- Specially Engineered Fabrics for All Climates
- Minimal Seams
- Mirror and Antenna Pockets or Antenna Grommets Provided
- Reinforced Seams

UltraTect Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Covercraft Ultra[®] Tect car covers are made for durable outdoor protection with high-performance fabric at a moderate price. Developed from the need for a cover that would retain its color and strength in extended outdoor exposure, while providing a high degree of water resistance and UV protection at a reasonable price. Ultra[®] Tect is made from a solution dyed WeatherMax[®] SL fabric which means each fiber is a solid color and not just surface dyed.

Tan Flannel Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Constructed of a durable poly cotton blend with a napped underside finish these vehicle covers are 50% heavier than most standard poly cotton covers. Perfect for providing long wear and durability. Specially treated to resist moisture, rot, and mildew. Traditional automotive enthusiasts just love a good basic vehicle cover with a soft touch for the vehicle finish. These custom car covers provide superior breathability and ding protection with basic dust protection for indoor use.

Reflectect Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Reflectect[®] car covers provide great all-weather protection but are ideal for sunny climates. The Reflectect[®] vehicle covers are made from a silver urethane coated polyester fabric with a UV-reflective silver colored finish. Not only will these custom car covers keep your vehicle cooler, but they are water-resistant and designed to repel dust and dirt to keep your vehicle clean. The lightweight design allows for easy installation and compact trunk storage.

5-Layer Indoor Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. This car cover fabric features 5 layers of protection to provide the best defense against dust particles while being smooth against your paint finish. This superior dust resistant material will help keep your vehicle safe from harmful dust and pollen particles that could cause micro-scratches on your finish. Using a premium car cover offers the best protection, reduces the likelihood of micro-scratches, keeps your vehicle looking its best, and protects your re-sale value.

Polycotton Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Polycotton vehicle covers are ideal for the classic enthusiast that just wants basic indoor protection with no bells or whistles. Polycotton is a soft polyester cotton blend that feels and acts like a basic dress shirt. Wouldn't want to leave your vehicle parked outside with this cover, but will help keep your vehicle protected from prying eyes while still being super breathable to allow any moisture or fumes to escape.

WeatherShield HP

WeatherShield HP Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. WeatherShield HP is one of our most popular all-weather high-performance fabrics designed for maximum water dispersion while still being breathable and super lightweight. Moisture will simply bead off and can be shaken off which allows for a superior dry time compared to other fabrics. WeatherShield HP fabric features a sleek contoured look that shows off the curves of your vehicle while protecting your ride. Weather the storm with Covercraft WeatherShield HP car covers.

sunbrella

Sunbrella Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Custom Sunbrella® car covers are best for intense sun environments like the southwestern United States. Thanks to the unique construction process Sunbrella® vehicle covers provide the ultimate protection and years of coverage in areas with intense sun climates. The acrylic fibers are solution dyed, before the fabric is woven, to assure the color goes all the way through the fabric. Using a special finish process, the heavy-duty acrylic material is then softened for use as a car cover fabric. This creates a fabric that is exceptionally strong and UV resistant that is soft on your vehicle's finish.

Note: Please add 2 digit color code when ordering.

WeatherShield HD

WeatherShield HD Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. WeatherShield® HD custom car cover were developed primarily for intense sun environments and long-term storage, utilizing heavier denier thread for maximum UV opacity. Approximately 40% heavier than WeatherShield® HP, the 300 denier fiber construction results in almost double the tear and tensile strength, finished with the same great EPIC® by Nextec encapsulation process.

5-Layer Softback All Climate Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. This all-climate soft back car cover fabric features 5 layers of protection to provide the best defense against the elements while being smooth against your paint finish. Each custom car cover also features reinforced non-scratch grommets with a soft felt backing, durable overlapped double stitched seams, and urethane elastic sewn into the front and rear hems for easy installation. The robust car cover layers also help add privacy to help keep prying eyes out of your vehicle while also serving as a theft deterrent. If parking in a garage this car cover works as a superior dust top to keep your vehicle looking its best. The softback lined pairing with the robust multi-layer design also helps to reduce scuffs and minor dings from accidental bumps or garage accidents. Protect your vehicle with this premium soft back all-climate car cover from Covercraft.

FORM-FIT

Form-Fit Car Cover

Covercraft custom car covers provide a custom-fit design produced against OEM standards to ensure that their car covers will fit each vehicle with precision. Form-Fit® covers are the preferred vehicle cover for those with classic, luxury, or show cars that are stored indoors. The outer shell of our Form-Fit® covers is constructed with a superior woven knit polyester that has Lycra/Spandex® added to the yards to provide the best stretch and memory. The inside features an ultra-soft sheared cotton fleece that provides the softest finish you can put on a vehicle designed to glide gently over your paint, chrome, and finish. Form-Fit® Car Covers are the most luxurious indoor custom car cover designed to fit snug, look amazing, and pamper your vehicles finish.

Titanium Plus™

- ★ Indoor/Outdoor Use
- ★ Silver Reflective Material
- ★ Double Layer Soft Cotton Inner Lining

Plus soft cotton lining for protection against door dings and scratches.

