welded construction, aluminum brackets, brazed core, aircraft grade 2mm thick fittings and tanks, 14-16 fins per inch, and 3/8" spaced tubes. O-ring brass petcock and high performance 16 pound radiator cap included. We offer 2, 3 and 4 row applications for most 1965-70 V8 Mustangs, and most sizes are available in natural aluminum or highly polished finish. Champion radiators are also available for 1965-66 V8 Mustangs with 5.0 conversions!

3-Row	*Starting at*	**$261.95**	**$345.95**
4-Row	*Starting at*		**$353.95**

****4-row Champion radiators are available in polished finish only.***

[1] *This radiator was typically bracket mounted (bolted to core support), though some applications may use saddle mounts. Minor modification to saddles may be needed to support bigger tanks.*

[2] *Saddle mount radiators don't bolt to the core support like other Mustang style radiators; but sit on two lower "saddle" brackets. At the top, they utilize an upper "saddle" bracket that wraps over the top tank of the radiator, and bolts to the core support. Saddle mount radiators cannot be bolted to the radiator core support. NOTE: Saddle brackets may require minor modification to support larger tanks.*

REPLACEMENT RADIATORS: Standard, Heavy Duty & Super Duty

These all new radiators are direct replacements for original equipment radiators. Factory standard 2-row radiators can be upgraded to heavy duty 3-row or super duty 4-row design in many instances for a significant increase in cooling. Radiators are backed by a one-year manufacturer's replacement warranty.

SHIPPING CHARGES

Domestic Orders: REGULAR SHIPPING is 12% of the order amount (min. charge $11.95).SELECT RATE is offered on many high value items. These money saving, low rates are shown near the parts to which they apply and are for standard ground shipments only. Look for the Select Rate Shipping text to designate parts with these reduced shipping rates. For orders in California, 9% sales tax must be added.

Alaska & Hawaii: Orders must be prepaid by credit card, debit card, check, money order or wire transfer funds. We estimate 35% shipping & will select the most efficient shipping method for your order. If shipping exceeds the estimate, we will call you with the order total, including shipping, for your approval.

International Orders: Internet or FAX is usually the most convenient way to order from outside the U.S. All orders shipped outside the U.S. must be prepaid in U.S. funds (credit cards and wire transfers are most commonly used). California Mustang will select the most efficient shipping method for your order and will email, call or FAX the actual shipping amount for your approval if it exceeds the estimated charge. The International customer is responsible for taxes and duties that their country may charge, and that amount is NOT calculated in your shipping totals.

Special Handling Charge: Some products in this catalog require an additional shipping fee in order to be shipped by our common ground carriers due to their overall size and/or weight. While these parts aren't large enough to require the oversize rates, they do get charged a small additional fee (shown in symbol at left) by the ground carrier.

Oversize Items: Certain large and/or heavy items noted in our catalogs with the symbol shown at left cannot ship by common ground carriers. Special truck shipping rates apply. The freight and packing charge for these items shipped in California is $155.00, and $205.00 when shipped to the rest of the states except Hawaii and Alaska. We will at all times minimize freight charges by combining items in a single package if possible, and contact you if shipping exceeds the charges. Contact us for estimated freight quotes.

Rush Delivery: Next Day, Second Day and Three Day service are available in most areas. For rush delivery, we will estimate the actual shipping charge plus a $10 fee for handling. Customer will be called for verbal approval of charges before shipping, if the actual charges differ from what was estimated. Chemicals cannot be shipped by air.

ALWAYS INSPECT EACH SHIPMENT UPON RECEIPT TO MAKE SURE IT'S CORRECT AND UNDAMAGED.

RETURNS

You may return any item to us within 30 days of receipt,. Always inspect your order immediately upon receipt to make sure it is correct and undamaged. To return anything within the 30-day limit, the following procedure must be followed:

1. Call Customer Service at (800) 775-0101 and obtain a Return Authorization Number. This number must appear on the front of the package you are returning.
2. Include the following with your return: (a) a copy of your original invoice and (b) a note stating why you are returning the item and whether you want a refund, replacement part or credit on account.
3. Insure the return package and pay the shipping charges. We are not liable for returns that have been damaged in transit back to us. Freight collect packages are not accepted.

WE DO NOT ACCEPT RETURNED PARTS WHICH HAVE BEEN USED, MODIFIED OR PAINTED.Ford Racing parts have no warranty, and cannot be returned.

DAMAGE CLAIMS

The carrier is responsible for delivering merchandise in good condition. Therefore, you should inspect each package upon delivery, point out any damage to the delivery person, and then call California Mustang.
We cannot replace merchandise damaged in transit if a damage claim has not been made within 72 hours of delivery.

OTHER IMPORTANT INFORMATION

Special Order Items: Some items are made to order by the manufacturer. These special order items require pre-payment and are non-returnable.

Back Orders: Items temporarily out of stock will be placed on back order. Most shipping charges on regular domestic orders are charged on the initial order, so back orders are shipped at no additional charge. Back ordered items usually are shipped within 30 days, however, availability can change and we reserve the right to cancel any back order at any time.

Refused Shipments: The customer is responsible for freight both ways on any shipment for which delivery is refused.

Warranty; Limited Liability: Merchandise is warranted to be free from defects in material and workmanship. We will, at our option, replace, repair or refund the cost of defective merchandise as described under RETURNS above. Other warranties may be offered at the discretion of the manufacturers of merchandise distributed by us. California Mustang is not responsible for installation charges. There is no other express or implied warranty, including any warranty of merchantability or fitness for a particular purpose. We are not liable for any incidental or consequential damages arising from the purchase or use of merchandise. This warranty may not be changed except by written notice of an officer at California Mustang.

Prices and Availability: Prices and availability are subject to being changed without notice.

Inquiries: Please call our Customer Service Department at (800) 775-0101 Monday through Friday, 8 a.m. to 5 p.m. Pacific time, if you have a question regarding the status of your order. Shortages must be called in to our customer service department within 72 hours of delivery. We will not accept any shortage claims after the 72 hours.
