Get The OER® Advantage. . . It's Almost Unfair!

Authentic Quality Reproduction Parts for Classic American Muscle

ORIGINAL QUALITY • ORIGINAL APPEARANCE

Original Fit

Appearance is extremely important in reproduction parts, but just as important is the way the part fits. You will appreciate OER® reproductions. Parts are designed to fit as closely to the original as possible. Each part is checked and rechecked to ensure proper fit and function.

Superior Quality

It's one thing to manufacture a reproduction part, it's another to duplicate the quality. OER® uses the finest quality materials and workmanship to ensure the finished part meets or exceeds original equipment specifications. In fact, many OER® products are superior to the original.

Authentic Appearance

Each OER® part is manufactured to original specifications, down to the smallest detail. Consistent quality control methods ensure an exact duplicate every time.

OER® Officially Licensed Products

Many OER® products are officially licensed by the original manufacturers, assuring the highest quality reproductions available.

Classic Industries® Has More To Offer!

Service Excellence From the Restoration Leaders!

Price Match Guarantee

If You Find a Product for Less, We'll Match the Price!

Classic Industries® will match any competitor's current advertised retail price for an identical product. Simply send us a copy of the competitor's current advertised price from a catalog, advertisement or website (with URL) and we'll match the price. The price match guarantee is available at the time the order is placed and for in-stock merchandise only. Price matching will be determined by a competitor's most current retail published price and is limited to competitors within the Restoration Industry.

Money Back Guarantee

100% Satisfaction or Your Money Back!

We take pride in the quality of the products we offer and back it up with a 100% Money Back Guarantee. If for any reason you are not satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund, credit or exchange.

Online Instructional Videos

Visit ClassicIndustries.tv to View Our Online Video Library

Need a little guidance to help you install the restoration parts you purchased? Then cruise over to Classic Industries®' new video media website, www.classicindustries.tv where you can watch a library of how-to videos created by our own expert staff, guiding you through the installation processes for upholstery, headliners and more.

Technical Support

Call 1-800-854-1280, extension 5390 for more information

Our tech representatives are ready to help you with all your restoration questions regarding parts or accessories, but we don't stop there, we can help answer questions you may have concerning the detailed areas of your restoration! Our tech representatives consist of some of the most knowledgeable restoration experts in the business. We don't claim to have all the answers but we've been doing it longer than anyone. Chances are we've heard the questions you need answered before. If nothing else, we can probably steer you in the right direction. We continually train our staff in all aspects of early and late model restoration and pass the information along to you!

California Residents — Prop 65

Prop 65 requires businesses that manufacture and/or sell products in the State of California to inform consumers which items contain chemicals known to cause cancer and/or reproductive harm.

Symbols of Quality

DER® Original Equipment Reproduction

The leader in quality reproductions is here! OER® stands for Original Equipment Reproduction®. When you see the OER® logo, you can be assured that every part is manufactured to exact factory specifications and will fit and function just like the original part. What's more, many OER® products are officially licensed and carry a full one year warranty against defects and workmanship.

DER® Authorized Products OER AUTHORIZED

The OER® Authorized logo represents products that meet or exceed stringent OER® quality control standards. These items have been sanctioned and approved by OER®. Most of these products are prepackaged with the OER® Authorized logo.

DER® Premier OER Premier

Count on the OER® Premier logo to denote parts that are outstanding in fit, craftsmanship, and manufacturing techniques. Each and every product displaying the Premier symbol is the best the market has to offer, and a cut above the competition. Order with confidence when you see this symbol, as OER® Premier is the true sign of originality and quality.

The GM Restoration Parts Emblem

It's the true sign of originality and quality. You can be sure that every product you receive will look and fit exactly as the original did. Parts that display this emblem are Officially Licensed by General Motors as a genuine restoration product. Classic Industries® is currently licensed for many of the products listed in this catalog. The same products we've been manufacturing for years. We haven't changed our methods or quality and the GM Restoration Parts emblem is proof. The GM Restoration Parts emblem is a registered trademark of General Motors and used under license to Classic Industries® Inc.

Classic Industries® The Restorer's Choice™

Count on the Classic Industries® Restorer's Choice™ symbol whenever purchasing reproduction parts and accessories. You can be sure that each and every product displaying this symbol is manufactured correctly to exact specifications and fits the way the factory intended. This Classic Industries® symbol is your assurance of quality.

Made in USA

Classic Industries is proud to offer American products for your American classic. Wherever you see this MADE IN USA symbol, you know you're receiving the highest quality parts, sourced from the skilled craftsmen of the United States of America.

PRODUCT EMISSIONS GUIDE

50-State Legal: These products currently have a California Air Resource Board (C.A.R.B.) Executive Order (O.E.) number. They meet the emission standard for use on pollution controlled vehicles in all of the 50 United States for the vehicles listed on the E.O.

For Racing Use Only: These products are intended to be used on vehicles that are exclusively designated for racing use only. They are not legal for use on vehicles that are registered for street use.

For Use On Pre-Pollution Controlled Vehicles (PPCV): These products are legal for use on pre-pollution controlled vehicles. They can be used on all vehicles that were manufactured before emissions control regulations were imposed. These are considered "uncontrolled vehicles".

1965 and older U.S. manufactured California Certified vehicles
1967 and older U.S. manufactured Federally Certified vehicles
1967 and older Foreign manufactured vehicles

Stock Replacement Part: These products are manufactured to exact specifications of the Original Equipment (OE) part. They must be used on the specific year, make, and model for which it is listed.

Engine Swaps: These products are intended to be used with engines that have been transplanted or swapped into an uncontrolled or pre-pollution controlled vehicle, as defined above. They are not legal for use on pollution controlled vehicles.

OER AUTHORIZED Camaro Car Covers

The Economical Way to Protect Your Investment!

Diamond Blue™

- ★ Indoor Use
- ★ Single Layer Material

Designed for use indoors, OER's Diamond Blue is manufactured using an economical single layer non-woven material that provides excellent protection from dust and dirt penetration. Each cover is sewn with double stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Breathable and lightweight, Diamond Blue offers basic water protection and guards against damage from dust, dirt, over spray and more. Non-scratch grommets are installed on each cover to allow the use of a tie strap or lock.

Diamond Fleece™

- ★ Indoor/Outdoor Use
- ★ Triple Layer Material

Designed for indoor and occasional outdoor use, OER's Diamond Fleece is manufactured using a durable 3 layer non-woven material that provides excellent protection from dust and dirt penetration. Each cover is sewn with double stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Breathable and lightweight, Diamond Fleece offers water resistance and guards against damage from the sun's UV rays. Non-scratch grommets are installed on each cover to allow the use of a tie strap or lock.

WeatherBlocker™ Plus

Available in Gray or Tan

Soft cotton lining for protection against door dings and scratches.

- ★ Outdoor Use
- ★ Four Layer Material

Designed for outdoor use, OER's WeatherBlocker Plus cover is manufactured using a durable 4 layer non-woven material that provides a high level of protection against outdoor elements. The fourth layer is a soft cotton backing that further protects against scratches and dings. Each cover is sewn with double stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Breathable and lightweight, WeatherBlocker Plus offers increased water resistance and protection from the sun's UV rays. Non-scratch grommets are installed on each cover to allow the use of a tie strap or lock. Specify gray or tan.

The Ultimate in Outdoor
Protection for Your Vehicle

TitaniumPlus™

Plus soft cotton lining for protection
against door dings and scratches.

- ★ Indoor/Outdoor Use
- ★ Silver Reflective Material
- ★ Double Layer Soft Cotton Inner Lining

This premium fabric offers double protection! Designed for indoor or outdoor use, TitaniumPlus has a silver highly reflective water repellent 100% polyester top layer that keeps the interior cool when in sunlight and a soft padded cotton inner layer that provides extra protection against nicks and dings during storage in tight quarters. Each cover is sewn with double stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. With it's silver reflective properties, Titanium Plus offers the ultimate UV protection. Each cover includes a free storage bag and lock kit. Non-scratch grommets are installed on each cover to allow the use of a tie strap or lock.

Gust Guard™ Cover Clamps

The Gust Guard™ is the easy solution for keeping your car cover in place in windy conditions! If you need to leave your vehicle covered for extended periods of time (airport, vacation, etc.) in locations where wind gust could be a problem, this set is the answer. Includes: four adjustable hem clamps, two "Quick Grip" friction locks and two 7' long white cords. These components clamp to the hem in front of the front tires and behind the rear tires. When wind gets under the car cover, the Gust Guard™ helps reduce the possibility of the cover coming loose. CV7001 16.99 set

SoftShield™

cotton flannel

Cotton flannel car
covers pamper the
vehicle's finish
with a soft nap
underside

GR TN

- ★ Indoor Use
- ★ Cotton Flannel Material
- ★ Soft Nap Underside

Favored by classic car collectors that garage their vehicles, OER's woven soft cotton flannel car covers pamper the vehicle's finish with a super soft underside nap that protects even the most delicate surfaces. Designed for indoor use only, the OER® SoftShield cover is soft on paint while providing a dust barrier and protection against nicks and dings when the vehicle is being stored. Each cover is sewn with double stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Non-scratch grommets are installed on each cover to allow the use of a tie strap or lock. OER® SoftShield Cotton Flannel is available in gray or tan.

Car Cover Accessories

Protect your car cover with a storage bag, lock and cable set, or antenna grommet designed to fit almost any car and truck cover. A storage bag will help to keep your cover clean and safe when not in use. A lock set will prevent theft of your cover while in use. An antenna grommet will allow the cover to fit better over a fender or quarter panel mounted antenna, and will prevent the unintentional spread of the antenna hole. AG1 antenna grommet..... 2.99 ea

1967-02 Molded Carpet Sets

DEER AUTHORIZED

Available
with or without
Mass Backing!

FAQ: What Exactly is Mass Backing?

As part of the manufacturing process, a special latex coating is thermo-bonded to the back of the carpet to substantially increase the insulating and sound deadening properties of the basic carpet set. Then 36 oz. yds. padding is attached to the underside of the carpet. Mass backing is available as an option for molded carpets only.

- Eliminates Fuzzing/Shedding of Fibers
- Great Abrasion Resistance
- Prevents Color Fading
- Molded to Fit Factory Floor Pan
- Available in Original Factory Colors
- Color Keyed Heel Pad
- Dimmer Switch Hole Grommet (when applicable)

1967-73 Camaro Passenger Area Molded 80/20 Loop Carpet

This 80/20 rayon is a revolutionary new carpet yarn utilizing modern textile chemistry to duplicate the appearance original 80/20 rayon/nylon carpet used in classic GM cars and trucks. This carpet eliminates the problems of poor abrasion resistance and shedding of fibers, while providing excellent protection against color fading, offering a level of durability previously unavailable.

OEM AUTHORIZED

210004

1967-69 Rear Fold Down Seat Carpet

These 1967-69 rear fold down seat carpets are manufactured from the same high-quality carpet as the Superior 80/20 rayon loop carpet sets. This is the revolutionary new carpet that duplicates the original appearance of the old 80/20 rayon/nylon carpet, yet eliminates the traditional problems of poor abrasion resistance and "fuzzing", shedding fibers. It also provides excellent protection against color fading and a level of durability previously unavailable.

Note: * Custom color.

1970-81 carpet underlay
(Photo is shown in correct configuration.)

1982-92 Carpet Sound Deadener

Quality carpet underlay used to eliminate noise and add padded comfort on floor carpet. Helps protect floor pans from rust and acts as a barrier against outside heat, cold, and noise. Originally, the sound deadener included a paper material attached to the rubber. Your choice of the OEM style paper wrapped carpet underlay or the replacement style listed below. If you are a purist who wants to restore your Camaro back to exact specifications, this is the underlay you'll need.

-------	---------	----------

Under-Carpet Heat Shield and Sound Deadener

Under-carpet combination heat shield and sound deadener. Made from fire resistant and sound absorbing fibers, then covered with heat reflecting foil these add a great deal of comfort to your vehicles interior. Each heat shield/sound deadener is 4' x 6' and can easily be cut-to-fit with household scissors. Makes your vehicle cooler and quieter.

Note: This is a recommended addition when purchasing a new carpet set.

Door Sill Plates/Components

OER Restoration
Parts

Because the sill plates are so important to your restoration, we offer superb reproductions. The reproductions feature the correct Body by Fisher emblem riveted to the sill plate as original. Each unit is located on the inner lower door frame section and secures the carpet to the floor once installed. The reproductions are manufactured in bright polished aluminum and offer a factory fresh appearance.

1983-92 Door Sill Plates

Reproduction of the original door sill plates designed for use on 1983-92 Camaro models. These sill plates are manufactured from injection molded ABS plastic featuring a honeycomb/hexagon pattern that matches the OE design. Each sill plate features the Fisher Coach logo with the "Body by Fisher" insignia as original. Sold in pairs. Refer to #R492 for replacement screws. Includes LH and RH door sill plates.

Note: Correct for 1985-92 but will fit and function in 1983-84 models. Can be used in 1982 models but the factory version for 1982 did not have the seat belt cutout.

Interior Insulation

1967-81 Firewall Insulation Pad

C3

These reproduction firewall insulation pads mount onto the firewall area of the interior compartment. Designed to exact factory specifications and manufactured using thick jute padding glued to a die-cut neoprene material, each insulation pad will fit, function and appear exactly as original. Die-cut to the exact dimensions of the firewall opening to allow room for the steering column, heater exchanger box, emergency brake cable, etc. Includes mounting clips for installation when required.

Important: 1967-69 insulation pads not scored for ventilation systems - must be cut for appropriate system.

Note: The jute material attaches directly to the firewall. On vehicles equipped without air conditioning, it will be necessary to cutout the area for the heater box assembly. This is due to the availability of a factory heater delete option which required a solid firewall pad.

1967-92 Xtreme Custom Cut Interior Insulation

With the new Dynamat Custom Cut sets, you'll never be left scratching your head. Each set contains specially cut sections of Dynamat in the proper amounts to fit your vehicle exactly. Each piece is precision cut by CNC-machine to exact specifications for a perfect fit. That means no guesswork when cutting and you'll receive the right amount of Dynamat for a quick and easy install. Custom cut sets feature Dynamat Xtreme material with patented elastomeric VECTOR chemistry for great sound deadening. With a .006" butyl layer and a .004" thick aluminum face, Xtreme has the highest efficiency sound deadening properties on the market and is self-adhesive.

- Absorbs High Frequency Airborne Noise
- Lightweight Synthetic Rubber Foam
- Soft, Flexible and Highly Compressible
- Moisture Repellent
- Thermal Insulation Up to 300 Degree F
- Aggressive Adhesion
- One Step Peel and Stick Application

Sound Absorbing Foam

1/8" Foam
Includes: two 23" x 36" sheets of 1/8" HushMat Silencer Megabond foam. Great for glove boxes, kick panels, or pillar trim to eliminate squeaks and rattles.
HMF01 1/8" 112.99 set

1/4" Foam
Includes: two 23" x 36" sheets of 1/4" HushMat Silencer Megabond foam. Apply directly on backs of door panels, headliners or under package trays.
HMF02 1/4" 149.99 set

1/2" Foam
Includes: four 12" x 23" sheets of 1/2" HushMat Silencer Megabond foam. Great for firewall, transmission tunnel, floor, and trunk applications. Makes an excellent replacement for traditional jute.
HMF03 1/2" 172.99 set

1967-81 Insulation/Sound Deadener Sets

Flatline Barriers is the new leader in automotive thermal acoustic insulation products for Camaro models. Utilizing cutting edge technology and materials to significantly reduce unwanted sound and heat. It's lighter than the competition but packs the same punch in sound and heat control properties. Sets are pre-cut for easy installation.

		GF2008	1969 trunk
		GF2009	1970-81 trunk

- STEP 1:** Apply Boom Mat vibration damping material to remove structure borne vibrations, squeaks and rattles.
- STEP 2:** Apply Boom Mat Spray-On to reduce the noise and vibration in hard to reach areas such as trunk interiors, fender walls and inside doors.
- STEP 3:** Apply Under Carpet Lite over damping material on firewalls and floor boards to block up to 85% of heat and for additional noise control.

Boom Mat All-In-One Interior Sets

Take the guesswork out of thermal and acoustic control with this all-in-one, simple, cost-effective, universal-fit, sound deadening and thermal insulation set! Each set includes enough material for your application. Follow the three step process for the best interior comfort from heat and noise.

Small to Mid-Size Applications		Full Size Applications

Interior Insulation

Insulating Mat by THERMO-TEC

Battle excessive heat and noise that penetrate the driver compartment through the firewall and floorboards. The highly reflective Mylar reflects heat away from surfaces, while the foil side is orientated away from the heat source to conduct any penetrating heat across its surface thus providing the ultimate in heat protection. The silica blanketing is a dual density composite and is the main sound insulator. Easy to trim and can be applied with the push-in fasteners provided or any weatherstrip adhesive. Two sizes to fit your individual needs.

TT1005	24" x 48"	35.99 ea
TT1006	48" x 48"	74.99 ea

adhesive backed

Adhesive Heat Barrier™

Adhesive backed, this Heat Barrier™ protects parts and components from radiant heat. Made up of woven silica with a flexible aluminumized finish. The surface of the material is capable of withstanding radiant temperatures in excess of 2000 degree F. The adhesive backed composite construction material can easily be applied to any surface or wrapped around a hose or wire to make a clean professional appearance.

TT1003	12" x 12"	14.99 ea
TT1004	12" x 24"	23.99 ea
TT1049	24" x 36"	56.99 ea
TT1050	24" x 48"	76.99 ea

Super Sonic Acoustical Mat

This high-quality mat offers superior sound dampening control to reduce road noise, rattles, engine noise, and any other noises that are bothersome. The high density polyethylene film with an aluminum foil composite is abrasion and tear resistant. The gray film provides structural integrity and strength, allowing the material to bend, move, and return to shape even under tension forces. The product is 70 mil in thickness, contains a high temperature adhesive backing, and is easy to trim and fit. The rubberized compound is applied with the high temperature adhesive to absorb all those out of control noises.

TT14700	12" x 12"	2 piece	27.99 pr
TT14710	36" x 24"	1 piece	38.99 ea
TT14720	36" x 60"	1 piece	65.99 ea

Damper Pad Strips

Keep your insulation where it belongs by using these damper strips. Designed to allow placement of insulation. ASI130 6 piece - 3" x 24" ea 47.99 set

Thermo-Guard FR

Thermo-Guard FR is a lightweight, durable shield that protects everything; reduces sound, absorbs vibration, protects from radiant heat and provides an extra layer of insulated padding. The product features 100% polyester fiber felt that provides sound and comfort control and a high tech foil heat barrier that blocks more than 90% of radiant heat. Easy to apply and can be trimmed to fit anywhere. Available in 2 sizes with 1 or 2 foil sides. Designed to be applied with Thermo-Tec's Heavy-Duty Spray Adhesive.

TT1055	24" x 48"	1 side	28.99 ea
TT1056	48" x 72"	1 side	54.99 ea
TT1057	48" x 72"	2 side	74.99 ea

Suppressor Acoustical and Heat Control Mat

The Suppressor is ideal when both sound and radiant heat control is needed. In addition to the polyethylene film, the foil surface provides direct protection from radiant heat. Great for areas like firewalls, floorboards or doors. The Suppressor is also 70 mil in thickness, contains a high temperature adhesive backing, and is easy to trim and fit.

TT14600	12" x 12"	2 piece	21.99 pr
TT14610	36" x 24"	1 piece	32.99 ea
TT14620	36" x 60"	1 piece	62.99 ea

Xtreme Bulk Pack

Dynamat Xtreme is the highest efficiency energy conversion sound deadener available. Xtreme unique chemistry uses a space age self-adhesive synthetic rubber with a heavy 4 mil aluminum constraining layer to absorb noise energy. At only 1/16" thick, the super sticky rubber and foil stretches and contours to fit your vehicle like a glove. Dynamat Xtreme can be also used for trunk lids, roofs, quarter panels and under the hood. The Xtreme bulk pack contains 9 sheets (18" x 32") or 36 square feet of 1/16" insulation. Made in USA.

Complete Standard Interior Kit

Each kit is designed to replace all of the cosmetic interior components for your standard interior. You'll save over 10% off the current list prices if the items were to be purchased separately. In addition to the items offered in our basic kit, this kit includes the padded dash, the door opening sill plate, and the inner windshield pillar moldings. **Important:** The pillar moldings supplied with the 1967 standard interior kit are black plastic. Chrome moldings are included in the 1967 deluxe interior kit. The black plastic moldings in the 1967 standard kit may be painted to the desired interior color by spraying with OEK® interior paint, sold separately. Kits for 1968 models include urethane pillar moldings in the correct original color.

Note: Shipped oversized.

Authentic Upholstery and Door Panels
OEM equivalent vinyl materials are used to manufacture the highest quality upholstery

Molded Carpet

Available in all years and colors. Each set is manufactured to the exact dimensions of the floor pan for a perfect fit.

1968-69 Deluxe Houndstooth Interior Kits

With these kits, you get all the major components in one convenient package! These kits feature the most authentic materials available, including correct Madrid grain vinyl trim, molded carpets, deluxe interior panels, and of course, correct Houndstooth upholstery. Each component of this kit has been painstakingly reproduced to original specifications to provide an original appearance. These are the most complete Houndstooth interior kits offered anywhere!

Important: Rear ashtray panel upholstery for use with fold down or deluxe style rear seat is not included and must be purchased separately if needed.

Blend Originality & Performance with **SPORT II** Seat Kits by **JMP**

Designed for 1967-69 Camaro models, these kits are built for enhanced comfort and additional support under spirited driving conditions. These seats offer sport seat performance but allow you to retain an original look. These sport seats utilize the factory seat frames for simplicity and feature original style standard

or deluxe seat patterns for an authentic appearance. Kits are available for convertibles and coupes with or without folding rear seats. Each kit includes all new Sport front seat foams and seat upholstery.

1967-81 Touring II Seats

The support, detail and value that the Touring II seats offer is simply unmatched by any other seat! Touring II seats are manufactured using the proven Procar seat assembly and covered in high-quality, restoration grade upholstery that mimics the original designs and details. The steel seat frame is TIG welded and EDP coated for strength and durability. The seat back offers 20 reclining positions and includes an 18 position

sliding seat track for a whole new level of adjustability and comfort. Seats include optional headrests (not pre-installed on seats). Rear seat upholstery sold separately. **Important:** Requires Procar mounting adapters, sold separately. Add two digit color code when ordering.

Note: Shipped triple oversized.

Sportline Evolution Racing Seat

The new Sportline series of seats by Corbeau have a look and feel that is second to none. Each seat features superior comfort, style, and support, plus top of the line injection molded foam, bolsters that hold you in the right spots, and harness capability. The Evolution X is the newest addition to the Sportline series of seats, with the Evolution X being a fixed back racing seat. Each seat has a base height of only 2-1/2" between the floor and where you would sit. This is ideal for minimal headroom applications or for drivers wearing helmets.

Seats feature black vinyl with carbon vinyl accents and are handcrafted with your choice of red or black offset stitching. Seats will fit up to approximately a 38" waist.

Note: Mounting brackets with seat tracks sold separately. Shipped double oversize.

