BY13006

## Yellow Top Battery

With premium cranking power, low internal resistance, and unparalleled cycling capability (rechargeability), the Yellow Top AGM battery is a true dual purpose automotive battery. It handles deep power drains and recharges to full capacity so it can power plenty of electronics and still start the engine time after time. Perfect for vehicles with multiple electronic systems or high demand audio.

Note: Shipped overweight.

## Red Top Battery

The OPTIMA Red Top high-performance AGM battery is the ultimate high CCA starting battery designed to deliver the strongest 5 second ignition power for a reliable start-up every time. The Red Top outperforms and starts traditional batteries in demanding cranking/starting applications. With ultimate power delivery and durability, the Red Top is ideal for luxury cars, hot rods, off-road vehicles and other applications that require a leakproof starting battery.

Note: Shipped overweight.

## Battery Relocation Set

Moroso battery installation set. This set includes enough 2 gauge copper wire to relocate the battery to the trunk on most vehicles. The high grade cable features a rugged PVC insulation provides unrestricted current flow. Set includes: all the terminals, 12 gauge leads, grommets, insulated clamps, and shrink sleeving to do the job.

## Billet Battery Box for Optima 34 Series Batteries

Finally, a battery box that looks as good as an Optima battery performs. Perfect for trunk mounted applications. Featuring polished aluminum hold down studs and stainless steel fasteners, this battery box will give you a reason to hide that Optima battery! Includes predrilled 5/16" holes in the base for mounting (hardware not included). Fits only genuine Optima 34 series batteries and measures 10" x 6.8" x 7.8". Battery not included. Made in USA.

## Aluminum Relocation Battery Box Set

Toploy's aluminum relocation battery box is constructed from .040" thick aluminum and features a removable top to allow easy access to the battery. Battery mounts to the frame of the box with the supplied 3/8" bolts and includes a heavy-duty 1 piece battery hold down along with mounting hardware. Measures: 13-1/2" x 9-1/2" x 10".

Note: Complies with NHRA rule 8:1 for installations where there is no firewall between the driver and the battery.

Emissions Note: (4) Non-emissions (50 state legal).

TP48100 aluminum..... 149.99 set

## Sealed Battery Box

Moroso black polyethylene sealed battery box. The external venting makes it ideal for relocating a battery to the rear of any race, street, or off-road vehicle with or without a rear firewall. It features closed cell foam gasket lid to prevent battery gasses from escaping into the vehicle, and includes 3/8" hold down rods, mounting hardware, vent tube and grommets. Fully approved for racing by NHRA, IHRA, and SCCA. Holds a Series 21, 24, 26, 34, 42, 54, 55, 56, 61, 62, 63, 85, 86, 96R battery with either top post or side post terminals.

MS74051	black	87.99 set
---------	-------	-----------

## Dropout Battery Box

Universal frame mount dropout battery box from CPP. This box relocates your vehicle's battery from the engine compartment to the frame where space allows. The box drops down for service or replacement of the battery. Available in stainless and black powder coated finishes.

Note: Measures: 10-1/2" x 8-3/4" x 6-3/4" and drops down 5-1/2".

### 1986-87 Battery Hold Down

Reproduction battery hold down bracket for 1986-87 Buick Regal turbo models.

GN1021 1986-87 hold down..... 19.99 ea

### Battery Tray Bolt Set

Correct replacement battery tray bolts used on various GM vehicles 1964 and newer. 1/2" Hex with flat tip with 1-1/8" free spinning conical washer. Black phosphate coated. Correct hardware can make any installation job easier. Replace your missing or damaged hardware with these quality reproductions. This part is original equipment for multiple GM applications, it can be used for other applications as a service replacement.

B13716 5/16" x 18 x 5/8" 2 piece..... 3.99 pr

### 1978-87 Ground Wire Set

A must have part for your vehicle. Good grounds are absolutely essential for proper engine sensor operation. The factory located wiring grounds are less than adequate for long term stability. This ground stretcher set addresses the problem by relocating the grounds, extending the wiring, and providing braided ground connections to the engine and firewall.

GN110612 1978-87..... 30.99 set

### 1973-87 Battery Lug Extenders

Battery lug extender for 1973-87 models. This lug extender kit enables you to add terminals to the side terminal battery lugs. Allows an extended bolt and spacer to place 10mm (3/8") ring terminals for accessories, amplifier feeds, auxiliary lighting, etc. Also makes attachment of jumper cables easy. Sold in pairs.

GN110603 1973-87..... 17.99 pr

### Battery Cable Terminal

Due to the corrosive nature of battery electrolyte, the original lead cast positive and negative terminal ends usually require replacement every few years. We offer these replacement style late model OEM type terminals for top or side post batteries.

10626 top post terminal..... 4.99 ea  
SBT1 side post terminal with bolt..... 2.99 ea

### Side Terminal Adapters

If you are converting a side terminal battery to top post cable usage, we offer this convenient set which allows you to install and operate your replacement battery without unnecessary cutting of your cables.

RCP3L positive and negative..... 4.99 set

### Battery Terminal Protectors

Prevent corrosion buildup on the battery terminals with these color coded green and red anti-corrosion, chemically treated polyester fiber battery terminal protectors.

W215007 battery terminal protectors..... 1.99 pr

### Felt Battery Post Washer

This felt washer is designed to go on the positive battery post under the battery cable as recommended by GM. The washer helps to prevent corrosion of the positive battery post and cable.

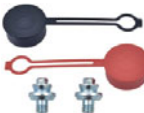

TF900723 ..... .99 ea

### Quick Release Battery Cable Bolts

These handy quick release bolts replace standard 5/16" battery clamp bolts used for most top post batteries. The cam lever action tightens and loosens the bolts without tools. They're constructed from anti-corrosive stainless steel and padded with color coded red and black polypropylene.

W20251 top post 5/16" bolts..... 11.99 pr

### 1973-87 Battery Caps with Bolts

Battery caps with bolts for 1973-87 models. The caps protect the terminal bolts from short circuits and contamination.

GN110602 1973-87..... 17.99 set

### Battery Terminal Protector Boots

This red PVC plastic battery terminal boot insulates the battery terminals to prevent short circuits and help prevent corrosion.

NL10470 side post..... 12.99 ea

# REGAL Battery Cables

## 1987-87 Heavy-Duty Positive Cable Set

This specially built set is designed to relocate the fuse links from the starter location to a location in the engine bay for easy access. Allow for easy attachment of accessories to the battery positive terminal. Add extra fuse links so that each power feeder in the vehicle has its own fuse link. Provide a junction box for remote mounting of the battery (trunk location).

*Note: This set is used when a heavy-duty 200 amp alternator is being used.*

GN110607 extender set..... 92.99 set

## 1984-87 Positive Battery Cable

Exact replacement positive battery cable. Attaches to the starter stud, alternator and ECM MEM feed thru a special fuse linked connector. Frequently a problem due to leaking battery acid onto the lug. This harness assures full battery power to the critical components on your vehicle.