DEF's premium Titanium Plus material offers double the protection of the standard Titanium material. Engineered specifically to provide the best protection from the sun and designed for indoor and outdoor use, the Titanium Plus features a reflective and water repellent top layer that helps keep the interior cooler in sunlight and protects against harmful UV rays. In addition, this cover also has a soft padded cotton inner layer for extra protection against nicks and dings when your Regal is parked in tight spaces. Each cover is sewn with double stitched seams to add strength and durability to the cover and has neoprene elastic sewn into the front and rear hems to help keep the cover in place. This cover offers the ultimate in UV protection in a material that's easy to handle and store.

Hidden Car Tracker Pro Plus

Track your vehicle easily with the BrickHouse Hidden Car Tracker Pro Plus, a completely covert GPS tracker. This powerful tracker puts you in total control of individual vehicles or fleets, and drivers will never know it's there unless you tell them. Enjoy an unlimited power supply while the vehicle is running and, when the vehicle is off, the internal back-up battery continues to provide location data for up to 12 hours - ideal for recovering stolen or lost vehicles.

- Hard wired, no batteries required
- Location updates every 10 seconds
- External antenna for superb accuracy
- 12 hour continuous back-up battery

Through BrickHouse Security's easy to use GPS platform, you can receive instant speed or location based alerts via text or e-mail, based on custom parameters. View the tracker's location in real time on three customizable map views, or access detailed location history reports. All of these features can be accessed from any smartphone, tablet, or computer with an internet connection; no special apps or software are necessary. This device requires a \$29.99 per month fee for unlimited GPS tracking, billed every 30 days (billing starts 7 days after purchase).

Note: If service is inactive for 60 days or more reactivation will require a new SIM card for your device and may take up to 3 business days.

Make Sure Your Vehicle is Safe and Secure!

TrackPort GPS Vehicle Tracker

The TrackPort is the easiest way to track a car or truck, and protect it against thieves. Just plug the device into your vehicle's OBD-II (On Board Diagnostic) port. Normally located under the driver side dash, this port has been standard on all vehicles sold in the United States since 1996. Use your vehicle's existing port to supply uninterrupted power to your tracking device. Unlike traditional hard wired tracking devices, an OBD GPS tracker can be easily moved from one vehicle to another with no tools and little effort. It's completely "Plug and Play".

- No installation required, just plug in and go
- Move TrackPort instantly from vehicle to vehicle
- Location updates every 30 seconds
- Powered by your vehicle - no batteries needed
- U.S. tracking only

Know where the TrackPort is at any time, view where it's been, and run reports on the vehicle's behavior from any computer, tablet, or smartphone with a web connection. Receive customizable location or speed based alerts via text message or e-mail. Purchase of this device constitutes agreeing to the monthly service fees chosen upon sale. The TrackPort requires a \$29.99 monthly fee for unlimited GPS tracking, billed every 30 days (billing starts 7 days after purchase).

Note: If service is inactive for 60 days or more, reactivation will require a new SIM card for your device and may take up to 5 business days.

Micro GPS Hidden Car Tracker

The BrickHouse Livewire Micro is a high-performance GPS tracker that's completely invisible in any car or truck - and it's one of the most affordable GPS devices available. This completely covert GPS tracker is hard wired behind your dashboard, so the driver will only know it's there if you choose to tell him. And since it gets its power from your vehicle's electrical system, you never have to worry about running out of battery life. When the vehicle is turned off, the Micro provides location updates every hour. Detailed reports of a vehicle's travel history are also available. For the most accurate tracking available, the Livewire reports location on the Verizon network, which offers the best cellular coverage in the United States. Device supports rapid tracking. Geofence alerts, and speed alerts with select service plans.

Note: This device requires a no contract service plan, available from \$9.99 to \$39.99 per month.

Inspection Approval Stamps

- Achieve complete authenticity for your vehicle by applying inspection approval stamps!
- The first and only kit designed to put inspection marks on your undercarriage and hood!
- A complete set of stamps with specially formulated paint and crayons are included to truly complete your restoration!
- Basic or deluxe kits are available depending on your restoration requirements!

It's the details that make the difference!

You may have seen the letters P.T.B. on the firewall of your vehicle. The markings have specific meanings. We've offered a brief explanation to the most commonly asked questions concerning the replacement of these markings. The key between a good restoration and a great restoration is how much detail is put into it. Enter your restored vehicle in the show of your choice and maintain complete originality by obtaining the correct inspection markings. The judges will be impressed!

Questions and Answers

- Q What does P.T.B. stand for?
A. P.T.B. means P = Paint, T = Trim, B = Body.
 Q Do they go in any certain order?
A. No. They can be mixed up in any way you like. PTB, TBP, BTP, TPB, etc. The most common way is PTB.
 Q Where do they go?
A. PTB can be on either side of the firewall but the driver side is the most common. They have also been seen on the side of the cowl behind the fender but it would be useless to put them there since they can't be seen.
 Q What color should they be?
A. They can be orange, light green, or a mixture of both. For example P=orange, T=light green, B=orange, or anyway you like. If your PTB is still intact before your restoration, do your new PTB's in the same colors. Not all vehicles included PTB's but when restoring yours we suggest you put them on.

Body Markers/Paints

Chassis Inspection Mark Paint

Restore the many colored factory marks found on your suspension, engine and driveline components. These marks are found on most cars, and were used for inspection, parts picking codes and alignment marks. These inspection paints are color matched to original. In many cases they're supplied with technical bulletins to help you apply them in the proper locations. Supplied in 2 oz. brush top bottles.

