## 1979-04 Dash Protector

When your vehicle is in the sun or in extreme cold temperatures, the dash pad can become cracked, warped or faded. These dash protectors will combat the damaging effects of the sun, reduce dangerous sun glare and enhance your vehicle's interior. Produced from a 100% solution dyed polyester low pile carpet material. Each cover is contoured to the shape of the dashboard to ensure a protective fit. Available in your choice of a variety of popular colors to match or accent your interior.

## "U-Cut-to-Fit" Speedometer Cable

High-quality speedometer cables feature machined aluminum fittings and a premium housing with a specially extruded liner to extend the life of the cable. These cut-to-fit 7' speedometer cables are designed to work with factory speedometers with a 5/8"-18 male thread, or any cable driven aftermarket speedometers such as AutoMeter, Stewart Warner or VDO. The transmission end is designed to fit most transmission driven gear adaptors (not included), and the inner cable and outer housing of these cables can be cut-to-fit most GM transmissions.

## 1964-98 Speedometer Gear Clip

Fits 1964-98 Mustang models. This is an original Ford part and requires no modifications for installation. This clip holds the speedometer gear in place accurately reading the rotations in the transmission on your instrument cluster.

17292A 1964-98 speedo gear clips ..... 4.99 ea

# Performance Gauges

## 1987-93 Speed Sensor

Reproduction speed sensor for 1987-93 Mustang models. This direct replacement speedometer sending unit will install with no modifications and restore speedometer function.

A48005 1987-93 speed sensor..... 29.99 ea

## Speedometer Sending Unit

Speedometer sending unit for use with all AutoMeter electronic speedometers. This unit is not included with the gauge packages and must be purchased separately.

AMS292 sending unit..... 115.99 ea

## Cable-X Speedometer Drive Converter

The Cable-X is the easy, cost efficient way to operate your stock mechanical speedometer with a transmission equipped with vehicle speed sensor for an electronic speedometer. This universal adapter will pick up the electronic speedometer signal and operate the cable driven speedometer to the corresponding speed. It's a snap to install with only three wires: hot, ground and signal. The Cable-X is a one-of-a-kind solution to your speedometer drive problem.

1860T with thread-on cable..... 419.99 ea

## Sky Drive GPS Speedometer Sender

Drive your speedometer accurately and reliably with the Sky Drive GPS Speedometer Sender. This device quickly calibrates and accurately drives any electronic programmable speedometer. The Sky Drive updates 10 times per second without any transmission signals, pulse generators or signal converters and features an omnidirectional antenna that can be mounted virtually anywhere and in any position. No more guessing or recalibrating due to tire or gear changes, this unit requires a one time setup and you're done.

## 1965-66 Direct Fit Gauge Package

Classic Instruments direct fit 5 gauge set for 1965-66 Ford Mustang models. All gauges feature low step bezels, flat glass, and contrasting pool cue pointers, numerals, and indices. In addition to the gauges, every set includes all the sending units, harnesses, and bracketry necessary to install them into your existing bezel. The fuel level gauge is calibrated to the factory 75-10 Ohms, eliminating the need for a new sender.

## 1964-65 VHX Instruments

The VHX instrument package installs into the factory standard instrument bezel completely replacing the original gauges. This gauge package is designed to utilize the original style instrument bezel and lens. Modern, performance style, analog gauges monitor vital functions, while the digital message center gives more detailed information. Analog gauges include: speedometer, tachometer, water temperature, oil pressure, voltmeter, and fuel level. Using the message center readout, you also have access to: odometer, trip odometer, clock, hour meter, resettable service meter, 0-50 timer, 1/4 mile timer/speed, and high speed/RPM recall. Instruments feature fully lit needles, red, blue, or white backlight illumination. Includes necessary senders. Made in USA!