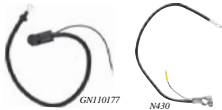

GN110175 1984-85..... 82.99 ea  
GN110176 1986-87..... 82.99 ea

## 1986-87 Positive Cable Set

Eliminate problems with factory positive cable and fuse link cables with the OEM setup. This custom designed relocation set provides a convenient junction for the positive battery cable and relocates the fuse links from the starter stud to the junction box. Red junction box is located near the radiator overflow bottle. Alternator feed, battery cable, MEM connector and fuse links are placed there at that location. Provides easy access to positive battery connection. Designed to attach to battery in the stock location.

GN110606 1986-87..... 92.99 set

## Negative Battery Cable

Eliminate electrical problems with a new cable. Negative cable is manufactured to OEM specifications using the new slip-over terminal cover design or the universal cable. Secondary ground pigtail wire included.

GN110177 1984-87 terminal cover .. 33.99 ea  
N430 universal 30"..... 17.99 ea

## 1986-87 High Current Battery Cable

Similar to our standard replacement battery cable, except the alternator feed is 6 gauge cable. This cable is utilized when the alternator is upgraded to 175-200 amp unit. Design includes an added 3-1/2" of length to the starter cable, to prevent contact with aftermarket down pipes.

GN110604 1986-87..... 92.99 ea

## Universal Battery Cables

Underhood or trunk mount battery cable sets. Each cable is 1 gauge and features lead die-cast top post terminals with a steel ring insert. This feature prevents cracking or breaking the terminal due to tightening. Each version comes in either top post or side post sets. Trunk mount sets measure 18" while underhood sets measure 6' in length. Negative cables feature pre-assembled 36" long 6 gauge secondary lead. Each set includes crimping tool, extra lugs and shrink tubing.

## Battery Cable Cloth Insulator

Original style black cloth insulation. 1/2" cloth insulation is used for positive battery cable. Sold by the foot.

K0169 ..... 2.79 ft

## Remote Mount Battery Cable Set

Perfect for trunk mounted batteries. Both positive and negative cables are 1 gauge and 16 feet in length which allows for them to be attached to the engine for maximum starting current. Helps prevent voltage drop to the engine. Eliminates the need for heavy cable connections between the engine and frame. Set includes side post adapters and high amp crimp ring terminals with heat shrink.

40105 universal..... 132.99 set

## Battery Cable Set

This set has only the highest quality components. Set comes complete with 16 feet of red #1 gauge positive cable and 3 feet of black #1 gauge cable, both with heavy-duty battery terminals already installed capable of handling over 250 amps. Set includes side post adapters and high amp crimp ring terminals.

40101 universal..... 90.99 set

## 1984-87 ECM Memory

ECM memory connection near the battery positive terminal, orange wire. Includes two mating connectors to perform complete repair.

GN110545 1984-87..... 12.99 ea

## Battery Cable Hardware

If your cables need to be replaced, you are probably going to need to replace your battery cable bolts as well. We offer early or late model cable bolts to give your engine compartment a detailed look.

### Battery Topper

Now you can turn any modern style battery into a vintage looking one by adding one of these battery toppers featuring correct special grain just as original. Battery toppers are designed to be used with any maintenance-free flat top battery, and will work on any 24/60 series battery as long as the post location is original.

T70781 top post ..... 59.99 ea  
T70782 side post ..... 59.99 ea

### Battery Carrying Strap

This handy tool is a must for your tool box. Allows you to easily carry bulky automotive batteries without getting acid on your clothes and hands. Each end is marked and sized to fit the positive or negative terminals allowing a secure, tight fit onto the post. Battery acid won't harm the strap! For top post batteries only.

X205 carries top mount ..... 7.99 ea

### Priority Start! Battery Protector

The Priority Start! 12 Volt ProMax has a surge "spike" protection circuit that adds additional protection to the electrical system. Transient voltage "spikes" can cause damage to computers, 2 way radios, MDT equipment, cameras, and a host of other electrical equipment. The ProMax can be used on all 12 Volt vehicles including those with such aftermarket accessories.

PS1002 ..... 104.99 ea

### Deluxe Relay Tester

No need to pierce wires or connect multiple jumper wires with this relay test set. Features jumpers that have tabs for clamping and flat pads to place test leads on. Includes test lead kit for easily and securely connecting relay test jumpers to a multimeter. Jumper wire may be used between common and open close the relay circuit for testing and has a test port to easily check voltage. Also provides access for a clamp-on amp meter. Relay puller pliers easily remove electrical relays without damage to the relay or electrical box.

Y60660 ..... 153.99 set

OEER AUTHORIZED

### Smart Battery Charger 800

The OEER® Authorized Smart Charger 800 battery charger and maintainer for classic cars and trucks provides high frequency automatic intelligent charging for 12V Lead acid, flooded, or sealed maintenance-free (AGM and Gell Cell) batteries. Microprocessor controlled auto plugs into 120V AC current and provides 0.8 amp output through a 4 stage charging program. Features 4 safety functions: over load, over heat, short circuit and reverse polarity, and is spark proof. Designed to be used with ring terminal output or with the optional clamp set as a portable unit. Has GS/ETL/CEC Certifications. Ideal for cold weather battery maintenance, or vehicle storage.

21026 Smart Charger 800 ..... 39.99 ea

OEER AUTHORIZED

### Smart Battery Charger 1250

The OEER® Authorized Smart Charger 1250 battery charger and maintainer for classic cars and trucks provides high frequency automatic intelligent charging for 6V or 12V lead acid, flooded, or sealed maintenance-free (AGM and Gell Cell) batteries. Microprocessor controlled auto plugs into 120V AC current and provides 1.25 amp output through a 7 stage charging program. Features 4 safety functions: over load, over heat, short circuit and reverse polarity, and is spark proof. Designed to be used with ring terminal output or with the optional clamp set as a portable unit. Has GS/ETL/CEC Certifications. Ideal for cold weather battery maintenance, or vehicle storage.

BM2428

### Battery Mat — Acid Neutralizer

The Battery Mat offers protection against undetected battery acid leaks. Once installed, the mat will trap and neutralize any battery acid that leaks from the terminals or top side of the battery, preventing corrosion and expensive damage. Each mat is made of super absorbent polypropylene needle punch felt, with one side heat treated to give it additional strength. The mat is inserted under the battery between the battery and the battery tray. It can easily be installed at any time either when replacing the battery tray or battery.

BM2427 yellow mat ..... 6.99 ea  
BM2428 black mat ..... 7.99 ea

### Cell Saver Battery Insulation Kit

DEI cell saver battery insulation kit is designed to solve the problem of heat soak into batteries preventing premature failure due to heat. Batteries are very susceptible to heat and vibration that could cause premature failure and hazardous leaks. Cell Saver is very capable of damping vibration and will absorb and neutralize any damaging leaky battery acids. Cell Saver is easy-to-install and excess material can be trimmed to accommodate batteries of most sizes and shapes. Measures: 40" x 7".