Factory Inspection Marking Kit

Includes the correct P.T.B. stamps with specially formulated paint to give your vehicle the final inspection marks that the factory put on. Also included are the yellow and white crayons for marking your firewall with the factory inspection marks. A must for any true restoration.

CC12	basic	2 paint colors, 2 brushes	70.99 kit
CC13	deluxe	7 paint colors, 7 brushes	129.99 kit

Firewall and Frame Marking Crayons

These are the correct "grease pencil style" crayons used for marking the factory inspection marks on your firewall, subframe, and other various sheet metal areas. Included are a yellow and a white marking crayon.

K0084	8.99 pr
-------	-------	---------

Frame Engine and Body Marker

Automakers use these permanent markers to write codes and numbers on frames, engines and body components. Engine suffix codes were often written on the back of the cylinder heads. Job numbers were written on the firewall, frame, engine, and other components to assure the correct vehicle was being built according to the build sheet. These permanent paint markers will help you exactly duplicate the factory original marks.

Professional Car Care Products for the Enthusiast

Professional Products for the Enthusiast!

Professional grade car care detailing supplies are no longer just for professionals. We are pleased to offer our complete line of car care products for the auto detailing professional and/or classic car enthusiast. Now you can purchase our exclusive "Secret Formula" car care products in consumer friendly 16 oz. and 32 oz. bottles, and you too can achieve the amazing results that only a detailer using professional grade products can achieve. If you detail your vehicle often, take advantage of our bulk packaging and purchase your favorite products by the gallon! If you are tired of paying for expensive bottles with colorful labels and achieving mediocre results, then do your car's delicate finish a favor and order our complete car care system today. We offer the highest quality car care formulas at any price, without the hype of expensive advertising and high dollar packaging. No fancy bottles or labels to pay for, our product speaks for itself!

Secret Formula Wash and Wax Products

Super Suds High Foaming Car Wash

This super suds thick, high foaming shampoo is formulated for extra duty cleaning. Chelating agents counteract hard water mineral deposits while foam stabilizers provide longer lasting sudsing action than regular duty shampoos. Its pH balanced to gently clean surface, but not remove existing wax or polymer coatings. Concentrated 100:1 for economy. Available in grape or cherry fragrance. Biodegradable, phosphate-free, NPE-free, VOC compliant.

Reflect-It Correction Creme and Swirl Eliminator Polish

This light cut correction creme restores depth of gloss and color while leaving a surface free of swirls or compound haze on all types of paint finishes. Formulated using an advanced blend of diminishing, micro synthetic silica abrasives, Reflect-It™ quickly removes 2000 - 3000 grit sand scratches, cobweb scratches, swirl marks, water spots, and other paint imperfections. Swirl eliminator is a ultra gloss polish uses extremely fine polishing agents to eliminate swirl marks and hairline scratches while preparing a blemish free surface for final finishing. Provides longer buffing time to create an exceptionally high gloss, glass-like appearance. Safe for all types of paint finishes. For hand or machine use. Contains no wax.

OER® "Secret Formula" Clay Bar System

Clay pulls out all the contaminants you cannot see, but that you can definitely feel, like industrial fallout, rail dust, and brake dust. Though these contaminants are not visible, you can tell they are there because the paint will feel rough or gritty. These contaminants may cause patches of paint to appear dull, even after waxing. As these contaminants oxidize, they create rust spots within the paint. Once this happens, the oxidation is considerably harder to remove and will most likely take a good bit of paint with it. Clay bar will remove these contaminants and leave the surface silky smooth with a mirror-like smooth finish. One premium professional duty bar is enough to do 8-10 vehicles. Our clay will not break or deteriorate into small particles like inferior low quality clay bars. Super elastic to remove harmful particles quickly and effectively. Acts as a magnet to foreign particles, literally pulling the paint fouling grime away from the surface of the paint. Clay lubricant is essential to the performance and safety of clay. It provides the necessary slick surface for clay to glide on. Using low quality clay lubes or cheap detail sprays will deteriorate your bar and lead to poor clay bar performance. Also beware of soapy water as a clay lube, detergent or surfactant based soaps will cause the clay to deteriorate.

DER "Secret Formula" Acryli-Shine Glaze

Glaze is a polish without any cleaning properties used primarily to improve the shine and clarity of paint. Primarily used by body shops for finishing jobs or by detail shops to bring out the brilliance of paint, glazes are also commonly used on show vehicles to achieve a "high luster or wet look". It was developed for the darker finishes, using a slightly moister formulation to enhance the difficult to wax paint finishes. The application process is forgiving, smooth, and dust free. Your moldings will not turn white. Glazes do not replace polishing. If a surface has minor swirls and imperfections, to achieve the best superior results, the surface should be polished with a polish first.

