

# 1955 Model Identification

New Look!  
New Life (vs. old!)  
New Everything!

1955 CHEVROLET

"Here is a completely new concept in fine motorcar design... brilliant beauty, classic styling and luxurious riding comfort you would expect to find only in the highest priced cars. Truly, the most advanced car in its class on the road today!

Chevrolet's simplicity of design, with clean, smooth lines and functional styling, results in truly classic beauty."

## Everything's NEW!

## GREAT NEW V8

The valve in head eight as only the valve in head leader can build it! 162 horsepower with an 8-to-1 ultra high compression ratio! Highly efficient oversquare design means less piston travel ... less friction and wear. Exceptionally high horsepower per pound. The new Chevrolet V8 brings you brilliant performance, surprisingly high gas mileage, and extra long life.

## TWO NEW SIXES

The great new valve in head six teamed with Powerglide delivers full 136 HP. And it features new efficiency and smoothness of operation, with new vibration-smothering 4 point suspension and new, more efficient cooling and lubrication systems. The spirited new 123 HP six, offered in gearshift models, brings you these same new advances.

**THREE GREAT ENGINES . . .**

Two V8's... and a husky Six...

The magnificent heart of every Chevrolet is its engine and for 1956 you can choose from three of the most brilliant and advanced powerplants ever created. There's the ultra compact 170 HP. "Turbo-Fire V8" (162 HP with Synchro-Mesh or Overdrive) that sets the standard for all V8's in its field... its performance mate, the astonishing 205 HP. "Super Turbo-Fire V8" with four barrel carburetor and dual exhausts... and for supreme economy and durability, Chevrolet has created the new 140 HP. "Blue-Flame 140" the pinnacle of more than a quarter century's experience building valve-in-head six cylinder engines.

## INTRODUCING THE SUPER TURBO-FIRE 283

The valve-in-head leader has done it again! Brilliant new silk-smooth performance can now be yours to enjoy in Chevrolet's advanced new 220 HP 283 cubic inch V8. You'll experience outstanding acceleration...

Also for 1957, Chevrolet announces two lower cost versions of "Turbo-Fire V8" design... running mates engineered for sparkling performance, high torque and efficient horsepower. Both share the same compact design that converts fuel energy into rear wheel driving thrust so efficiently that it has won the acclaim of automotive engineers throughout the industry!

## WORLD STANDARD OF SIX CYLINDER POWER!

The highly refined valve in head six offers low cost motoring pleasure combined with exceptional power and performance. But performance and economy are not all - it is a leader for dependability and efficiency, too. And for '57 its time-proven design has been perfected as never before - making the 140 HP "Blue-Flame" Six is the greatest six cylinder engine ever built by Chevrolet, the valve in head leader!

# 1955-57 Cowl Tag Identification

1955-57 Chevrolet cowl tags or trim plates were attached to the right hand side of the cowl panel.

The plates represented a vehicle's most basic body characteristics to Fisher Body, the coachworks contracted to build vehicles for Chevrolet Motor Division. Codes listed include Model Year, Model Identification Code, Assembly Plant, Interior Trim Code, Paint Color Code and Vehicle Option Codes. The cowl tag provides invaluable information to the car's original paint color, interior color and material, and the location of the plant at which the vehicle was built.

## A Model Year Code

The first two digits of the style number represent the model year. For Tri-Five Chevy models, there will either be a "55", "56" or "57".

Code	Model Year
55.....	1955
56.....	1956
57.....	1957

## B Model Identification Code

The second set of digits in the style number code represents the style of the vehicle's bodywork. Within this code, the first two numbers represent the Series Identification - "10" for 210 or Bel Air, "12" indicating 150 Series. The last two numbers represent the bodywork style of the vehicle. A detailed list can be found below.

Note: Up to two letters can also be found after the four numbers. A "D" as the first letter represents a Bel Air Series model while an "F" in either location represents a station wagon model. Example: 1062DF can be identified as a Bel Air 4 door wagon.