Sportline RRB, RRX, and RRS Racing Seats

The new Sportline series of seats by Corbeau have a look and feel that is second to none. RRB seats feature thigh bolsters that come into contact with the back of the seat. This gives you that racing bucket look of a fixed back seat, while maintaining the convenience of a reclining seat. The RRS seats feature a perfect blend of aggressive lateral bolster support but with the comfort of a daily driver. Each seat has a base height of only 2-1/2" between the floor and where you would sit. This is ideal for minimal headroom applications or for drivers wearing helmets. Choose between cloth, vinyl, and diamond stitched patterns. Seats will fit up to a 38" waist. Sold in pairs.

1967-02 Seat Brackets with Sliders

These custom seat brackets will make the installation of your Corbeau bucket seats a breeze. Unlike universal seat brackets that may require drilling, these brackets are designed to use the factory bucket seat mounting locations. Each bracket includes seat tracks and is available with single or double locking sliders. Single locking sliders are recommended for normal use, while the double locking sliders feature an additional locking pin, suitable for more aggressive driving or track use. Sold individually.

Important: Picture for reference purposes only.

1967-70 Bucket Seat Support Side Springs

The side springs include two springs with attaching clips on one bucket seat. Will refresh the support of your bucket seats. Fits standard or deluxe interiors!

K113	1967-69	seat bottom	23.99 pr
K170	1967-69	seat bottom	24.99 pr

1967-69 Bucket Seat Support Spring

One of the most commonly overlooked items when replacing your upholstery are the seat springs located behind the seat foam.

The seat bottom springs include attaching side support springs. The side springs include 2 springs with attaching clips for use with 1 bucket seat. Highly recommended to restore the shape and comfort of your bucket seats. Fits standard or deluxe interiors.

Note: 1969 models originally included the seat back springs molded into the foam. Welding is required when installing complete seat springs. Professional installation recommended.

1967-69 Standard and Deluxe Seat Foam

Why waste time trying to install new upholstery on top of old seat foam?

Get a quality fit and original appearance by replacing your seat foam with Classic Industries® reproduction seat foams! Manufactured as close to original density as possible for authenticity and fit. Take the hassle out of installing your new set of upholstery by adding OEM style seat foam.

Important: *Includes support spring installed in the upper seat foam, which was original on some late 1969 models.

Note: Shipped oversize.

1967-69 Standard Door Panels

Restore the original appearance of your interior with premium reproduction door and rear side panels. Available in original colors for 1967-69 models with standard interior, each panel is die-cut and manufactured using dielectrically heat sealed seams. These premium door panels feature a layered substrate board to give the panels raised pleats and the correct "dimensional" look. Panels also feature Madrid grain vinyl for an authentic appearance and pre-cut window handle holes for easy installation. Available as pre-assembled panels, which include metal upper door panel rails, inner glass run weatherstripping[®], and moldings, or as non-assembled panels, which include only the covered door panel board. Emblems are available separately.

Important: *1967 Camaro interior panels do not include upper rails and weatherstripping, as original.

1967-69 Interior Door Panels

NEW

K62701

1967 Delux Door Panels

Reproduction molded door panels will replace existing cracked or worn originals. These finely crafted original style panels will fit all 1967 Camaro models with delux interiors. Each panel is produced using correct Madrid grain and original colors. Includes correct 80/20 rayon/nylon door panel carpet located at bottom of panel. Easily installs using original or reproduction door panel clips. Though these panels do not include the original horizontal trim molding, we now manufacture the correct molding which fits either LH or RH panels. The correct stainless steel moldings are available in the moldings section of this catalog.

Note: Shipped double oversize.

Vinyl Ashtray & Well Upholstery for Conv.

Classic Industries' uses only the highest grade mill pebble grain color matched vinyl for the best possible appearance, similar to the original 1967-69 standard ashtray and well upholstery. You'll get an OE fit, and quality equal to or better than the original. Each set is pre-sewn to install exactly as originals. Covers the ashtray and well section directly above the rear ashtray armrest section. Old upholstery must be removed, then this upholstery is installed directly onto original or reproduction armrest and well panel metal framework. For 1967-69 convertible models with standard interior.

Note: Please add two digit color code when ordering.

K630	1967-69	specify color	78.99

1969 Custom Door Panels

Nowdays Pro-touring muscle car builds do not always match their 60's vintage interiors. In the past there were not a lot of alternatives opposed to making your own. Not anymore, with Fesler's custom door panels. These door panels and rear side panels completely restyle the interior of 1969 Camaro coupe. Panels are made with extra strong fiberglass and are gel coated to be painted or upholstered in your desired material. Will fit a 6" speaker. Will fit 1968-69 doors without wing windows only. 1968 models must use 1969 back seat. Made in USA.

Important: Requires conversion to power windows (sold separately), no window crank provision.

Note: Shipped double oversize.

Interior Door Components

1967-69 Door Jamb Windlace

Exact reproduction interior door jamb windlace originally installed on 1967-69 coupe and convertible Camaro models. This reproduction is the first to capture the OEM appearance and fit. Manufactured using rigid steel inserts for a more original and easier installation. The 1967 style includes the upper windlace end caps built right into the windlace so there's no need to purchase them separately! The windlace comes in black and may be painted to any color.

Includes correct color matched vinyl binding.

1967-69 Deluxe Door Panel Carpet

Door panel carpet for deluxe interiors is produced using high-quality 80/20 rayon and nylon blend with original loop design. Exact factory patterns are used along with correct factory matched vinyl trim. The 1967 carpet includes correct binding which separates the lower portion of the door panel from the upper section. The 1968-69 carpet does not include binding due to the upper section of the carpet being hidden by a polished stainless trim molding.

Dome Lamp Dimmer

Soften the interior lighting of your muscle car. The standard dome lamp dimmer keeps the lamp on an extra three seconds then slowly fades off, instead of simply switching off. The deluxe dome lamp dimmer, if the ignition power is off, the lamp delay is 10 seconds, but if the power is on, the lamp fades when the doors shut. The deluxe dome lamp dimmer can also be installed in a way that the lamp softly brightens when the doors open. These devices easily install on most applications and can be mounted in any location where electrical connections are easily accessible.

Replacement Sun Visors

K22412

1967 Line Dot Grain Colors

1968-69 Bedford Ribbed Colors

1968-69 Madrid Vinyl Colors

1967-69 Reproduction Sun Visors

Each visor is produced to exact factory specifications including correct stitching, OEM factory colors, and the original pin design to maintain complete originality. The 1967-70 visors used a 2 pin design and 1971 through 1981 used a 1 pin design. The visors are offered for coupe or convertible models as well. The coupe models included Line Dot vinyl as original in 1967 and Bedford ribbed material for the 1968-69 models. The convertible models were originally a Madrid grain vinyl which matched the interior color.

1967 Line Dot Grain Headliner

In 1967 a special grain material was used for all models. More commonly known as Line Dot, this material is available in virtually all OEM factory colors. Each 1967 reproduction headliner includes the correct grain and original color. We stock a large supply of headliners in all colors. Each headliner includes the rear inner sail panel material as well as the material for the visors. This allows a complete replacement. Each headliner is pre-cut to exact dimensions making installation easy.

INTERIOR COMPONENTS

Reproduction Headliners

- Authentic Grain and Texture
- Correct Original Color
- Precut to Exact Dimensions

1970-73 Reproduction Headliner

Produced from exact factory patterns using premier grain grade vinyl. The 1970-73 is a perforated material as original. If you are not concerned with originality, then you may choose these replacement style headliners. Headliners include vinyl material for a complete replacement of your original. For late 1973 2nd design cardboard reinforced headliner, see 1974-81 listings.

Note: The headliners listed may also be used with 1974-81 models using 1970-73 headliner bows available separately.

1974-81 Bow Style Conversion Headliner

Classic Industries[®] is pleased to offer a replacement for the 1 piece type cardboard headliners. This headliner is designed to take the place of the cardboard headliner completely. Unlike the originals, these reproduction headliners do not require use of a foam backing which often disintegrates and causes the headliner material to drop. This kit allows you to eliminate the cardboard and foam assembly completely! Includes: 2 bows, plastic bow attachment clips, and 2 rods. Headliner glue kit available separately. Does not include vinyl or sail panel material.

1413X7069	1974-81	black	104.99	ea

1413X7881	1974-81	red	104.99	ea

1973-81 Board Style Vinyl Headliner

These replacement headliner boards come complete with the single perforated material that can be installed in all 1973-81 Camaro models. Also available are uncovered replacement boards that come without material that you can use if you desire a custom material or color not offered in these listings. If your vehicle is equipped with T-tops, trimming will be necessary to obtain proper fit.

Important: Select color by adding two digit color code to end of part number when ordering.

Note: Shipped double oversize.

1967-68 Dash Carrier Chrome

Make your original dash carrier look new again with this reproduction chrome trim. These high tech, ultra thin chrome Mylar ovals are precisely die-cut and adhesive backed for a simple installation. Instructions included.

KW604 1967-68 23.99 pr

1967-68 High Beam Indicator Set

Headlamp high beam indicator bulb housing, red lens, ground strap, and mounting screws for 1967-68 Camaro models. Mounts on the upper portion of the rear section of the plastic instrument carrier. The ground strap is instrumental in grounding the high beam indicator light and gauge cluster assembly. Bulb and wiring not included. For bulb use #1895.

Note: The wire formed ground strap included with this set, is used for 1967 models only. The flat die-stamped ground strap is used for 1968 models.

748620 1967-68 49.99 set

1969 Dash Instrument Carrier

Reproduction dash instrument bezel for 1969 Camaro models which matches the original in quality and fit. Dash variation provisions including clock or fuel gauge are incorporated allowing easy replacement depending on the cars options. Includes correct wording in original lettering. Without Tell-Tale.

Note: Must be modified to install convertible top switch.
6482249 1969 instrument carrier 279.99 ea

1969 Steel Dash Insert

Bolt-in steel dash insert for 1969 Camaro models. Fabricated from 18 gauge steel and available with or without provisions to bolt in the stock heater/AC controller. Includes mounting studs for the stock windshield wiper switch and a hole for the stock headlight switch. An AC duct is also available on the left upper panel. Accommodates gauges up to 5" diameter, sold separately. All gauge and radio holes must be cut by purchaser.

Note: Special order, non-returnable.

1970-78 Lower Steering Column Cover

OER® reproduction lower dash steering column cover for 1970-78 Camaro models. This quality plastic reproduction features the original grain texture and chrome trim that matches the other sections of the dash.

3972011	1970-78	149.99 ea
---------	---------	-------	-----------

1973-76 Dash Panel Instrument Trim Panel

This is an OER® reproduction lower dash panel section that houses the in-dash radio, glove box section and air vent assembly. The trim panel is manufactured to exact specifications for 1973-76 which is known as the first design in 1976 Camaro models. However, this panel can be used as a service replacement on 1970-72 models with only a cosmetic difference being that this panel is equipped with the seat belt warning lens found on the later 1973-76 style panel. Additionally, this panel will also fit 1976-81 models with slight modifications to the radio holes.

Note: 1st design has dimension between radio holes of 6-1/4", the 2nd design has dimension between radio holes of 5-3/4".

In-Dash Gauges

1970-78 Camaro Tachometer

Restoration tachometers for 1970-78 Camaro models. This reproduction duplicates in every way the original appearance and functionality. For all Camaro models with original factory gauges. Originally installed on all 1970-78 V8 models except 1970-74 Z28 or big block models. 7000 RPM with 5000 RPM red line.

5657040 1970-74 all 5000 red line..... 269.99 ea
5657040 1975-78 V8 5000 red line..... 269.99 ea

1967 Dash Fuel Gauge

Restoration standard in-dash fuel gauge for 1967 Camaro models. This gauge includes the RH turn signal and warning light provisions. For all models not equipped with an in-dash tachometer.

6457934 1967 dash fuel gauge..... 229.99 ea

1968 Dash Fuel Gauge

Restoration standard dash fuel gauge for 1968 Camaro models. This gauge includes the RH turn signal and warning light provisions as shown. For models not equipped with an in-dash tachometer.

6431002 1968 dash fuel gauge..... 229.99 ea

1969 Dash Fuel Gauge

Restoration standard dash fuel gauge for 1969 Camaro models. Originally installed on vehicles that did not include an in-dash tachometer. Features correct faceplate with AC decal.

6431172 1969..... 149.99 ea

1969 Center Dash Fuel Gauge

Restoration center fuel gauge for all 1969 Camaro models originally equipped with a tachometer but without console gauges. Mounts in the center of the dash area between the speedometer and tachometer. Includes the outer housing for easy mounting to the dash carrier assembly.

Note: Lens and faceplate sold separately.
6431307 1969..... 149.99 ea

1970-78 Camaro In-Dash Fuel Gauge

Restoration 1970-78 Camaro in-dash fuel gauge. Includes original style lettering with correct colors. Will install and mount as original. For 1970-78 models that included factory gauges.

Note: There may have been minor changes to the face lettering in later year models. However, gauge will fit and work as original.
6431506 1970-78 all with gauges .. 99.99 ea

1969 Center Dash Clock

Restoration center dash clock, optional on 1969 Camaro models. Installs in the area between the speedometer and the fuel gauge or the speedometer and tachometer (on vehicles with console gauges). This clock can be installed in all original or reproduction gauge carrier assemblies.

3951213 1969..... 149.99 ea

1967-69 Low Fuel Warning Module

Originally installed on 1967-69 models with optional console gauges. This indicator helped the driver to make sure he had fuel in the tank. May be used for replacement of existing defective modules or when converting vehicles from no gauges to factory gauges.

Note: Original plugs into backing plate, this reproduction does not.

 - Wide angle color TFT LCD Message Center(s)
 - Independent day/night color selections
 - Illuminated needles and LED backlighting for the numbers and tick marks
 - "Ghosted" indicators (Turn signals, high beam, check engine, cruise control engaged, parking brake, plus two that are user definable) appear only when lit.
 - Easy to use app allows for quick setup, modifications and sensor diagnosis

1987-81 HDX Series Gauge Sets

Fully customizable HDX series gauge sets rivals what's offered in today's modern vehicles allowing you to personalize your instrument panel to match nearly any vehicle theme. Each direct fit gauge package incorporates a speedometer, tachometer, fuel level, Volts, oil pressure and coolant temperature gauges, along with a digital message center. Matching console gauge packages are also available for 1967-69 models. Sets are integrated into your vehicle's systems using the supplied central control box. Bluetooth connection to tablet/smart phone. Includes necessary sensors. Offered in black or silver alloy and available with either standard (MPH and Fahrenheit) or metric (KMH and Celsius) displays. Available for iPhone and Android systems.

Important: Gauge bezels for the dash and console are not included. Please allow 3-5 week build time for Metric display gauge sets.

Note: Please specify option codes when ordering: 1 = standard (MPH and Fahrenheit); 2 = metric (KMH and Celsius) and then either A = silver alloy gauge face, or B = black alloy gauge face.

Example: DD16011A = 1967 with standard display and silver alloy gauge face.

1967-69 Camaro Gauge Kits

These gauge kits are a tasteful upgrade over your stock gauges without adding the flashiness of most aftermarket instruments. The exclusive gauges feature glass faces, shock proof cases, precision movements, and integrated indicator lights. Gauges include an 8000 RPM tach, 140 MPH speedometer, oil pressure, coolant temperature, 0-90 Ohm fuel gauge and voltmeter. Kits include two vintage styled, 4-3/8" 3-in-1 gauges and an adapter set that allows installation into your existing gauge panel. Kits also include wiring instructions. Speedometer sender not included.

1967-68 Dash Gauge Assemblies

Classic Instruments lends its style and quality to the 1967-68 Camaro line. These are complete retrofit units that feature a beautiful OER® dash instrument carrier with a 5" diameter, 140 MPH speedometer and a 5" diameter gauge cluster that includes the temp gauge, fuel gauge, Volt gauge and oil pressure gauge. All gauges are electronic 12 Volt. The speedometer, temp and oil sending units are included. The fuel gauge will operate on a GM or reproduction, standard 0-90 Ohm fuel sending unit (not included). All gauges come pre-assembled in the housing with an OE style mount bracket and wire harness.

A8101008

Internal Float Fuel Sending Unit

Get reliable fuel gauge readings with this internal float fuel sending unit. This advanced design provides accurate readings without fluctuations due to fuel slosh. Because this internal float design requires no float arm, it is far more resistant to corrosion, even with racing fuels. All sending units mount to the tank with the standard 5 bolt mounting flange and are available in sizes from 4" to 24".

Important: Sending unit should not touch bottom of tank. When the fuel gauge reads empty, the area below the sending unit is reserve fuel.

Note: Sending units are available in lengths from 4" to 24" and are sold in 1" increments. Please add the desired length to the end of the part number; eg. 06 = 6", 11 = 11"

67005SC

Tachometer

This new generation, slim design tachometer is 35% thinner, offering better clearance for dash and pillar mounted applications. For all 4-, 6-, and 8 cylinder engines. Modern touch pad controls. Includes mounting bracket. These tachs are available in three versions: memory recall of highest RPM, memory recall with adjustable external shift light, and memory recall with adjustable internal shift light. All tachs are 5" in diameter with an 11,000 RPM range. Shift lights operate independently from a tachometer and are adjustable from 3000-12,000 RPM in 200 RPM increments.

67005SC shift light - silver case..... 51.99 ea

ST8090

1-1/2" Mini Triple Gauge Set

Give your ride that classic look with these mini gauge panels from Bosch. 1-1/2" dial gauges, mechanical oil/water temperature gauge, voltmeter, mechanical oil pressure gauge. Includes: 72" capillary tubing with 5/8" NPT thread and 1/4", 3/8", and 1/2" adapters. Requires hook up wire for voltmeter. Includes 12 Volt internal lighting. Designed for 12 Volt negative ground systems. Available with black face gauges/black gauge bezels/black panel or white face gauges/chrome gauge bezels/chrome panel.

ST8090 black face/black panel..... 36.99 set
ST8092 white face/chrome panel..... 37.99 set

Dixco Style Hood Tachometer

These Dixco style 8000 RPM tachometers were installed by builders for super car vehicles such as Yenko, Baldwin Motion, and Big Daddy Garlits. Fits all cars. This tachometer works with factory points and GM HEI distributors.

Note: Tachometer adapter required for aftermarket ignitions.

A9100101 all..... 199.99 ea

Universal Tachometer Filter

Eliminate tach signal noise and surges caused by your ignition system with this compact and easy-to-install tachometer filter. This filter installs between the tachometer and the signal source and modifies the sharp up and down spikes into a semi-square wave signal for steady readings and faster response. This tachometer filter can be used as a direct replacement for 1975-89 GM vehicles. Measures: 2" x 3/4" x 1". Includes instructions.

Important: Recommended for vehicles running an HEI ignition with a tachometer designed for point style ignitions.

In-Dash Speedos and Tachs

Our In-Dash Speedometers and Tachometers feature our famous high-performance movements and are designed with seamless dashboard mount or mind for the ultimate driver information center. Available in a variety of configurations and sizes.

Important: Electric speedometers operate on 500-200,000 pulses/mile sending units. Use existing sending unit of vehicle is originally equipped with an electric speedometer. Use AM5291 to convert from mechanical drive to electric. Tachometers operate on 6, 8, or 8-cylinder engines with most factory or aftermarket ignitions. Some fuel gauges use the vehicle's stock sending unit. Measure resistance using an ohmmeter with the sending unit from the empty and full position to determine the correct fuel gauge.

Performance Gauges

COBALT

COBALT gauges feature bright anodized Super Bezels and black dials with blue accents, white numbering and increments, cobalt blue "through-the-dial" patented LED lighting technology and glowing orange pointers for superior visibility. The light intensity can be controlled through an LED Lighting Dimmer (available separately) independent of your OE dash lighting.

Note: Most popular gauges are listed below. For items not listed visit us online.

Full Sweep Electric Gauges

Powered by digital microprocessor-controlled, rugged stepper motor drives and laboratory grade sending units, Full Sweep Electric Gauges combine extreme durability and readability of 270 degree sweep mechanical gauges with the easy installation and safe operation of short sweep electrics. Track tested and race proven, these units use precision senders to keep hazardous fluids out of the driver compartment and perform gauge calibration and sensor diagnostics at power up for extreme accuracy, every time.

Short Sweep Electric Gauges

Advanced 90 degree air core movements and three wire installation characterize these Short Sweep Electric Gauges. Electric sending units keep hazardous fluids in the engine compartment, sending collected data via an electrical signal to quick reacting, precise air core movements to give you all the information that you need.

Performance Gauges

Prestige In-Dash Gauges

These gauges have the precision and reliability with brushed aluminum centers, fully lit vintage style needles, domed lenses, and polished chrome bezels. Antique Ivory gauges have black numerals and needles, and feature an LED fully lit gauge face when illuminated at night. The Prestige Black Diamond gauges have white numerals and needles and feature through-the-dial LED lighting to illuminate the numbers, markers, and needles. Mechanical gauges include the necessary fittings and 6 feet of capillary tubing (unless otherwise specified). Electric gauges include the required sending units. 2-1/16" unless noted.

Note: *3-3/8".

Chrono Series In-Dash Gauges

AutoMeter Chrono Series electric gauges with race proven digital stepper motor movement for unmatched accuracy. Electronic senders can be used for a variety of applications and kept unwarmed fluids out of the driver compartment. The Chrono Series features a three dimensional concave dial design, "through-the-dial" LED lighting, and over 320 degrees of pointer movement. All gauges have both metric and imperial scalings and are 12 and 16 Volt compatible.

Boom Mat Speaker Baffles

Solve the problem of rattles and vibrations caused by speakers and protect the back of speakers from damage! Boom Mat speaker baffles maximize speaker performance by isolating the correct frequency responses while damping reverberation in the sheet metal and panel to frame resonance. Also forms a water tight protective shell to prevent moisture intrusion. Made from a closed cell polyethylene to enhance frequency response for improved sound clarity. Easy conformably in tight spaces for a professional installation. Isolates frequency responses and prevents sound from migrating to unfavorable areas in the vehicle such as door panels.

The "Hot-Dot" All-in-One Ignition Switch

Convert your separate ignition switch and start button into one convenient unit with the "Hot-Dot" all-in-one ignition starter switch. Chrome recessed switch is 3/4" diameter with a colored LED ring to indicate when the ignition is "On". Push and hold the button while the starter turns over and release when the engine starts. The ignition stays "On". Push again to stop the engine. Includes installation instructions and is available with your choice of blue, green or red LED ring. Switches available separately. Can be used for positive or ground switching, rated 1 amp maximum load.

New!

1970-81 Neutral Safety Switch Pivot

Pivot bracket to mount the neutral safety switch on 1970-81 Camaro models. Attaches near the pedal assembly to secure the neutral safety switch in place. Works with 3-speed M15, M63, and 4-speed M20/M21 transmissions.

3961589 1970-81..... 49.99 set

Neutral Safety/Back-Up Switch Relocation Set

On 1973-81 Camaro, the neutral safety back-up switch was originally mounted to the steering column and controlled by a rod from the transmission instead of the floor shifter. Installation of headers and overdrive transmissions often leads to malfunctioning reverse lamps and even accidental starting of the engine with the transmission in gear. With these relocation sets the switch can be moved to the floor shifter, resolving these issues.

Important: *For correct operation shifter must be converted for overdrive use.

1968-02 Back-Up Lamp Switch

Mounted on the driver side of the transmission, the back-up lamp switch is an open switch that prevents voltage from being applied to the back-up lamps until the vehicle is put in reverse. Putting the vehicle in reverse closes the contact and applies power to the rear back-up lamps. Fits 1969-02 Camaro models. All switches listed below are for use on manual transmission models.