K89620	32 oz. bottle	26.99 ea
K89621	1 gallon	59.99 ea

DER® Premium Carnauba Pre-Softened Wax

DER® Secret Formula Pre-Softened Carnauba Paste Wax is in a class all its own. A pre-softened paste wax with no cleaners, it leaves a deep, brilliant long-lasting shine. It protects and beads up with a glass like gloss that lasts up to 6 months. It works beautifully on all colors, even on blacks, reds, and burgundies, filling in swirl marks. It's also super easy on and off: just wipe on in a circular motion, and take off with a micro-fiber immediately. No need to wait for it to dry! Leaves no white haze at all, there is no white residue to clean out of the cracks, and no need to be careful around the exterior trim – it won't leave white marks! There's no trade-off here: the easiest application in the world, and the best results! Great grape smell. For the enthusiast who demands the highest and wettest level of shine, DER® Secret Formula Pre-Softened Carnauba Paste Wax is a premium blend of genuine Carnauba wax and natural oils that makes paint "drip off of your vehicle" with a high gloss shine and shimmer that is sure to impress even the toughest critics. The 5" round microfiber applicator pads make it easy to apply waxes or rubbing compounds without scratching paint or clear coat. Simply rinse and reuse. Microfiber applicators are highly absorbent, strong yet gentle and the fabric is machine washable.

P99 HD Interior Fabric Cleaner

The beautiful thing about P99 HD: It leaves no film. After cleaning fabric, carpet, floor mats, convertible tops, vinyl tops, seat upholstery, door panels, vinyl, plastic, aluminum, you will have a clean surface free of any residue. This strong all purpose cleaner should be diluted 30:1 for light jobs, 15:1 for medium, and 5:1 for heavy dirt. Apply with a sprayer or sponge. Agitate stubborn dirt with a brush. Our P99 HD Secret Formula Interior Exterior Multi Purpose Fabric Cleaner works quickly as a spot cleaner for all color-fast fabrics. Will not stain or leave a ring around area cleaned. Apply by hand and in a matter of seconds the specially formulated cleaning agents emulsify the stain while the surfactants work to unlock the soil from the fabric and suspend the dirt within the liquid cleaner. When you blot with a clean dry cloth, the liquid containing the stain transfers to the cloth.

shiny finish matte finish

Ice Super Shine High Gloss Dressing

The Ice Super Shine Dressing is a thick silicone rich dressing that leaves a super high gloss, long-lasting shine on tires, rubber molding, vinyl, and plastic. For the detailer who demands the very best in appearance and weather protection. Tires renewed with Ice will repel water through repeated washings. Ice is named for its super "wet look." It looks like a coating of ice! Contains a fruit fragrance you'll love. This dual action premium dressing leaves surfaces 100% dry to the touch and shining better than new, while protecting the surface against dirt, dust and harmful UV rays. Surfaces treated with Ice Super Shine Dressing look shiny longer, require less cleaning. Maintains a 100% dry, never greasy or oily, fresh texture on vinyl, leather, plastic, rubber, tires, and more!

K89521	32 oz. spray bottle	26.99 ea
K89522	1 gallon	42.99 ea

Finishing Touch Matte Finish Protectant

Finishing Touch is an all purpose dressing that restores the "new car" look to vinyl, rubber, leather, and plastic. It cleans, beautifies, and protects. It is preferred by many detailers for interiors for their "softer" look and non-greasy look and feel. Pleasant banana fragrance. Spray or ready to use. Cleans, protects and beautifies in one easy step. Gently wipes away light traces of dirt while you apply. Patented UV absorber penetrates and acts as a protective barrier against harmful rays that cause premature aging, cracking, fading, and peeling. Engineered to work like a lotion to soak into new vinyl or dry vinyl to aid in prolonging and strengthening the surface. Perfect for dashboards, vinyl tops, door panels, consoles, tires, trim, bumpers, vinyl seats, moldings, and more.

Professional Car Care Products for the Enthusiast

OER® Premium Metal Polish & Sealant

OER® Extreme Shine Metal Polish & Sealant cuts through layers of dulling oxides to restore a wet mirrorlike finish that outshines chrome. This outstanding polish makes chrome, copper, brass, aluminum, stainless steel and other metalwork gleam and look their absolute best. Spreads on with ease, buffs off with little effort. Great for oxidized metals and even light rust. Can be easily applied in the shade or sun. Leaves virtually no smear, dust, or powder. The most innovative metal polish ever. A 3 step product in one, this diminishing metal polish cuts fast, cleans like no other, shines like a mirror and protects like a sealant. Utilizing friction and heat OER® Extreme Shine Metal Polish cleans, restores, revives and polishes. Friction generates heat that allows the product to break down into a micro-fine polish that leaves the surface shining like a mirror. During the final phase, it breaks down to release the durable protective sealant that bonds to metal surfaces reducing corrosion and prolonging shine. Use by hand with a polisher or with your polish ball and drill. **⚠️**

OER® "Secret Formula" Wheel and Tire Care

Over the years, OER® has become the name that you have come to trust for quality restoration products. We are dedicated to bringing our valued customers the absolute best products our industry has to offer. When it comes to car care, our "Secret Formula" products are no exception! We know you have a lot invested in your classic car, so we have formulated products that not only perform at a level unmatched by any other brand, but a formula that keeps your investment in mind. Our formulas are engineered not only to keep your pride and joy looking good, but also to protect your vehicle's delicate surfaces from the elements without the use of harsh damaging chemicals.