## 1965-70 HDX Series Gauge Set

The new HDX series gauge sets from Dakota Digital brings you the best in modern instrumentation, rivaling what's offered in today's modern vehicles. Each HDX system is fully customizable, allowing you to personalize your instrument panel to complement nearly any vehicle theme. Each direct fit gauge package incorporates a speedometer, tachometer, fuel level, Volts, oil pressure and coolant temperature gauges, along with a digital message center. The gauges are integrated into your vehicle's systems using the supplied central control box. Includes necessary sensors. Gauge faces offered in black alloy or silver alloy and are available with either standard (MPH and Fahrenheit) or metric (KM/H and Celsius) displays.

**Important:** Gauge bezel not included. Clock sold separately from gauges. Metric display (KM/H and Celsius) gauge sets are custom built by Dakota Digital, and may require a 3-5 week build time.

DD15971A - gauges shown installed

DD15971B - gauges shown installed

DD15971A - rear view

- Over 30 independent RGB color options for needle and TFT Message Center.
- 12 preset color theme options or build your own.
- Wide angle color TFT LCD Message Center(s).
- Independent day/night color selections.
- Illuminated needles and LED backlighting for the numbers and tick marks.
- "Ghosted" indicators (Turn signals, high beam, check engine, cruise control engaged, parking brake, plus two that are user definable) appear only when lit.
- Bluetooth connection to tablet/smart phone. Easy to use app allows for quick setup, modifications and sensor diagnosis.
- Available for iPhone and Android systems.

## 1965-66 HDX Series Gauge Set

The HDX instrument package installs into the factory instrument bezel completely replacing the original gauges.

### HDX Gauge Sets

**Note:** Please specify option codes when ordering: 1 = standard (MPH and Fahrenheit); 2 = metric (KM/H and Celsius) and then either A = silver alloy face, or B = black alloy face.

## Super Tach III

Solid metal casing with a striking reflective chrome finish. Features a blue shift light. Vibration proof air-core meter construction, 0-10,000 RPM. Internal settings for 2, 4, 6, and 8 cylinder engines. Pointer return to zero feature. Adjustable swivel mounting foot for mounting at any angle. Tachometer measures 5".

## SCX Pro and SCX Series Gauges

SCX Pro gauges feature one touch peak recall and programmable high and low full dial warning. There is also an external alarm output (12V, 500mA) that can be used to activate an external warning light when an alarm condition exists. Superior amber and white through-the-dial lighting and illuminated pointer. All SCX and SCX Pro fuel senders work with 0-90, 240-33, 73-10, 20-150, and 0-30 Ohm senders. SCX Series 5" tachometers feature a slimline case design (only 2" deep).

Note: \*Pedestal mount. \*\* Pedestal mount w/LED shift light.

## 1-1/2" Mini-Triple Gauge Set

Give your ride that classic look with these mini gauge panels from Bosch. 1-1/2" dial gauges, mechanical oil/water temperature gauge, voltmeter, mechanical oil pressure gauge. Includes: 72" capillary tubing with 5/8" NPT thread and 1/4", 3/8", and 1/2" adapters. Requires hook up wire for voltmeter. Includes 12 Volt internal lighting. Designed for 12 Volt negative ground systems. Available with black face gauges/black gauge bezels/black panel or white face gauges/chrome gauge bezels/chrome panel.

## Chrono Series Electric Gauges

AutoMeter Chrono Series electric gauges with race proven digital stepper motor movement for unmatched accuracy. Electronic senders can be used for a variety of applications and keep unwanted fluids out of the driver compartment. The Chrono Series features a three dimensional concave dial design, "through-the-dial" LED lighting, and over 320 degrees of pointer movement. All gauges have both metric and imperial scalings and are 12 and 16 Volt compatible.

## 1965-66 Direct Fit Dash Insert, 5 Gauge

Modification to an original dash can be a daunting task. AutoMeter makes it easy with a direct fit replacement dash panel. Precision engineered and machined in the USA from billet aluminum, these panels drastically simplify the process of gauge installation while providing a clean, timeless look. Fits one 3 3/8" instrument and four 2 1/16" gauges. Retains factory 1965 Pony or GT bezel or 1966 bezel.