DEI010480 ..... 21.99 ea

### Protect Your Vehicle from Corrosive Battery Acid!

Prolong battery life and protect your vehicle's battery tray, underhood and radiator support area with the world's only acid-neutralizing heat barrier mat. It reflects over 90% of radiant heat, traps and neutralizes battery acid, protects against corrosion, is recyclable, protects the environment, and is inexpensive and easy-to-install. The Battery Heat Barrier™ set is completely safe to handle before and during installation. So effective, it is used by all branches of the United States military. Set consists of: one 8" x 40" acid absorbing/neutralizing felt and one adhesive backed 8" x 40" aluminumized thermal barrier to wrap around the battery, plus an 8" x 12" acid absorbing/neutralizing pad to put beneath the battery. Install one on your vehicle NOW, before it's too late.

TT1001 battery heat shield ..... 26.99 set

### Battery Lifesaver — Corrosion Remover

Lead acid batteries will discharge, deteriorate and die without regular use or recharging because of corrosion and sulfates on the plates. This module, developed specifically for vehicles that are not driven on a regular basis to keep their battery fully charged, will actually recover lost battery capacity by removing plate corrosion, and in turn, extend battery life up to double or triple the normal life span!

BLS1 ..... 29.99 ea

## 1986-87 14 Gauge Fuel Injector Harness

Factory appearing fuel injector harness using 14 gauge wire, recommended for use in high-performance racing applications where low impedance injectors are used.

GN110521 1986-87 ..... 102.99 ea

## 1986-87 V-Plus Volt Booster

Your alternator is designed to put out a specific voltage to your electrical system, typically 13.2 Volts. The car battery can then be continuously charged while the engine is running. The problem with this system is when there is a greater demand on the electrical system during wide open throttle the alternator tends to fall short on delivery. Decreased system voltage, when you need it most, causes less than adequate fuel pump flow and ignition spark. The V-Plus booster overcomes that inadequacy by increasing the system voltage by 2.2 Volts at approximately 70% throttle. The result increased fuel delivery, hotter spark, and greater overall performance.

GN110590 1986-87 ..... 72.99 ea

## 1986-87 Field Fix Harness

This simple "Plug and Play" harness is designed to assure uninterrupted charging system function on your Grand National. It provides back-up current to the field of the alternator in case the engine system fails, assuring a fully charged battery. Plugs into waste gate connector and alternator.

GN110593 1986-87 ..... 41.99 ea

## 1986-87 Engine Harness Connector

A common failure due to heat drying out the plastic and making them brittle. This connector is used on the engine wiring harness side leading to injector harness on turbo vehicles.

*Note: This harness is not the injector harness side.*

# Universal Wiring Harnesses

## Universal Chassis Wiring Harnesses

Starting from a blank slate is a daunting task, especially with wiring. Trying to keep your electrical systems running smoothly on a patchwork of old wiring can be a troubleshooting hassle and possibly even a fire hazard. Whether you are planning a series of electrical upgrades or simply need to replace aging, brittle wiring, build your electrical system on a fresh foundation with a quality universal harness. For basic builds, start with a simple kit with wiring provisions for all lamps, horn, fan, wiper, gauges, and all lamps. For more elaborate builds, choose from a selection of advanced wiring solutions. Need to integrate your aftermarket air conditioning? Need extra circuits for a multitude of electronic accessories? With Classic Industries®, there's no limit to what you can do with your wiring.

## Universal Wiring Harnesses

**PAINLESS**

### 18 Circuit Harness Includes:

- Accessory
- Brake Lamps
- Charging
- Electric Choke
- Emergency Flashers
- Fused Power Source
- Fan Relay
- Headlamps
- Horn
- Ignition Coil
- Instrument Panel
- Park Lamps
- Radio/Clock
- Starting
- Tail Lamps
- Third Brake Lamp
- Turn Signals
- Wipers

### 18 Circuit Universal Chassis Harness

This Painless 18 circuit harness may be just what you need. This compact harness has all the basic circuits to get you rolling in no time. This harness has an extra 8 feet of wire in the tail section and 7 feet in the headlight section to take care of longer wheelbase vehicles.

10308

229.99 ea

**PAINLESS**

### 25 Circuit Harness Includes:

- AC & Heat
- Back-up Lights
- Brake Lights
- Charging
- Cigarette Lighter
- Dome/Courtesy Lights
- Electric Fuel Pump
- Emergency Flashers
- Fused Power Source
- Headlights
- Horn (Relay)
- Ignition Coil
- Park/Marker Lights
- Power Door Locks
- Power Windows
- Radio/Clock
- (Constant and Switched)
- Tail Lights/ License Plate Light
- Third Brake Light
- Turn Signals
- Wipers / Washer Pump

### 25 Circuit Universal Chassis Harness

The Painless Pro Series gives you everything you need to wire up your Pro-Touring or custom ride right the first time! Ample length is provided for each circuit, providing you the freedom to route and hide your wiring how you choose. Once you've got the harness fit how you like it, included are over 25 GM factory style connectors found on most '60s to early '90s GM switches, allowing you to turn the Pro Series harness into a direct fit harness for your application. LED ATC bladed fuses get you away from the old hard-to-find glass fuses, and will light up if blown making troubleshooting a painless task. The 6 gauge charge wire and mid fuse (no more problematic fusable link!) will keep up with today's high amperage alternators, and the provided front and rear ground harnesses making grounding your lighting circuits a breeze! Provided with many GM connectors and terminal, insulated and non-insulated butt splices, heat shrink, crimpets, cable ties, ground straps, and cable tie clips, the Pro Series brings a new meaning to truly Painless wiring and includes our lifetime guarantee.

### 21 Circuit Harness Includes:

- AC/heat
- Accessory
- Brake lamps
- Charging
- Cruise control
- Dome light
- Electric choke
- Emergency flashers
- Fan Relay
- Activation Power
- Fused power source
- Headlamps
- Horn relay
- Ignition coil
- Instrument Panel Lighting and Gauges
- Park Lamps
- Radio/Clock
- Starting
- Tail/Back-up/ Parking Lamps
- Third Brake Lights
- Turn signals
- Wipers

### 21 Circuit Harness

This 21 circuit universal harness is adaptable to fit the 1960-80's GM, and Chrysler muscle cars where a bulkhead connector is required. Some minor bulkhead modification may be required. Included with this harness are the following parts: GM turn signal and column mounted ignition switch connectors, pre-wire plugs for the headlights and dimmer switch. Each wire is custom printed with the circuit identification as well as using GM color codes for easy installation.

### 28 Circuit Harness Includes:

- GM Engineered Fuse Block and Painless Mounting Bracket
- GM Steering Column Ignition Switch Connection
- GM Steering Column Turn Switch Connectors
- Two Headlight Pigtails
- 10S1 and 12S1 Alternator Connectors
- Dimmer Switch Connector
- HEI Power and Tach Connectors
- 20 Extra 56 Series Terminals

### 28 Circuit Harness

This 28 circuit kit includes most all the power accessory circuits you have been looking to add to your vehicle. This universal harness will work on carbureted or any stand alone fuel injected engine with any type transmission.