Note: Option codes can be found on your Camaro's vehicle identification label located in the center console glove box.

Steering Column Components

1967-69 Tilt Steering Column

Brand new, premium tilt steering columns that include all levers and knobs and are completely wired for self-canceling turn signals, 4 way flashers, and horn. A neutral safety switch is included with column-shift columns. The correct wiring adapter to plug into your Camaro's stock wiring harness is included when required. For 1967-68 models the original under dash mounting hardware and floor mount can be used. 1969 models require a new rag joint, offered separately. A stock steering wheel from 1969 or newer GM vehicles bolt directly to the column. Most aftermarket wheels will attach with an adapter. Available in paintable steel, chrome steel, polished, or brushed billet aluminum.

1970-75 Tilt Steering Column

This steering column is designed to replace the original without special brackets or modifications. It was designed with safety in mind and is capable of collapsing up to five inches to compensate for structural damage during an accident. Each column can be used with original 1970-75 steering wheels. They include a custom floor mount and features 8 position tilt, self-canceling turn signals, 4 way flashers, turn signals, and tilt levers, and 1970-75 wiring plugs. Choose from paintable steel, chrome, or black powder coated finish. Made in USA.

Important: Designed for vehicles with floor shifters or manual transmissions. Columns do not have shift indicator or neutral safety switch provisions.

1967-75 Aluminum Steering Column

Pro-Lite lightweight aluminum steering column built to fit the 1967-75 Camaro. At under 6 lbs, the Pro-Lite still packs all the features of a standard column including self-canceling turn signals, 4 way flashers, horn wiring, 3-7/8" wiring plug, and a 1" 48 lower shaft. It also collapses a full five inches for enhanced driver safety and is designed to work with most quick release steering wheel hubs. Installs easily using your original dash mount and ididit's plug-in wiring connectors.

1969-81 Tilt Steering Column

Tilt steering columns feature all-new components including a one piece cast upper housing design with a keyed GM ignition that has the standard GM plug. The ignition switch is located in the 3 o'clock position for added comfort and convenience. These columns are manufactured using 2" stainless steel tubing and a high strength, all steel shaft with Teflon coated bearings. They include the tilt and turn signal levers and hazard knob. The shift lever with the shift indicator are included on column shift applications. Three finishes to choose from! Columns are 33" long, with 1" 48 spline shaft and are a direct fit for 1969-81 Camaros or a column 33" long with a 1" DD shaft for rack and pinion steering. A stock GM steering wheel from a 1969 and newer GM passenger car will bolt to these steering columns.

Important: Reuse of original column to dash clamp is required for installation, with some modification necessary, or use part #FR20300 column strap clamp if you want to save your old column. If you do not want to do that you may use FR20114K and not use the OEM mounting.

Custom Steering Wheels

NRG's Steering Wheel Adapter System:

NRG's modular steering wheel adapter system lets you choose the level of security for your classic vehicle. Pick from a quick release system that removes the steering wheel, a tilt lock that unlinks the wheel from the column, or for total vehicle security use the Quick Lock system to prevent a would-be thief from placing a steering wheel onto the hub and driving away.

Rim Sport Style Wheel

NRG Rim Sport series wheel is manufactured from high-quality materials, providing the feel of smooth luxurious wood, polished aluminum center spokes and the old school brushed metal feel. Mounts to any six bolt hub or quick release unit and measures 14-1/4" in diameter, and 1-1/2" deep.

152778 6 bolt 209.99 ea

Classic Woodgrain Wheel

NRG Classic woodgrain 3-spoke center in chrome. Measuring in at approximately 14-1/2", this wheel was made to be a direct replacement for many of the older vehicle that did not feature options such as power steering, or assisted steering.

It's large, sturdy, and ready for the road. Covered in custom stained Mahogany featuring polished aluminum spokes.

153801 6 bolt 179.99 ea

Generation 2.0 Quick Release System

These NRG 2.0 Quick Release units feature many options that conventional ball-lock Quick Release systems do not offer, such as specially designed raised sections to prevent hub stretches and a self-locking mechanism.

Note: Must use in conjunction with the short hub adapter.

5 Bolt - 2.0 Quick Release
Compatible with all 5 bolt Grant steering wheels, and others with 5 x 70mm bolt pattern.

152783B black 119.99 ea

6 Bolt - 2.0 Quick Release
Compatible with all 6 bolt steering wheels with: 6 x 70mm or 6 x 74mm bolt patterns.

With Carbon Fiber Ring

Woodgrain Steering Wheel

6 bolt woodgrain steering wheel from NRG made from high-quality materials with a sophisticated design to let you feel the smooth luxurious wood and the aggressive matte finish. Mounts to any 6 bolt hub or quick release unit. Measures 13" in diameter, 1-3/4" deep.

152773B matte black center 159.99 ea
152773C chrome center 159.99 ea

Short Hub Adapter

This NRG short hub unit was designed to mount an aftermarket steering wheel/quick release combination close to the original orientation. Manufactured from the highest quality aluminum using a solid, 1 piece design for maximum strength.

Note: Must use with NRG Quick Release system.

1967-94 GT Pro-Touring Sport Wheels

Inspired by GM's optional NK4 4-spoke Sport wheel installed in various models during the 1970's, this custom steering wheel offers a modern flair to an already classic design. The black anodized spoke design features a leather wrapped grip with "baseball" stitched seam. The polished spoke design features genuine mahogany wood outer grip and perforated leather inner. Horn buttons are machined from 6061 aluminum and are secured using an exclusive o-ring design that keeps it from "popping off". Includes your choice of a black anodized or polished hub with matching horn button and Grade 8 mounting hardware.

Important: For Flaming River and iDiddy steering columns use the 1969 and later kits. Not intended for vehicles with air bag safety systems.

Polished Horn and Hub

This kit includes a 14-1/2" diameter, 2-3/8" dish, polished 4-spoke wheel with a polished adapter and your choice of an engraved or red Bow Tie horn button. The horn buttons cover the wheel mounting bolts for a clean, custom look.

A8621111 1969-94 engraved Bow Tie 467.99 kit
A8621113 1969-94 red Bow Tie..... 462.99 kit

Black Horn and Hub

This kit includes a 14-1/2" x 14-1/4" diameter, 2-3/8" dish, black anodized 4-spoke wheel with black anodized adapter and a red Bow Tie horn button. The horn button exposes the bolts that mount the wheel to a high-performance look.

Note: The dimensions of this wheel replicate the original NK4 Sport Wheel.

Empire 6 Bolt Steering Wheel

Forever Sharp 6 bolt Empire steering wheels feature outstanding quality and sleek design. Each wheel is crafted from real mahogany wood with finger grooves on the back and steel spokes finished in bright polished chrome-plating. A urethane coating on the mahogany grip provides for a longer life and improved heat resistance on hot summer days. Wheels feature a 6 hole bolt pattern with a 1-3/4" dish depth and are available in 14" and 15" diameters. Finishes include either a light or dark stained mahogany finish.

Important: Steering wheels require mounting adapter and your choice of horn buttons, sold separately.

1970-81 Camaro Console

⚠️

Reproduction console for 1970-81 Camaro models. Each part is injection molded (when required) and pre-assembled. Includes: the upper and lower sections, side air vents, ashtray lid, console door assembly, and lock assembly. Due to variances in the transmissions, shift plates are sold separately. Fits all 3-speed, 4-speed, and automatic models. For 1973-81, original console components can be removed from the existing console and installed on to the new one. Rear cover plate and console glove box lid assembly sold separately.

Important: Some welding may be required to install floor bracket.

Note: Shipped double oversize.

Plug-n-Chug Colors

1969 Plug-n-Chug Drink Holder ⚠️

The Plug-N-Chug dashboard drink holder installs in seconds by sliding your ashtray out and sliding the Plug-N-Chug in, in its place. Whether driving to a show or just cruising in your daily driver, you'll find this standard size double drink holder a welcome addition to your cockpit. Best of all, it installs with absolutely no modifications to your vehicle. During the show, simply unplug the drink holder and plug the original ashtray back in its place for an original interior appearance. Upholstered in a variety of colors with automotive grade vinyl.

Note: Specify black, dark blue, dark green, graphite, medium green, orange, or red when ordering.

1967-73 Cup Holder Consoles ⚠️

Classic Consoles center consoles are designed and made specifically for 1967-73 Camaro models with bucket seats only. Constructed of automotive grade vinyl and double stitched with commercial nylon thread, this accessory console is an extremely durable and practical way to add storage to your classic Camaro with absolutely no modifications to your vehicle. Comes standard with nicely padded lift up armrest, fully lined interior and drink holders. Choose between the Humphugger consoles designed for 1967-73 models without factory installed consoles, or the saddle console designed for 1967-69 Camaro models with a factory installed console. Available in Camaro interior colors. Please specify 2 or 3 letter color code when ordering.

1973-81 Armrest w/Drink Holder ⚠️

Add the cup holder that GM left out of the 2nd Gen Camaro with the Holdster™ armrest replacement. This is not a plastic cap, but rather a new padded armrest and king size drink holder complete with a new factory hinge. Installation is simple, remove your old armrest and hinge and mount the Holdster™ in its place. Upholstered in black vinyl and includes a matching black drink holder trim ring to match the original vinyl of your interior. Want to customize the Holdster™ to match your vehicle? Choose from 5 different color coordinated cup holder trim rings (red, blue, silver, camel, or gold) to create your own look. Also available without cup holder.

HH1012	1973-81	123.99 ea
--------	---------	-----------

1982-92 Replacement Style Armrest ⚠️

Make driving more comfortable in your third gen with this padded armrest replacement for 1982-92 Camaro models. The "armrest" is manufactured using new foam padding and comes upholstered black automotive grade vinyl to match your interior. This is not a reproduction cap, but rather a replacement style padded armrest that does away with the stock latching system. Installation is simple, remove your old armrest from the factory hinge and mount the new armrest using the 3 enclosed screws.

HH1006	1982-92	99.99 ea

This excellent quality reproduction from OER® duplicates the shift tunnel for 1970-72 Camaro models with manual transmissions. Manufactured as original in black ABS plastic material.

3973964 1970-72 29.99 ea

1973-81 Manual Shift Tunnel

Reproduction shift tunnel assembly installed on all 1973-81 Camaro models with 3-speed or 4-speed transmissions. The tunnel is reproduced to exact factory specifications for a precise and snug fit. The shift opening holes line up exactly. Manufactured in ABS materials. Features the correct hot stamped raised chrome trim and metal reinforcements on all four mounting screw holes.

Note: For use with floor consoles only.

1967-81 Console Gauge Wiring Harnesses

Console gauge wiring is made easy with Classic Industries' console gauge wiring harnesses for 1967-69 Camaro models. Each harness is produced with original color wires and correct terminals.

Console Gauge Wiring Conversion Kits

Includes console wiring from gauges to conversion harness and the conversion harness to the main under dash harness. Features correct terminals.

Important: There is not a conversion harness from column shift AT or MT to MT console shift with gauges. Front lighting, engine and under dash harnesses must be ordered separately and replaced for this application.

1967-69 Billet Accelerator Pedal Assemblies

Add a touch of class to the interior of your Camaro with one of these CNC-machined cable style accelerator pedal assemblies from Billet Specialties. These pedals convert your old linkage to a more modern cable style linkage giving you additional firewall clearance and smoother operation. They install in the factory location with the existing hardware.

Note: Throttle cable not included.

1967-81 Brake Pad Trim Plate

Reproduction brake pedal trim for 1967-81 models equipped with automatic transmission and power disc or drum brakes. Features original style tabs for easy replacement. Fits part #3930091 or K982 brake pedal pads.

K920 1967-81 6.99 ea

1967-81 MT Brake Pedal Pad Trim Plate

Reproduction brake pedal pad trim for all manual transmissions from 1967-81 where the brake pedal pad and clutch pedal pad are the same exact size. On some models, the brake pedal was larger than the clutch pedal to differentiate between the two pedals and provide a larger area for the foot to connect with the brake pedal. This trim plate fits when the 2 pedals are the exact same size.

K911 1967-81 brake pedal pad trim... 5.99 ea

1967-81 MT Clutch Pedal Pad Trim Plate

Reproduction clutch pedal pad trim for all manual transmissions from 1967-81. Part #K911 fits where the brake pedal pad and clutch pedal pad are the same exact size. Part #A9100228 fits when the clutch pedal is slightly smaller than the brake pedal. To determine which one you need, measure the pedal top at the widest point and under the pad closest to your measurement. Most 1967-71 models are equipped with a 3" pedal. In 1972, the pedal size decreased to 2" at the widest point.

Automotive Manuals

1967-02 Chevrolet Service/Shop Manual

Factory manuals that give all the information you'll need for servicing your Camaro. Each shop manual includes procedures for maintenance and adjustments, minor service operations, removal and installation of components and a wealth of General Motors service operations techniques. If there is one book devoted to the care of your Camaro, this is the one! Some manuals include the entire Chevrolet line (excluding Corvette). Whether you own a Camaro or another Chevrolet model, these manuals will supply the important and pertinent information for correct maintenance procedures. Written by General Motors. A must for any Camaro owner.

Note: Some books include overhaul, electrical and Fisher body information. See listing for availability.

The Ultimate Body Manual for Camaro

Covers every essential body component and much more!

1967-81 Fisher Body Manual

All Fisher Body manuals have the complete information on the essential removal, installation and adjustment procedures for servicing each year Camaro. Information includes interior trim cleaning, headlining, stationary glass, door panels, rear seat shelf, convertible top, electrical, and more. This manual covers the most essential information pertaining to the body. Unlike the shop manual, you'll find unique information, illustrations, and other information found nowhere else. We recommend this manual for any Chevrolet owner who intends to keep and maintain their vehicle.

Note: This book covers the body aspect of the vehicle. For mechanical operations, see the Chevrolet Service/Shop Manual.

1967-69 Chassis Service,

Fisher Body and Assembly Manual Kits

This three volume kit includes the most desirable manuals required to completely rebuild, assemble or restore your 1967-69 Chevrolet Camaro. The Chassis Service manual contains information regarding maintenance and adjustment, minor service operations and the removal and installation of the mechanical parts of the car. The Fisher Body manual includes information on body panels, electrical, stationary glass, convertible tops, headlining, and much more! The assembly manual is a duplicate of the original technical assistance/reference guide which was used by the original GM assembly line personnel when the cars were being built. This kit is an absolute must for all 1967-69 Camaro owners! Each manual also available separately.

1967-81 Camaro Assembly Manual

The most informative and comprehensive book available on the assembly of Camaro models. Each manual is a direct duplication of the original assembly manual actually used on the assembly line when the Camaro was being built. Each manual includes detailed assembly information and exploded views on each and every major component. Also includes exploded views of different sections of the vehicle including interior and exterior parts. Each page includes parts number with the original part numbers for reference along with special factory notations describing the assembly of the vehicle. The early 1967-69 assembly manuals are perfect bound! Available for years listed below!

1967-72 Factory Shop Manuals on CD Rom

The information provided on each CD-ROM includes virtually all the information you'll find in a factory shop manual. Includes Chassis Service manual, Chassis Overhaul manual, Fisher Body manual, and Parts and Accessories information. This unique concept gives you the ability to view on your personal computer, complete factory technical information on the make and model of your vehicle. You can print out just that portion of the manual that's needed, or go to the index and type in the part that you're trying to locate. If several manuals are required for a particular make and model, all are supplied on a single CD for your convenience. Includes Chevrolet Camaro, Corvette, Chevy II, Nova, Impala, Biscayne, Bel Air, Monte Carlo, and Chevrole models.

Note: Monte Carlo models not on pre-1970 CD-ROM.

Automotive Literature

1969 Chevrolet Camaro SS: Muscle Cars In Detail

Provides a comprehensive examination of the all-time classic 1969 Camaro SS in Volume No. 4 of CarTech's Muscle Cars In Detail series. It delves into the design, manufacturing, and equipment of Chevrolet's premier Pony car. For the first time in its history, the 1969 Camaro SS had a full slate of high-performance small blocks as well as big blocks to conquer the competition on the street and track. The engines included several iterations of the 350 and 396. In addition, the ultimate big block Camaro, the COPO-427, is profiled. The Camaro SS made such an impression that it became the Indy 500 Pace Car once again in 1969. Paperback, 8-1/4" x 9", 96 pages.

Camaro Exposed reproduces the original ads used to promote these ultra potent Camaro models and their racing conquests. With first hand interviews and unpublished photos, this book is a great research tool and a terrific gift. Over 175 pages and more than 175 b&w photos. 7-7/8" x 10-3/8".

L101 39.99 ea

2 x 4 Cross Ram Manual

This useful publication provides general information on procedures that can be extremely useful when servicing and tuning your engine.

L2389 20.99 ea

The Yenko Era

This book by Yenko family friend Mark Gillespie sheds new light on the life and times of legendary racer, car dealer and car builder, Don Yenko. Family photos, invoices and letters paint a picture of the man who created the Yenko sports cars and follow his exploits as a businessman and a racer until his tragic demise in 1987. A must have for any Yenko enthusiast.

L976 29.99 ea

Detroit Speed's

How to Build a Pro Touring Car

Learn to install sections cover front subframe and rear suspension assemblies as well as upgrades to wheel tubs, brakes, fuel system, driveline, cooling system, and more. Also includes a LS swap. Paperback, 144 pages, 8-1/2" x 11".

L15179 30.99 ea

Muscle Cars

Muscle Cars explores this era and the current models with a broad survey of classic muscle and today's new machines. Each chapter is organized around a theme (milestones, factory racers, etc), each model getting a multi-page spread of full color photography, performance stats, trivia, and more. Photos and stories from the people who built and raced these amazing machines make the book a must read for any fan of American Muscle. Paperback, 240 pages, 6-1/2" x 8-1/4".

L38377 24.99 ea

Street Machines: Classics, Muscle Cars, Modern

Any custom automotive project begins with making choices. There are choices under the hood, such as which engine will match well with a certain chassis and transmission. There are aesthetic choices, like whether to use custom or stock wheels, what paint scheme will look best, and what type of interior will be comfortable as well as eye-catching. Street Machines: Classic, Muscle, Modern is the ideal resource for anyone looking to build a powerful and stylish modified street machine. Paperback, 160 pages, 8-1/4" x 10-5/8".

L39077 24.99 ea

COPO Camaro

Few Chevrolet cars have captured the imagination of enthusiasts quite like the COPO Camaros, Chevelles and Novas from the 1960s and 1970s. They were the ultimate muscle cars GM had to offer, being built through back door channels to avoid a stern government crackdown on performance, racing and speed. The key to unlock the magic of the Central Office process was discovered by racing enthusiast, Don Yenko, who uses his Canonsburg, PA dealership to open the doors to getting vehicles made that officially Chevrolet was never going to build. This archival images, advertisements, sketches, and 10" x 10" full color hardcover with 204 pages.

L2203 47.99 ea

High-Performance Brake Systems: Design, Selection, and Installation

A great deal of time, effort, and money can be invested in raising the horsepower level, thus increasing the speed potential, and very little invested in bringing all of that power under control in the form of an upgraded braking system. Granted, brakes can be intimidating, however, High-Performance Brake Systems: Design, Selection, and Installation gives you the knowledge to upgrade your brakes the right way the first time. You'll learn how to choose and install the most effective rotors, calipers, pads, and tires for your muscle car or classic vehicle. Paperback, 144 pages, 8-1/2" x 11".

L1580 27.99 ea

How To Choose Camshafts & Time Them For Maximum Power

Interested in learning how to maximize camshafts work, then this is the book for you. There's a science to their design, and a method to installing them for the greatest benefit. This book provides advice on how to find optimum timing for maximum power, and will help to choose the right camshaft. Paperback, 96 pgs, 8" x 10".

L2810 29.99 ea

High-Perform Ignition Systems

This book leads you through the various components, systems and sub-systems, explaining the theory behind the operation and how the parts work with each other to achieve the ultimate goal of efficient combustion. Coils, wires, spark plugs, distributors, magneto, inductive systems, CD ignitions, multiple spark systems, computer ignition controls, and rev limiters are all covered. 8-1/2" x 11", 128 pages, 250 b/w photos.

L851 34.99 ea

Engine Manuals

How To Rebuild Pontiac V-8s

This book uses a methodical and practical approach that guides the reader through the entire rebuild process. These V-8s powered a number of legendary cars: the GTO, Firebird, Trans-Am, and many others. This Workbench series book will guide proud owners who want to rebuild these engines and give them a new lease on life. Detailed captions and photos show each crucial step of the disassembly, inspection, machine work, parts selection, assembly, and break-in process. Softbound, 8-1/2" x 11", 144 pages, 400 color photos.

L1301 30.99 ea

How to Build Max-Performance Pontiac V-8s

In this book, critical components are reviewed in great detail, including honest advice on how to modify components for power and durability. The book also gives readers an assessment of the many aftermarket accessories offered for these great engines. High-performance engine builds and their results are discussed. Softbound, 8-1/2" x 11", 144 pages, 352 color photos.

L1097 27.99 ea

How to Rebuild the Small-Block

This is an excellent book that will give you great information on rebuilding your small block engine. You'll get some of the greatest information on all procedures required to bring your Chevy engine back to its original condition. How to remove the engine, inspect for wear, strip, recondition, assemble, install and tune up. Softbound, 8-1/2" x 11", 168 pages, 416 illustrations.

L20 29.99 ea

Rebuilding the Small-Block Chevy Step-by-Step Videobook

This is a step-by-step workbench book and DVD combination that shows you how to build a street or racing small-block Chevy. Detailed sections show how to disassemble a used engine, inspect for signs of damage, select replacement parts, check critical component fit, and much more! 160 pages, softbound.

L6611 43.99 ea

How to Rebuild the Small-Block

This book covers virtually every small block engine. Includes easy step-by-step approach, helps avoid costly and time consuming mistakes, select the right parts, master mechanical tips and the ins and outs of quality machine work. Softbound, 146 pages, 100 illustrations.

L278 36.99 ea

Small-Block Interchange

Cataloging all 1968 to 2000 small block Chevy engines, this manual includes more than 25,000 part numbers, specs, dates and technical details on engine blocks, heads, valves, crankshafts, camshafts, pistons, manifolds, ignition systems, emission systems, and more. Softbound, 176 pages.

L1024 27.99 ea

How To Build Chevy Small-Blocks On A Budget

Know the ins and outs of building serious horsepower small block Chevy engines on a budget. Included are details of factory part numbers, easy do-it-yourself cylinder head modifications, inexpensive but effective aftermarket parts. etc. 144 pages, 300 b/w illus.

L857 30.99 ea

How to Build Big-Inch Chevy Small Blocks

By building a big cube small block, you can have all the torque and horsepower of a big block without all the weight expense and horsepower of a big block. This 128 page book guides you in selecting the best OEM and aftermarket parts to construct your big-inch small block.

L916 32.99 ea

Chevy Monster Big Blocks

The golden age for American engines must be from the mid-1950's when the small block Chevy made its debut - to the early 1970's when emission controls brought an end to the muscle car era. The three major manufacturers - GM, Ford, and Chrysler each supported at least one big block and one small block engine during this period which subsequently went on to become legends. Softbound, 132 pages.

L990 19.99 ea

How to HOTROD Big-block

Full coverage is included to show and explain what it takes to blueprint an engine to the exact specifications which will provide the best performance. Lots of photos and illustrations will help make your task easier. Softbound, 162 pages, 8-1/2" x 11".