# AutoMeter

## In-Dash Speedos and Tachs

Our In-dash Speedometers and Tachometers feature our famous high-performance movements and are designed with seamless dashboard mount in mind for the ultimate driver information center. Available in a variety of configurations and sizes to accommodate diverse applications.

## Pedestal Mount Tachometers

Mountable in every conceivable position, the versatility and durability of our Pedestal Mount Tachometers have made them a race proven favorite for over 30 years. These tachometers offer a variety of performance oriented options from shift lights to memory recall functions, coupled with a trademarked aluminum and rubber shock strap design for the best vibration protection available.

## Full Sweep Mechanical Gauges

Bronze bourdon tube 270 degree sweep movements and durable nylon gearing have made these rugged and long lasting gauges proven high-performance favorite for over 25 years. These mechanical gauges require no electrical power for operation making them an ideal choice for vehicles with no or low powered electrical systems.

## Full Sweep Electric Gauges

Powered by digital microprocessor controlled, rugged stepper motor drives and laboratory grade sending units, Full Sweep Electric Gauges are the best gauges available. They combine extreme durability and readability of 270 degree sweep mechanical gauges with the easy installation and safe operation of short sweep electrics. Tracked tested and race proven, these units use precision senders to keep hazardous fluids out of the driver compartment and perform gauge calibration and sensor diagnostics at power up for extreme accuracy, every time.

## Short Sweep Electric Gauges

Advanced 90 degree arc core movements and three wire installation characterize these Short Sweep Electric Gauges. Electric sending units keep hazardous fluids in the engine compartment, sending collected data via an electrical signal to quick reacting, precise arc core movements to give you all the information that you need.

**Important:** Electric speedometers operate on 500-200,000 pulse/mile sending units. Use existing senders if vehicle is originally equipped with an electric speedometer. Use AMS291 to convert from mechanical drive to electric. Tachometers operate on 4, 6, or 8 cylinder engines with most factory or aftermarket ignitions. Some fuel gauges use the vehicle's stock sending unit. Measure resistance using an Ohmmeter with the sending unit *out* in the empty and full position to determine the correct fuel gauge.

## ULTRA-LITE

ULTRA-LITE gauges feature aluminum construction that greatly reduces weight while satin anodized Super Bezels and dials with black numbering and increments. Perimeter incandescent white lighting and bright red fluorescent pointers make them easy-to-read.

Z-Series gauges feature race quality mechanisms, a black Super Bezel with black dial, white numbers and increments, bright orange pointers and perimeter incandescent lighting that make this line easy-to-read.

Phantom II gauges feature black Super Bezels and white dials with black outlined, white numbering and black increments, "through the dial" patented LED lighting technology and glowing red pointers for superior visibility. When illuminated, the gauges display in a reverse configuration (black dial with white numbers and markings).

NV gauges feature bright anodized Super Bezels and white dials with black numbering and increments, intense green "full dial" patented LED lighting technology and glowing orange pointers for superior visibility.

Phantom gauges are race quality mechanisms featuring a subtle black bezel with stark white dials, bright orange pointers and perimeter incandescent lighting that make this extensive high-performance line easy to read with a crisp, no-nonsense modern appearance.

C<sub>2</sub> gauges feature bright anodized Super Bezels and white dials with black numbering and increments, intense blue "full dial" patented LED lighting technology and glowing orange pointers for superior visibility. The light intensity can be controlled through an LED Lighting Dimmer (available separately) independent of your OE dash lighting.

ULTRA-LITE II gauges feature satin anodized Super Bezels and dials with black numbering and increments, white "through the dial" patented LED lighting technology and glowing red pointers for superior visibility. When illuminated, the gauges display in a reverse configuration (black dial with white numbers and amber accents).

ELITE gauges by AutoMeter are race tracked and race proven. They feature blacked out dials with 7 user selectable backlight colors. They can be programmed to change color automatically and to control various functions like lights, fans, switches, and pumps.