- Accessory
- Brake lamps
- Charging
- Cruise control
- Dash instruments/gauges
- Dome light
- Electric choke
- Electric fan
- Electric fuel pump
- Emergency flashers
- Fused power source
- Horn relay
- Headlamps
- Ignition coil
- Power window/door locks/ antenna
- Radio/Clock
- Starting
- Tail/Back-up/ Parking lamps
- Trunk light
- Turn signal
- Wipers

### 28 Circuit Harness Universal Kit

This 28 circuit universal kit is great for hot rod or street rod builds, but you'll find that it's easily adaptable to almost any vehicle and has enough length to handle full size and muscle cars. To pass through the firewall, a bulkhead connector is utilized, giving you the ability to disconnect the engine/headlight section wiring at the firewall. The provided-to-scale post and stick template makes firewall trimming easy. This harness includes open-ended ignition switch wires that can easily be adapted to any ignition switch out there. Included with this harness are the following parts: a GM engineered fuse block and bulkhead connector, GM turn signal connectors, pre-wired plugs for the headlights and dimmer switch. Each wire is printed with the circuit identification as well as using GM color codes for easy installation.

# Universal Wiring Harnesses

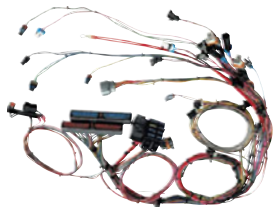

PAINLESS

## 1994-02 Fuel Injection Engine Swap Wiring Harness Set

For maximum power with exceptional drivability nothing beats electronic fuel injection. And the easiest way to install a modern fuel injected engine is with one of these proven FI engine wiring harnesses. These harness sets are designed to allow you to properly wire your engine swap from a donor car or crate motor. A variety of harnesses are available to suit 1994-up LTI, LSI and GM crate engine applications. Each of these sets include detailed instructions and illustrations. The engineers at Painless have worked out all of the connection and routing problems so all you have to do is follow the straight forward instructions for a painless installation. Feature TXL high temp wire that is color coded and labeled with each application for ease of installation. Harnesses for the LSI applications require 1998 Camaro computer G8606 and a mechanical throttle body.

**Important:** Includes a module to bypass the vehicle anti theft system (VATS) incorporated in the computer. Does not include any emissions related connections.

## 6.0L LS2 EFI Harness

You have to thank GM for making the great LS2 motor available at a reasonable price. Now, PAINLESS has developed a harness to bring it to life. This harness is designed to work with an OEM LSI computer and keep the throttle by wire feature. This harness has no emissions provisions.

**Important:** Requires use of factory 2002-03 Corvette LS6 ECM, accelerator pedal, and TAC module.

PAINLESS

## Trunk Mount Chassis Harness

In many street rods and custom cars there is little or no room to mount the fuse block under the dash, forcing modifications to either the vehicle or the harness. The 21 circuit trunk mount wiring harness provides additional wire from the fuse block to the dash and from the fuse block to the front end, allowing the remote installation of the fuse block in the trunk or behind the rear seat. Like all Painless kits, these fuse blocks come completely pre-wired and terminated for a simple, painless installation. Includes GM column mounted ignition and turn signal plugs.

## Power Plus 13 Wiring System

American Autowire Power Plus 13 universal wiring harness. This complete, integrated wiring system incorporates a factory style pre-wired fuse box, GM steering column and ignition connections, headlight and floor dimmer switches, and heavy gauge alternator and main power feed connections. This set is designed to offer an economical and convenient wiring solution for vehicles requiring only basic electrical connections. This system will provide the standard feeds along with several spare circuits for items like heat, radio, AC, and an electric fan.

### 14 and 20 Circuit Universal Fuse Block

Use these 14 or 20 circuit OEM style pre-wired fuse blocks to replace your existing fuse block or as a starting point for custom wiring. All you have to do is terminate your circuit wire and attach it to the fuse block. Pre-wired and labeled for the following circuits: Air conditioning/heat, gauges/dash instruments, brake lamps, headlamps, coil, horn, dome lamp, radio, electric fan, turn signals, emergency flashers, wipers, and alternator. The 20 circuit fuse block also includes circuits for power windows, door locks and other optional accessories. Kits include: mounting bracket, fuses, flashers, horn relay, terminals, and full instructions.

Important: No wire included with these kits.

## Remote Battery Disconnect

With this setup, one click of the key fob completely shuts down your vehicle's entire electrical system. It's accomplished by routing your main battery cable through a remote cutoff solenoid that you've stashed in a place inaccessible to a thief. For even more security, the 4 channel "Safe-n-Sound" system not only shuts off all other items from the battery, but will also control 3 other doors, like closing the windows, triggering the power door locks, and interrupting electrical power to the fuel pump, all separate from the main battery cutoff. The 4-channel package can handle up to 30 amps worth of electrical equipment.

## Remote Master Disconnect

Offer two Master Disconnect sets with 250 amp continuous duty solenoids designed for use with high amperage alternators. Remote Master Disconnect set 30204 uses a small toggle switch to activate the solenoid. This switch can be hidden anywhere in the vehicle as a theft deterrent. Master Disconnect with emergency push button is perfect for drag race applications as it allows you to install a large emergency push button in easy reach if you need to shut down your vehicle's electrical system in a hurry. Remote master disconnect with mechanical latching solenoid is ideal for everyday vehicle applications and is a simple and effective anti-theft deterrent. It uses a 110 amp continuous duty solenoid which is activated by an easy to hide momentary push button.

## REGAL Universal Wiring

### Park/Neutral Relay Set

This set uses the stock neutral safety switch to also provide for ECM park/neutral gear signal needed when installing factory style fuel injection into older vehicles. For use with any aftermarket shifter or column mounted neutral safety switch.

60122 ..... 37.99 set

### Universal Fuel Pump Relay Set

A relay will prevent voltage drops at the pump thus maintaining constant fuel pump pressure, and will prevent fuel pump amperage overloads from damaging the electrical system. It's a good idea to relay your fuel pump for the street and a must when you're racing. Choose from a regular fuel pump relay or a weatherproof fuel pump relay which is perfect for the harsh weather conditions, this relay set provides complete protection from the elements and ensure reliable and dependable performance. These sets utilize heavy-duty waterproof relays, weatherproof circuit breaker covers, and extreme condition weatherproof shrinkable crimp-on terminals.

50102 standard ..... 31.99 set  
30131 weatherproof ..... 47.99 set

### Hot Shot Starter Solution

The solution for vehicles with GM starters that are hard to start when hot, or vehicles with old or worn out electrical systems. Works by boosting available amperage to the starter solenoid. Includes: stainless steel mounting bracket, 30 amp heavy-duty relay, 24" wire length, wire leads, terminals, and easy-to-follow instructions.