L75 29.99 ea

Chevy Big-Blocks — How to Build Max Performance on a Budget

The How to Build Max-Performance Chevy Big-Blocks on a Budget, takes big block Chevy engine building to the next level and shows how to build these extreme high-performance engines without breaking the bank. It goes well beyond basic performance techniques and delves into exceptional detail on each component group of the engine. Softcover, 8-1/2" x 11", 144 pages.

L1494 34.99 ea

Chevy Big-Block Engine Parts Interchange

Chevy Big-Block Engine Parts Interchange covers every aspect of the Chevy big-block engine. By the time you're finished with this book, you'll be extremely acquainted with the inner workings of the engine and its components. This reference manual lets you create entirely unique Chevy big block engines with strokes, bores, and power outputs never seen in factory configurations. Paperback, 144 pages, 8-1/2" x 11".

L1420 30.99 ea

How to Rebuild Your Big-Block

Comprehensive book giving excellent information on how to remove an engine, tear down an engine, inspect for wear, recondition, assemble and install. How to identify each part. Includes casting numbers and specifications. Covers all years of passenger cars and trucks. 396, 400, 402, 427, and 454. 160 pages, softbound.

L41 29.99 ea

Big-Block Chevy Builds

This step-by-step guide to big block Chevy engine builds covers everything from low budget engine projects for mild street performance, to all-out race motors for drag strip action. Bolt-on modifications, engine block prep, cylinder heads, intake and exhaust systems, dyno-tested combinations and more. 8-1/2" x 10-7/8", 192 pages.

L1484 29.99 ea

Engine Manuals

Chevrolet Engine Book

This book covers bolt-ons, tuning tips and power secrets for the engines of the 60's and 70's. Book includes 180 illustrations in 100 pages and will give you the information you always wanted to know about Chevrolet small block and big block engines.

L351 24.99 ea

Souping the Stock Engine

Reprint of the 1950 classic, this true hotrodder's guidebook provides effective methods for tuning all types of stock engines from the conservative road car to full race capability. Includes: general engine performance, stock engine characteristics, and basic planning for modifications.

L2051 19.99 ea

Chevy Engine Overhaul Manual

This Haynes manual includes information on engine identification, tools and equipment, diagnosis, cylinder head servicing, engine removal and installation, step-by-step procedures, tips from professionals, performance and economy modifications and more! Softbound. Approximately 275 pages.

How To Rebuild & Modify Chevy 348/409 Engines

Chevy's "W" series 348 and 409 became legends on the street, and the track. While these engines enjoyed pop culture status in the early 1960's, the later Mark IV Chevy big blocks overshadowed these W-engines by the end of the decade. This book provides instruction for rebuilding a stock W-engine as well as directions for a sound performance build. Learn how to select a strong, clean block, the best heads and camshaft, and increase the compression ratio. All options are examined. From mild to wild, from stock to modified, the book covers everything you need to know about the legendary 348-409 engines. Softbound, 8-1/2" x 11", 144 pages, 400 color photos.

L1403 32.99 ea

How To Rebuild Chevy LT1/LT4

Step-by-step procedures on how to rebuild your Gen II small block back to factory, smog legal specifications. Sections covered include disassembly, cleaning and inspection, reconditioning the block, crank, pistons and rods, cylinder head reconditioning, gaskets and seals, balancing, engine installation, casting numbers and much more. 8-1/2" x 10-7/8", 192 pages.

L1393 29.99 ea

LS1 Engine Installation

This useful publication provides general information on components and procedures that can be extremely useful when installing or servicing LS1 engines. Topics include installation notes, support systems, electronic engine controls, recommended accessories, parts lists and engine specs. Softbound, 36 pages.

G11810 20.99 ea

How to Use and Upgrade to GM Gen III LS-Series Powertrain Control Systems

The technology concerning engine swaps in the past used to be limited to whether to stick with the points style ignition, or go electronic. However, these days, you need to be a computer technician to address the level of technology involved in modern powertrain control systems. GM's Gen III powertrain control system is one such system that has, along with the introduction of the LS Series engine, taken the aftermarket industry by storm. However, to take full advantage of your Gen III controlled engine, this is the book for you. In How to Use and Upgrade to GM Gen III LS Series Powertrain Control Systems, the benefits, advantages and nuances of this robust and efficient control system are thoroughly examined. Also, this book can be helpful in understanding and upgrading your Gen III controlled LT1/LT4. Paperback, 144 pages, 8-1/2" x 11".

L1568 34.99 ea

Building The Chevy LS Engine

This engine rebuilding and modification guide includes sections on history, engine specs, disassembly, cylinder block and bottom end reconditioning, cylinder heads and valvetrain reconditioning, balancing step-by-step engine assembly, torque values, and OEM part numbers.

L1559 29.99 ea

Chevy LS Engine Conversion Handbook

This guide walks you through the process of installing GM's popular LSx series small block engine into just about any vehicle. Includes: an overview of the GM LSx series engine, technical details on swapping transmissions, drivetrain, fuel system, wiring and ECU, exhaust, & installation.

L1566 29.99 ea

How To Swap GM LS Engines

Complete specs, and detailed information so you can select and fit an LS engine. A section on mounting kits, explaining how to install these engines into a variety of cars using readily available motor mount kits, universal engine mounts, or fabricated mounts. 144 pages, softbound.

L1021 30.99 ea

Chevy LS1/LS6 Performance

A complete performance guide for Chevrolet's newest generation LS1 and LS6 small block Chevy engines. Includes: sections on bolt-ons, cylinder heads, intake manifolds, camshafts and valve train, fuel-injection, block-prep. final assembly, exhaust and forced induction. 192 pages, 8-1/2" x 11".

L1407 29.99 ea

Chevy LS1/LS6 V-8s

Covered is everything you need to know about these engines, including the difficult engine removal and installation, simple engine bolt-ons, electronic controls for the Generation III engine and detailed engine builds at four different power levels. 160 pages, 600 b/w photos.

L862 36.99 ea

How to Rebuild LS Engines

This book details and highlights special components, tools, and other accessories needed to get the job done right. Appendices are packed full of valuable reference information, and the book includes a Work Along Sheet to help you record vital statistics and measurements along the way. 8-1/2" x 11", 152 pages, 604 color photos, softbound.

L975 30.99 ea

Carburetor Manuals

Holley Carburetor How

To Rebuild

You often need to replace gaskets, worn parts, and jets for the prevailing weather/altitude conditions or a different engine setup. This book details how to select parts then disassemble, assemble, and calibrate all of the major Holley carburetors. Softcover, 8-1/2" x 11", 144 pages.

L1280 30.99 ea

Holley Carburetor Handbook

This handbook covers the fuel inlet system, idle system, main metering system, power system, accelerator pump system, secondary system, choke system, metering blocks, repair and adjustment, and more! Softbound, 6" x 9", 80 pages.

L559 19.99 ea

Holley Carburetor Manual

Information includes carburetor identification, basic trouble shooting, diagnostic checks for computer controlled carburetors, on-vehicle tuning and adjustments, step-by-step repair and overhaul, performance and economy modifications, professional tips and tricks along with over 340 step-by-step photos. Sftbd, 220 pgs.

L564 29.99 ea

David Vizard's How to Super Tune and Modify Holley Carburetors

Author Vizard explains the science, the function, and the tuning expertise required to get your Holley carburetor to perform its best for your performance application. This book guides you through the traditional 4150 Double Pump, Dominator, and 4160 vacuum secondary models, as well as all the recent releases from Holley, including the Ultra Street Avenger and Ultra HP Series Carbs. Paperback, 144 pages, 8-1/2" x 11".

L9658 30.99 ea

Rochester Carburetors

Here's the definitive book on selecting, installing, tuning and modifying conventional and electronic Rochester's. Also details design operation, and performance modifications of current microcomputer controlled models. Includes comprehensive coverage of Quadrajct design and service from early to electronic models. Softbound, 176 pages.

L191 29.99 ea

How to Build and Modify Quadrajct Carburetors

The book is a complete guide to selecting, rebuilding, and modifying the Q-Jet, aimed at both muscle car restorers and racers. It includes a guide to selecting and finding the right carb, instructions on how to rebuild the carb and extensive descriptions of high-performance modifications. 128 pages.

L202 30.99 ea

Rochester Carburetor Manual

This manual includes detailed information on carburetor identification, basic trouble shooting, diagnostic checks for computer controlled carburetors, on-vehicle tuning and adjustments, step-by-step repair and overhaul, performance and economy modifications, professional tips and tricks along with over 340 photos. 200 pages.

L561 29.99 ea

Carter/Edelbrock Carburetors

Contains photos, illustrations and diagrams, covering rebuilding, tuning and modifying Carter and Edelbrock carburetors. Also features history on the Carter company as well as the development of the AFB and the AVS since the purchase by Edelbrock. Softbound, 136 pgs, 8-1/2" x 11".

Transmission Manuals

GM Turbo 400 Transmissions

Automotive technical author Cliff Ruggles guides you through the complex rebuild procedure of GM's popular rear wheel drive automatic transmission. With his proven style, Ruggles goes through the step-by-step rebuild and performance upgrade procedures in a series of full color photos. He includes instruction on removal and installation, tear down procedures, parts inspection and replacement, as well as performance mods and shift kit installation. Time saving tips are part of every build up as well. Paperback, 8-1/2" x 11", 144 pages with 563 color photos.

L1322 30.99 ea

Muncie 4-Speed Transmissions

How to Rebuild

This is an indispensable reference to Muncie 4-speeds that guides you through each crucial stage of the rebuild process. Comprehensive i.d. information is provided, so you can positively identify the cases, shafts, and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and complete the rebuild. Various high-performance and racing setups are also shown, including essential modifications, gun drilling the shafts, cutting down the gears to remove weight, and achieving race-specific clearances. Paperback, 8-1/2" x 11", 144 pages.

L1291 30.99 ea

How to Rebuild & Modify GM TH400 Transmissions

Millions of GM cars and trucks have been built with Turbo 400 automatic transmissions. This book takes readers step-by-step through the complex transmission rebuild procedure as performance upgrade procedures with a series of full color photos for each of these models. Softbound, 144 pages, 8-1/2" x 11".

L1413 34.99 ea

Powerglide Transmission

This complete guide to the Powerglide covers it all from a stock rebuild to an all-out race unit. Subjects covered include general transmission service, basic operation, in-car service and repairs, final assembly and much more. Includes 500 photos. 8-1/2" x 11".

L242 29.99 ea

GM Automatic Transmission Overhaul Manual

The TH200R4, 350, 400R4 and 700R4 automatic transmissions are covered with complete overhaul photo sequences. Also covered are theory of operation, in-vehicle repairs and performance modifications. Softbound, 8-1/4" x 10-3/4", 240 pages, 576 black and white illustrations.

L743 29.99 ea

Turbo Hydra-Matic 350

Clear, concise text leads you through every step of the rebuild, from transmission removal, tear down and inspection to assembly and installation. Also covers transmission identification, principles of operation and maintenance, troubleshooting and in car repairs. 8-1/2" x 11", 256 pages.

L160 29.99 ea

GM Automatic Overdrive Transmission Builders and Swapper's Guide

This book includes information about high-performance modifications, both from the factory and the aftermarket. It also covers common installation issues such as mounting, shifters and linkages, wiring harnesses, and more. 128 pages, softbound.

L996 30.99 ea

Paint & Body Manuals

Pro Paint & Body

This is a revised and updated edition of one of the bestselling paint handbooks in the industry. It includes current information on HVL-P paint guns and equipment and waterborne paint technology. It also has sections on hammer and dolly, paintless dent removal, patching panels, spray guns and compressors, paint prep, shooting paint, color sanding, plastic bumper repair, and custom paint tips and tricks. Paperback, 160 pages, 8-1/2" x 10-7/8". L1917 29.99 ea

Paint Your Car On A Budget

This book unveils dozens of secrets that will help anyone paint their own car. This book covers everything you need to know to get a great looking coat of paint on your car and save lots of money in the process. 128 pages, 8-1/2" x 11", 400 color photos. L1917 30.99 ea

How to Paint Your Car

This book reveals the techniques and technology behind automotive painting through 250 color photos, detailed captions and text. You'll get the most up-to-date information about paint chemistry, the tools of the trade and safety gear that every automotive painter must know. 160 pages, softbound. L3159 29.99 ea

Exhaust Guides

Performance Exhaust Systems **New!**

To extract maximum performance, an engine needs an efficient, well-designed, and properly tuned exhaust system. This book explains exhaust system principles, function, and components. Includes how to design, fabricate, and fit exhaust systems to classic street cars as well as for special and racing applications. Air/exhaust gas flow dynamics, cam duration, and overlap are analyzed to determine how an engine breathes in air/fuel, as the exhaust must efficiently manage this burned mixture. Paperback, 8-1/2" x 11", 144 pages with 577 color photos.

Give the Gift of Knowledge, KNOWLEDGE IS HORSEPOWER!

A few words from professional engine and car builder, Arron Johnson: "My 'Power Building Video Series' will teach you how to get a combination of carefully matched, properly tuned, horsepower pumping parts that all work together to turn your ride into a mean machine! I explain everything in simple to understand, plain English so just about everyone can understand what I'm talking about. Topics such as engine blocks, machining, cranks, rods, pistons, compression ratios, camshafts, lifters, rocker arms, heads, porting, intake manifolds, headers, carburetion, superchargers, nitrous systems, tuning, gear, tuning, gear, transmission, torque converters, and even down to which oil works the best are covered!"

Six DVD "Power Pack"

430100 Power Building Power Pack - 6 episodes included in set 159.99 set

Individual "Power Pack" Episodes

These are included in part #430100

43006 Engine Building - 3 DVDs, 5 hours 34.99 set

DCARB Performance Carburetor - 2 DVDs, 3-1/2 hours 29.99 set

DSUPR Superchargers - 2 DVDs, 3 hours 29.99 set

DNIT Nitrous Oxide - 2 DVDs, 3-1/2 hours 29.99 set

DRTAS Rotating Assemblies - 2 DVDs, 4 hours 29.99 set

DHPV Heads, Porting and Valvetrains - 3 DVDs, 5 hours 34.99 set

Additional episode not included in the "Power Pack"

43007 Performance Engines & Strokers - 5 DVDs, 10 hours 44.99 set

Fuel Injection Manuals

New! Performance Fuel Injection Systems

This practical guide walks you through the process of modifying and tuning modern electronic fuel injection systems. Presenting plenty of foundational information, you're taken on a journey that includes wiring, fuel systems, sensors, and different types of ignition systems—all geared towards building a basic understanding of fuel injection systems. The book also covers configuring a stand-alone engine management system and tuning for maximum power and drivability, and much more. Paperback, 160 pages, 8-1/2" x 10-7/8".

L1569 29.99 ea

Designing And Tuning High-Perf Fuel Injection Systems

This book goes in-depth on the combustion basics of fuel injection as well as benefits and limitations of standalone. Includes glossary and a special resources guide with standalone manufacturers and test equipment manufacturers. Softbound, 128 pgs, 8-1/2" x 11".

L1062 30.99 ea

Street Supercharging

This book will give information regarding all facts of supercharging, including how to install blowers, buying a kit, rebuilding manifolds, blower drives, carburetion and accessories. Softbound, 8-1/2" x 11", 128 pages.

L211 29.99 ea

Turbocharging

A detailed, comprehensive handbook on the theory and application of turbocharging for street and high-performance use. Covers all types of domestic, import cars, trucks and RVs. Includes detailed sections on theory, types of turbocharging components, engine considerations and aftermarket applications. Softbound, 8-1/2" x 10-7/8", 192 pages.

L317 29.99 ea

New! Turbo: Real World High-Performance Turbocharger Systems

Author Jay Miller uses more than 300 photos and the perfect blend of technical and common sense information to help you build boost fast and make more horsepower and torque. He discusses the various components of a turbocharger and explains how to decode complicated turbocharger model numbers, compressor maps, and other specs. If you run into problems with your turbo system, there's also a detailed chapter on failure analysis to help you figure out what went wrong and how to fix it. Softbound, 8-1/2" x 11", 160 pages.

L978 30.99 ea

Wiring Manuals

Automotive Electrical Manual

The manual features comprehensive information which covers basic electrical fundamentals, trouble shooting and repair for both foreign and domestic vehicles.

Includes engine starting and charging systems, lights, gauges and more! Softbound, 242 pages.

L575 29.99 ea

Auto Electrical Handbook

Learn about basic electrical theory, how various electrical works and drawing circuit diagrams. Includes tips on electrical test equipment and troubleshooting electrical circuits. 350 photos, drawings and diagrams. Softbound, 157 pages.

L187 29.99 ea

How To Diagnose and Repair Automotive Electrical Systems

Details the various tools, such as multi-meters and test lights, that can be used to evaluate and troubleshoot any vehicle's electrical system. Several hands-on projects take readers on a guided tour of their vehicle's electrical system and demonstrate how to fix specific problems. Paperback, 160 pages, 8-5/16" x 10-5/8".

L2090 27.99 ea

New! Automotive Wiring & Electrical

Countless collector car owners are skilled at performing mechanical work, but for many of them, electrical work seems like a mystery, too complicated and too confusing. However, electrical upgrades are absolutely essential for a high-performance classic car or a modified car to perform at its best. In this revised edition, brilliant color photos and explanatory step-by-step captions detail the installation of the most popular, functional, and beneficial upgrades for enthusiasts of varying skill levels. Just a few of the projects included are: maximizing performance of electric fans; installing electronic gauges; upgrading charging systems; and installing a complete aftermarket wiring harness, which is no small task. Each fact is covered in amazing detail. Paperback, 8-1/2" x 11", 144 pages with 394 color photos.

L1323 30.99 ea

Automotive Wiring & Electrical

The basics of electrical principles, including voltage, amperage, resistance and Ohm's law, are revealed in clear and concise detail, so the enthusiast understands what these mean in the construction and repair of automotive electrical circuits.

8-1/2" x 11", 144 pgs, 350 photos. L1019 30.99 ea

Automotive Wiring A Practical Guide to Wiring Your Hot Rod or Custom Car

The book includes numerous charts showing typical configurations and suggested installations. A troubleshooting section lends a hand in tracking down the inevitable problems that can arise. Paperback, 144 pages, 8-1/4" x 10-5/8".

L39923 29.99 ea

Custom Auto Wiring & Electrical

This indispensable guide to high performance and OEM automotive electrical systems covers electrical theory, wiring techniques and equipment, custom wiring harnesses for racing, hot rods and restorations, premade wiring harnesses, special electrical systems (navigational, audio, video), troubleshooting common electrical problems, dashboards and instrument and trailer wiring. Softbound, 8-1/4" x 5-1/4", 192 pages.

L1056 29.99 ea

Fabrication

Weld Like a Pro

Welding is an art and skill that's essential for automotive fabrication, repair, and vehicle upgrades. It is also an important skill for countless household projects and industries. Not only will you learn these basic skills, but you'll also learn advanced welding techniques as well as with the use of aluminum, titanium, magnesium, stainless steel, and other specialty materials. Paperback, 144 pages, 8-1/2" x 11".

L1570 39.99 ea

Automotive Machining

Machining is an essential part of high-performance engine building and stock rebuilding, as well as certain servicing procedures. Whether you're an enthusiast engine builder or prospective machining student who wants to pursue a career as an automotive machinist, this book will provide insight and in-depth instruction for performing the most common and important machining procedures. Paperback, 8-1/2" x 11", 176 pgs.

L1284 33.99 ea

The Welder's Handbook

Excellent handbook detailing all common and not so common techniques of welding. Oxyacetylene welding and cutting, brazing and soldering. Also includes how to weld stainless steel, aluminum, magnesium and titanium. Softbound, 8-1/2" x 11".

L144 29.99 ea

Welding Manual

This Haynes Techbook covers gas (oxyacetylene), arc, MIG and TIG welding. Soldering and flux cutting are also covered. Techniques are discussed as they relate to automotive and workshop projects. Information on selecting equipment is also included. Softbound, 176 pages, 8-1/2" x 11".

L388 29.99 ea

New!

Media Blasting & Metal Preparation: A Complete Guide

When it comes to bodywork and painting, one aspect that's overlooked is proper metal preparation. However, there's more to a great paint job than sanding and shooting. Without proper metal preparation, the paint finish can end up full of imperfections; bubbles from underneath, or simply won't last, no matter how expensive the materials were. In Media Blasting & Metal Preparation: A Complete Guide, restoration expert and veteran author Matt Joseph gives you all the tools you need to expertly prepare your vehicle for the next stages of restoration. Short cutting the process will only cost you precious time. This book provides all you need to know for a successful and long-lasting restoration. Paperback, 144 pages, 8-1/2" x 11".

L1575 39.99 ea

Metal Fabricator's Handbook

This excellent how-to guide concentrates on race and custom cars. Covers everything from adding a hood scoop or fender flares, to building complete cars. Includes a tremendous amount of useful information. 8-1/2" x 11", 176 pages, paperback, 560 illustrations.

L142 29.99 ea

Sheet Metal Handbook

Detailed information on how to form and shape metal for competition, custom or restoration use. Chapters include hammer forming tools, terms and equipment, riveting techniques, layout, design and pattern making. Softbound, 192 pages, 8-1/2" x 11".

L243 29.99 ea

Professional Sheet Metal Fabrication

Professional Sheet Metal Fabrication is the number one resource for sheet metal workers old and new. Dent repair and automotive patch panels fabrication are covered in detail. This is truly the most detailed enthusiast focused sheet metal how-to book on the market. Paperback, 304 pages, 8-1/4" x 10-5/8".

L44927 39.99 ea

Automotive Bodywork & Rust Repair

Whether you want to tackle a full restoration, or just want to save money by doing minor repairs yourself, Automotive Bodywork and Rust Repair is the book to get you through it. Softbound, 8-1/2" x 11", 160 pages.

L1086 30.99 ea

Fiberglass & Composite Materials

This informative guide covers FRP materials, fibers and fiber forms, resins, gel coats, advanced techniques, building molds and building molds and structures and materials, health and safety, tools and shop equipment. Softbound, 154 pages, b/w illustrations.

8-1/2" x 11".

L452 29.99 ea

Fabricate Automotive Fiberglass & Carbon Fiber Parts

Learn to fabricate and repair body and engine parts fabricated from fiberglass and composite materials (plastic molded or carbon fiber), in your own garage. Use glass strands, mat, woven fiberglass cloth, carbon fiber cloth, and hybrid fabrics, correctly mix the typical resins (polyester, epoxy), hardeners, and gels. Use core materials, such as wood, foam, and honeycomb Nomex, are to add strength to various parts. All the relevant tools, patterns, and materials are covered in detail. This book guides the reader through each critical stage. Softbound, 160 pages, 8-1/2" x 11".

L1096 34.99 ea

High Performance Fasteners & Plumbing

High Performance Fasteners and Plumbing is a comprehensive guide that offers useful, practical information to help you choose the best fastener or plumbing solution for your project. Included are sections on types of fasteners, hose sizes, fittings, thread types and sizes, fuel lines, brake, oil, coolant and fuzel, head lines, routing techniques, clamping loads, stress, bolt stretch, and many other things. Softbound, 8-1/4" x 5-1/4", 176 pages.