Code	Body Style
1211.....	150 2 Door Sedan
1219.....	150 4 Door Sedan
1263.....	150 2 Door Wagon
1271.....	150 2 Door Sedan Delivery
1011.....	210 and Bel Air 2 Door Sedan
1011A.....	210 Del Ray Club Coupe
1037.....	210 and Bel Air 2 Door Hardtop
1019.....	210 and Bel Air 4 Door Sedan
1039.....	210 and Bel Air 4 Door Hardtop
1062.....	210 and Bel Air 4 Door Wagon
1063.....	210 2 Door Wagon
1064.....	Bel Air Nomad 2 Door Wagon
1067.....	Bel Air 2 Door Convertible

## C Assembly Plant Code

The assembly plant code is a combination of two codes, a letter representing the assembly plant location and a sequence number. The list below details the letter code. The numbers after the assembly plant code provide a sequence number indicating the specific assembly plant's sequence or rotation number and should not be confused with the V.I.N. sequence.

Code	Assembly Plant
F.....	Flint, Michigan
T.....	Tarrytown, New York
S.....	St. Louis, Missouri
K.....	Kansas City, Missouri
O.....	Oakland, California
A.....	Atlanta, Georgia
N.....	Norwood, Ohio
B.....	Baltimore, Maryland
L.....	Lansing, Michigan
J.....	Janesville, Wisconsin
VN.....	Van Nuys, California
CL.....	Cleveland, Ohio

1957 210 Handyman Wagon Cowl Tag

## D Interior Trim Code

This three digit number represents the interior color and materials for a given vehicle. Codes and patterns are different for each year, but color combinations may cross over. See next page for a detailed list of interior trim codes for each year.

## E Paint Color Code

The paint color code represented in three numbers the exterior paint color and their locations on the vehicle. Two-tone paint schemes were available from 1955-57 and because of this, separate codes were offered for each color combination. From 1956-57, a letter would sometimes follow the three digit code. An "A" would represent a single paint color and a "B", "C", "D" or "E" represented a two-tone paint scheme. Please see the chart on the next page for a detailed list of exterior color codes by model year.

## F Vehicle Options

If a particular vehicle was to be built with optional equipment, the codes for these extras would be stamped below the exterior paint color code. However, even vehicles with options sometimes did not have a stamping on the cowl tag. Minor options were not indicated on the cowl tag. Major options, such as a partial list below, were included.

Code	Vehicle Option
AC.....	Air Conditioning
CP.....	Padded Dash
WS.....	Power Windows and Seats
EZ1.....	Tinted Glass

# 1955-57 Interior Trim Codes

Interior trim codes indicate the color and material combination for a given vehicle. This list offers a reference for owners who wish to restore their interior trim to original specifications. No guarantee of completeness or correctness is offered. Some data supplied by "Chevy Cowl Tags 1950-1975: Factory Trim Tag Code Guide", by Mark S. Allen.

# 1955-57 Exterior Paint Codes

## 1957 Exterior Paint Codes

SOLID

TWO-TONE

## 1955-57 V.I.N. Identification

The Vehicle Identification Number (V.I.N.) plate on all 1955-57 models is located on the left front door hinge pillar post. This number represents the vehicle's unique serial number for use with government agencies and vehicle model identification. Below is a guide for decoding your V.I.N.

### A V8 Model

In addition to the Series and Model Identification letter, models equipped with a V8 from the factory will contain a "V" before the Series and Model ID. Models originally equipped with a 6 cylinder engine did not feature this "V" at the beginning of the V.I.N.

### B Series and Model

The second letter in the V.I.N. sequence is the Series and Model Identification digit. Each Series received a unique letter.

Code	Series	Model
A	1500	150 Models
B	2100	210 Models
C	2400	Bel Air Models

### C Model Year

The first set of numbers in the V.I.N. sequence represents the model year of the vehicle.

Code	Model Year
55	1955
56	1956
57	1957

### D Assembly Plant

The final letter of the V.I.N. represents the assembly plant at which the vehicle was built. Between 1955-57, ten primary assembly plants manufactured passenger cars. Oakland, CA used the plant code "O", which can sometimes cause confusion with the sequence number, especially in 1955-56 models where the sequence begins with a zero.