30201 with engine bump switch ..... 44.99 ea  
30202 without bump switch ..... 28.99 ea

### Remote Starter Solenoid

Allows you to position the starter solenoid any place you need to in order to make maintenance easier. Includes extra wire and connectors to do the job right.

30203 ..... 59.99 ea

### Universal Underhood or Trunk Lamp

Add an under trunk or hood light to your vehicle. Includes: bracket, bulb, internal switch, and wiring to install.

TF900114 metal housing ..... 26.99 ea

### Brake Lamp Relay

When upgrading taillamps to the new higher wattage Halogens, always use a relay. The Painless set gives you everything you need to protect your wiring and switches.

30105 ..... 22.99 ea

### Auxiliary Lamp Relay Set

Install extra driving or fog lamps easily and properly with our auxiliary lamp relay set. Switch can be wired to turn lights on per state law requirements: low beams and auxiliary lamps, high beams and auxiliary lamps, auxiliary lamp operation only. Complete set includes: lighted switch, wiring harness, 30 amp relay, and terminals.

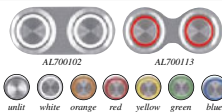

30803 ..... 76.99 set

### Universal Integrated Turn Signal Set

A common problem faced by rodders and kit car builders is where to mount turn signals since many aftermarket steering columns are not designed to accommodate the necessary wiring and switches. Problem solved, with this new integrated turn signal set from Painless. The toggle switches for both turn signals and flashers can be mounted anywhere. Because the set is designed to be an integrated system, turn signals will work in conjunction with brake lamps.

30120 ..... 111.99 set

### AutoLoc Billet Toggle Switch

These stunningly smooth billet switches, with either Daytona or Retro style bezels, are perfect for power windows, power door locks, headlights, or anything that uses a momentary switch. For an added custom touch, choose from a variety of alluring colors. Switches are 22mm wide by 54mm long by 41mm deep.

# REGAL Wiring Harnesses

**1/4" LED Indicator Lamp** ⚠️  
1/4" snap-in super bright LED indicator light. Each lamp features 1 super bright LED mounted in a 1/4" black plastic housing with a 2 wire pigtail. They measure approximately 7" in total length and require a 1/4" hole drilled for installation. Sold individually.

LD3601	amber	6.99 ea
LD3602	blue	6.99 ea
LD3603	green	6.99 ea
LD3604	red	6.99 ea
LD3605	white	6.99 ea

**NEW!** **LED AUTHORIZED**

**1980 Washer Fluid Level Sensor** ⚠️  
Reproduction 2 terminal wiring connector with pigtail to fit GM models. Plastic housing includes a short pigtail that can be spliced into harness for a factory appearance. Perfect solution to replace cracked, broken, melted or missing connectors.

A17690	1980	7.99 ea
--------	------	---------

**1984-87 ECM Harness Connectors** ⚠️  
Pair of connectors that plug into the ECM harness side. Replace both connectors if corrosion is found. Small connector is 24 cavity, larger one is 32 cavity with proper color wire.

GN110546	1984-87	58.99 pr
----------	---------	----------

**Electrical Connector Separator** ⚠️  
Quickly disconnect multi-wire and weatherpack style connectors without damage to the wires or connector.

Y13120	separator tool	7.99 ea
--------	----------------	---------

**Relay Puller Pliers** ⚠️  
Pliers for removing electrical relays on most domestic and import vehicles. Offset handle and thin tips allow access to relays in confined areas. Specially designed tips are angled to fit slots or edge of relay cover.

46950		18.99 ea
-------	--	----------

**1984-87 TR-6 Relocation Harness** ⚠️  
TR-6 relocation harness for 1984-87 models. This harness is available if you plan on moving or relocating your vehicles TR-6 coil box.

*Note: Make sure you have the adapter harness that includes your TR-6 box.*

GN110589	1984-87	69.99 ea
----------	---------	----------

**1984-85 MAT Upgrade Harness** ⚠️  
This harness makes it easy to do the conversion over to the later style ECM (GM 1227148) on early turbo model vehicles. Installation of the MAT sensor wire into the 1984-85 turbo Regal harness to allow for the 87 ECM.

*Note: Special PROM chip should be used when installing the newer ECM on 1984-85 turbo Regals. Manifold Air Temperature sensor (MAT).*

GN110551	1984-85	39.99 ea
----------	---------	----------

**1984-85 Fuel Injector Harness** ⚠️  
Reproduction fuel injector harness for 1984-85 models. Fits under the lower intake, connects to all injectors, and main connector, under coil pack. This is OEM quality, and is no longer available from GM.

GN110523	1984-85	92.99 ea
----------	---------	----------

**1984-85 Injector Harness Connectors** ⚠️  
Replacement injector harness connectors for 1984-85 models. These connectors mate to the injectors harness.

GN110524	1984-85	25.99 pr
----------	---------	----------

**1984-87 Fuel Pump Hot Wire Harness** ⚠️  
Increases fuel pump volume by 15% or more. This "Plug and Play" 12 gauge hot wire kit uses a weather tight sealed 30 amp relay, and sealed OEM factory connectors throughout. Includes: sealed fuse, braided gas tank ground strap, and hardware for easy installation.

GN110529	1984-87	51.99 ea
----------	---------	----------

**1984-87 Fuel Tank Connectors** ⚠️  
Replaces damaged connectors for fuel pump/sender. Pair of two mating black connectors. Available for 1984-87 turbo Regal.

GN110533	1984-87	27.99 pr
----------	---------	----------

**1986-87 Fuel Injector Dyno Harness** ⚠️  
Used in dyno applications where the lengths of each connector are equal. Also can be used for sheet metal intake applications.

GN110520	1986-87	102.99 ea
----------	---------	-----------

**High Current Fuel Injection Harness** ⚠️  
This harness is designed to feed low impedance injectors in race applications. Using direct feed from the positive bus, the system provides minimal power loss to the injectors and ensures full injector control. Includes relay and harness.

GN110528	1986-87	113.99 ea
----------	---------	-----------

## REGAL Fuel & Tach Connectors

### 1986-87 Injector Harness Connector ⚠

Female 7 cavity connector with male pins used on the injector harness. This is the injector harness used for 1986-89 models.

GN110526 1986-87 injector side .... 23.99 ea

### Heated 4 Wire O2 Sensor ⚠

Four wire heated O2 sensor. High tolerance to impurities and additives in the fuel system, last considerably longer than non-heated sensors. Also more tolerant to lead poisoning, and gets your vehicle into closed loop quicker.

GN110537 ..... 61.99 ea

### 1984-85 Fuel Pump Test Tap ⚠

This connector is found behind the alternator, single black connector with gray wire. Used to override ECM control of the fuel pump relay.

*Note: This connector should not be plugged into the nearby green connector.*

GN110532 1984-85 ..... 8.99 ea

### 1984-87 Fuel Pump Relay Upgrade ⚠

Upgrade the fuel pump relay on 1984-87 Grand National with this kit. Includes relay and splice connector.