## ES

ES gauges feature black satin Super Bezels and black dials with white numbering and increments, intense red "through the dial" patented LED lighting technology and glowing red pointers for superior visibility. The light intensity can be controlled through an LED Lighting Dimmer (available separately) independent of your OE dash lighting.

## COBALT

COBALT gauges feature bright anodized Super Bezels and black dials with blue accents, white numbering and increments, cobalt blue "through the dial" patented LED lighting technology and glowing orange pointers for superior visibility. The light intensity can be controlled through an LED Lighting Dimmer (available separately) independent of your OE dash lighting.

## Carbon Fiber

Carbon Fiber gauges give your interior the complete look of rapid acceleration even though this car isn't moving. The clean, ray look of a crisp anodized aluminum bezel, an actual carbon fiber dial face, silver pointer and yellow accents with perimeter incandescent lighting give these gauges high visibility and style for any application.

SPORT-COMP II gauges feature a satin anodized Super Bezel and black dials with white numbering and increments, "through the dial" patented LED lighting technology and glowing red pointers for superior visibility. The light intensity can be controlled through an LED Lighting Dimmer (available separately) independent from your OE dash lighting.

## AMERICAN MUSCLE

The AMERICAN MUSCLE Street Rod Series features advanced hybrid dial technology combining AutoMeter's signature white H-Def LED illumination and fluorescent red pointers for maximum readability. The light intensity can be controlled through the optional LED Lighting Dimmer independently of your OE dash lighting (available separately).

## SPORT-COMP

SPORT-COMP gauges feature the trademarked competition appearance and rugged, reliable performance of a satin anodized Super Bezel with black dials with white numbers and increments, bright orange pointers and perimeter incandescent lighting that make this extensive high-performance line easy-to-read with a crisp, no-nonsense modern appearance.

FORD RACING gauges feature black dials with Officially Licensed Ford Racing logos, white numbers and increments and bright silver anodized bezels. High contrast red pointers and LED lighting make these instruments easy-to-read in all driving conditions.

# Gauge Accessories

## Tachometer Signal Filter

AutoMeter tachometer signal filter. These filters are designed to correct erratic tach function by filtering out the interference or spiky pulse signals often caused by points or noisy ignition systems.

AM9116 ..... 27.99 ea

## Universal Tachometer Filter

Eliminate tach signal noise and surges caused by your ignition system with this compact and easy-to-install tachometer filter. This filter installs between the tachometer and the signal source and modifies the sharp up and down spikes into a semi-square wave signal for steady readings and faster response. This tachometer filter can be used as a direct replacement for 1975-89 GM vehicles. Measures: 2" x 3/4" x 1". Includes instructions.

**Important:** Recommended for vehicles running an HEI ignition with a tach designed for points style ignitions.  
MG019219 ..... 36.99 ea

## Hose Adapter Set

AutoMeter coolant hose adapter sets for mounting gauge senders or probes directly into your heater or radiator hose. Ideal for vehicles with limited access to water passage ports on the engine. They are manufactured from solid brass or aluminum with male hose barb ends for an easy and secure installation.

AM2280 5/8" brass ..... 43.99 set  
AM2281 3/4" brass ..... 45.99 set  
AM2282 1-1/4" aluminum ..... 58.99 set  
AM2283 1-1/2" aluminum ..... 60.99 set

## Copper Tubing Set

For mechanical pressure gauges (except fuel, nitrous, or brake pressure gauges). Includes: 6 feet of 1/8" copper line, 1/8" NPT male to 1/8" compression fitting, 1/8" NPT female to 1/8" compression fitting, grommet, and 1/8" NPT to 1/4" NPT bushing.

AM3224 copper tubing ..... 17.99 set

## Gauge Mount Panel

Mount your aftermarket 2-1/16" and 2-5/8" gauges the old school way on these aluminum mounting plates. Manufactured in aluminum for strength, these gauge panels also give your interior a hardcore, no-nonsense look. Gauge mount brackets sold separately. Gauge bracket sets include a set of brackets and hardware to mount 3 gauges.