Code	Assembly Plant
A	Atlanta, Georgia
B	Baltimore, Maryland
F	Flint, Michigan
J	Janesville, Wisconsin
K	Kansas City, Missouri
L	Los Angeles, California
N	Norwood, Ohio
O	Oakland, California
S	St. Louis, Missouri
T	Tarrytown, New York

### E Production Number

The production number sequence represents the basic serial number given at the assembly plant. This six digit long sequence began with "001001" in 1955-56, while in 1957 the sequence began with "100001". Each plant used their own unique sequence numbers.

# Four Ways to Order!

## ORDERING BY PHONE TOLL FREE 800-854-1280

In the continental United States, Hawaii and Alaska.  
Outside the U.S. call 714.847.6887.

Mon-Fri 8:00-5:00 Sat 10:00-3:00, P.S.T.  
(Closed Sundays and holidays)

### Information you'll need when ordering by Phone:

#### Customer Number

Found on back cover of your catalog above your name, this number allows Classic Industries® to quickly access your information. If you do not have a customer number, a new one will be given to you when placing your order.

#### Billing and Shipping Address

Please have the billing and shipping address available. Credit card orders are verified by name and address before shipping. Your order can be shipped to a different address, provided the cardholder's name and address match the credit card used. You may be asked to contact your credit card company to have the shipping address added to your account.

#### Year and Model of Vehicle

To provide the best possible service, we may require the year and model of your vehicle. This helps verify that the parts you order are correct for your car.

#### Part Numbers

All Classic Industries® products are listed with a part number. If possible, please have the part numbers of the products you're ordering available before calling to make the ordering process faster and more convenient.

## ON-LINE ORDERING

[www.classicindustries.com](http://www.classicindustries.com)

Classic Industries® offers on-line ordering directly through our website. Log on to [classicindustries.com](http://classicindustries.com) and order on-line. On-line ordering is available 24 hours a day 7 days a week for your convenience.

## Service Excellence from the Restoration Leaders!

## You No Longer Have To:

- ✗ Pay excessive fees to protect your merchandise
- ✗ Contact the carrier yourself
- ✗ File a damage claim yourself to have the carrier inspect the damaged items
- ✗ Send the damaged items back at your expense

With Classic Industries® the worry is eliminated!

## PROCEDURE FOR RETURNING SHIPPING DAMAGES

We handle the claim so you don't have to! If any part you receive is damaged during shipping and handling, simply contact our customer service department toll-free at 800.854.1280 within two business days.

After verifying the damage, Classic Industries® will issue a pickup call tag through the carrier that shipped the products. The carrier will pickup the damaged goods from your address and return them to us at no expense to you. After the product has been inspected, our customer service department will send a replacement part.

In order to ensure replacement of damaged products, please return items in their original box and packaging. Failure to do so may result in the claim being denied. Someone must be available at the pickup address to supply the damaged products when the carrier arrives. If the carrier is unable to pickup the products for any reason, the customer may be required to return the products at their expense.

*Note: Some products are excluded from damage call tag pickup. Call a customer service representative for information about products that are not eligible.*

# ENJOY THE BENEFITS!

## Money Back Guarantee

*At Classic Industries®, we take pride in the quality of the products we offer and back it up with a 100% Money Back Guarantee. If for any reason you are not satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund, credit or exchange.*

Not all restoration parts are created equal. But at Classic Industries®, we research each and every product we sell to make sure our customers are getting the highest quality products in the market. We have decades of experience in product selection and we painstakingly scrutinize every product we offer for quality manufacturing, materials, and craftsmanship before we will offer it in any of our catalogs. Many of our employees are automotive enthusiasts themselves. In fact, many were customers prior to becoming employees, so we understand the needs of the modern classic car enthusiast. Our product procurement specialists have made it their goal to select restoration products that have been manufactured using modern technology and materials with an emphasis on originality, longevity, and attention to detail. What else would you expect from the company that started it all? Classic Industries® is the name you can trust, and we'd like for you to consider us as your partner in restoration. When a company

continually offers a quality product for a reasonable price and backs up every sale with the best customer service in the industry, people come back! That's why Classic Industries® has been the leader in restoration for almost four decades. So, if you haven't already decided for yourself that Classic Industries® is the most logical choice as your restoration parts supplier, then check out our Money Back Guarantee. If for any reason you are not 100% satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund, credit, or exchange.