GN110527 1984-87 ..... 33.99 ea

### 1984-85 Fuel Pump Test Mating ⚠

Not found on the factory harness, this connector mates with the fuel tap connector (108018) located behind the alternator. Typical application is to use a switch attached to this connector, and to the alternator stud. You can then manually run the fuel pump, to remove fuel from the tank, set fuel pressure, etc.

GN110531 1984-85 ..... 8.99 ea

### Heavy-Duty Fuel Pump/Fan Relay Set ⚠

Fan relay set for high current applications such as high power cooling fans, high flow fuel pumps and any other load switching which requires an SPDT 40 amp relay. Sealed relay is packaged with sealed connector, three 12/10 gauge pull to seat terminals for the relay contacts, and two 18/16 gauge terminals for the relay coil.

*Note: Proper crimp tool required for proper installation.*

GN110519 ..... 23.99 set

### 1984-87 Oil Pressure Sensor Connector ⚠

Replaces the original molded on oil pressure switch connector which is frequently burned or damaged because of its location. Three wire connector with proper color wires.

*Note: Connector is not a sealed connector.*

GN110573 1984-87 ..... 8.99 ea

### 1988-87 Throttle Enhancer ⚠

"Plug and Play" unit inserts between your TPS sensor and wiring harness. It has two functions: It allows you to calibrate the idle voltage of the TPS and assures full power enrichment at wide open throttle. Locks into full TPS voltage at 70% throttle, and maintains consistent TPS voltage at all times. Compensates for element wear. LED display indicates functions.

GN110554 1986-87 ..... 979.99 ea

### 1984-87 Tach Harness Side Connector ⚠

Located behind the alternator, this green connector has two white wires, and single male terminal. Frequently a problem when the terminal corrodes rendering the tachometer inoperative.

*Note: The black connector nearby should not be plugged into this green connector.*

GN110568 1984-87 ..... 8.99 ea

### 1986-87 Turbo Relay Nameplates ⚠

Custom relay name plates for 1986-87 turbo Buick models. These nameplates eliminate the guesswork when trying to figure out what each relay controls. Feature 3M adhesive for simple installation.

GN110386 1986-87 ..... 28.99 pr

### VDO Converter Tach Module ⚠

Plug-in device amplifies tach signal from CCC1 ignition system which would otherwise not drive a typical aftermarket tachometer. Common uses include interfacing VDO or OEM tachometers. Can also be used to amplify a digital (Hall Effect) speedometer signal. Designed to operate from 5 to 15 Volts DC.

GN110591 converter module ..... 32.99 ea

### 1984-87 Tach Tap Connector ⚠

This connector is used to tap into the tach signal, to add an aftermarket tachometer.

GN110574 1984-87 ..... 8.99 ea

### 1983-87 Knock Sensor Connector ⚠

Replace broken or missing knock sensor pigtail. Found under coil module, single cavity oval connector, blue wire. Plugs into knock sensor on engine block.

GN110580 1983-87 ..... 8.99 ea

### Wire Crimping Tool ⚠

Needed for F-type terminals included in Classic Update and universal harnesses. Wire sizes ranging from 10 gauge to 18 gauge, or terminals requiring a two wire connection.

CA510586 ..... 112.99 ea

# REGAL AC & Heater Connectors

## 1986-87 Radiator Fan Connector ⚠

Replacement radiator fan connector for 1986-87 models. This connector has three female terminals and 12 gauge wires.

GN110500 1986-87..... 16.99 ea

## 1986-87 Coolant Sensor Connector ⚠

Frequently damaged due to its location and fragile design, it is a critical connection because of the resistance type temperature sensor it plugs into. Utilizes the correct black and yellow wires. Commonly used on GM vehicles.

GN110501 1986-87..... 8.99 ea

## 1986-87 High/Low Fan Switch ⚠

Control your vehicles cooling fan from the driver seat. "Plug and Play" harness, with 3 position miniature toggle switch. Allows you to set your cooling fan to high or low speed at any time. Center position is normal (chip) control. Simple installation, plug-in adapter included.

GN110512 1986-87..... 41.99 ea

## 1978-87 Fan Delay Relay Connector ⚠

Unsealed connectors usually shows signs of corrosion, and heat damage. Fan delay relay located on drivers side inner fender well has 2 connectors. Replace 1 or 2 connectors.

GN110503 C1 splice..... 10.99 ea  
GN110504 C2 splice..... 8.99 ea

## 1978-87 Low Speed Fan Relay Connector ⚠

Replaces low speed fan relay connector, located on driver side inner fender well. This connector has 2 red 12 gauge wires, 1 brown wire, 1 black/pink wire, and a solid green wire on the terminal.

GN110505 1978-87..... 16.99 ea

## 1978-87 High Speed Fan Relay Connector ⚠

Replaces high speed fan relay connector on driver side inner fender well. Unsealed connector has one 12 gauge red wire.

GN110506 1978-87..... 16.99 ea

## 1984-87 Blower Resistor Connector ⚠

This replacement blower resistor connector for 1984-87 models.

GN110507 1984-87..... 8.99 ea

## 1984-87 Hot Engine Switch Connector ⚠

Plugs into the switch located in front of the intake, near the radiator hose inlet. Switch actuates the "HOT" light on dash.

GN110508 1984-87..... 8.99 ea

## 1984-87 High Temp Switch Connector ⚠

This connector is found directly under the throttle linkage attached to the high temp switch that controls the delay relay. Single green/yellow stripe wire.

GN110509 1984-87..... 8.99 ea

## 1984-87 AC Relay Upgrade Set ⚠

Upgrade the AC relay on 1984-87 Grand National with this set. Includes: relay, splice connector, and heat shrink sleeves.

GN110510 1984-87..... 30.99 set

## 1986-87 Coolant Fan Harness ⚠

Located on cooling fan assembly. Connects to fan motor and low speed resistor. Includes the three wires with ring terminals.

GN110502 1986-87..... 30.99 ea

## 1986-87 SPAL Dual Fan Adapter ⚠

"Plug and Play" adapter to provide connections to SPAL dual fan system using the stock 1986-87 turbo engine harness connection. Runs both fans continuously when vehicle calls for either low or high fan.

GN110511 1986-87..... 30.99 ea

## REGAL Alt. & Brake Connectors

### 1984-87 AC Pressure Line Connector

AC pressure line connector, found on the driver side AC lines, behind the alternator. Gray 3 cavity connector.

GN110513 1984-87..... 8.99 ea

### 1986-87 AC Compressor Switch Pigtail

AC compressor switch round connector with 2 wires, found on AC compressors. This switch allows clutch control only when there is adequate pressure in the system.

GN110514 1986-87..... 8.99 ea

### 1984-87 AC Heater Fan Connector

Replacement AC heater fan connectors for 1984-87 Buick Regal/Grand National models.

GN110517 1984-87..... 19.99 ea

**NEW!** **CLASS AUTHORIZED**

### 1980 HVAC/Compressor Motor Relay

Reproduction 2 terminal wiring connector with pigtail to fit GM models. Plastic housing includes a short pigtail that can be spliced into harness for a factory appearance. Perfect solution to replace cracked, broken, melted or missing connectors.

