Window Seals/Felt Sets

OEFAUTHORIZED

1964-68 Windshield Weatherstrip

Reproduction windshield weatherstrip for 1964-68 Mustang models. Manufactured to factory specifications from quality EPDM rubber, features vulcanized corners for a perfect fit.

3110 1964-68 21.99 ea

OEFAUTHORIZED

Window-Weld Ribbon

Window-Weld ribbon sealer is used in the replacement of windshields and rear windows on vehicles that were not originally equipped with a molded window gasket. Its unique feature of controlled compressibility allows easy installation yet will not squeeze out to allow glass to contact pinch weld. One 15 foot roll is sufficient material to replace one windshield or rear window, 3/8" x 15 roll.

K4122 15 foot roll 19.99 ea

OEFAUTHORIZED

1964-73 Rear Window Weatherstrip

A reproduction rear window weatherstrip for 1964-73 Mustang models. Our weatherstrip features detail molded corners, and they are made from high-quality EPDM rubber for longevity. We recommend 2 tubes of our 3M window sealant when installing this product.

1979-93 Window Felt Weatherstrip

Reproduction door window felt/belt line weatherstrip for 1979-93 Mustang models. Bring your weatherstrip back to original factory condition and improve the overall look of your Mustang while maintaining originality. Belt line weatherstrip is very important because it seals against the door glass and quarter window glass. It wipes off water and debris when putting your windows up or down. Helps to keep the rain out of the door and reduces window rattle.

Tools and Adhesives

Multi Wedge Prying and Scraping Tools

Multi Wedge is an amazing automotive restoration tool that will replace screwdrivers, pry bars, and all other metal tools that can cause damage and marring to delicate surfaces! The soft, orange wedge set and the jumbo wedge are made from a high tech, specially blended polyethylene that is incredibly ductile so they won't break or snap. The hard, black wedge set is made from a high tech, specially blended polycarbonate for the heavy-duty jobs like oil pan covers, timing covers or valve covers. Each 3 piece set includes one 4" curved end, one 4" straight blade and one 3" straight blade. Buy both sets and save! The jumbo wedge is 14" in length and 2" wide, making it perfect for the big jobs.

T2301H (4 piece)

T2302

Soft Duty – Delicate prying or wedging
Medium Duty – Sturdy prying or wedging
Heavy-Duty – Very strong and durable

Prying and Scraping Tools

Available in 3 different fiberglass reinforced plastics, the soft duty tools are good for jobs where a minimum amount of force is needed to remove objects. The medium duty tools are better for the objects that require a little more force to remove, and the heavy-duty tools are for the objects that are real stubborn and just do not want to be separated from their current position. All these tools are strong enough to pry yet soft enough to do interior and exterior automotive jobs without the damage that metal tools can do.

Glass Molding Clip Installing Tool

Reduce the risk of chipped glass and scratches by using this handy tool for replacing your front or rear window glass molding. This tool is specifically designed to fit trim clips over the studs and virtually eliminates glass breakage.

A13574	34.99 ea
--------	-------	----------

Weatherstrip Ball End Hook Tool

This hook tool has a small, round steel ball on the end. Once the steel ball is inserted down into the rubber gasket, it is very difficult for it to come out. If it should slip out of the gasket, there is less of a chance you will scratch the paint of the vehicle.

153823	14.99 ea
--------	-------	----------

Glass Seal Rope-in Tool

Use the rope in tool when working with rubber gasket set glass. The unique counter grip plastic handle injects the rope through its stem as it is pulled around the gasket. There is plenty of enough durable rope to fit around even the largest truck window.

153813	19.99 ea
--------	-------	----------

Premium Auto Trim Removal Tool Kit

This 11 piece kit was designed for the removal of door panels, dashboard, trim strips, interior panels and window moldings. Made of impact resistant plastic that will not mar surfaces like metal tool will. Included for the tools is a heavy-duty nylon pouch.

TX2684	23.99 ea
--------	-------	----------

Universal Molding Release Tool

The ultimate tool for cleanly releasing moldings. Slide tool left or right under the molding until it hooks a retaining clip, then just rock the tool with a twist of the wrist to release the clip. Heat treated, high carbon steel.

S21500	6.99 ea
--------	-------	---------

Windshield/Back Glass Molding Removal Tool

Excellent tool used to remove the molding from the retaining clips on windshield and back window glass.

A7914	14.99 ea
-------	-------	----------

Windshield/Back Glass Molding Pliers

Specialty pliers for removing door handle clips and chrome molding on most windshields and rear glass. Jaws slip under door handle without damage to panel material, and offset handle permits easy access to molding clips.

Y35200	9.99 ea
--------	-------	---------

Windshield Removal Tool

Professional windshield removal tool for all vehicle applications. Features an aluminum handle with diamond cut pattern for added grip. Heavy-duty braided wire secures the pull handle to the cutting blade.

153811	19.99 ea
--------	-------	----------

3M Super Fast Urethane

A rapid curing adhesive/sealant intended for all flush mounted and bonded windshield or back glass replacements. Provides the necessary strength for automotive glass replacement. 10 fl. oz. cartridge.