- ✓ **Lowest Prices Guaranteed!**
- ✓ **The Finest Quality Reproductions!**
- ✓ **No Fault Product Protection Offer!**
- ✓ **100% Satisfaction or Your Money Back!**

## Price Match Guarantee

### If you find it for less we'll match the price!

Classic Industries® will match any competitors current advertised price for an identical product. Simply send us a copy of the competitor's current advertised price from a catalog, advertisement or website (with URL) and we'll match the price. The price match guarantee is available at the time the order is placed and for in-stock merchandise only. Price matching will be determined by a competitor's most current retail published price and is limited to competitors within the Restoration Industry.

**Important:** In an effort to provide our retail customers with the most competitive pricing available, we will match our current competitor's pricing. Price matching will be determined by a competitor's most current retail published price and is limited to competitors within the "Restoration Industry". Performance parts and special orders are exempt from price matching policy. Classic Industries® reserves the right to decline price matching if

pricing is deemed to be a special offer, a sale or closeout price, or a non-current price. Competitors sale pricing, inventory reductions, close outs, special promotional offers, etc. may be exempt from the "price match" guarantee. The guarantee is subject to the terms and conditions of Classic Industries® current policies.

Classic Industries® will generally contact competitors to confirm that the published price is current due to market changes, demand or availability. Price matching supersedes all other promotional offers and on sale pricing. If Classic Industries® matches a price from a competitor, additional discounts on that product or products may not apply. If the standard retail price of a product is higher than the competitor's price and an applied discount reduces the price below the competitor's pricing, the now discounted or sale pricing will prevail. We reserve the right to change or revoke this offer at any time without notice. Classic Industries® reserves the right to decline price matching.

## Think Of Us As Your Partner In Restoration!

A restoration can take years! We understand the complications and problems that can occur when ordering precious parts for your project car. If you are like most people, you want perfection. The many different elements that make up a restoration isn't just limited to the parts you install. You sometimes need to rely on other outside elements such as body shops, painters, upholstery specialists and parts suppliers. That's where we come in. We offer the quality parts you want without all the guesswork. We carry one of the largest inventories of restoration products and accessories the market has to offer. What's more, you can rely on our nearly

40 years of experience to help you through the rough spots when you need it. Our tech advisors are always ready and willing to discuss any problem you may have concerning the parts for your vehicle and your restoration. Unlike other companies, we give you knowledgeable sales representatives, one of the largest inventories in the business, quick and efficient delivery, Toll Free ordering, and the experience to back it up. If you're not absolutely 100% satisfied with the products you receive. We'll refund 100% of your money! Classic Industries® - your partner in restoration!

# Form of Payment

# How to Order

## CREDIT CARDS

Classic Industries® accepts Visa, MasterCard, American Express, Optima, and Discover for your convenience. When placing your order, be sure to indicate the card holders name, address, home phone, business phone, credit card number and expiration date and billing address (if different from person placing order). A security code is required for credit card purchases. Please have your credit card readily available when placing your order. Minimum order is \$20.00. New or 1st time customers who are paying by credit card must have the order shipped to the cardholders billing address for the first order. Invalid or non-matching billing addresses could delay your shipment.

## CERTIFIED CHECKS

Classic Industries® will accept certified checks for your mail order. Be sure to include customer number and/or reference invoice number. Contact your bank to issue a certified check in the amount due for your order. All orders paid by certified check are held up to 15 days pending clearance.