A17690 1980 HVAC electrical..... 7.99 ea  
A17690 1980 AC compressor..... 7.99 ea

### 1984-87 AC Compressor Connector

Replacement AC compressor connector for 1984-87 models. This connector has an integral diode installed.

GN110518 1984-87..... 21.99 ea

### 1984-87 Boost Switch Connector

Located near the fuel, and AC relays, passenger side fender well. Brown connector has 2 wires, plugs into the boost switch that illuminates the orange and red lights on the digital dash.

GN110555 1984-87..... 8.99 ea

### 1984-87 IAT Sensor Connector

Replacement IAT sensor connector for 1984-87 models. Includes two 17" wires and two heat shrink butt splices.

*Note: Intake Air Temperature sensor (IAT).*

GN110581 1984-87..... 8.99 ea

### 1986-87 Crank Sensor Connector

Replacement crank sensor connector for 1986-87 models. Common problem is loss of contact tension on terminals, causing intermittent ignition related codes or stalling. Located at bottom driver side of engine at crank sensor. Susceptible to road grime and water damage.

GN110556 1986-87 turbo models.... 8.99 ea

### 1986-87 Alternator Connector

Replacement alternator connector for 1986-87 vehicles using a newer version CS series alternator model.

GN110576 1986-87..... 8.99 ea

### 1986-87 Powermaster Brake Connector

This connector (not found on the original engine harness) is a mating connector which connects to the factory 3 cavity Powermaster brake unit connector. Used for diagnostic purposes and homemade extensions.

GN110585 1986-87..... 8.99 ea

### Powermaster Pump Motor Connector

These mating connectors replace the 4 cavity connector found on the lower relay connection at the Powermaster brake pump motor.

GN110587 1986-87 pump side..... 8.99 ea  
GN110588 1986-87 harness side... 8.99 ea

### 1973-87 Back-Up/Neutral Safety Switch

Located on the lower steering column or the floor shifter of automatic transmission vehicles, or behind the clutch pedal of manual transmission vehicles. Applications to fit various 1973-87 Regal models.

Automatic Transmission	
Column Shift	
DR418 1973.....	17.99 ea
DR419 1974-77.....	14.99 ea
DR403 1978-87.....	14.99 ea

### 1986-87 Brake Switch Connector

Replacement brake switch connector for 1986-87 models. Located at the top of the Powermaster brake unit connected to the brake pressure switch.

GN110586 1986-87..... 8.99 ea

### 1984-87 C-100 Bulkhead Connector

This critical feeder connector is located on the driver side, directly below the power brake system. Part of the main wiring harness, it connects thru the firewall and contains all feeders. Body wiring connector attaches to the open half. Since it is unsealed, it is subject to corrosion and overload damage.

GN110558 1984-87..... 33.99 ea

# REGAL Electronic Connectors

## 1984-87 Wastegate Solenoid Splitter

Designed to add an additional wastegate solenoid to the existing control connector on turbo applications. Additional solenoid gives better control on high boost applications.

*Note: Requires boost controller for full control.*

GN110597 1984-87 ..... 30.99 ea

## 1984-87 TCCS Connector

Replaces damaged TCCS connector on harness side. Colors of connector match OEM.

*Note: Torque Converter Clutch Solenoid (TCCS).*

GN110599 1984-87 ..... 8.99 ea

## 1984-87 VSS Converter

Module works in conjunction with VSS Hall-Effect sender which threads to transmission. Electronically converts 16 pulse sender to 2 pulse per revolution requirements for the 1984-87 Buick ECM. Provides accurate road speed signal in custom conversions and engine transplants.

*Note: VSS sender (102045) required for complete installation.*

GN110592 1984-87 converter ..... 81.99 ea

## 1984-87 MAF Connector

Replacement MAF connector for 1984-87 models. With extra length, add some slack to the already stretched plug eliminating future potential connection problems.

*Note: Mass Air Flow sensor/meter (MAF).*

GN110582 1984-87 ..... 8.99 ea

GN110534

GN110535

## 1984-87 EGR Solenoid Connector

EGR solenoid connector for 1984-87 models. This connector is found at the rear of the driver side intake, plugged into the EGR solenoid valve. 4 wire metric-pack connector.

GN110534 1986-87 ..... 9.99 ea

GN110535 1984-85 ..... 8.99 ea

## 1984-87 MAP Sensor Connector

Splice plug-in connector for GM style MAP sensors. Green wire signal, black wire ground, gray wire positive Volt.

*Note: Manifold Absolute Pressure sensor (MAP).*

GN110579 1984-87 ..... 8.99 ea

## 1984-87 MAF Diagnostic Connector

This connector is diagnostic purposes. It plugs into the engine harness where the harness would normally plug into the MAF sensor. Not a part of the original engine wire harness.

*Note: Mass Air Flow sensor/meter (MAF).*

GN110583 1984-87 ..... 16.99 ea

GN110543

GN110542

## 1984-87 O2 Sensor Connector

Oxygen sensor pigtail/connector for sensor and harness side splice for 1984-89 Regal models.

GN110543 1984-87 sensor side .... 8.99 ea

GN110542 1984-87 harness side .... 8.99 ea

## 3 Wire to 4 Wire Sensor Adapter

Mates with heated O2 harness to allow use of AFS74 or similar GM 3 wire sensor. The adapter plugs into the sensor connector, and also to the male connector common to early GM heated 3 wire sensors.

GN110544 ..... 19.99 ea

## O2 Retrofit Sensor Connector

O2 sensor connector for various applications. This plug-in adapter is used when installing a heated oxygen sensor into a retrofit application where a one wire sensor was originally used. Plugs into the 3 wire connector on the AFS-74 sensor and provides 2 heater feed wires, 1 red and 1 black. Wires must be spliced into existing positive feed and ground.

*Note: AFS-74 is common AC Delco 3 wire O2 sensor.*

GN110538 ..... 19.99 ea

GN110564

GN110563

## 1984-87 TPS Breakout Adapter

This breakout adapter is used when you need to tap into the TPS sensor for any particular reason. Plug and play design uses sealed OEM connectors and proper color wire for Buick turbo models. 1984-85 models have grey wire in cavity C and 1986-87 models have grey wire in cavity A.

*Note: Throttle Position Sensor (TPS).*

GN110564 1984-85 ..... 19.99 ea

GN110563 1986-87 ..... 19.99 ea

**REGAL Electronic Connectors****1984-87 TPS Connector** ⚠️

Exact TPS connector replacement. Frequently found damaged with a broken latch. Proper OEM color wires. 1984-85 models have black wire in cavity A and 1986-89 models gray wire in cavity A.

*Note: Throttle Position Sensor (TPS).*

GN110565	1986-87	8.99 ea
GN110566	1984-85	8.99 ea

**1986-87 TPS Diagnostic Connector** ⚠️

This connector plugs into the connector that originally plugs into the TPS (Throttle Position Sensor) sensor. Wire color in cavity A is gray. Used for diagnostic purposes and home made extensions. This connector is NOT found on the original engine harness.