OER® Acid Free Wheel and Tire Cleaner

Spray-on and rinse-off! Easily removes deposits of brake dust, grease, and road grime from wheels. Safe for clear coated, painted, and polished finishes. This strong non-acid formula is fortified with a citrus cleaning agent. This is an industrial strength 1:1 concentrate. Dilute with water as needed. Long time accumulations of brake dust may need light agitation with a soft brush. Unlike many alternative products, OER® Acid Free Wheel Cleaner dissolves grime and brake dust without damaging your chrome and alloy wheels. Non-acidic, spray-on wipe-off formula with no scrubbing necessary and no harsh scent. **⚠️**

K89614 32 oz. bottle..... 16.99 ea
K89615 1 gallon..... 24.99 ea

OER® Secret Formula Wheel Wax

OER® Secret Formula Wheel Wax is formulated to safely and effortlessly clean, shine, protect and prolong all types of wheels and wheel finishes. Wheel Wax delivers a high gloss, durable wet shine finish on all chrome, aluminum, stainless, powder coated, and even painted wheels. Clean, polish, shine, protect, and prolong in one easy step. Extremely easy to use and apply, utilizing accurate micro-size synthetic beads that gently and effortlessly lift and polish away oxidation and road film from wheels to guarantee a scratch free perfect surface. Wheel Wax not only enhances shine, it protects your investment. Harmful degreasers and acids can damage wheels reducing shine and causing premature oxidation and deterioration of wheel. Wheel Wax is an acrylic sealant that bonds instantly to protect against brake dust, heat, acid, road, water spots, airborne fallout, and road contaminants. **⚠️**

OER® TNT Extended Life Tire & Trim Dressing

This unique formula quickly penetrates rubber trim and tires to hydrate and provide lasting protection. TNT Extended Life gel by OER® finally delivers on that promise. Simply wipe on using a pad and TNT gel restores the look of faded tires, trim, bumpers, seals and weatherstrip. What's more, OER® TNT gel lasts for many months, not days. Our exclusive no-streak, no-run, and non-drip formula works to repel water and detergents and helps keep tire walls hydrated and supple as well as looking brand spanking new. Prepare your trim for a product unlike any other. A true premium trim restorer and protectant, that will not drip, dry out, or destroy surfaces. Provides unmatched durability, ease of application and a superior "new look" shine that lasts through numerous washes. Non-greasy, non-tacky and simply amazing. **⚠️**

Professional Car Care Products For The Enthusiast!

Grit Guard Wash System 

This unique wash bucket provides a convenient way to store or transport all of your car cleaning supplies while doubling as an extremely effective finish protecting wash tool. The Grit Guard insert sits in the bottom of the pail to attract particles and contaminants from mitts and brushes. Gravity causes sand and dirt to settle below the guard so the wash water stays clean and scratch free.

Basic Wash System

The basic wash system includes a black pail with a yellow sealing lid and a Grit Guard insert.

K89740 3.5 gallon..... 28.99 ea
 K89741 5 gallon..... 32.99 ea

Grit Guard Deluxe Wash Bucket Sets

This superb washing system features a Grit Guard insert, a heavy-duty bucket, a seat cushion and a dolly that turns the washing system into a rolling stool, so you can sit down and detail your vehicle comfortably. Five heavy-duty smooth rolling casters roll over cracks without tipping. Two locking casters hold your washing system in place while working on inclines. The convenient spin-on lid creates a perfectly sealed storage compartment for all of your favorite cleaning supplies. Supports up to 250 pounds.

Deluxe Washing System

Buffing Pad Wash Bucket

When you hand wash pads, the backing pad gets wet, oversaturating the foam. The universal pad washer keeps the backing pads dry and extends the life of your pads. No more throwing away perfectly good pads because the backing pad has torn off. Your buffing pads, buffing bonnets, polishing tools and accessories clean up so well you'll think they're new! Condition, clean, and dry all in one system.

The universal pad washer extracts contaminants trapped deep inside your buffing pads. No cross contamination worries when switching buffing compounds. O-ring seal lid provides water tight portability. Wash and dry in under 30 seconds!

K89747 119.99 ea

Protect Your Wheels from Harmful Over Spray

The RIM PRO™ wheel protector is foldable and includes a handy pouch lending itself to easy storage and accessibility in your vehicle or out. The perfect product to help shield your wheels from tire shine over spray, allowing your wheels to stay clean and free of damage from harsh chemicals. Using this device will help you to save time by virtually eliminating the need to wipe the wheels after applying tire shine products to your tires. Not only that, but it will also prevent the buildup of dust and dirt on your wheels created by the over spray from these grime collecting chemicals. Hand washable. Available in 13", 14", 16", 18", and 20" sizes, buy one for each of your vehicles.

Adjustable seat provides the support, leaving your feet free to control your movement.

Floating, attached kneepads eliminate direct pressure on knees, circulation problems.

Removable tray holds tools, small.

Aluminum frame is elevated on 2" casters to eliminate pressure on toes, ankles, and knees.

Speed and Comfort for a Demanding Job!

This seat provides support while taking pressure off knees, ankles, and toes. The castor wheels allow you to move freely, and the attached floating kneepads allow your knees to rest. Attached to the tool is a 7" x 15" removable tray which is great for holding tools and small parts. Weighing only 8 lbs., the tool is manufactured from 1/8" thick industrial strength aluminum. The comfortable web spring seat is covered with a soft leather like cover and adjusts vertically 11-1/2" to 15-1/2" in height. Backed by a 1-year manufacturer's limited warranty.