## PERSONAL CHECKS

To use personal checks or business checks on prepaid orders, the name, address, and check number must be printed on the check. Be sure to include customer number and/or reference invoice number. Only first party checks will be accepted. All orders paid by personal check are held up to 15 days pending clearance.

## MONEY ORDERS/CASHIERS CHECKS

To use money orders or cashiers checks on prepaid orders be sure to include customer number and/or reference invoice number. All orders paid by money order are held up to 15 days pending clearance. Once released the order will leave within 24 hours of clearance.

Make Personal Checks or Money Orders payable to:  
**Classic Industries®**

## PAYPAL

Classic Industries® now accepts payments via PayPal! Simply complete your order over the phone with a customer service representative, get your invoice number and then send your payment to [paypal@classicindustries.com](mailto:paypal@classicindustries.com) through PayPal's "Send Money" feature and select "Goods and Services" for payment reason. Be sure to include your invoice number in the "Special Instructions" tab at checkout for fastest service. Orders are generally shipped within 72 hours or less of payment receipt. Contact our customer service department for additional details.

## MAIL ORDERS

Fill out the order form located in the back section of this catalog. For quick service use your credit card, money order, or cashiers check. Personal checks are held for 15 days from date of receipt pending clearance. All mail orders must be prepaid including freight (when applicable). COD orders through the mail will not be accepted. If you have any questions regarding product information or availability, contact our sales representatives during regular business hours at 800.854.1280.

## ORDER BY PHONE

Classic Industries® employs knowledgeable sales representatives to assist you when placing your order. Our sales representatives are trained to answer your questions regarding restoration and the parts listed in this catalog. Call during regular business hours Mon-Fri 8:00-5:00, Sat 10:00-3:00, P.S.T. Closed Sundays and holidays. Our convenient Toll Free number allows you to place your order with confidence to assure you get exactly what you want when you want it! Inter-continental U.S. 800.854.1280. Outside U.S. country code + 1.714.847.6887

## TOLL FREE 800-854-1280

## FAX YOUR ORDER

Classic Industries® offers a convenient FAX line for customers who have access to a Fax machine. Our FAX is available 24 hours a day 7 days a week for your convenience. Fill out the order form completely and FAX your order. Within US 800.300.3081. Outside U.S. country code + 1.714.848.9501

## TOLL FREE 800-300-3081

## ON-LINE ORDERING

Classic Industries® offers online ordering directly through our website. Log on to [classicindustries.com](http://classicindustries.com) and order online. Online ordering is available 24 hours a day 7 days a week for your convenience.

## WWW.CLASSICINDUSTRIES.COM

## FOREIGN ORDERS

All foreign orders must be prepaid before the products can be shipped. The Classic Industries® staff will check with the various freight companies that deliver to your country and area to determine the best possible rates available for your order. Once your order is rated, you'll be contacted by e-mail or phone to approve the rate. After approval and payment is received, the order will be shipped. The Shipping & Handling fee for foreign orders will state "TBD" (To Be Determined). Rates are subject to change once the order has been packed and is ready to ship. Rates are calculated based on estimations of weight, dimensions and other factors. Should changes in freight costs occur once the order is packed and ready to ship, Classic Industries® will notify the customer immediately before the shipment is sent. If you have any questions or concerns, please direct your inquiries to [info-desk@classicindustries.com](mailto:info-desk@classicindustries.com).

## Color Matches

Due to multiple manufacturers of products Classic Industries® provides, color variations may occur. Slight color variations are common especially among interior products and do not constitute a defect. These products are not eligible for return for this reason.

## Pricing

Prices in this catalog were in effect at the time of printing and supersede all prices in any previous publication. Classic Industries® makes every effort to honor the prices contained herein. However, due to increased costs of manufacturing, materials, etc., prices can change. We reserve the right to change prices without notice. For current pricing please contact a Classic Industries® sales representative during normal business hours. Eligibility of products for discounts are subject to change without notice.