GN110567	1986-87	8.99 ea
----------	---------	---------

**1984-87 IAC Relocator** ⚠️

This adapter allows you to extend the terminals on an IAC motor, frequently a problem when installing large inlet pipe on turbo.

*Note: Idle Air Control (IAC).*

GN110570	1984-87	12.99 ea
----------	---------	----------

**IAC Adapter** ⚠️

This adapter converts your early GM wiring harness to the late model IAC found on later GM throttle bodies. "Plug and Play" 4 wire adapter is about 5" long.

*Note: Idle Air Control (IAC).*

GN110571		23.99 ea
----------	--	----------

**1984-87 IAC Extender** ⚠️

Use this extension when you need to access IAC (Idle Air Control) connector without removing turbo inlet pipe. Makes access to the connection easy.

GN110572	1984-87	16.99 ea
----------	---------	----------

**1984-87 C-437 Mating Pair** ⚠️

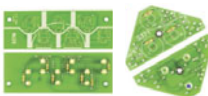

Located under throttle linkage, on top of lower intake. Attaches to hi temp switch, green wire with yellow stripe, controls high speed relay, and delay relay.

GN110560	1984-87	30.99 ea
----------	---------	----------

**OBD-I Port Connector** ⚠️

OBD-I port used when you need to dedicate a scan tool to your data stream.

GN110548		12.99 ea
----------	--	----------

**1987 GNX PC/Telltale Board** ⚠️

This kit contains specially designed PC boards used on the GNX dash cluster. The HI, LH, RH, PC boards uses bright blue and green LEDs and is designed to fit a triangle section of the dash, between the two, tach and speedometer gauges. The (idiot light) telltale is designed to fit directly into the factory OEM telltale housing without modification. It contains bright white LEDs two for each indicator section. Also includes the ALT load resistor to ensure alternator field current.

GN110549	1987	49.99 ea
----------	------	----------

**1984-87 ESC Module Connector** ⚠️

Replace damage or missing connector on the ESC (Electronic Spark Control) module. Located on passenger side inner fender well.

GN110547	1984-87	16.99 ea
----------	---------	----------

**1984-87 C-437 Connector** ⚠️

For the do-it-yourselfers, this connector assembly is the actual harness connector found on the dash harness which mates with the two connectors on the engine harness, near the ECM. Ideal if you are creating your own custom harness.

*Note: Proper crimp tool required for proper installation.*

GN110559	1984-87	with terminals 25.99 ea
----------	---------	-------------------------

**1986-87 CCCI Connector** ⚠️

Replacement CCCI (Computer Control Coil Ignition) connector for 1986-87 models.

GN110550	1986-87	35.99 ea
----------	---------	----------

**1984-87 CCCI Connector** ⚠️

This connector assembly is the actual harness connector used on the CCCI (Computer Control Coil Ignition) module. Black connector comes complete with 14 pull to seat 16 gauge terminals and seals. Ideal if you are creating your own custom harness.

*Note: Proper crimp tool required for proper installation.*

GN110561	1984-87	26.99 ea
----------	---------	----------

**C-100 Connector Seal** ⚠️

Make sure you add a new gasket seal to your connector, keep moisture and corrosion away.

GN110562		22.99 ea
----------	--	----------

# REGAL Wiring Accessories

## Easy Loom Split Sleeve

DEI Easy Loom is the answer to those ugly plastic stock wire looms. These split loom sleeves from DEI offer a clean, classy way to protect exposed wires, cables, and hoses. They are easy-to-install and resistant to abrasion, chemicals, and the elements. Available in 8 different diameters and include a 2 foot roll of silicone tape to seal the ends.

Individual Rolls

## Thermo-Flex Hose and Wiring Covering

The combination of aluminum, silica, and stainless steel is combined to produce a sleeve that is flexible lightweight, and strong. The aluminum-silica combination can be slit for applications such as wire looms or hose covering, without disconnecting the ends of the wire or hoses. Thermo-Flex aluminum can withstand extreme temperatures up to 750 degrees F.

## Semi-Rigid Wrappable Split Braided Tube

Clean up and protect any wiring harness with this black braided wrap. The semi-rigid tube opens along a lateral split to accommodate a variety of harness configurations, then simply closes without any need for fasteners. A 25% overlap ensures complete coverage. Retains shape and rigidity from -94 degrees to 257 degrees F. For 18-14 gauge wire.

## Express Sleeve

Express sleeving is a combination of a high temperature insulation material and a highly reflective Mylar foil with a Velcro closure. The sleeving is designed to simply and effectively protect wire, hoses, and cables from harmful effects of radiant heat. Just pull apart the Velcro, wrap around the wire, and re-close the sleeve. Express Sleeves reflect over 90% of radiant heat bursts up to 2000 degrees F, and can easily withstand direct temperatures up to 750 degrees F.

## Shrinkflex

## Fabric Heat Shrink Tubing

Shrinkflex fabric tubing is the only product of its kind. The unique weave of poly olefin and polyester easily installs over wiring harness bundles, connectors and splices, as well as rubber hoses and plastic pipes. When heated to 176 degrees, it shrinks to 1/2 the original diameter while remaining flexible, even at high temperatures!

## X-Treme Tape

X-Treme Tape was developed for the military and has some very unusual properties. The silicone based tape will stick only to itself, and only when placed under tension. Once wrapped around an object, it forms a non-conductive, air and watertight, insulating seal that remains flexible within a temperature range of -60 degrees to 500 degrees F. Insulates to 8000 Volts. Stretches to 3X its length. Conforms to irregular shapes. When wrapped upon itself, it bonds together immediately and becomes completely fused after 24 hours at room temperature.

## Accessory Wire

Create custom wiring harnesses yourself, to your own particular specifications! Coils of 12, 14, 16, and 18 gauge wire in 25 foot increments are available for installers to make wiring their power accessories much easier than ever before. This wiring is well marked for location source, featuring the clearest wire printing in the industry.

### Accessory Connector Pack

Add power accessories without cutting or splicing. This 24 piece connector set includes a variety of power tap and connector types to connect any power accessory. Includes: 2 taps for ATO fuse blocks, 2 taps for ATM mini fuse blocks, 2 taps for AGS fuses, 2 taps for chassis or top post battery, 2 taps for chassis or side terminal battery, 4 red terminals for 18-22 gauge wire, 4 blue terminals for 14-16 gauge wire, 2 yellow terminals for 10-12 gauge wire, 2 top post accessory bolts, and 2 side terminal accessory bolts.

W3095 connector set 24 piece..... 21.99 set

### Universal Wire Grommet

Sometimes you are forced to punch a hole in your firewall to get additional wires into the engine compartment, but that hole you cut is sharp and can potentially sever wires. To help prevent this, install one of these universal wire grommets. In addition to the added protection, these grommets also give the hole in the firewall a cleaner appearance.

Note: \*Can be drilled out up to a 1/4" opening.