ACP103 hanging door guard..... 21.99 ea

Park Perfectly Every Time

The Park Smart Mat helps guide you into your garage space letting you know exactly when to stop. Perfect for getting your classic or collectible car into the correct position in a crowded garage. As you feel yourself driving over the first bump, the second bump tells you that you have driven far enough forward. Measures: 27-1/2" x 12" x 1-1/2". Includes a manufacturer's limited lifetime warranty. Buy one for each of your vehicles.

ACP101 Park Smart Mat..... 21.99 ea

Trailer Ramps

Is your trailer door too steep to get your vehicle to the race track or autocross? Are you tired of busing up your nose? Race Ramps has just the solution for you: simply place the trailer door on the notch of these specially designed trailer and decrease your angle of approach to as little as 4 degrees. These hassle free, lightweight ramps work for vehicles weighing up to 6000 pounds. Trailer ramps are ideal for low ground clearance vehicles with extra wide tires.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR104 5"..... 411.99 pr
RR105 8"..... 410.99 pr

Wheel Chocks

Wheel Chocks are ideal for use with all Race Ramp products, providing additional safety in the working environment. Made from solid rubber composite with an extra grip bottom, they each weigh 3 pounds. Set of 4.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR109 6" x 4" x 5"..... 75.99 set

Wheel Cribs

Wheel Cribs are a safe, lightweight alternative to jack stands. They cradle the tire 10" off the ground, providing unobstructed access underneath the vehicle. Each crib supports 1500 pounds (3000 pounds per set) and weighs only 5 pounds. Wheel Cribs also can be used for vehicle display.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR108 15" x 10" x 12"..... 169.99 pr

Roll-Ups

Designed to be used in conjunction with 56" or 67" Race Ramps. Roll-Ups raise the opposite end of the vehicle up 4", allowing even more working room under the vehicle. Roll-Ups can also raise the front or rear of the vehicle to allow the use of a standard floor jack. Roll-Ups are 14" wide work with tires up to 12" wide.

Note: For increased safety, use Wheel Chocks with all Race Ramp products.

RR106 10.79 degree incline..... 194.99 pr

Race Ramps

Race Ramps are ideal for vehicles with tires up to 10" wide. With an incline of only 10.75 degrees, they lift your vehicle up 8" or 10" and hold up to 3000 pounds per set while weighing only 10 pounds per ramp. Will not slide across a garage floor, dig into an asphalt driveway, or scratch or otherwise damage a cement or painted floor. They can be used on grass, dirt, or almost any other flat surface, and they will never rust. Race Ramps come complete with straps for easy carrying and storage.

Note: For increased safety, use Wheel Chocks with all Race Ramp products. *Shipped oversized.

Spray-On Insulation

Buy the Complete Set & Save!

BEFORE APPLICATION

AFTER APPLICATION

Shared Benefits:

- Easy spray-on application
- Continuous protective moisture barrier
- Fast clean up with soap and water
- Environmentally friendly solution
- Applicable to interior or exterior of vehicle
- Non-toxic and class A fire rated
- Both are paintable
- Coverage is approximately 50 ft²/2 gallons

Sound Control Benefits:

- Provides non-combustible thermal insulation
- Able to withstand temperatures up to 500 degrees F
- Interior temperature reduced by 30 degrees F
- Offers a protective, seamless membrane

Ceramic Insulation Benefits:

- Protects surface from moisture and rust
- Dampens annoying rattles, vibrations and road noise
- Impressive damping to weight ratio
- Coating can withstand temperatures up to 300 degrees F

Sound Control and Ceramic Insulation

Get the comfort of premium grade insulation without the extra weight! These environmentally safe formulas from LizardSkins can be used as a one part coating or as a two stage system for a cooler, quieter driving experience. The Sound Control formula dampens unwanted engine and road and noise, while the Ceramic Insulation formula cools your vehicle up to 30 degree F or more creating a more comfortable ride. Designed for floors, roofs, firewalls, fenders, transmission tunnels, door panels, trunks, and more, all at a combined cured weight of 52 lbs for four gallons. Insulating a vehicle has never been this easy, thanks to a custom designed application gun made specifically to handle the thick density of the coatings with ease. Order the individual components or buy a complete kit and save!

Important: For two stage applications, Sound Control coating should be used as the base. Four gallons of each coating are required to encapsulate a typical interior and trunk area of 1 vehicle, and 1 gallon of Sound Control when applied as undercoating.

OER® Rust Removal & Prevention

Remove Rust

OER® Dissolve Rust

OER® Chemical Restoration Dissolve Rust returns rusted surfaces to bare metal without harming the integrity of the metal. The viscous formula is reusable and will not harm plastic, rubber, seal, soft metals, or non-oxide coatings such as paint and chrome. OER® Chemical Restoration Dissolve Rust works like an acid, but is safe for you and the environment. OER® Chemical Restoration Dissolve Rust is ideal for removing rust from any part or surface that can remain damp with the product until the rust is gone!