L1053 24.99 ea

Drag Race Chassis & Suspension

Detailed information and photos on basic chassis design, how to set ride height, tubing construction, standard axle housings, choosing gear ratios, transmission choices, bolt-on traction bars, 4-Link setups, ladder bars, anti-roll bars, steering, shocks, springs, brakes, wheels, tires, safety equipment and so much more! Softbound, 5-1/4" x 8-1/2", 160 pages.

L1052 29.99 ea

Chassis & Suspension Handbook

First in a series of custom techniques and tips on all areas of building a street rod. Features designing and how-to procedures on building the chassis and suspension for all types of street rods. Paperback, 8-1/2" x 11", 192 pages.

L248 29.99 ea

How To Make Your Muscle Car Handle

This book defines, explores, and reviews the complete suspension system, and teaches you how to best choose your upgrades for maximum effectiveness. Softbound, 8-1/2" x 11", 144 pages, 328 color photos.

L2724 29.99 ea

Cool Ways To Protect Your Car!

Fender Gripper Fender Cover

Manufactured using a cushion soft, non-slip material, Fender Gripper fender covers will not slide off or move around when in use. They are impervious to motor oil, coolant, brake fluid and will not harm the paint and are easily hand washable.

1967-02 Deluxe Windshield Heat Shield

Easy to use UVS 100 ultra violet heat shield helps reduce interior temperature and protect from damaging sun rays that come through the front windshield. One side is silver reflective fabric and the other side is finished in soft Pellon felt. Both fabrics are laminated to a foam core board which acts as an insulator to help reduce heat buildup. Produced using presewn panels that quickly accordion fold for handy storage. There is no hardware or hassles, simply fold and position across the windshield surface, then fold the sun visors down to hold the shield in place. Optional storage bag is available.

New!

Hidden Car Tracker Pro Plus

Track your vehicle easily with the BrickHouse Hidden Car Tracker Pro Plus, a completely covert GPS tracker. This powerful tracker puts you in total control of individual vehicles or fleets, and drivers will never know it's there unless you tell them. Enjoy an unlimited power supply while the vehicle is running and when the vehicle's off, the internal back-up battery continues to provide location data for up to 12 hours - ideal for recovering stolen or lost vehicles.

- Hard wired, no batteries required
- Location updates every 10 seconds
- External antenna for superb accuracy
- 12 hour continuous back-up battery

Through BrickHouse Security's easy to use GPS platform, you can receive instant speed or location based alerts via text or e-mail, based on custom parameters. View the tracker's location in real time on three customizable map views, or access detailed location history reports. All of these features can be accessed from any smartphone, tablet, or computer with an internet connection; no special apps or software are necessary. This device requires a \$29.99 per month fee for unlimited GPS tracking, billed every 30 days (billing starts 7 days after purchase).

Note: If service is inactive for 60 days or more reactivation will require a new SIM card for your device and may take up to 5 business days.

Make Sure Your Vehicle is Safe and Secure!

TrackPort GPS Vehicle Tracker

The TrackPort is the easiest way to track a car or truck, and protect it against thieves. Just plug the device into your vehicle's OBD-II (On Board Diagnostic) port. Normally located under the driver side dash, this port has been standard on all vehicles sold in the United States since 1996. Use your vehicle's existing port to supply uninterrupted power to your tracking device. Unlike traditional hard wired tracking devices, an OBD GPS tracker can be easily moved from one vehicle to another with no tools and little effort. It's completely "Plug and Play".

- No installation required. Just plug in and go
- Move TrackPort instantly from vehicle to vehicle
- Location updates every 30 seconds
- Powered by your vehicle - no batteries needed
- U.S. tracking only

Know where the TrackPort is at any time, view where it's been, and run reports on the vehicle's behavior from any computer, tablet, or smartphone with a web connection. Purchase of this device constitutes agreeing to the monthly service fees chosen upon sale. The TrackPort requires a \$29.99 per month fee for unlimited GPS tracking, billed every 30 days (billing starts 7 days after purchase).

Note: If service is inactive for 60 days or more, reactivation will require a new SIM card for your device and may take up to 5 business days.

Micro GPS Hidden Car Tracker

The BrickHouse Livewire Micro is a high-performance GPS tracker that's completely invisible in any car or truck - and it's one of the most affordable GPS devices available. This completely covert GPS tracker is hard wired behind your dashboard, so the thief will only know it's there if you choose to tell him. And since it gets its power from your vehicle's electrical system, you never have to worry about running out of battery life. When the vehicle is turned off, the Micro provides location updates every hour. For the most accurate tracking available, the Livewire reports location on the Verizon network, which offers the best cellular coverage in the United States. Device supports rapid tracking, Geofence alerts, and speed alerts with select service plans.

Note: This device requires a no contract service plan, available from \$9.99 to \$39.99 per month.

Inspection Approval Stamps

- Achieve complete authenticity for your vehicle by applying inspection approval stamps!
- The first and only kit designed to put inspection marks on your undercarriage and hood!
- A complete set of stamps with specially formulated paint and crayons are included to truly complete your restoration!
- Basic or deluxe kits are available depending on your restoration requirements!

It's the details that make the difference!

You may have seen the letters PT.B. on the firewall of your vehicle. The markings have specific meanings. We've offered a brief explanation to the most commonly asked questions concerning the replacement of these markings. The key between a good restoration and a great restoration is how much detail is put into it. Enter your restored vehicle in the show of your choice and maintain complete originality by obtaining the correct inspection markings. The judges will be impressed!

Questions and Answers

- Q What does PT.B. stand for?
 - A PT.B. means P = Paint, T = Trim, B = Body.
 - Q Do they go in any certain order?
 - A No. They can be mixed up in any way you like. PTB, TBP, BTP, TPB, etc.
 - Q The most common way is PTB.
 - Q Where do they go?
 - A PTB can be on either side of the firewall but the driver side is the most common. They have also been seen on the side of the cowl behind the fender but it would be useless to put them there since they can't be seen.
 - Q What color should they be?
 - A They can be orange, light green, or a mixture of both. For example P=orange, T=light green, B=orange, or anyway you like. If your PTB is still intact before your restoration, do your new PTB's in the same colors. Not all vehicles included PTB's but when restoring yours we suggest you put them on.

Factory Inspection Marking Kits

Includes the correct PT.B. stamps with specially formulated paint to give your vehicle the final inspection marks that the factory put on. Also included are the yellow and white crayons for marking your firewall with the factory inspection marks. A must for any true restoration.

Firewall and Frame Marking Crayons

These are the correct "grease pencil style" crayons used for marking the factory inspection marks on your firewall, subframe, and other various sheet metal areas. Included are a yellow and a white marking crayon.

K0084	5.99 pr
-------	-------	---------

Frame Engine and Body Marker

Automakers use these permanent markers to write codes and numbers on frames, engines and body components. Engine suffix codes were often written on the back of the cylinder heads. Job numbers were written on the firewall, frame, engine, and other components to assure the correct vehicle was being built according to the build sheet. These permanent paint markers will help you exactly duplicate the factory original marks.

M07100 16 fl. oz. 7.99 ea

California Gold Sealer & Glaze

Enjoy the ultimate brilliance of a show car shine on all paint types and colors including clear coats, blacks, reds, and candies. Fills and hides scratches, swirl marks, and spider webbing. Formulated to achieve spectacular, professional results by hand or with a buffer. Will not streak, smear or fingerprint and may be used over existing wax.

M08100 16 fl. oz. 9.99 ea

California Gold Natural Formula Liquid Wax

This natural formula wax contains Carnauba wax and just enough modern chemistry to let you easily apply it, remove the light haze and enjoy the most spectacular shine you will ever experience. For a truly brilliant shine, accept no substitute.

M05750 16 fl. oz. 14.99 ea

California Gold Carnauba Cleaner Wax

The alternative to paste wax is this terrific liquid wax with cleaner. It contains Brazilian Carnauba for spectacular shine and state-of-the-art chemical film formers to lock in durable protection. Great for all paints. Restores color, removes oxidation, and is detergent resistant. Safe for clear coats too.

M05701 16 fl. oz. 8.99 ea

Carpet & Upholstery Cleaner

Carpet & Upholstery Cleaner is a must for removing stubborn dirt and stains from velvet, vinyl, cloth, carpets, and sheepskin covers. Safe and effective on all automotive fabrics, yet works great for home use too. This special formula is designed to get out some of the toughest dirt you'll find. Even works great on grease, gum, and stains caused from mud.

M05422 22 fl. oz. 9.99 ea

Preserves Protectant

Provides preservation and protection for 30 days. This unique formula penetrates and bonds to block out the harmful effects of ultraviolet rays, ozone, smog and contaminants to protect, rubber, vinyl, plastic, and fiberglass. It beautifies and protects tires, bumpers, vinyl tops, dash boards, window trim, seats, household items, sporting goods, and just about everything else.

M05316 16 fl. oz. 11.99 ea

Regular Formula Wheel Mist

Rusty rims? Oxidized bumpers? Don't worry Mothers® will clean it up for you. The original, one step wire and mag wheel cleaner, formulated for chrome and rough cast aluminum. No scrubbing or elbow grease needed. Simply spray on and hose off dirt, oxidation, rust and brake dust for the best shine and the ultimate sparkle. Works great on chrome bumpers, side pipes, or any hard to clean bright metal surface.

M05824 24 fl. oz. 7.99 ea

Mothers® PowerBall

Mothers' PowerBall is the first foam polishing tool designed to revitalize billet, diamond plate, polished aluminum, stainless steel, plastic lenses, convertible top windows, and much more. When used with Mothers® PowerMetal polish, the power ball is ideal for any uncoated, polishable metal finish. Its unique and durable construction compresses to fit tight spaces, so polishing difficult, intricate metal work to a mirrorlike finish is fast and easy.

M05140 PowerBall 31.99 ea

Chrome & Glass

Cleaner/Protector

Ideal for cleaning and protecting windows, mirrors, bumpers, wheels and chrome trim. Leaves surfaces clean and streak free. Unique protecting agents resist smears and fingerprints.

M05208 12 fl. oz. 7.99 ea

Mothers® Back-to-Black

Renews and protects all exterior trim. Perfect for all vinyl, rubber, plastic, flat finishes, yet surfaces need not be black to achieve superior results. Works incredibly well on both smooth and textured surfaces, bumpers, protective and decorative moldings, louvers, air vents, window trim, and wiper arms. After applying, surfaces look new again and will be protected against further oxidation or deterioration caused by harsh elements. To get back to beauty, get Back-to-Black.

M06108 8 fl. oz. 9.99 ea

Professional Car Care Products For The Enthusiast!

Reflect-It Correction

Creme and Swirl Eliminator Polish

This light cut correction creme restores depth of gloss and color while leaving a surface free of swirls or compound haze on all types of paint finishes. Formulated using an advanced blend of diminishing, micro synthetic silica abrasives, Reflect-It™ quickly removes 2000-3000 grit sand scratches, cobweb scratches, swirl marks, water spots, and other paint imperfections. Swirl eliminator is a ultra gloss polish uses extremely fine polishing agents to eliminate swirl marks and hairline scratches while preparing a blemish free surface for final finishing. Provides longer buffing time to create an exceptionally high gloss, glass-like appearance. Safe for all types of paint finishes. For hand or machine use. Contains no wax.

OER® "Secret Formula" Clay Bar System

Clay pulls out all the contaminants you cannot see, but that you can definitely feel, like industrial fallout, rail dust, and brake dust. Though these contaminants are not visible, you can tell they are there because the paint will feel rough or gritty. These contaminants can cause patches of paint to appear dull, even after waxing. As these contaminants oxidize, they create rust spots within the paint. Once this happens, the oxidation is considerably harder to remove and will most likely take a good bit of paint with it. Clay will remove these contaminants and leave the surface silky smooth with a mirror-like smooth finish. This clay will not break down or deteriorate like inferior low quality clay bars are prone to do. It is super elastic and will act as a magnet for foreign particles, literally pulling paint-fouling grime from the paint. Clay lubricant is essential to the performance and lifespan of the clay. It provides the necessary slick surface for clay to glide on. Using low quality lubes or cheap detail sprays will deteriorate the bar faster and lead to poor performance. Our SW88 Quickspiff Spray Wax and Clay Bar Lubricant is available separately in a 32 oz bottle (# K89505) or pre-sized gallon (# K89506).

OEER™ "Secret Formula" Acryli-Shine Glaze

Glaze is a polish without any cleaning properties used primarily to improve the shine and clarity of paint. Primarily used by body shops for finishing jobs or by detail shops to bring out the brilliance of paint, glazes are also commonly used on show vehicles to achieve a "high luster or wet look". It was developed for the darker finishes, using a slightly moister formulation to enhance the difficult to wax paint finishes. The application process is forgiving, smooth, and dust free. Your moldings will not turn white. Glazes do not replace polishing. If a surface has minor swirls and imperfections, to achieve the best superior results, the surface should be polished with a polish first.

OEER™ Premium Carnauba Pre-Softened Wax

OEER™ Secret Formula Pre-Softened Carnauba Paste Wax is in a class all its own. A pre-softened paste wax with no cleaners, it leaves a deep, brilliant long-lasting shine. It protects and beads up with a glass like gloss that lasts up to 6 months. It works beautifully on all colors, even on blacks, reds, and burgundies, filling in swirl marks. It's also super easy on and off; just wipe on in a circular motion, and take off with a microfibre immediately. No need to wait for it to dry! Leaves no white haze at all, there is no white residue to clean out of the cracks, and no need to be careful around the exterior trim – it won't leave white marks! There's no trade-off here: the easiest application in the world, and the best results! Great grape smell. For the enthusiast who demands the highest and wettest level of shine, OEER™ Secret Formula Pre-Softened Carnauba Paste Wax is a premium blend of genuine Carnauba wax and natural oils that makes paint "drop off of your vehicle" with a high gloss shine and shimmer that is sure to impress even the toughest critics. The 5" round microfibre applicator pads make it easy to apply waxes or rubbing compounds without scratching paint or clear coat. Simply rinse and reuse. Microfibre applicators are highly absorbent, strong yet gentle and the fabric is machine washable.

P99 HD Interior Fabric Cleaner

The beautiful thing about P99 HD: It leaves no film. After cleaning fabric, carpet, floor mats, convertible tops, vinyl tops, seat upholstery, door panels, vinyl, plastic, aluminum, you will have a clean surface free of any residue. This strong all purpose cleaner should be diluted 30:1 for light jobs, 15:1 for medium, and 5:1 for heavy dirt. Apply with a sprayer or sponge. Agitate stubborn dirt with a brush. Our P99 HD Secret Formula Interior Exterior Multi Purpose Fabric Cleaner works quickly as a spot cleaner for all color-fast fabrics. Will not stain or leave a ring around area cleaned. Apply by hand and in a matter of seconds the specially formulated cleaning agents emulsify the stain while the surfactants work to unlock the soil from the fabric and suspend the dirt within the liquid cleaner. When you blot with a clean dry cloth, the liquid containing the stain transfers to the cloth.

Ice Super Shine High Gloss Dressing

The Ice Super Shine Dressing is a thick silicone rich dressing that leaves a super high gloss, long-lasting shine on tires, rubber molding, vinyl, and plastic. For the detailer who demands the very best in appearance and weather protection. Tires renewed with Ice will repel water through repeated washings. Ice is named for its super "wet look." It looks like a coating of ice! Contains a fruiting fragrance you'll love. This dual action premium dressing leaves surfaces 100% dry to the touch and shining better than new, while protecting the surface against dirt, dust and harmful UV rays. Surfaces treated with Ice Super Shine Dressing look shiny longer, require less cleaning. Maintains a 100% dry, never greasy or oily, fresh texture on vinyl, leather, plastic, rubber, tires, and more!

Finishing Touch Matte Finish Protectant

Finishing Touch is an all purpose dressing that restores the "wet car look" to vinyl, rubber, leather, and plastic. It cleans, beautifies, and protects. It is preferred by many detailers for interiors for their "softer" look and non-greasy look and feel. Pleasant banana fragrance. Spray or wipe-on ready to use. Cleans, protects and beautifies in one easy step. Gently wipes away light traces of dirt while you apply. Patented UV absorber penetrates and acts as a protective barrier against harmful rays that cause premature aging, cracking, fading, and peeling. Engineered to work like a lion to soak into new vinyl or dry vinyl to aid in prolonging and strengthening the surface. Perfect for dashboards, vinyl tops, door panels, consoles, tires, trim, bumpers, vinyl seats, moldings, and more.

Professional Car Care Products For The Enthusiast!

OER® Premium Metal Polish & Sealant

OER® Extreme Shine Metal Polish & Sealant cuts through layers of dulling oxides to restore a wet mirrorlike finish that outshines chrome. This outstanding polish makes chrome, copper, brass, aluminum, stainless steel and other metalwork gleam and look their absolute best. Spreads on with ease, buffs off with little effort. Great for oxidized metals and even light rust. Can be easily applied in the shade or sun. Leaves virtually no smear, dust, or powder. The most innovative metal polish ever. A 3 step product in one, this diminishing metal polish cuts fast, cleans like no other, shines like a mirror and protects like a sealant. Utilizing friction and heat OER® Extreme Shine Metal Polish cleans, restores, revives and polishes. Friction generates heat that allows the product to break down into a micro-fine polish that leaves the surface shining like a mirror. During the final phase, it breaks down to release the durable protective sealant that bonds to metal surfaces reducing corrosion and prolonging shine. Use by hand with a polisher or with your polish ball and drill.

K89483 16 oz. bottle..... 17.99 ea

OER® Secret Weapon Polish Balls

The Secret Weapon Polish Ball bends and compresses enabling it to fit into tight spaces and make the cleaning and polishing of difficult, hard to reach areas like wheels, rims, and other metal work much easier. Can be attached to any handheld drill or drill-like device for fast and superior cleaning and polishing. Great for cleaning and buffing small items like mirrors, headlight lenses and trim parts. Space age Dura-foam and fiber soft materials make it the most durable tool of its kind. Ideal for use with your favorite wax, polish, wheel cream or compound.

OER® "Secret Formula" Wheel and Tire Care

Over the years, OER® has become the name that you have come to trust for quality restoration products. We are dedicated to bringing our valued customers the absolute best products our industry has to offer. When it comes to car care, our "Secret Formula" products are no exception! We know you have a lot invested in your classic car, so we have formulated products that not only perform at a level unmatched by any other brand, but a formula that keeps your investment in mind. Our formulas are engineered not only to keep your pride and joy looking good, but also to protect your vehicle's delicate surfaces from the elements without the use of harsh damaging chemicals.

OER® Acid Free Wheel and Tire Cleaner

Spray-on and rinse-off! Easily removes deposits of brake dust, grease, and road grime from wheels. Safe for clear coated, painted, and polished finishes. This strong non-acid formula is fortified with a citrus cleaning agent. This is an industrial strength 1:1 concentrate. Dilute with water as needed. Long time accumulations of brake dust may need light agitation with a soft brush. Unlike many alternative products, OER® Acid Free Wheel Cleaner dissolves grime and brake dust without damaging your chrome and alloy wheels. Non-acidic, spray-on wipe-off formula with no scrubbing necessary and no harsh scent.

K89614 32 oz. bottle..... 9.99 ea
K89615 1 gallon..... 17.99 ea

OER® Secret Formula Wheel Wax

OER® Secret Formula Wheel Wax is formulated to safely and effortlessly clean, shine, protect and prolong all types of wheels and wheel finishes. Wheel Wax delivers a high gloss durable wet shine finish on all chrome, aluminum, stainless, powder coated, and even painted wheels. Clean, polish, shine, protect, and prolong in one easy step. Extremely easy to use and apply, utilizing accurate micro-size synthetic beads that gently and effortlessly lift and polish away oxidation and road film from wheels to guarantee a scratch free perfect surface. Wheel Wax not only enhances shine, it protects your investment. Harmful degreasers and acids can damage wheels reducing shine and causing premature oxidation and deterioration of wheel. Wheel Wax is an acrylic sealant that bonds instantly to protect against brake dust, heat, acid rain, water spots, airborne fallout, and road contaminants.

K89486 8 oz. jar..... 16.99 ea

OER® TNT Extended Life Tire & Trim Dressing

This unique formula quickly penetrates rubber trim and tires to hydrate and provide lasting protection. TNT Extended Life gel by OER® finally delivers on that promise. Simply wipe on using a pad and TNT gel restores the look of faded tires, trim, bumpers, seals and weatherstrip. What's more, OER® TNT gel lasts for many months, not days. Our exclusive, no-streak, no-run, and non-drip formula works to repel water and detergents and helps keep tire walls hydrated and supple as well as looking brand spanking new. Prepare your trim for a product unlike any other. A true premium trim restorer and protectant, that will not drip, dry out, or destroy surfaces. Provides unmatched durability, ease of application and a superior "new look" shine that lasts through numerous washes. Non-greasy, non-tacky and simply amazing.

Professional Car Care Products For The Enthusiast!

Grit Guard insert
Keeps the wash water clean and scratch free!

Grit Guard Wash Systems

This unique wash bucket provides a convenient way to store or transport all of your car cleaning supplies while doubling as an extremely effective finish protecting wash tool. The Grit Guard insert sits in the bottom of the pail to extract particles and contaminants from mitts and brushes. Gravity causes sand and dirt to settle below the guard so the wash water stays clean and scratch free.

Basic Wash System

The basic wash system includes a black pail with a yellow sealing lid and a Grit Guard insert.

Protection from Moisture During Storage

Sta-Dri pouches significantly reduce humidity and moisture inside of your vehicle safely and conveniently. Pouches can be regenerated up to 3 times. Use 1-2 pouches per vehicle. Depending on humidity level, one pouch can last up to a year of continuous storage, though it is recommended that you check every month and regenerate as necessary. Non-toxic and non-corrosive, remains dry to the touch even when fully saturated.

Buffing Pad Wash Bucket

When you hand wash pads, the backing pad gets wet, oversaturating the foam. The universal pad washer keeps the backing pads dry and extends the life of your pads. No more throwing away perfectly good pads because the backing pad has torn off. Your buffing pads, buffing bonnets, polishing tools and accessories clean up so well you'll think they're new! Condition, clean, and dry all in one system.

The universal pad washer extracts contaminants trapped deep inside your buffing pads. No cross contamination worries when switching buffing compounds. O-ring seal lid provides water tight portability. Wash and dry in under 30 seconds!

- Non-toxic and class A fire rated
- Both are paintable
- Coverage is approximately 50 ft²/2 gallons

Sound Control Benefits:

- Provides non-combustible thermal insulation
- Able to withstand temperatures up to 500 degrees F
- Interior temperature reduced by 30 degrees F
- Offers a protective, seamless membrane

Ceramic Insulation Benefits:

- Protects surface from moisture and rust
- Dampens annoying rattles, vibrations and road noise
- Impressive damping to weight ratio
- Coating can withstand temperatures up to 300 degrees F

Sound Control and Ceramic Insulation

Get the comfort of premium grade insulation without the extra weight! These environmentally safe formulas from LizardSkin can be used as one part coating or as a two stage system for a cooler, quieter driving experience. The Sound Control formula dampens unwanted engine and road and noise, while the Ceramic Insulation formula cools your vehicle up to 30 degree F or more creating a more comfortable ride. Designed for floors, roofs, firewalls, fenders, transmission tunnels, door panels, trunks, and more, all at a combined cured weight of 52 lbs for four gallons. Insulating a vehicle has never been this easy, thanks to a custom designed application gun made specifically to handle the thick density of the coatings with ease. Order the individual components or buy a complete kit and save!