For 2-1/16" Gauges	
AM2236	1 hole panel ..... 22.99 ea
AM2237	2 hole panel ..... 22.99 ea
AM2238	3 hole panel ..... 29.99 ea

For 2-5/8" Gauges	
AM3231	1 hole panel ..... 24.99 ea
AM3232	2 hole panel ..... 27.99 ea
AM3233	3 hole panel ..... 28.99 ea

Gauge Mounting Brackets	
2-1/16" Gauge Mount Bracket	12.99 set
AM2230 set of 3	
2-5/8" Gauge Mount Bracket	11.99 set
AM3245 set of 3	

## Chrome Cup Gauge Mount Pedestal

AutoMeter 2-5/8" chrome gauge mounting cups. For use with electric or mechanical gauges.

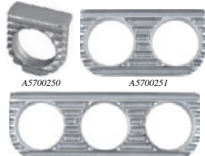

**Note:** Will not work with Auto Gauge.  
AM3201 electric gauges ..... 47.99 ea  
AM3203 mechanical gauges ..... 47.99 ea

## Gauge Mount Angle Rings

AutoMeter 2-1/16" and 2-5/8". These quality molded black composite rings angles AutoMeter 2-1/16" and 2-5/8" gauges 15 degrees for easier viewing. Sold in package of three.

**Note:** Gauge brackets must be modified to fit.  
AM2234 2-1/16" ..... 18.99 set  
AM3244 2-5/8" ..... 20.99 set

## Under Dash Gauge Panel

Retro style deep finned gauge panels, beautifully cast in quality aluminum for 2-1/16" and 2-1/8" gauges. The deep fins reflect the famous head designs of the hot rod era. Mounting flange is undrilled for custom configurations.

AS700250	1 hole panel ..... 48.99 ea
AS700251	2 hole panel ..... 54.99 ea
AS700252	3 hole panel ..... 64.99 ea

## Distributorless Tach Adapter

This tach adapter is designed to adapt a standard ignition tachometer, Pro Shift light, or RPM activated module to be used with distributorless ignition systems.

AM9117 tach adapter ..... 117.99 ea

## Universal Gauge Harness

If you want to keep your under dash area organized or you think that you need to remove gauges from time to time then you need to install our universal gauge harness. It will connect all major brand gauges including AutoMeter and VDO and works with most dash layouts and sizes.

**Universal Gauge Harness**

## Play Portable MP3's or CD's on Your Factory Radio!

You now have the freedom to listen to your favorite music using a modern MP3 Player, iPod or CD player in your classic with the RediRad adapter, the only portable music adapter specially designed for older vehicles. The music is seamlessly routed from any portable music player such as a cassette, CD or MP3 player, even satellite radio into your stock AM or FM radio without any vehicle modifications. Designed for simple and out-of-sight installation, it uses a standard audio plug on a six foot cable to connect to your portable player. When music is detected at the audio plug, the RediRad automatically switches from the radio broadcast to your personal player. The radio will return to normal operation after switching off your personal player. Made in USA.

14923 RediRad adapter ..... 128.99 ea

## Bluetooth® Receiver Adapter

Now you can wirelessly stream audio and take handsfree calls from the road in your Classic Mustang! Simply plug this into your cigarette lighter, connect the cable to your radio's 3.5mm input jack, and pair your Bluetooth® enabled phone or other device... that's it! You'll be ready to wirelessly stream music from your device to your audio system. Calls and music are routed through your car's speakers for excellent sound quality. Includes Bluetooth adapter and 18" extension cable.

AR9901 Bluetooth® adapter ..... 39.99 ea

## SiriusXM Radio Tuner Set

The SiriusXM radio tuner set connects directly to any of the RetroSound satellite ready radios to provide the signal required. No need for special adapters or cables. The compact size installs easily and discreetly behind the dash for a fully integrated look.