## Trademark and Copyright

Classic Industries® Parts and Accessories catalog is copyrighted. No part of this publication including text, photos or illustrations may be reproduced without the prior written permission of Classic Industries®. The following names and/or symbols: Mopar, Dodge, Plymouth, Barracuda, Belvedere, Coronet, Challenger, Charger, Cuda, Dart, Duster, Fury, GTX, Hemi, Polara, Road Runner, Six Pack, Super Bee, Scamp, Valiant are registered trademarks of Chrysler Group, LLC and are used for reference purposes only unless specified otherwise.

## Product Availability

Availability of all items in this catalog are subject to change without notice. We reserve the right to discontinue products, services or accessories without notice.

## Shortages

Always check the contents of your delivery to assure all the parts ordered were received. If you are missing any item(s) be sure to check for back orders noted on your invoice before calling our customer service department (see back orders). If a shortage has occurred, contact our customer service department within 2 working days of delivery to assure a prompt replacement. Classic Industries® assumes no liability after this period.

# General Information

## Sales Tax Information

Classic Industries® collects and remits sales tax based on state and local requirements. The sales tax laws have changed due to a Supreme Court ruling in 2018. The appropriate sales tax will be applied to your order and remitted based on your state's requirements. If your order is shipped, or picked up in a specific state that requires sales tax, the appropriate amount will be added to your order.

## Accuracy Of Descriptions

Classic Industries® makes every effort to verify the accuracy of all information published in this catalog. Each item is represented with information that is accurate to the best of our knowledge at the time the catalog is printed. Classic Industries® is not responsible or liable for mistakes, print errors or inaccurate information that may lead to, or result in labor costs or damages to any vehicle under any circumstances.

## Kit Products

All Classic Industries® Parts and Accessories catalogs include kits which contain a variety of products. On occasion we may run out of an item supplied with a kit. If this happens we will generally ship what is in stock and back order the item(s) which are not in stock. You may contact our sales department by phone to verify which items are not in stock at the time the order is placed. The customer may decide whether to accept the partial kit or have the entire kit back ordered until the kit is completed and all the items can be shipped at the same time. If the customer decides to accept partial delivery of the kit, then the full price of the kit will be charged to the customer and the back ordered items will be shipped no charge when they arrive at our warehouse. Customers will be charged the appropriate freight fees when applicable. Cancellation of products from a kit will be accepted at 25% below the actual current retail price of the item. On COD orders the price of the kit is charged in full and the back ordered items are shipped on a COD freight only basis.

## Right and Lefts

Some items in this catalog are presented as left or right hand products (left side - driver) (right side - passenger). LH or RH sides are determined by sitting in the vehicle, not standing in front of the vehicle.

## ALASKA, HAWAII, GUAM & PUERTO RICO

Orders being shipped to Alaska, Hawaii, Guam or Puerto Rico, are shipped via Ground, Overnight or 2-Day Delivery whenever possible. All orders must be prepaid with credit card, money order, or check. NO COD orders are accepted. Rates depend on the items being shipped.

Contact our sales department for exact rates.

*Important: Promotional shipping offers do not apply to Alaska, Hawaii, Guam, Puerto Rico, Canada or any foreign destination.*

## APO/FPO

Parcel post is the only means of shipping to an APO or FPO address. Due to size restrictions the maximum shipping box can be no larger than 72" width and girth combined. All military personnel must write or call to determine what size box will be used for the shipment. Once this is determined, Classic Industries® will call or write to let you know if the order can be shipped by Parcel Post, and the correct amount required. All orders that exceed these limitations will be shipped in accordance with customer approval.

## INSURANCE

Each order is charged an insurance fee of \$3.50. This fee will insure the entire order and protect you completely from damages or loss. The order forms located in the rear of this catalog include this fee in the indicated column when your order is being totaled.