Important: For two stage applications, Sound Control coating should be used as the base. Four gallons of each coating are required to encapsulate a typical interior and trunk area of 1 vehicle, and 1 gallon of Sound Control when applied as undercoating.

OER® Rust Removal & Prevention

Remove Rust

OER® Dissolve Rust

OER® Chemical Restoration Dissolve Rust returns rusted surfaces to bare metal without harming the integrity of the metal. The viscous formula is reusable and will not harm plastic, rubber, seal, soft metals, or non-oxide coatings such as paint and chrome. OER® Chemical Restoration Dissolve Rust works like an acid, but is safe for you and the environment. OER® Chemical Restoration Dissolve Rust is ideal for removing rust from any part or surface that can remain damp with the product until the rust is gone!

Dissolve

■ **OER® Dissolve Rust** removes rust leaving a bare metal surface.

K86110 quart..... 16.99 ea

Treat Rust

OER® Etch Metal

OER® Chemical Restoration Etch Metal inhibits rust and promotes paint adhesion for bare metal surfaces. This specially formulated liquid gently etches the metal, then leaves a zinc coating that helps chemically bind paint to the surface. OER® Chemical Restoration Etch Metal is non-toxic, non-flammable and reusable. Ideal for application on bare metal parts after sandblasting or using OER® Chemical Restoration Dissolve Rust.

Etch

■ **OER® Etch Metal** removes light surface rust and leaves a coating that bonds paint to the metal surface.

K86114 quart..... 16.99 ea

Convert Rust

OER® Convert Rust

OER® Chemical Restoration Convert Rust instantly neutralizes rust and converts the rusted surface, leaving a protective dark polymer coating. The inert coating provides an excellent primer base that seals out moisture to prevent future rust and corrosion. Protected surface can then be top coated with most paints. OER® Chemical Restoration Convert Rust can be applied with a brush, trigger bottle or a spray gun. Brush - A common household paint brush or foam applicator. Spray Gun - HVLP or conventional spray gun using a 1.0-1.4 nozzle at low pressure. Available in quart bottles.

Convert

■ **OER® Convert Rust** turns rust into a black, paintable polymeric coating that's ready for primer or top coat.

RustSeal® Corrosion Barrier Coating

OER® Authorized RustSeal is a superior one part, ready-to-use, high-solids content, rust preventive, corrosion barrier coating, that is actually hardened by exposure to moisture. It is impervious to road salts and most every chemical. RustSeal flows out to a beautiful, rock-hard, tough ceramic-like coating that is tough to chip or scratch, and will not crack or peel. RustSeal is an incredible, single component, ready-to-use, high solids content, rust preventive coating with exceptional sealing properties. RustSeal is the most permanent cost effective solution for stopping rust and corrosion anywhere where it is a problem: home, automotive, industry, fleet, farm, and more! RustSeal is an enhancement that lasts. Water and air are locked out, therefore oxidation, the precursor to rust, cannot take hold. RustSeal is not intended for use as a final finish. To protect against unwanted cosmetic changes, top coat RustSeal with any opaque (solid color) paint system. After removing or treating rust on floors, subframes, or other under vehicle components, RustSeal Corrosion Barrier Coating works by isolating the surface from moisture and oxygen. This single component, high solids, rust stopping coating seals out the ultimate causes of rust, creating a rock hard non-porous barrier between the metal and rust promoting elements. Will not crack, chip, flake, or peel, and no hardeners or activators are needed. RustSeal is completely unaffected by salt, gasoline, oils, battery acids, hydraulic fluids, solvents, chemicals, or corrosives.

RustSeal® Coating

Available in your choice of a wide variety of colors and sizes. Select the part number for the size of the can you need, then add the 2-digit numerical color code to the end of the part number to specify your desired color when ordering.

Rust Removal & Prevention

BlackTop® Top Coat

BlackTop is a permanent, moisture cured, UV stable coating primarily used for top coating surfaces previously sealed with RustSeal® or any other paint/primer application. BlackTop is a high-performance protective coating specifically formulated to withstand dulling and fading caused by prolonged sunlight exposure. BlackTop may be used alone as a resilient coating but offers the ultimate rust protection when used in combination with the RustSeal corrosion barrier coating as step 1. For the best rust and ultraviolet protection, first apply RustSeal to permanently seal the surface and then top coat with BlackTop for an incredibly tough and professional looking finish. Like RustSeal, BlackTop dries to a rock hard yet flexible coating that can be readily applied to chassis, coil springs, and lightweight panels. BlackTop also has high heat resistance and can be applied to almost all automotive applications except exhaust systems. BlackTop is intended as a final finish for parts that have been coated with RustSeal. BlackTop will retain its color and sheen even after repeated or prolonged exposure to direct UV light and will not degrade.

DiamondFinish® Clear Coat

DiamondFinish Gloss Clear Top Coat is a permanent, moisture cured, UV stable coating primarily used for top coating surfaces previously sealed with RustSeal® for top coating directly to metal, or to coat over any other paint/primer application. The clear coat formula can be applied directly to metal or over other coatings. This high gloss clear coat remains permanently flexible and is able to perform in the toughest environments without yellowing, cracking, or peeling. Apply directly to painted surfaces with minimal surface prep. Incredibly tough and hard like no other clear coat on the market. Can be applied with a brush (without leaving any brush marks), roller and conventional spray gun. Unlike two part coatings, no hardener is needed with DiamondFinish. Just stir and go. DiamondFinish clear coat will cure without heat or UV lights in temperatures from 50 to 86 degrees Fahrenheit. Able to withstand the harshest of chemicals including fuels, solvents, battery acid, brake fluid, Ethanol, Methanol, MEK, Hydrochloric Acid, fertilizers, and Acetone. Graffiti resistant: because of its chemical resistance, graffiti just won't stick and can be removed simply with a solvent soaked rag. Great for high temperature automotive applications including the use on cylinder heads, engine blocks, brake components and even inlet manifolds, without yellowing up to 300 degree Fahrenheit.

Water Based and Solvent Based Undercoating

Whether you choose our water based or solvent based undercoat formulas, each produces a very tough, yet flexible film with excellent adhesion, and helps prevent road salt from eating away at your vehicle's metal and/or fiberglass. Offers excellent adhesion to metal or painted surfaces. Provides economical paintable durability, plus moisture resistance and corrosion resistance, all in a matte black finish. Also provides sound deadening by reducing road noise and vibration. You can attach the quart size can directly to a Schutz applicator type spray gun or contents may be poured into a clean container pot that fits the applicator gun of your choice. Part #20018 undercoat gun is offered separately.

Water Based Asphalt Undercoat - Non-Paintable

Our VOC friendly water based undercoating provides protection in wheel wells, gas tanks, fenders, and floor pans. Being an asphalt base, it is not designed to be painted over. Dry to touch in one hour, fully cures in 24 hours. Excess coating may be removed with soap and water.

KB78400	one quart	covers up to 25 square feet	22.99 ea
KB78500	one gallon	covers up to 100 square feet	66.99 ea

Solvent Based Asphalt Undercoat - Non-Paintable

OER® Aerosol Coatings

All new quart cans
 now available!

OER® Premium Quality Aerosol Interior Paint

OER's revolutionary formula provides 40% more coverage than standard dyes and lacquers, and actually penetrates and molecularly bonds to the surface to permanently seal in the color. Dries to the touch in 45 seconds, forms a complete bond in just 10 minutes. UV stable and color fast, it will not crack, flake, or peel. For use on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass, and recycled plastics. When only the best will do, use OER® Premium Quality Interior Paint. Available in your choice of a convenient 16 oz. aerosol can (net wt. 12 oz.) or for bigger jobs where a spray gun is required, we offer quart cans.

Note: Shipped within the continental U.S. only. Shipped ground only.

OER® Interior Surface Preparation Formulas

Before spraying, be sure to properly prepare the surface for top coat. We offer a variety of surface preparation products to ready reproduction dash pads, headrests, door panels, padded pillar moldings, plastic parts, metal components and other parts for the application of the top coat.

Note: Shipped within the continental U.S. only. Shipped ground only.

OER® Metal Mimic FX Coating

OER® Metal Mimic FX high-performance coatings were developed to mimic the appearance of bare metal so that you can refinish and protect all of the components that were originally left unpainted by the factory. Items such as cast iron housings, aluminum housings, stainless steel parts, galvanized parts and even chrome can now be coated with a "factory correct" looking finish that is extremely durable and amazingly close to the original color.

Note: Ships ground only. No air shipment.

OER® Factory Black Coatings

OER® factory black coatings are available in a variety of sheen levels to help you achieve the correct factory look for your restoration. Our Ultra Flat sheen is an extremely flat non-glare finish. The next level up is our low gloss formula followed by the semi-gloss and finally our exclusive high gloss formulation. Whatever you are spraying, we have the correct sheen for an original factory black look.

Note: Ships ground only. No air shipment.

Factory Black Set - Contains All Four Formulations

Buy the complete OER® Factory Black set and you will have all the necessary sheen levels for a correct factory look no matter what component you are spraying. K89500 4 can set, all four sheens..... 59.99 set

Ultra Flat Factory Black

Extremely flat non-glare finish that is perfect for a variety of uses including underhood items like hood hinges, latches, carburetor parts, seat adjusters, pulleys, linkage, nuts, bolts, washers, screws, clips, brackets, and more. Provides a durable flat black zinc phosphate look without the high cost of black zinc phosphate plating.

K89540	16 oz. aerosol can (net wt. 12 oz.)	19.99 ea
K89590	case of six cans	89.99 ea

Low Gloss Factory Black

A durable low gloss coating that provides a factory fresh appearance on the frame, transmission crossmember, leaf spring shackles, control arms, firewall, coil, brake components, AC compressor, or anywhere else a low gloss, but not quite flat black finish is desired.

K89541	16 oz. aerosol can (net wt. 12 oz.)	19.99 ea
K89592	case of six cans	89.99 ea

Semi-Gloss Factory Black

A durable low gloss coating that provides a factory fresh appearance on the underside of the hood or on inner fender skirts, battery tray, radiator support, master cylinder, front control arms, brackets, pulleys, fan blade, smog pump tail housing, starter, power steering assembly, horns, sway bars, wiper motor assembly, and suspension components or anywhere else a semi-gloss black finish is desired.

OER® Aerosol Coatings

OER® Rubberized Undercoating

A black, rubberized undercoating for all automobile under surfaces. Sprays evenly and dries completely to a smooth consistency. Can be top coated with any type of automotive finish. Prevents rust, reduces road noise, seals out water, fumes, road chemicals, and dust. Special formula greatly reduces lingering odor associated with most other brands of undercoating. No "bleed through" when top coated. Use on undersides of panels, hoods and deck lids, trunk interiors, section repairs, weld joints, rust holes, or on chassis parts. 20 oz. aerosol can (net wt. 18 oz.) or buy a case and save!

Note: Ships ground only. No air shipment.

OER® Professional Grade PBE Primers

OER® is pleased to offer our professional grade primers specifically formulated to meet the performance needs of body shop personnel but conveniently packaged for the automotive enthusiast. Tough and dependable, these primers adhere extremely well, prevent rust and corrosion and enhance the quality and appearance of the finished product. Large fan spray head gives a professional looking application. Eliminates the need for a spray gun for small repairs, reduces cleanup time.

Note: Ships ground only. No air shipment.

OER® Self-Etching Sanding Primers

Manufactured with a modified acrylic resin to give you excellent adhesion to all types of metal, aluminum and prepared surfaces. Dries to the touch in 10 minutes. Dry to sand or top coat in 15 minutes. Available individually in 20 oz. cans or in case of six.

Individual 20 oz. Aerosol Can (Net Weight 15 oz.)

OER® High Solids Sanding Primers

A superior professional grade primer formulated with 40% solids to provide twice the coverage of conventional aerosol primers. Fewer cans needed to complete the job to save you time and money. Protects against rust and corrosion. Provides excellent adhesion with single coat hiding capability and minimum over spray. Available individually in 20 oz. cans or in case of six.

Individual 20 oz. Aerosol Can (Net Weight 17 oz.)

OER® Zinc Phosphate Primers

Specially formulated primer that is chromate free and chemically bonds with iron, steel and aluminum to form a hard, highly adherent coating. It has exceptional corrosion resistance. Ideal for spot repair of damaged coatings. Exceptional protection against rust and corrosion. Compatible under two component coatings. Forms a hard, highly adherent, water resistant coating that can be painted or left as is. Dries to the touch in 10 minutes. Available individually in 12 oz. cans or in case of six.

Individual 16 oz. Aerosol Can (Net Weight 12 oz.)

OER® Spray Galvanizing Weld-Thru™ Coating

A smooth, cold galvanizing compound that chemically fuses to bare steel and forms a extremely rust resistant barrier. Perfect for application on the inside of newly installed panels where rust prevention of new metal is important, but where the part treated will not be painted. Fast dry, spray free spray that is abrasion resistant. Stops rust creepage, resists chemicals and is rust inhibitive. Apply it to sheet metal pieces before installation, then weld as usual. The coating will not affect the quality of the weld, and will retain its rust preventative properties. Available individually in 12 oz. cans or in case of six.

Individual 16 oz. Aerosol Can (Net Weight 12 oz.)

OER® Aerosol Coatings

OER

OER® Factory Wheel Coating

OER® factory wheel coatings are available in a variety of original colors so you can achieve the correct factory look on the restoration of your wheels. Eliminates the need for expensive custom paint mixing and greatly simplifies the restoration process by providing spray gun results without the hassle and mess of a spray gun or the need for an air compressor.

Note: Ships ground only. No air shipment.

Rally Wheel Argent Silver

Correct color and sheen for the restoration of Rally I, Rally II, and Super Stock wheels. Makes your wheels look like they just rolled out of the factory.

K89320 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea
K89321 case of six cans 89.99 cs

Rally Wheel Argent Silver/Green

Correct color and sheen for the restoration of 1968-74 Rally wheels that call for Argent Silver with a slight green hue.

K89325 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea
K89326 case of six cans 89.99 cs

Low Luster Gray Wheel Paint

Correct color and sheen for the restoration of Rally, Super Stock, Honeycomb and Z28 5-spoke mag wheels that call for a unique shade of gray. This gray was used on the backside and in some cases both sides of steel factory sport wheels. Can also be used on jack mechanism and jack base on some models.

K89410 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea
K89411 case of six cans 89.99 cs

Rally II Wheel Insert Paint - Charcoal Gray Metallic

Charcoal gray metallic paint for the restoration of the pie-shaped wheel insert area on Rally II wheels. Correct color, tone, and luster for a factory fresh appearance.

K89330 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea
K89331 case of six cans 89.99 cs

Z28 5-Spoke Mag Wheel Paint - Shadow Gray

Correct color, sheen and texture for the restoration of 1970-81 Z28 5-spoke mag wheels also known as "Trans Am", "high-performance" or "5-spoke Rally" wheels. Correct for 1970 Chevelle and El Camino 5-spoke factory wheels as well.

K89310 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea
K89311 case of six cans 89.99 cs

Honeycomb Wheel Paint - Daytona Gold or Simulated Magnesium

Correct color, sheen and texture for the restoration of 1970-76 Pontiac Trans Am, Firebird, GTO, Formula or Oldsmobile 1972-74 Super Stock IV wheels. Your choice of Daytona Gold or Simulated Magnesium.

Daytona Gold

OER® Trunk Spatter Paint

K86130

Restoration grade spatter paint for the discriminating restorer who wants to accurately replicate the original texture and finish in their trunk. Produced by the original manufacturer for an authentic texture and color match. These water soluble paints are designed to be applied with a paint gun and do not require a clear coat. One quart required per vehicle. Includes instructions.

Important: Originally applied trunk spatter paint with a Binks 2100 gun with a 200 tip and a 66 fluid nozzle with an internal mix air cap.

K86130 quart black and aqua 109.99 ea
K86131 quart gray and white 109.99 ea

OER® Underhood Detail Paint

The perfect alternative to expensive zinc phosphate plating.

A variety of choices are available to correctly refinish underhood items such as hood hinges, hood latch and safety catch, curbs, pulleys, linkage, nuts, bolts, brackets, clips, screws, and more with a durable flat or non-gloss finish that mimics the appearance of zinc phosphate plating.

16 oz. aerosol can (net wt. 12 oz.) 19.99 ea

Note: Ships ground only. No air shipment.

K89540 factory black 19.99 ea
K89520 dark gray 19.99 ea

OER® Clear Enamel

Provide extra durability and color depth on a variety of surfaces.

OER® Clear Enamel will enhance the appearance of engine components, wheels, suspension components, and other painted and unpainted surfaces where a gloss clear top coat is desired. Withstands rust, gas, oil grease, salt and intermittent temperatures up to 400 degrees F. 16 oz. aerosol can (net wt. 12 oz.) 19.99 ea

Note: Ships ground only. No air shipment.

K89265 gloss clear 19.99 ea

A9250101

A9250102

Binks 2100 Spray Gun

This is the style gun that was used at the factory to apply the trunk splatter paint in the correct consistency and pattern. Includes the correct fluid nozzle, needle, and air nozzle. Will spray all conventional coatings, including those with high solids. Features a forged aluminum body that has been precision machined, and brass air nozzles and knobs that are nickel-plated.

Note: Pressure pot required. Not included.

A9250101 spray gun 369.99 set
A9250102 2 qt. pot 399.99 ea
A9250103 5' air hose 45.99 ea
A9250104 5' fluid hose 65.99 ea

Experience Spray Gun Control!

Transform your aerosol container into a versatile spray gun. Using it's unique "lock-on" device, simply snap it on and spray! You'll experience better control for applying steady even coats, easy handling and comfort, all adding up to reduced fatigue. Use with paints, lubricants, cleaners, craft sprays, and more! Universal fit for most aerosols.

1968-82 Air Cleaner Decal

This decal applies to the side of the air cleaner base and indicates "Keep your GM car all GM." Each decal is pressure sensitive with a "peel and stick" backing. Simply remove the backing and apply the decal to the side of the air cleaner base. Location of the decal will vary depending on the year.

Note: Open element air cleaners did not use this decal.

KEEP FINGERS CLEAR FAN CAUTION FAN

DC930

CAUTION

THIS CAUTION SIGN PREVENTS FINGER INJURY. COOLANT LAYERS UNDER CAP IS DANGEROUS. REMOVE CAP CAREFULLY TO PREVENT BURN. ALWAYS USE PROPER WARNING CAP.

DC471

1967-82 Caution Fan Radiator Shroud Decal

These decals are applied to the top of the fan shroud and indicate to keep your fingers clear of the fan. Simply peel and stick to the fan shroud. Be sure to clean the surface thoroughly before applying.

Note: Available from 1967 through 1982.

1968-92 Emissions Decal

These decals were applied to the radiator support and denoted the engine tuning specifications and emissions information (when applicable). On vehicles equipped with air conditioning, the decal is applied to the radiator shroud. On vehicles

without air conditioning, the decal applies to the radiator support between the center of the radiator support and the driver side radiator support brace.

Note: Location of the decal may vary depending on the year.

1967-82 Trunk Jack Instructions

Applies to center indentation on the inner trunk lid. Includes a correct peel and stick backing for easy application. Be sure to clean the area thoroughly of dirt before applying the decal. Simply remove the backing from the decal, and apply to the designated area. Select from a variety of different applications listed below. These decals are available for 1967 through 1992 models. Replacing your decals can add authenticity to your restoration and add value to your Camaro.

Reproduction of the often misplaced or missing luggage rack instruction tag for 1968-70 Camaro models equipped with the ultra-rare trunk mounted luggage rack option.

DC1036	1968-70	7.99 ea
--------	---------	---------

1969 Concourse Detail Decal

All vehicles from the factory had part tags. Over the years, rain, snow and restoration have removed most of them. These paper tags were used to identify the part or assembly to the factory line worker. The worker read the build sheet and installed the corresponding part or option on the vehicle. Usually tags were placed on parts that were an option or group of options. When a vehicle came from the factory the tag could have been anywhere on the part, sometimes not even visible or straight. This tag set is compiled from original build sheets using the most common options and components and are not intended to be an exact match to any particular model. Set includes: brake and fuel line tags, shock and spring tags, brake cable tags, sway bar and many others. There is a total of over 50 tags. CDD6901 1969.....46.99 set

1969 Steering Box Decal

1988-90 Rocker/Rear Panel IROC-Z Decal

Restorers' Choice™ reproduction or standard replacement IROC-Z decals for 1988-90 models. Restorers' Choice™ decals feature correct three tone color as original on a black background. This is a decal that is identical in size and shape of the original emblem used on the rocker panel or rear panel. The decal can be used in the recessed area of the original emblem or applied directly over original emblem. In the case of the original rear bumper emblem there was a small Chevrolet Bow Tie next to the emblem that is not offered on the standard replacement.

Decal Application Cleaner, Gel, and Protectant **New!**

Ensure a safe application by a proper preparation of the vehicles painted surface with Pre-App® surface cleaner. The Slide-on® Application Gel is specially formulated for applying automotive stripe kits, eliminating air bubbles and helping to temporarily overcome the tack of pressure sensitive materials during installation. Slide-over® UV Protectant provides an optically enhanced appearance by repelling dirt, oils, tree sap, smudges, and stains.

T-Top Weatherstrip & Moldings

1978-81 T-Top Retaining Clip & Grommet

Reproduction stainless steel T-top retaining clip and the injection molded plastic T-top retaining clip grommet for 1978-81 Camaro models with Fisher style T-tops. 4 clips and 4 grommets are required per vehicle.

3071340 1978-81 retaining clip 6.49 ea
20066276 1978-81 grommet 6.99 ea

1982-92 Fisher T-Top Weatherstrip Set

Reproduction T-top weatherstrip for 1982-92 Camaro. The 8 piece set contains LH and RH weatherstrip seals, outer drip molding seals, and plastic T-top deflectors. The 4 piece set does not include the drip molding seals or deflectors.

Important: There are only two types of T-tops for 1982-92 models. The easiest way to identify which type you have is to measure the T-top length, where the glass fits under the center T-bar factory installed (Fisher) = 30-1/4". Aftermarket installed cars and concepts = 25".

Note: Early 1988 models featured an interlocking slider bracket molded into the T-top body side weatherstrip. The replacement weatherstrip does not feature the bracket but it will install and function correctly on early 1988 models.

10164132 1982-92 4 piece 199.99 set
10164133 1982-92 8 piece 319.99 set

1978 Hurst Hatch T-Top Weatherstrip

Reproduction Hurst style 1st design T-top weatherstrip primarily used on early 1978 Camaro models. If the weatherstrip folds over and meets the headliner area it would be considered 1st design. The 2nd design features a plastic trim molding between the headliner and the weatherstrip.

WS233 1978 1st design - 4 piece ... 399.99 set

1982-92 T-Top Outer Drip Molding Seals

Reproduction of the original style outer drip edge molding seals for 1982-92 Camaro models. They install on the outer most section of the T-top. Features correct pre-drilled mounting holes for installation. Sold in pairs.

Note: This item is included with part #10164133.
748827 1982-92 drip molding seals ... 64.99 pr

1982-92 T-Top Deflectors

Reproduction plastic T-top upper deflector that mounts on the T-top above the beam seal weatherstrip. They are commonly dry rotted and get brittle over the years. Replaces GM #01198352 and GM #01198353.