XM300 SiriusXM ..... 59.99 set

## Bluetooth Interface

Wireless interface for custom autosound CD controller radios (USA-630, Secretaudio (SST & SRMS), USA-66). This adapter plugs into the CD changer port of your custom autosound radio and gives you the ability to do handsfree calling from your Bluetooth® capable phone. Also listen to music stored on your A2DP enabled bluetooth device.

## UNDERCOVER Speakers

Custom autosound designed and manufactured these speakers specifically for under seat or horizontal wall installations. They could be used on large parcel shelves - wherever! Compact unit with one 5-1/2" woofer and Piezo tweeter in each enclosure. Under seat fit for most pre-1978 cars and trucks. 120 watt capacity! If you've got the space we have the solution! Each enclosure measures: 3" x 8-1/4" x 11-1/4". Sold in pairs.

**Note:** These speakers have a 6 Ohm rating, check for compatibility with your audio system.

55060 ..... 134.99 pr

## UNDERCOVER II Upgrade Speakers

Custom autosound has developed the UNDERCOVER II with an 8" woofer and 2 Piezo tweeters in each box. This system can be mounted in many of the same locations as the regular UNDERCOVER. With the 8" woofer in UNDERCOVER II you get a much fuller deeper sound. These are a great addition to our Concours series radios with their 200 watt capacity. Sold in pairs. Measures: 11" x 12-1/2" x 3".

**Note:** These speakers have a 4 Ohm rating, check for compatibility with your audio system.

## iStart™ Touch Sensitive Starter System with Advanced Security

This system uses a security module with proximity sensors to disable the ignition switch and keep the doors locked until you come into range. Once inside, a touch sensitive starter button lets you cycle through accessory, ignition, start/crank, and off modes just like a typical ignition switch. Skip directly to start/crank by simply holding the button!

*Note: Main control box is 3-1/2" x 6". Security module is 3" x 4". Start™ button requires 1-1/4" mounting hole.*

## The "Hot-Dot" All-in-One Ignition Switch

Convert your separate ignition switch and start button into one convenient unit with the "Hot-Dot" all-in-one ignition starter switch. Chrome recessed switch is 3/4" diameter with a colored LED ring to indicate when the ignition is "On". Push and hold the button while the starter turns over and release when the engine starts.

The ignition stays "On". Push again to stop the engine. Includes installation instructions and is available with your choice of blue, green, or red LED ring. Switches also available separately. Can be used for positive or ground switching, rated 1 amp maximum load.

## Classic Deep Style 15" Wood Wheel

Forever Sharp's deep style, dark mahogany wood steering wheel offers outstanding quality and a classic design that was popular with muscle cars of the 1960's. Each wheel is manufactured from real mahogany wood and features aluminum rivets, brushed aluminum spokes, as well as finger indentations on the backside for comfort and grip. A urethane coating has also been applied to give the wheel a longer life and improved heat resistance for those hot summer days. Features a 3 hole bolt pattern, 15" (14-3/4") diameter with a 4" dish depth and decorative rivets.

Note: For use with chrome horn button/cap FS120302 and 3 bolt mounting adapter, sold separately.

## Wood Series Steering Wheel

Forever Sharp's popular wood steering wheels offer outstanding quality and sleek designs to match your vehicle and style! Each wheel is crafted from real mahogany wood with finger grooves on the back and steel spokes finished in smooth chrome or textured black. A urethane coating has also been applied to give the wheel a longer life and improved heat resistance on hot summer days. Wheels feature a 6 hole bolt pattern with a 1-3/4" dish depth and are available in 14" and 15" diameters. Finishes include either a light or dark stained finish, or either black or gray wheels painted with high-quality automotive paint.

Important: Steering wheels require mounting adapter and your choice of interchangeable horn button/cap. For use with 6 hole adapters and horn caps. Each sold separately.