## COD ORDERS

COD orders are gladly accepted on all normal ground shipments, excluding truck freight orders. COD orders will require cash only upon delivery of your order. All COD orders are shipped by FedEx. Personal checks, business checks, money orders and certified checks are not accepted. COD orders are not accepted through the mail. COD orders must be placed by phone during regular business hours. The appropriate shipping fees will be added. COD orders are exempt from discounts and free shipping promotion. The customer will pay all appropriate fees in accordance with current policies and freight rates. A fee of \$11.95 per box will be added to all COD orders. Oversize and/or overweight boxes will be charged in accordance with the rate chart located on the order blank. Classic Industries® reserves the right to change shipping rates in accordance with rate increases by freight companies. COD orders are limited to \$999.00. If the COD order should be returned to Classic Industries® for non-acceptance/ non-payment, the customer will be responsible to reimburse Classic Industries® for any and all freight charges related to the order. In addition, a 25% restocking fee will be applied to the returned products. All outstanding charges must be paid before any additional orders will be accepted.

## SPECIAL RATE SHIPPING FEES/DROP SHIP FEES

Some items we offer may require a mandatory shipping or drop ship fee. This fee may also apply to products sold over the counter at Classic Industries® Showroom location. Contact our sales department for actual additional shipping fees.

*Important: Products in showroom special rate shipping fees or drop ship fees are excluded from promotional shipping offers.*

# General Information

## Back Orders

The invoice located in the packing slip of your order will note any items that were out of stock at the time of shipping. The unavailable items will be back ordered unless otherwise specified on your order form or verbally to a sales representative when placing your order by phone. Back orders are usually shipped when the products arrive at our warehouse without prior notification. Classic Industries® will make an effort to contact the customer if the backorder is more than 90 days old. If you wish to cancel a back order, please notify our customer service department immediately. The customer will be responsible for a 25% restocking fee and freight charges if the back order is cancelled or returned after the items are shipped.

## Damage Claims

Always check the contents of your shipment in the presence of the person delivering the merchandise. Should any damage occur, immediately notify Classic Industries® customer service dept. so that all steps necessary will be taken to ensure a prompt replacement of any damaged goods. Accurate instructions will be given on damaged goods replacement. Classic Industries® is not responsible if no notification is given within 2 working days of receipt of goods (excluding Sundays and Holidays). Classic Industries® will file a claim with the carrier in most cases. If the customer files a claim with the carrier, Classic Industries® will not be responsible for replacing damaged products and the customer will be responsible to pay for any replacements until the carrier pays the claim. Any replacement parts due to sales errors or customer errors in ordering will be sent using the same shipping method as the original order when possible. Please follow these instructions to avoid any problems or misunderstandings associated with damaged products and freight claims.

## Refusals

All refused COD orders will be subject to a 25% restocking fee. Classic Industries® will consider the entire order cancelled and void with no notification to the customer. The customer will be billed 25% full all freight charges to and from the destination. Contact our customer service department for more information.

## Policies

All policies in Classic Industries® current catalog supersede any and all policies in any previous catalog or publication.

## EXPRESS SHIPPING

Classic Industries® offers Overnight and 2-Day air delivery service in the Continental U.S., Alaska, Hawaii, Guam and Puerto Rico. Pre-payment with a credit card is required before shipments can be sent. Simply call in your order before 2:00 p.m. Pacific Time, Monday-Friday during regular business hours and your Overnight order will arrive the following business day (pending availability). Saturday delivery is available only on Overnight service. A \$16.95 fee will be added to Overnight fees on Saturday delivery. 2-Day orders will arrive within 2 business days (pending availability). 3-Day service is available within the contiguous 48 states. Your order will usually leave within 24 hours and will arrive within 3 business days of ship date (pending availability). A \$9.95 service fee for any of these options will be added in addition to shipping fees. Contact our sales department for rates regarding air service delivery. Rates depend on the items being shipped. Some products are charged at dimensional weight in addition to actual weight.