Note: This item is included with part #10164133.
10198352 1982-92 deflectors 51.99 pr

1982-02 T-Top Factory Weatherstrip
Genuine GM T-top weatherstrip to eliminate rattles, noise, and keep rain and other weather related elements from seeping into the interior.

Note: Early 1988 models featured an interlocking slider bracket molded into the T-top body side weatherstrip. Replacement weatherstrip does not feature the bracket but installs and function correctly on early 1988 models.

WEATHERSTRIP & MOLDING

Replacement Glass

153752T

1967-81 Flush Mount Glass Sets

Flush mount glass is a larger piece of glass, designed to fit within the OE opening leaving only a 1/8" gap. The new glass eliminates the need for trim or weatherstrip and provides a more modern, and cleaner custom appearance. The glass features a FRIT band (black border around the glass), primer, and super adhesive urethane to fasten into place like a modern vehicle. The specific size and shape of the new glass paired with the install method allows for an OE fit with no body modifications. Primer and adhesive are not included. See also tinted windshield and back glass, not.

Note: Shipped truck freight.

1970-81 Camaro Protective Side Molding

Protective side molding was a factory or dealer option or an aftermarket molding that was installed to protect the side of the vehicle from door dings. Found on many models in the 60's and 70's, these finely crafted moldings are manufactured from extruded aluminum with a raised white rubber stripe. Includes chrome beveled ends for a clean original look. 6 piece set includes: 2 fender, 2 door, and 2 quarter panel moldings with ends and attaching screws.

LED Projector Headlamps with Perimeter Halo

Dapper lighting LED projector headlamps provide the classic look while substantially upgrading the quality and spread of light. These replacement bulbs feature glass lenses, Bi-LED projectors, and a slim flat base design. These features eliminate the extra wiring and bucket modifications associated with HID lighting. They offer a quick and clean install and a significant increase in performance, reliability, and safety. Available with clear or black lenses and with or without halos. The halos are available in solid, dashed, and HDR styles.

H4 LED Headlight Bulbs

Upgrade your stock Halogen bulbs with a pair of premium LED headlight bulbs from Redline Lumtronix. With a 50,000 hour life-span, you won't have to change the bulbs as frequently, meaning you'll spend more time on the road than in the garage. Each bulb is 300% brighter than your stock Halogen bulbs as well as a direct fit. "Plug and Play" upgrade that requires no modification to your electrical wiring. LED bulbs include colored film to change the look and temperature color of your lights.

Round Headlamps with LED Halo

RedLine LumTronix headlamps allow 50% more light to shine through thanks to their crystal clear lenses and a special side lens that extends past the retaining ring. This side lens is a true a safety innovation and was designed to provide additional side light and increase visibility. Each headlamp features a Euro style diamond cut reflective base, diamond crystal glass, and a heat resistant composite housing. Even though no paint or tint is applied to the glass or reflector, the Black Illusion headlamps look blacked out when off thanks to the halo and lamp shields that are painted black. Headlamps are available with or without a halo, either single color halo (white) or multi-color halo (with 16 selectable colors plus the ability to adjust brightness), with or without turn signals and your choice of clear or blue H4 Halogen bulbs or H4 LED bulbs. The halo or "Angel Eyes" can also be wired as a daytime running lamp and features 23 low temp LEDs with a 100,000+ hour life, along with "fade", "flash", "strobe", and "smooth" modes that you can choose with the included wireless remote. Headlamps plug directly into your stock harness for a simple and easy installation. Each pair includes: 2 headlight, 2 bulbs, dust boots, ceramic tip pigtail harness adapter, and instructions. Multi-color halo sets also include the RGB harness and wireless remote.

Important: Will fit most vehicles (cars, trucks, motorcycles, and motor homes) made from 1936 to 1979, as well as many vehicles made after 1979 that use a universal round style headlight.

Note: Blue Halogen bulbs are blue in color when off and bright white when on (no blue tint). Clear Halogen bulbs are clear in color when off and bright white when on. LED bulbs include colored film to change the look and temperature color of your lights.

DIGITALS

500869

1967-92 Sequential LED Tail Lamps

These LED replacement tail lamps fit perfectly behind your factory lens and bezel! Use very high intensity, wide angle LEDs for an exceptional way to increase visibility and add an extra aesthetic touch to your Camaro. They provide two modes of operation, standard or sequential. The sequential mode gives you a unique cascading effect. Changing modes is as easy as flipping a switch on the back of the circuit board. The LEDs are arranged to compliment the original lens facets and provide the best light output. These are to be spliced into the rear wire harness. One set does both sides. Lens and bezels are not included.

Note: *Includes tail lamps and corner lamps. **Includes tail lamps, corner lamps, back-up lamps, and flashers.

1974-77 LED Tail Lamp Conversion

Update your 1974-77 Camaro tail lamps with new LED technology. LEDs are far brighter than incandescent bulbs, light up in less than .05 seconds, use less energy and last much longer. Since they are brighter, illuminate instantly and are visible from farther away. LED tail lamps are not only a significant safety upgrade for your vehicle, but also give your vehicle a clean and modern look when the brake lamps are lit.

Important: Will not fit 1977 Z28 models.

152932 1974-77 218.99 set

1982-92 Tail Lamp Rear Panel Insulation

This jute padding attaches to the interior rear plastic tail lamp panel. Used as body insulation to help reduce interior noise on 1982-92 Camaro models.

1978-02 Tail Lamp Blackouts

Give your Camaro a high-performance custom look by adding tail lamp blackouts! You'll get a dramatic styling change by simply adding blackouts. Molded from heavy-duty aircraft acrylic. Each year listed is specifically designed to cover the entire tail lamp section offering a smooth clean appearance. The blackouts are designed to allow the tail lamp lamps to show through. Your choice of smoke or carbon fiber look on select models.

Important: This product is intended for show and off-road use and may not be legal for street use in your state. Check your local laws before ordering.

5044709	1967	RH	119.99	ea

1967 RS Headlamp Motor Housing

This plastic headlamp housing surrounds the headlamp motor gears. This housing covers the lower portion of the headlamp motor and attaches to the base assembly. One required per side.

Note: This housing is only for use when rebuilding original headlamp motors. It is not required when replacing your original motors with Classic Industries' reproductions.

KW136	1967	19.99	ea
-------	------	-------	-------	----

1967 RS Headlamp Motor Output Arm

This headlamp output arm commonly known as the "bellcrank" on 1967 Rally Sport Camaro models attaches to the return cover door assembly and the headlamp motor. The arm when connected will allow complete movement of the headlamp door assembly. This arm is manufactured in stamped steel and is painted in a black enamel finish.

4917702	1967	2 required	9.99	ea
---------	------	------------	------	----

1967 RS Headlamp Motor Nut/Washer Set

Excellent set used for the replacement of all washers and shoulder nuts which are used in the attachment of the output arm to the headlamp motor assembly. One set required per vehicle.

Note: Over tightening of the shoulder nut could result in failure of the headlamp motor.

K8093	1967	nut/washer set	12.99	set
-------	------	----------------	-------	-----

1967 RS Headlamp Limit Switch

Replacement switch which is used to turn off the headlamp motor once the motor is through opening or closing the headlamp door. Requires 2 limit switches per side. Mounting hardware and bracket sold separately see KW398 and KW398A.

Headlamp Switch	KW205	1967	4 required	11.99	ea

---------	---------	-----------------	---------

Color coded!

Get Total Originality with Correctly Colored RS Headlamp Vacuum Hoses!

1968-69 RS Headlamp Vacuum Hose Set

This set includes all the necessary hoses for replacing your original Rally Sport vacuum hoses. Included are: the correct size vacuum hoses, filter, fittings, fender straps, bundling straps, etc. The color coded hose set includes hoses in the correct dimensions and the factory type color code marking which run the entire length of the hose. Green, yellow, and black hoses included.

Note: Installation schematic included.

1968-69 RS Hose Strap Set

Reproduction hose straps used with all 1968-69 Rally Sport Camaro models. These particular straps were only installed on RS models. Includes 4 correct straps used to hold the Rally Sport headlamp hoses when passing the radiator.

K0181	1968-69.....	4.99 set
-------	--------------	----------

C452

1968-69 RS Headlamp Fender Bracket

A great solution to any RS headlamp conversion. These stamped curved plates can be installed on any standard Camaro headlamp. This mounts the headlamps further behind the grill area and provides the mounting points for the Rally Sport headlamp housings. This is an excellent, cost effective way of changing from a standard front end to a Rally Sport front end without the high cost of changing front fenders.

Note: Installation requires minor welding. Sold in pairs.

1967-69 RS Grill Conversion Kits

If you've got a standard Camaro and you want to convert to a Rally Sport hidden headlamp package, figuring out what parts are required can eat up hours of time and even then, accidentally ordering the wrong part can make this a frustrating task. These kits to convert a standard Camaro front end to a Rally Sport front end take the guesswork and hassle out of getting the parts you need with all the major components you need to convert in one package and discounted by over 10%.

Note: To complete RS front end conversion, headlamp wire harness and related items such as hood latch will need to be changed and are available separately in this catalog.

1967-68 - RS grill

1969 - RS grill

These conversion kits include virtually everything you'll need to convert your standard Camaro front end to a Rally Sport front end with functional headlight doors and all systems operating correctly once installed. Most items in this kit are not assembled, so as an added bonus when purchasing a kit, a Factory Assembly Manual is included at no additional cost, which features intricate exploded views of the entire vehicle, including the Rally Sport headlamps. These kits modify your existing standard fenders with unique adapt tabs, so there's no new fenders to buy or paint.

Note: Photo is a general representation of product, some items may vary.

1967 RS Headlamp Conversion Kit

This kit converts the headlamp and grill to RS and includes everything necessary for a functional RS hidden headlamp system. All items listed below are included in the kit. For a truly complete conversion, order the RS supplement kits (available separately).

Important: Does not include valance panel or park lamps. For authenticity, the lower front valance panel should be replaced, as RS park lamps are valance mounted.

Note: Shipped oversize.

1967-69 Electric RS Headlamp System

Upgrade your 1967 Rally Sport headlight system and eliminate the limit switches and related wiring, or replace the unreliable, overly complicated and expensive vacuum headlamp actuation system in your 1968-69 Rally Sport Camaro with these simplified electric systems. These sets include: 2 headlamp housings with motor plates, high efficiency motors, clutch unit and output arm all installed. Also includes factory style door stoppers with rubber bumpers and screws. A complete wire harness with a module is included that requires only two connections, one to the power block on the radiator support and the other to the ground on the right fender. Requires no wires through the firewall! The headlamp switch control unit activates the headlamp doors when the headlamp switch is turned on or off.

14589 1967-68 844.99 ea

14590 1969 885.99 ea

1968-69 RS Electric Headlamp Conversion

Eliminate the bulky, complicated, and often ineffective factory vacuum headlamp door system on 1968-69 Camaro models with the Rally Sport option, and replace it with a very simple electric system! This electric conversion set operates the headlamp doors smoother and more reliably on any car, even vehicles with large cams and low manifold vacuum. Also makes converting to the highly desirable hide away headlamps on a non-RS Camaro much cleaner. These easy-to-install sets come complete with: two electric actuators, control module, wire harness, mounting brackets, hardware and complete instructions.

122001 1969 498.99 set

1970-73 Camaro RS Conversion Kit

Widely recognized as the "split bumper Camaro", the early 2nd generation Camaro Rally Sport models have been an enthusiast favorite since they hit showroom floors. With this package, you can take your standard 1970-73 Camaro and convert the front end to RS specifications. Kit includes: RS urethane nose, left and right grills, left and right bumpers and bumper bolts, park lamp assemblies, chrome grill surround, valance panel, center grill divider, hood latch, header panel, grill divider bracket, and urethane nose bumper brackets.

Note: Shipped truck freight.

1978-92 Bumper Cover Brackets

Replacement brackets to mount the front and rear bumper covers on various 1978-92 Camaro Z28 models. These steel brackets have the correct bends and mounting holes or studs to replace the OE brackets. Produced in the USA, these are hand crafted in smaller runs, so they will differ cosmetically from the mass-produced original brackets, but will fit and function as original. Sold a pair to fit LH and RH sides.

Note: *Paint to match.

detailed shot of mounting base with plate holder removed

Sto-n-Sho Quick Release License Plate Bracket

In some states a front license plate is required in order to drive on public roads. This not only takes away from the look of your vehicle, but requires unsightly holes to be drilled into the bumper. Now you can stay in compliance with state law and keep your bumper looking pristine with the Sto-n-Sho quick release front license plate bracket. Consisting of a front license plate holder and base mounting plate, each bracket installs covertly underneath the front bumper and requires only the pull of a spring loaded pull pin to remove and to reinstall. Manufactured from 5052 and 6061 aluminum with an anodized black finish and limited lifetime warranty. Made in USA.

Important: Most applications have pre-existing holes from the factory that can be used as a mounting point. Drilling may be required to access some of these points.

Note: Uses pre-existing holes from the factory as mounting points. No drilling required.

Finned Aluminum Hood Scoop

Do you really want an ordinary stamped metal or fiberglass hood scoop? This unique and eye-catching finned hood scoop is cast in the USA from A-356 aluminum alloy and polished to show quality finish. For those that may want to paint the hood scoop, a unpolished (sand blasted) finish is also available. Includes a full scale drilling template to tape to your hood for precise installation. Measures: 14-3/4" x 11" x 3-3/8", opening measures 2-3/4" H.

Note: Hardware not included. Hood scoops require eight 1/4"-20 hardware.

1967-69 Flip Over Style Hood Pin Set

Each set uses the 2 piece flip over pins ideal for installations where an extra strong pin is required. Ring flips over stud and locks into place. Over center action eliminates possibility of pin falling out. Includes lanyards. This set is a reproduction of the rare, dealer installed optional hood pins. Hood pins are necessary for the attachment of fiberglass or lift-off hoods and may be installed for extra security on factory hoods.

Note: Though intended for 1967-69 models, it may however be used on all years.

DM11102

New! Universal Hood Insulation

Dynaliner hoodliners will protect your vehicle's paint and reduce irritating underhood noise. Made from 3/4" acoustic sound soaker foam with a reinforced, aluminumized skin that is oil and water resistant. The hoodliner has a high tack pressure sensitive adhesive for easy peel and stick application. For those who prefer black, there is also Dynaliner, which boasts the highest heat blocking properties available in a single layer synthetic foam. Dynaliner is available in 1/4" and 1/2" thick. Use the thickest one your space will allow. All hood insulation sheets measure 32" x 54".

Hoodliner

Jute Padding Insulation

Developed from 99.5% pure industrial grade aluminum, this insulation gives 97% reflectivity against heat radiation. Jute padding will insulate your interior from noise while helping to maintain an even temperature. For firewalls, floor pans, trunks, doors, roof panels, or other areas of the vehicle. Includes one 4' 2" x 6' foot sheet.

1970-81 Cowl Outer Side Panel

Stamped steel reproduction outer side cowl panels. This is a common area for rust to thrive on most Camaro models. These replacements weld between the cowl panel and floorboard behind the kick panels. Available with traditional EDP coating or in a Weld-Thru™ Primer that requires minimal preparation, eliminates corrosion between overlapped panels, and promotes superior weld characteristics.

121301

1967-69 Selecta-Speed Wiper Motors

Upgraded wiper motors for the first generation Camaro! This Selecta-Speed wiper system contains a low profile, 7-speed wiper motor (with five different delays, a low and high speed), rotary switch (complete with a billet knob), adapter plate, and wire harness. The CNC aluminum adapter plate mounts to the firewall and clears the valve covers and brake booster.

Note: The 1969 set includes a rotary wiper switch to replace the original slider switch. The dash must be modified for new switch to fit, and there is no provision to operate the windshield washer function. Billet headlight knob sold separately.

D92807

1970-78 Selecta-Speed Wiper Motor Sets

This Detroit Speed wiper set for Camaro models with non-recessed park provides you with the performance and convenience of a late model wiper system that easily mounts in your Camaro. The low profile wiper kit has 5 intermittent settings, high speed, and low speed. Set includes: wiper motor, rotary selector switch, adapter plate, and wiring harness. The CNC aluminum adapter plate mounts the wiper motor to the stock firewall bolt pattern and requires no modifications to the vehicle. The supplied wiring harness uses the factory wiper ground opening and requires no cutting of the factory harness. Factory washer pump can be replaced with the Detroit Speed washer pump set that features push button operation. Made in USA.

Note: Washer pump not compatible with Detroit Speed sets manufactured before 2015.

152809

1967-81 Two-Speed Hidden Wipers

High-quality replacement for the old system. It is the only replacement wiper system that is completely hidden, fitting entirely within the air box in the cow! This allows you to remove the stock wiper motor. The wiper motor hole in the firewall can be covered up with the cover plate supplied in the set or you can weld in a patch panel to eliminate the hole entirely. For models with concealed wipers.

Important: Very minor modification is required to run the wiring through the firewall.

1967-69 Complete Conv. Rocker

Stamped steel reproductions of the complete rocker panel for 1967-69 convertible models. The complete reproduction will replace the entire rocker panel section. This part features a black electrochemically deposited coating (EDP or E-coat) for superior long-term corrosion protection and is ready to be prepped, primed and painted without stripping.

Important: This panel requires welding for installation. Professional installation is recommended to ensure proper fit. Note: Shipped double overize.

2nd Gen 1971

Late 2nd Gen 1976

Note: Shown in "Sport Top" configuration. Material for full top is included.

1967-81 Camaro Vinyl Tops

Reproduction vinyl tops produced using correct Levant grain vinyls, offering the ultimate in originality and quality. The seams are sewn with Dacron bonded thread then dielectrically heat sealed which is correct in appearance and quality. Replacing your original vinyl top will help bring your Camaro back to showroom condition. Classic Industries' recommends professional installation in order to maintain the highest quality replacement.

Important: Each vinyl top is precut for the rear window and pillar post areas. All models used moldings to finish the lower rear edge of the vinyl top. The 1969 models also used special vinyl top moldings that finished the roof sides. All models will need to be cut and trimmed to fit the specific vinyl top moldings for each year. Be sure to check the design and placement of the moldings before trimming and gluing the top to ensure accuracy.

Heavy Duty 20 Spray Adhesive

3M Heavy Duty 20 Spray Adhesive forms a powerful, permanent bond to wood, laminate, metal, plastic and more. Simply spray the adhesive on one or both surfaces, wait 15 seconds to 30 minutes, and press surfaces together to form a tight bond. Our self-contained, highly portable dispenser allows for a variable width lace spray pattern to help ensure precise placement.

12V Exterior Door Handles

Elevate your car's style with these electronic exterior door handles from Lokar! Each billet door handle utilizes a weatherproof 12 Volt pressure pad switch to supply power to an electronically actuated door latch (door popper). Its 2 piece design and available 0 degree to 10 degree mounting surface allows the insert to be removed, and door surface positioned for ultimate customization. The XL design provides 7/8" of clearance between the door and the switch, allowing for easier mounting and less modifications to the door. Made in the USA from 6061-T6 billet aluminum.

Important: Requires electronic door latch actuators, not included.

Installation requires hand pocket for clearance.

1967-69 Clear Shot Outer Door Mirrors

Clear Shot Mirrors by Morris Classic Concepts help eliminate the passenger side blind spot by allowing the mirror to be adjusted further in. They also have built-in tensioning screws that lock the mirror heads into place, to keep them from falling down. Mirrors feature original style ribbed bases. Includes mounting gaskets and hardware. Sold in pairs.

Note: Round mirrors are both standard glass, 4-1/8" diameter, O.E. to 4-3/4". Rectangular mirrors are LH standard RH convex.

1967-81 Extended Rear Wheel Openings

Early Camaro models featured fairly small tires by today's standards. These vehicles cry out for bigger tire and wheel combinations which will not fit in stock form. These wheel openings allow you to do what the factory didn't! The 1967-68 units increase the factory opening to 37" without altering the original width or height. The 1969 units increase to a 39" opening. 1970-81 units increase to a 36" opening.

dimension key

Cinched Fender Flares

Add an aggressive, wide body look to your muscle car with cinched flares universal fender flare sets. These versatile flares can be installed on most makes and models with minor modifications. Flares are made from automotive grade, impact resistant 3mm ABS plastic for great looks and durability. Each set includes: 1 pair of flares, rubber gaskets, and type 3 installation hardware. Flares can be blended in with your fenders or left with open rivets. Available in a variety of styles and sizes to suit you virtually any build.

Note: Installs with rivets/bolts and will require drilling/cutting of the fender/quarter panels in order to install. Lowered suspension and wider wheels are suggested to achieve the right stance. Dimensions are approximate.

Classic Style

Classic style features "pointy" tips and work very well not just on the classics but also on the more modern cars where the owners are going for a more subtle look.

Part#	A	B	C	D	Price

186C 1969 Pro-Touring..... 199.99 ea

OER 1970-73 Z28 Rear Spoiler

When the Camaro body style changed in 1970, so did the rear spoilers. There were now two designs instead of one. The low 1 piece version was similar to the 1969 model although shorter and sleeker. This spoiler was unique to the Z28 model and is still a popular spoiler which can be installed on all 1970 through 1981 models if desired. The other version was a 3 piece style which included a center spoiler and 2 outer spoilers. Each spoiler includes correct mounting studs molded into the bottom of the spoiler which makes installation easy. Each spoiler is manufactured in fiberglass. Spoilers are ready to be prepped and primed for painting to the desired color prior to installation.

Important: Attachment nuts not included.

Note: Shipped double oversize.

3974538 1970-73..... 149.99 ea

OER 1970-81 Three Piece Original Style Rear Spoiler

This 3 piece style included a center spoiler and 2 outer spoilers. This was the optional spoiler used by General Motors on all 1970-73 Camaro models. The 3 piece style was optional on all models through 1981. The spoiler was designed much taller than the 1 piece style. A change was made in 1974 on the design of the outer spoilers but the same center spoiler is used from 1970 through 1981. Each spoiler includes the correct mounting studs molded into the bottom of the spoiler for mounting to the rear deck lid. Each spoiler is manufactured in fiberglass. Spoilers are ready to be prepped and primed for painting to the desired color prior to installation.

Important: Attachment nuts not included.

Note: Shipped oversize.

1993-02 High Rise Rear Spoiler

Superb factory style rear spoiler for use with 4th generation models. Fits all 1993-02 Camaro models. Includes provisions for rear factory lamp. Manufactured using the highest grade fiberglass materials. Lamp not included. Install your existing factory lamp in spoiler. Measures: 61" x 37" x 10".

Note: Shipped truck freight.

PT2790 1993-02 high rise spoiler 489.99 ea

1993-02 Three Piece Spoiler

Giving a low profile look, the 2" high spoiler is exactly what the Camaro needs to associate itself with its sporty heritage. Manufactured from urethane for excellent strength and durability, the 3 piece spoiler offers a flawless fit and finish. Installation instructions and all mounting hardware are included.

Note: Shipped double oversize.

1501012 1993-02 3 piece spoiler 419.99 ea

1993-02 Sport Wing

The sport wing was designed to create a more dynamic look for the Camaro. The sport wing is manufactured using hand laminated fiberglass for superior strength and durability. The sport wing replaces the factory spoiler and is a direct bolt on replacement using all of the stock mounting holes.

The wing package uses the factory third brake light and OE wiring harness from the factory wing. All parts bolt directly in for a clean fit and finish. Includes mounting hardware and detailed instructions. Made in USA.

Note: Shipped truck freight.