RustSeal® Corrosion Barrier Coating

OER® Authorized RustSeal is a superior one part, ready-to-use, high-solids content, rust preventive, corrosion barrier coating, that is actually hardened by exposure to moisture. It is impervious to road salts and most every chemical. RustSeal flows out to a beautiful, rock-hard, tough ceramic-like coating that is tough to chip or scratch, and will not crack or peel. RustSeal is an incredible, single component, ready-to-use, high solids content, rust preventive coating with exceptional sealing properties. RustSeal is the most permanent cost effective solution for stopping rust and corrosion anywhere where it is a problem: home, automotive, industry, fleet, farm, and more! RustSeal is an enhancement that lasts. Water and air are locked out, therefore oxidation, the precursor to rust, cannot take hold. RustSeal is not intended for use as a final finish. To protect against unwanted cosmetic changes, top coat RustSeal with any opaque (solid color) paint system. After removing or treating rust on floors, subframes, or other under vehicle components, RustSeal Corrosion Barrier Coating works by isolating the surface from moisture and oxygen. This single component, high solids, rust stopping coating seals out the ultimate causes of rust, creating a rock hard non-porous barrier between the metal and rust promoting elements. Will not crack, chip, flake, or peel, and no hardeners or activators are needed. RustSeal is completely unaffected by salt, gasoline, oils, battery acids, hydraulic fluids, solvents, chemicals, or corrosives.

RustSeal® Coating

Available in your choice of a wide variety of colors and sizes. Select the part number for the size of the can you need, then add the 2-digit numerical color code to the end of the part number to specify your desired color when ordering.

Treat Rust

OER® Etch Metal

OER® Chemical Restoration Etch Metal inhibits rust and promotes paint adhesion for bare metal surfaces. This specially formulated liquid gently etches the metal, then leaves a zinc coating that helps chemically bind paint to the metal. OER® Chemical Restoration Etch Metal is non-toxic, non-flammable and reusable. Ideal for application on bare metal parts after sandblasting or using OER® Chemical Restoration Dissolve Rust.

K86114 quart..... 16.99 ea

Etch

■ **OER® Etch Metal** removes light surface rust and leaves a coating that bonds paint to the metal surface.

Convert Rust

OER® Convert Rust

OER® Chemical Restoration Convert Rust instantly neutralizes rust and converts the rusted surface, leaving a protective dark polymer coating. The inert coating provides an excellent primer base that seals out moisture to prevent future rust and corrosion. Protected surface can then be top coated with most paints. OER® Chemical Restoration Convert Rust can be applied with a brush, trigger bottle or a spray gun. Brush - A common household paint brush or foam applicator. Spray Gun - HVLP or conventional spray gun using a 1.0-1.4 nozzle at low pressure. Available in quart bottles.

K86112 quart..... 35.99 ea

Convert

■ **OER® Convert Rust** turns rust into a black, paintable polymeric coating that's ready for primer or top coat.

Rust Removal & Prevention

BlackTop® Top Coat

BlackTop is a permanent, moisture cured, UV stable coating primarily used for top coating surfaces previously sealed with RustSeal® or any other paint/primer application. BlackTop is a high-performance protective coating specifically formulated to withstand dulling and fading caused by prolonged sunlight exposure. BlackTop may be used alone as a resilient coating but offers the ultimate rust protection when used in combination with the RustSeal corrosion barrier coating as step 1. For the best top rust and ultraviolet protection, first apply RustSeal to permanently seal the surface and then top coat with BlackTop for an incredibly tough and professional looking finish. Like RustSeal, BlackTop dries to a rock hard yet flexible coating that can be readily applied to chassis, coil springs, and lightweight panels. BlackTop also has high heat resistance and can be applied to almost all automotive applications except exhaust systems. BlackTop is intended as a final finish for parts that have been coated with RustSeal. BlackTop will retain its color and sheen even after repeated or prolonged exposure to direct UV light and will not degrade.

with Diamond
Finish

DiamondFinish® Clear Coat

DiamondFinish® Gloss Clear Top Coat is a permanent, moisture cured, UV stable coating primarily used for top coating surfaces previously sealed with RustSeal®, for top coating directly to metal, or to coat over any other paint/primer application. The clear coat formula can be applied directly to metal or over other coatings. This high gloss clear coat remains permanently flexible and is able to perform in the toughest environments without yellowing, cracking, or peeling. Apply directly to painted surfaces with minimal surface prep. Incredibly tough and hard like no other clear coat on the market. Can be applied with a brush (without leaving any brush marks), roller and conventional spray gun. Unlike two part coatings, no hardener is needed with DiamondFinish®, just stir and go. DiamondFinish® clear coat will cure without heat or UV lights in temperatures from 50 to 86 degrees Fahrenheit. Able to withstand the harshest of chemicals including fuels, solvents, battery acid, brake fluid, Ethanol, Methanol, MEK, Hydrochloric Acid, fertilizers, and Acetone. Graffiti resistant: because of its chemical resistance, graffiti just won't stick and can be removed simply with a solvent soaked rag. Great for high temperature automotive applications including the use on cylinder heads, engine blocks, brake components and even inlet manifolds, without yellowing up to 300 degree Fahrenheit.