*Important: Air service does not guarantee your order will arrive on the expected date of delivery. Under normal circumstances, air service is guaranteed. However, due to adverse weather conditions, natural disasters or unforeseen circumstances, there may be delays. Classic Industries® is not responsible for deliveries that are delayed. Air service orders are excluded from promotional shipping offers.*

## TRUCK FREIGHT

Products in this catalog that require truck freight are usually indicated below the product "Shipped truck freight". This indicates that the product is too large for ground delivery and must be shipped by motor freight. There may be items listed herein that are not indicated as truck freight. These items must be pre-paid, including freight charges, before the shipment can be sent. Classic Industries® requires a minimum \$125.00 fee for all California orders and minimum \$175.00 fee for all out of state truck shipments. Truck freight rates could be higher depending on products being ordered and the destination. Residential deliveries require an additional \$40.00 fee. Should the customer's delivery require special handling (lift gate service, re-routing, additional freight charges, etc.), any and all additional fees will be billed to the customer's credit card. Acceptance of truck freight shipment is acknowledgment that additional charges will be incurred. Please include a commercial business address whenever possible. For additional information contact our customer service department during regular business hours.

*Important: Truck freight items are excluded from promotional shipping offers.*

## OVERSIZE-OVERWEIGHT

These are the designations for Ground Shipping and Standard packages that meet one of the following specifications for billing purposes: Oversize 1 (O1) designates a combined length and girth exceeding 84", but less than 108". Actual weight is less than 30 lbs, and is billed at 30 lbs. Oversize 2 (O2) designates a combined length and girth exceeding 108" but less than 130". Actual weight is less than 70 lbs, and is billed at 70 lbs. Oversize 3 (O3) designates a combined length and girth exceeding 130" but less than 165". A \$40.00 handling fee will be added to all (O3) orders. Actual weight is less than 90 lbs, and is billed at 90 lbs. We reserve the right to charge Oversize fees on any other containing oversize products, even if it is not indicated in the catalog.

*Important: Oversize, overweight and dimensional weight items are excluded from promotional shipping offers.*

## Sales Errors/Ordering Errors

Classic Industries® is not responsible for customer errors or employee sales errors. Every effort is made to insure that the products you are ordering are accurate. Should an error occur, we will make every effort to resolve the issue. Replacement products will be shipped the same method as the original order whenever possible. Classic Industries® assumes no responsibility or liability for damages, fees, storage charges, or any other inconvenience that may be associated with sales errors or customer ordering errors.

## Returns

Products may be returned for a full refund on the product, credit or exchange within 30 days of receipt. All returns are subject to a 25% restocking fee after 30 days. Should you need to return a part for refund, exchange or credit, please contact our customer service department for a return authorization number and instructions. Classic Industries® will not accept returned goods without prior authorization. Customer will pay freight on all return orders. Allow up to 3 weeks to process refund or credit.

*Important: Gift certificates have no cash value and must be redeemed for merchandise only. Literature, CDs, videos, printed materials, stencil kits, stripes, electrical parts, gauges, wiring harnesses, switches, etc. are non-returnable. All special order products must be prepaid in full and are non-returnable. No returns on partial kits or sets. There is no guarantee on moving parts such as engines, transmissions, rear ends, steering gears, water pumps, distributors, wiper motors, etc. If any product is modified, altered, painted, installed or disassembled in any way without Classic Industries® expressed written permission, the item is non-returnable. Classic Industries® always recommends professional installation on all products. Any item which has been altered, painted, installed or deemed non-resalable by Classic Industries® will be returned to the customer at the customer's expense. Classic Industries® is not responsible or liable for labor fees associated with the installation, removal, modification, painting or repair of any product purchased regardless of the circumstances. Classic Industries® is not responsible for any damage or discoloration incurred in relation to chemical products being used including cleaners, waxes, polishes, paints, etc.*

**Titanium™ Car Covers**

This durable lightweight fabric is engineered to provide the best protection from the sun! Designed for indoor or outdoor use, Titanium Plus® has a reflective water repellent 100% polyester top layer that keeps your interior cool when in sunlight and protects against harmful UV rays. Each cover is sewn with double-stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. With its silver reflective properties, Titanium® covers offer the ultimate UV protection in a material that is extremely lightweight so it is easy to handle and easy to store. Each cover includes a free storage bag and lock kit. Non-scratch grommets are installed on each cover to allow the use of your tie strap or lock.