## 14" Billet "Muscle" Half Wrap Series Billet Steering Wheel

Forever Sharp's popular billet "muscle" steering wheel features an interchangeable half wrap allowing you to match or change your vehicles style at any time. Half wraps are easy-to-install and interchangeable, mounting from the backside of the steering wheel with the five included screws. Choose between leather grain vinyl or wood half wraps made from real wood. The wood half wraps have been urethane coated to give the wheel a longer life and improved heat resistance. Each billet wheel is 14" in diameter and forged from aircraft standard 6061 aluminum. Wheels feature finger indentations on the backside, a 1-3/4" dish depth and 5 hole bolt pattern. Includes half wrap and billet wheel in either a polished or matte black (powder coated) finish. Replacement half wraps are also available separately.

**Important:** Steering wheels require mounting adapter and your choice of interchangeable horn button/cap. For use with 5 hole adapters and horn caps. Each sold separately.

**Note:** \*Please add two digit color code to part number when ordering.

## 1964-69 Tilt Steering Column

These tilt steering column kits include levers and knobs, wiring connectors, mounting plates, and detailed step-by-step instructions. Available in a number of finishes and configurations to fit most 1964-69 Ford Mustang models. The Ford based kits are a direct bolt-in design utilizing the stock wheel and wiring harness. The GM style kit provides a modern options such as dimmer, wiper, and cruise controls. Some cutting and modification to the original steering box is required on early pre-1967 models. Your choice of unpainted steel, chrome, black powder coated steel, brushed aluminum, or polished aluminum.

**Important:** If using an OEM wheel it must be from the same year column or installation will result in damage to the turn signal switch. Dimmer, wiper and cruise control options cannot be added to the Ford Style columns due to the manufacturers design of the Ford style wiring harness. The 1965-66 ididit Mustang column is not compatible with the 1965-66 factory Rally-Pac gauge cluster. Column will need to be shorter if using a Borgeson power assisted box on any year Mustang.

## Universal Cruise Control Units

Cruise control units to upgrade your driving experience. Available for both computerized and non-computerized engines. For computerized engines, this Rostra unit gathers information from your vehicle's computer, so no external sensors are required. Adjustable for 2000, 4000, or 8000 pulses per mile. For non-computer engines, this Rostra electric servo unit uses solid state electronics for accuracy and reliability. Servo and control units are small enough to fit under any dash. Includes pulse generator and either a black column mounted handle or black dash mounted control.

## 1987-93 Console Cup Holder

Upgrade the console in your 1987-93 Fox body Mustang models with this cup holder console plate. This center console plate is made like the original, but incorporates new functionality. Console features 2 cup holders, 2 USB ports, and a 12 Volt power socket. No need to cut wires, this console plugs directly into your harness. Power mirror delete cover sold separately. Can be painted to match your interior.

Note: Power socket is not a cigarette lighter element.

### 1964-73 HumpHugger Console

⚠️  
The HumpHugger fits between the factory bucket seats and securely rests on the transmission tunnel (the "Hump") using a Velcro bottom for additional stability. Available in standard and full "cruiser console" lengths. Both feature 2 large drink holders, padded armrest, and an under lid storage compartment. Cruiser Console has an opening for factory installed automatic or manual shifter and will not interfere with the factory AC unit.

**Important:** Will not work WITH a factory installed console.

**Note:** Please specify the two digit color code when ordering.

**Standard - Short**

## Eliminator Floor Mount Gas Pedal

The Eliminator floor mount gas pedal is precision crafted from billet aluminum and designed to eliminate routing cables through the firewall. It includes an adjustable aluminum splined shaft and stainless steel under the floor cable mounting bracket. Can be mounted in multiple positions for various floor and toe board angles, while pedal travel stops are built in. Pedal floor spacers are recommended when installing the pedal on vehicles with thick carpet or under carpet padding.

**Important:** Requires a 36" cut-to-fit Lokar throttle cable. LS1, Ramjet and Vortec applications require a 48" throttle cable.