Water Based and Solvent Based Undercoating

Whether you choose our water based or solvent based undercoat formulas, each produces a very tough, yet flexible film with excellent adhesion, and helps prevent road salt from eating away at your vehicle's metal and/or fiberglass. Offers excellent adhesion to metal or painted surfaces. Provides economical paintable durability, plus moisture resistance and corrosion resistance, all in a matte black finish. Also provides sound deadening by reducing road noise and vibration. You can attach the quart size can directly to a Schutzi applicator type spray gun or contents may be poured into a clean container pot that fits the applicator gun of your choice. Part #2018 undercoat gun is offered separately.

Water Based Asphalt Undercoat - Non-Paintable

Our VOC friendly, water based undercoating provides protection in wheel wells, gas tanks, frames, and floor pans. Being an asphalt base, it is not designed to be painted over. Dry to touch in one hour, fully cures in 24 hours. Excess coating may be removed with soap and water.

OER® Aerosol Coatings

Notes Apply to All OER® Spray Cans

Important: Due to variances in factory vinyl material, paint could have up to a 10% variation color difference from original.

Note: Shipped within the continental U.S. only. Shipped ground only.

OER® Premium Quality Aerosol Interior Paint

OER's revolutionary formula provides 40% more coverage than standard dyes and lacquers, and actually penetrates and molecularly bonds to the surface to permanently seal in the color. Dries to the touch in 45 seconds, forms a complete bond in just 10 minutes. UV stable and color fast, it will not crack, flake, or peel. For use on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass, and recycled plastics. When only the best will do, use OER's Premium Quality Interior Paint. Available in your choice of a convenient 16 oz. aerosol can (net wt. 12 oz.) or for bigger jobs where a spray gun is required, we offer quart cans.

OER® AEROSOL COATINGS

OER® Aerosol Coatings

OER® Rubberized Undercoating

A black, rubberized undercoating for all automobile under surfaces. Sprays evenly and dries completely to a smooth consistency. Can be top coated with any type of automotive finish. Prevents rust, reduces road noise, seals out water, fumes, road chemicals, and dust. Special formula greatly reduces lingering odor associated with most other brands of undercoating. No "bleed through" when top coated. Use on undersides of panels, hoods and deck lids, trunk interiors, section repairs, weld joints, rust holes, or on chassis parts. 16 oz. aerosol can (net wt. 18 oz.) or buy a case and save!

Note: Ships ground only. No air shipment.

OER® Spray Galvanizing Weld-Thru™ Coating

A smooth, cold galvanizing compound that chemically fuses to bare steel and forms a extremely rust resistant barrier. Perfect for application on the inside of newly installed panels where rust prevention of new metal is important, but where the part treated will not be painted. Fast dry, sag free spray that is abrasion resistant. Stops rust creepage, resists chemicals and is rust inhibitive. Apply it to sheet metal pieces before installation, then weld as usual. The coating will not affect the quality of the weld, and will retain its rust preventative properties. Available in a 16 oz. aerosol can (net wt. 12 oz.) or buy the case of six cans and save!

OER® Aerosol Coatings

OER® Factory Wheel Coating

OER® factory wheel coatings are available in a variety of original colors so you can achieve the correct factory look on the restoration of your wheels. Eliminates the need for expensive custom paint mixing and greatly simplifies the restoration process by providing spray gun results without the hassle and mess of a spray gun or the need for an air compressor.

Note: Ships ground only. No air shipment.

Rally Wheel Argent Silver

Correct color and sheen for the restoration of Rally I, Rally II, and Super Sport wheels. Makes your wheels look like they just rolled out of the factory.

K89320 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea
K89321 case of six cans 89.99 cs

Low Luster Gray Wheel Paint

Correct color and sheen for the restoration of Rally, Super Sport, Honeycomb, and Z28 5-spoke mag wheels that call for a unique shade of gray. This gray was used on the backside and in some cases both sides of steel factory sport wheels. Can also be used on jack mechanism and jack base on some models.

OER® Trunk Spatter Paint

Restoration grade spatter paint for the discriminating restorer who wants to accurately replicate the original texture and finish in their trunk. Produced by the original manufacturer for an authentic texture and color match. These water soluble paints are designed to be applied with a paint gun and do not require a clear coat. One quart required per vehicle. Includes instructions.

Important: Originally applied trunk spatter paint with a Binks 2100 gun with a 200 tip and a 66 flut nozzle with an internal mix air cap.

K86131 quart gray and white 109.99 ea

OER® Underhood Detail Paint

The perfect alternative to

expensive zinc phosphate plating. A variety of choices are available to correctly refinish underhood items such as hood hinges, hood latch and safety catch, carbs, pulleys, linkage, nuts, bolts, brackets, clips, screws, and more with a durable flat or non-gloss finish that mimics the appearance of zinc phosphate plating.

16 oz. aerosol can (net wt. 12 oz.)

Note: Ships ground only. No air shipment.

K89520 dark gray 19.99 ea

OER® Clear Enamel

Provide extra

durability and color depth on a variety of surfaces. OER® Clear Enamel will enhance the appearance of engine components, wheels, suspension components, and other painted and unpainted surfaces where a gloss clear top coat is desired. Withstands rusty, gas, oil, grease, salt and intermittent temperatures up to 400 degrees F. 16 oz. aerosol can (net wt. 12 oz.)

Note: Ships ground only. No air shipment.