1501035 1993-02 5"-6" tall 426.99 ea

1993-02 Super Wing

The super wing was sculpted to give a distinctive appearance to the 1993-02 Camaro. The rear wing helps create more rear down force and does not obstruct rear vision. Designed to bolt to the factory center rear spoiler, the super wing installs with ease. Includes mounting hardware and detailed instructions. Made in USA.

Note: WILL NOT WORK WITH SS OR RS WING. Does not have provision for third brake light.

Shipped truck freight.

1501005 1993-02 11" tall 419.99 ea

1993-02 SS Style Spoiler

Classic Industries® offers the absolute largest selection of 4th generation Camaro add-ons and accessories. This SS style rear spoiler is one of the most popular 4th generation spoilers you can own. The SS spoiler emulates the exact shape and lines designed for the SS Camaro. It is made to be light but extremely strong, and is ready to prep and paint. Get the look of Chevrolet's top performance Camaro with this highly sought after design. Third brake light not included.

Important: SS Spoilers use factory third brake light available separately.

Note: Shipped double oversize.

1501040 1993-97 SS style spoiler 426.99 ea

1501045 1998-02 SS style spoiler 495.99 ea

1993-02 Performance Rear Spoiler

The performance spoiler has been designed and developed to increase rear down force and add a more aggressive low wing look to the Camaro. Standing at a lofty 5" high, the performance spoiler creates a pure race look. Approved by SCCA, the spoiler reduces rear end lift at higher speeds, which creates better grip on the road. All performance spoilers are manufactured from hand laid fiberglass for superior strength and durability. Complete instructions and all mounting hardware is included.

Note: Shipped double oversize.

1967-81 Three Piece Vinyl Trunk Mat Kit

Although sometimes neglected, it doesn't take much to bring your trunk area back to showroom condition. The kits are produced with three individual components: the trunk mat, the spare tire cover and the jack storage bag. The trunk mats are manufactured in vinyl material with a soft felt backing. Each form fitted trunk mat is produced from original factory patterns and features the original style Houndstooth pattern. The spare tire covers are produced in the same Houndstooth material and can be ordered three ways: A 14 1/2" spare tire cover, a space saver spare or a fiberboard spare tire cover. The fiberboard cover includes a stiff fiberboard support. The kit also includes a jack storage bag produced in Houndstooth material which is correctly sized to house the jack unit, bracket and wrench.

1967-73 Molded Vinyl Trunk Mat

Reproduction trunk mats are manufactured and designed to replace the original mat exactly. Heat molded to fit the trunk pan and then die-cut to the exact dimension of the original material. These mats feature the correct Houndstooth design in the aquamarine/black color offering a completely original appearance. The early model mats are manufactured for coupe models. Convertible models require minor trimming around the rear convertible weight dampeners. The dampeners were installed on all convertibles to help distribute the weight in critical areas of the vehicle. These molded mats were standard on 1967-69 Camaro models with deluxe interior and a dealer option on standard models.

Note: 1972 and 1973 Camaro models originally came with gray and white Houndstooth trunk mats, currently unavailable in OEM style molded trunk mat.

Weld-Thru™ Steel Bodies Make Patching Metal Obsolete!

These Weld-Thru™ bodies are the ultimate in 1969 Camaro restoration. If your body is rusted beyond individual panel replacement, these reproduction skeleton assemblies are for you. Coupe panels are full one piece units with integral door jamb, as original, and all skeletons are manufactured using correct grade steel with 25% more spot welds than factory. Each body is delivered in silver Weld-Thru™ Primer to minimize preparation time, eliminate corrosion problems between overlapped panels, and provide better welding characteristics. Compatible with original and aftermarket frames, mechanical components, and body trim. Quarter panel, door, door hinge and deck lid installation upgrades are available. Assembled in the USA.

1967-69 Complete Camaro Coupe and Convertible Unibodies

If your Camaro body is rotted out and beyond replacing individual panels, or you want to build an entire replica First Gen, then these unibodies are for you! An accurate reproduction of a 1967-69 Camaro unibody assembly manufactured and designed just like the original. As shown here, each assembled unibody includes the firewall, upper dash panel, outer cowl panels, windshield frame, and doors mounted. Inside you'll find a complete floor pan, all floor pan braces, rear seat partition as well as inner and outer quarter panels. Also features complete quarter panels, the trunk lid with hinges, and a tail panel. This complete assembly is welded and EDP coated. With so many specialty bolt-on applications for these unibodies, it's easier than ever to assemble a brand new Camaro with reproduction and aftermarket accessories. Most components needed to complete the project are available through Classic Industries®!

Officially Licensed by General Motors

Important: Each unibody is crated for protection when being shipped. A \$495.00 crate charge has been included in all prices.

Note: *No heater or AC cutouts in firewall. Shipped truck freight.

TRUNK & FLOOR PAN REPAIR KIT

New!

Trunk and Floor Pan Repair Set

The KBS trunk and floor pan repair set allows you to restore your floor pan, trunk pan, or pickup truck bed back to new without producing any ugly weld seams. Our included step-by-step instructions make it easy and simple to use. After cleaning the area with KBS Klean (an industrial strength water based cleaner/degreaser), and KBS RustBlast (a powerful rust remover/metal etch), simply use the included BackBone reinforcing mesh and NuMetal epoxy putty to fill any small pin holes. Last, finish it off with a coat of RustSeal® for a restored finish without any weld seams. Each set includes: 1 gal. KBS Klean, 1 gal. RustBlast, 1 qt. RustSeal®, 1 lb NuMetal epoxy putty, 1 sq. yard BackBone Reinforcing Mesh, 8 oz. #1 Thinner, KBS paint spout, Nitrile gloves, mask, two brushes, stir stick and complete and detailed instructions.

Body Tools

Door Alignment Bar

Finally, a convenient door aligning tool that will fit in your tool drawer! Features a Hex stub to use with a breaker bar and socket for additional leverage.

S21845 41.99 ea

Pro Paint Gauge

The Pro Gauge is a device which measures paint thickness. Factory paint is usually 4-5 mils in thickness. By using the Pro Gauge you can determine if the vehicle has been repainted. For instance, you can take measurements of about 4.5 mil around the vehicle but the hood may read seven mils on the Pro Gauge. That tells you the hood has been repainted.

PG2437 84.99 ea

Eliminator Rust Remover

Before touching up paint, you first must remove all rust, wax and dirt or the rust will return and the paint won't adhere. This unique tool will scrub away all dirt, rust and wax. The results are touch up paint adheres, seals and blends smoothly into the rest of the paint.

E3437 9.99 ea

Slide Hammer

Pulls dented sheet metal back into place with our convenient tools. 13" long shaft with 1/2" - 13UNC thread screw on our slide hammer permits high pulling force.

Premium Spotweld Cutters

When you have a lot of spotwelds to remove, step up to the premium spotweld cutters for longer life in today's high strength body steels. These cutters have a heavier wall (.090") for extreme durability and two step geometry that splits the chips and helps clear them. Premium spotweld cutters have a fast cutting action and lasts for hundreds of spotwelds. They are for use in 3/8" or larger drill chucks. The spotweld cutters are available individually or in sets containing arbor, 3 cutters, your choice of 2 skip proof or 2 standard pilots.

Spotweld Cutter Set

Stick Lubricant

Ideal for all Blair hole cutters. Softer than standard stick lubricants, it provides superior adhesion to the tool and can be used in place of cutting fluids on ferrous and non-ferrous metals to increase tool life, improve cutting performance and easier slug removal.

11750 1.68 oz..... 5.99 ea

13224

Double-End Spotweld Cutters

Double-end spotweld cutters makes removing body panels fast and easy. Their hollow design cuts around the spotweld so weld hardness does not affect tool sharpness. When one end becomes dull, simply unscrew the cutter and flip it over using the new teeth on the other end. An adjustable depth rod sets the tool so only the outer panel is cut, leaving the underlying panel undamaged.

Holecutter

Produce holes 3 times faster and cleaner than hole saws in sheet metal up to 1/8" thick and have dramatically extended tool life. Holecutters produce holes from 1 1/16" up to 3" diameter in sheet metal, rubber, gasket or fiber materials, and some plastics. Ideal for aftermarket installations, custom fabrication, trailers, or gauge installation. Arbor fits 3/8" drill chucks. Holecutters have a new, patented Quad-Lead Thread System for quick cutter changes. Buy the set and save! Holecutter set includes: arbor, hex washer, extra pilot and the following sizes of cutters, 7/8", 1-1/8", 1-1/4", 1-3/8", 1-3/4", 2", and 1-1/2".

Note: D.O.C. = depth of cut. Arbors and cutters sold separately.

Note: Each set includes: arbor with standard pilot, extra pilot and cutters as shown.

11083 1/4", 3/8", 1/2", and 3/4"..... 49.99 set

Rotabroach Cutter Sets

Rotabroach annular cutters are ideal for sheet metal fabrication, painless dent removal and for cutting rustproofing access holes without clogging. Unlike hole saws and twist drills that push and tear materials, these cutters will make hundreds of hole sheet metal or plastics up to 1/2" thick with no defaced edges or out-of-round holes. Arbors for Rotabroach cutters fit 3/8" and 1/2" hand held drill chucks and use either spring loaded pilots or skip proof pilots which eliminate predrilling operations. Each set includes: arbor, Hex wrench, center punch, extra pilot and a variety of cutters as listed.

Note: D.O.C. = depth of cut. Arbors and cutters sold separately.

Rotabroach Cutter Set

1967-87 Reproduction OE Style PS Pump

Brand-new OER® Authorized power steering pumps feature a reservoir in the correct original configuration with the proper return fitting and clocking. This not only ensures authenticity, but makes installation quick and easy. Also included with each pump is the shaft nut and replacement style power steering cap. Because this unit is brand new, not rebuilt, there is no core charge to worry about. Available in your choice of black powder coated or chrome reservoirs.

NO CORE CHARGE REQUIRED!

1967-74 Reman OE Style 6 Cyl PS Pump

Thoroughly remanufactured, these OER® Authorized pumps are carefully inspected and meticulously restored to OEM appearance and function! Reservoirs are reconditioned GM parts in the exact original configuration for complete authenticity! Careful attention is paid to reservoir reconditioning to ensure an authentic appearance. This is a good choice for restorations when an original appearance and superior quality is desired. Cap, nut, and pulley are not included. These units are priced outright, meaning the core charge is built into the price. For that reason, it is not necessary to return your original core.

NO CORE CHARGE REQUIRED!

Note: Cap, nut, and pulley are not included.

1967-95 Replacement PS Pump

Choose from our comprehensive selection of economical service replacement pumps for 1967-95 Camaro models. Thoroughly reconditioned, these pumps are carefully remanufactured to fit and function like new! In some cases, a pump that was originally equipped with a "banjo style" reservoir, may come with an "A style" reservoir due to short supply of rebuildable cores. Cap, nut, and pulley are not included. These units are priced outright, meaning the core charge is built into the price. For that reason, it is not necessary to return your original core.

NO CORE CHARGE REQUIRED!

Note: With 1 mounting hole in reservoir.

OE AUTHORIZED

1969-72 SB PS Pump Bracket Set

This convenient 1/4" steel power steering bracket set is designed for mounting non-metric GM Saginaw power steering pumps, with integral reservoir, to small block Chevy engines. Can be used on most pre-1969 pumps, as well as later model V8 pumps up to 1985, with either a single or double groove pulley. Most short water pump applications use a crankshaft power steering pulley that bolts over the existing pulley. This should align with the power steering pump pulley.

1967-74 PS Pump Pulley

Replacement power steering pump pulley for 1967-74 Camaro V8 models without AC or special high-performance 302, 350 and 396. Not retained single groove pulley for 3/8" wd belt. 5-47/64" o.d. Does not feature correct stamping on the pulley.

748688	1967-74	39.99	ea
--------	---------	-------	----

Warning: Concerning Steering Pump Pulleys

Stock replacement, aftermarket stamped steel or cast iron pulleys are not designed to exceed 400horsepower or 6000 RPM. Using reproduction pulleys on engines in excess of these limits may result in catastrophic disintegration of the pulley causing severe damage to the engine, cooling system and body parts. Classic Industries' assumes no liability for damages caused by improper usage of pulleys. Please be sure to install the pulley properly to avoid damages that could occur from improper installation or exceeding the recommended RPM limitations.

1967-95 PS Pump Gaskets

Power steering pump gaskets for your 1967-95 Camaro models.

1967-95 PS Pump Rebuild Set

1967-81 Power Steering Hose Set

This DSE power steering hose set includes fittings to convert your steering gear to 6-AN fittings. Features 30" high pressure stainless steel hoses that can be routed and cut to length at the pump end. Includes pre-primed stainless fittings to attach the 6-AN fittings at the steering gear. Add pressure fitting D91801 for a GM type II pump to complete this hose set. Includes 9/16"-18 to 6-AN pressure fitting and 5/8"-18 to 6-AN return fitting.

Set Includes:

- High pressure hose - 11/16"-18 and 5/8"-18 inverted flare type fittings
- High pressure hose - 20" long fitting to flange and clocked 90 degrees
- Low pressure hose - 5/8"-18 and open on opposite end to trim length (3/8" dia.)
- Low pressure hose - 28" long from fitting to end (3/8" dia.)
- Inverted flare power steering pump fitting
- All fittings for Hydro Boost
- All fittings for GM power steering gearbox

1967-02 Hydro-Boost Hose Set

Our power steering conversion hose set is designed to fit the GM Saginaw power steering pump with inverted flare pressure fitting. It also fits the GM 605, 800, and 600 Series power steering gearbox! These hose sets are the same items that are required in all the popular power steering conversions using a GM type gearbox with Saginaw pump. These sets are a perfect way to complete your power steering conversion. These hose sets are designed to work with those running our power steering gearboxes that have inverted flare fittings.

Steering Gears

1967-81 Rack & Pinion Steering

Designed for all 1967-81 Camaro models with small block or big block Chevrolet engines. Works with the factory power steering pump, but requires the hose set, sold separately. New steering arms are included and must be used on the power steering rack. The manual rack will mount to your stock steering arms. Not compatible with aftermarket spindles with steering arms cast as a single unit. This system requires a new steering shaft between the steering column and the rack and pinion, sold separately. The mounting brackets attach to the two lower control arm bolts and include the required longer bolts. The 1970-81 Camaro rack and pinion is for engines with long water pumps and is complete including power rack and pinion, pump, hoses, brackets, tie rod ends, steering shafts, and U-joints to connect to the steering column. Will work on the stock steering column. All are pre-assembled and centered for easy installation.

Note: Factory exhaust manifolds are recommended on BB engines, as headers may cause interference with steering shaft.

Steroids

1967-69 Rack and Pinion

These sets feature uniquely designed adjustable tie rod ends engineered to eliminate bump steer even on lowered vehicles. Greater control while driving on rough surfaces and a tighter and more precise feel. No cutting or drilling into your frame, crossmember or its supports. Steroids power steering sets allow you to retain your stock power steering pump. Available in power or manual sets. Set includes: rack and pinion, adapter bracket (adapts rack to chassis through A-arm bolts), tie rod ends (self-cleaning and lubricating, Teflon lined), and adjustable or bump steer, U-joint assembly, power steering hoses (not included with manual rack), G-8 fasteners, and instructions.

Important: If using your old pump, flush and clean it thoroughly before installing the set.

Note: Shipped overze.

1967-78 Camaro Front End Rebuild Kits

Nearly everything you need to fully rebuild a worn out front end. The kit includes a comprehensive assortment of front end parts designed to renew worn out original front suspension components. Each component is manufactured by the original GM supplier or equivalent. Be sure you install what the factory intended with Classic's complete front end kit.

K45351	1975-79	full kit includes 2 inner tie rod ends	249.99 kit

1967-69 Control Arm Bushing Kit

Replacing the old bushings can not only increase the life of your suspension, but can eliminate potential hazards to the safety of you and your passengers. The kit provides the necessary bushings and hardware to replace the worn out components. It's easy to replace your front end bushings with one convenient kit. Each kit includes: 4 upper and 4 lower control arm bushings and 2 sway bar outer end links and bushings.

1969-81 Polyurethane Bushing Sets

It doesn't take long before soft suspension rubber begins to deteriorate. Polyurethane is impervious to deterioration caused by oil, grease, and the elements, giving you firm, confident handling that lasts. These bushings are formulated and designed to reduce the noise, vibration, and harshness that other Polyurethane bushings may have and include "squeak proof" Super Grease. All of the dynamic bushings feature grooves to hold grease for superior performance. Available in black or red.

Spindles

OER AUTHORIZED

1967-69 Spindle

Replacement spindle for drum or disc brakes for 1967-69 Camaro models. Each spindle fits either LH or RH. 2 required.

K6152 1967-69 drum brakes..... 89.99 ea
K6151 1967-69 disc brakes..... 69.99 ea

OER AUTHORIZED

1967-69 2" Drop Disc Brake Spindles

OER® Authorized 2" drop spindles will replace OE single piston disc brake spindles. The stock steering arms bolt to the same location as on the stock spindle, maintaining the steering geometry.

Note: Not for use with drum-to-disc brake conversions kits.
153636 1967-69..... 199.99 pr

1967-69 2" Forged Drop Spindles

These spindles drops ride height by 2" and allow you to use the stock steering arm and the factory 11" single piston disc brakes, or aftermarket 12"-13" brakes without modification. Forged from 1045 steel alloy and precision machined to perfection.

Note: Factory disc brake bracket requires minor modification and eliminates dust shields. Disc only.
CP30100 1967-69..... 224.99 pr

1967-69 2" Drop Spindles for 12" Rotors

These drop spindles let you run 15" or 16" wheels and larger brakes while you lower your Camaro. Works with 1970-78 calipers (RC4059 and RC4060) and 1988-92 Camaro ILE 12" rotors (CB2157A), bearings and seals. Works with most 16" or larger wheels.

Note: Not to be used with wheels with more than 4-3/8" backspacing.
DS677412 1967-69..... 199.99 pr

HEIDT'S
THE BEST AT WHAT WE DO

1967-69 Improved Camber 2" Drop Spindle

These spindles raise the upper ball joint 1-1/2" for superior camber change! Use with Heidt's caliper brackets for stock 11" rotors to 13" big brake setups.

Important: Not for drum brakes or OE dual piston calipers.
HS013 1967-69 tall 2" drop spindles 469.99 pr

1967-69 2" Drop Spindles Set

Lower your 1967-69 Camaro the right way with a factory style 2" drop spindle set. This set includes caliper mounting brackets and backing plates for a complete installation.

Note: Cannot be used with aftermarket disc brake conversion kits. Can be used on 1967-68 if using a single piston caliper; can not be used with factory 4 piston caliper.

RS900119 1967-69..... 264.99 set

1970-81 2" Machined Drop Spindles

Lower your Camaro 2" without affecting steering or suspension geometry. Cast from iron with CNC-machined 4130 chromoly pins. Can use stock ball joints and the rod ends, but moves wheels 1/8" out on each side. Requires 14" wheels or larger.

Note: DS6769 uses 1979-81 Malibu rotors and 1981-92 S10 calipers. All other kits use factory brake parts. 3-1/2" max wheel backspacing.

7078DS 1970-78..... 269.99 pr
70781DS 1979-81..... 269.99 pr

CS Upright Spindles for 1967-81

These bolt on spindles for 1967-81 Camaro models use CS bearing hubs with sealed bearing packs to eliminate spindle pin flex. The design maintains the drum brake offset while improving geometry to allow better camber change during suspension movement. Works with CS brake components.

CP30013 1967-69..... 279.99 set
CP30014 1970-81..... 249.99 set

Chassisworks

1967-69 Billet Aluminum Spindles

These rigid and lightweight billet aluminum spindles and steering arms are direct replacement components for 1967-69 Camaro models. Overall height of both upright versions is 1-1/2" taller than stock, resulting in more aggressive camber gain with increased cornering performance. Spindles feature a black anodized finish and heat treated, corrosion resistant, slotted flange nuts. Optional flange nuts for oversized stud lower ball joints are sold separately. For use with calipers that attach to OEM style disc brake locations.

Note: Taller spindle height requires Chassisworks billet steering arms and tubular upper A-arms to properly position ball joint range of alignment. Minimum rim size is 15" to 18" diameter, depending upon width and brake kit.

1967-81 Ball Joint Rivet Bolt Set

This rivet style bolt set attaches the ball joint to the upper control arm, providing the appearance of a real rivet. A serrated locking rivet head prevents spinning when the nut is tightened. Includes: 8 Grade 8 rivet bolts with lock washers and nuts. 1 set required per vehicle.

A850020 1967-81 19.99 set

Bushing Installation/Removal Tool

Replacing OEM bushings and don't have a press? No problem! This new tool allows you to remove and install bushings with simple hand tools. Includes all necessary hardware to remove upper and lower control arm bushings.

8500009 bushing tool 114.99 ea

Hi-Temp Wheel Bearing Grease and Packer

When replacing or just repacking your wheel bearings, don't use ordinary grease. Protect those bearings with a high-quality, high temperature bearing grease. This is a very stable aluminum complex thickened grease used for the lubrication of wheel bearings, chassis ball joints and other bearing applications operating under severe conditions. This product assures high temperature protection from excessive heat generated by disc brakes. And... a special tool designed to pack the bearings so they stay where they belong. Works on most cars and trucks.

153631	1967-69	lower	242.99 set

1967-81 Tubular Control Arms

Geometry corrected Hotchkis Tubular A-arms for 1967-81 Camaro models. 100% TIG welded, bolt-on installation. Offers improved camber curve and increased caster. Upper arms feature 4130 chromoly offset cross shafts, laser cut cross supports, greasable bushings, premium ball joints, and smooth operating Delrin bushings. Lower arms feature ride height adjustment shims, smooth operating Delrin bushings, premium ball joints, bump stops, and Polyurethane coil spring isolators. Both finished in a durable, gloss black powder coated finish.

HEIDT'S

1967-81 Tubular Control Arms

These bolt-on tubular upper and lower arms are state-of-the-art in both design and fabrication. The upper arms are 1-1/4" in diameter and include offset cross shafts for ease of caster adjustment for better straight line tracking and cornering feel. The lowers are a full 1-1/2" and are available for stock springs or in a version for coilover shocks. All arms are black powder coated, completely assembled, and supplied with factory ball joints. Urethane bushings prevent deflection for absolutely solid handling.

Note: *For use with coilover shocks.

1987-81 Tubular Control Arms

Enhance handling performance with BMR upper A-arms. Fabricated from heavy-duty DOM (Drawn Over Mandrel) tubing, uppers feature billet, nickel-plated cross shaft and HD stainless bushing retainers. Compact design provides additional header clearance. Comes pre-assembled with Polyurethane bushings and bump stops, as well as upper ball joints. Features sway bar mounting provisions and work with all stock springs and shocks.

Important: Please specify A for red finish, B for hammerstone finish.

gStreet

Chassisworks
Performance

1967-69 gStreet Control Arms

An excellent option when upgrading the OEM style coil spring suspension, Chassisworks replacement tubular control arms feature deflection free polymer bushings and billet steel pivot shafts with upper arm caster inserts. Standard caster insert orientation duplicates stock geometry. Increased caster orientation improves steering feedback with added camber for greater front end cornering traction, perfect for stock performance and autocross use.

K5734610	1967-69	upper & lower	1479.99 set
----------	---------	---------------	-------------

1967-92 Del-A-Lum Bushings & Offset Shafts

These bushings feature inner and outer thrust washers, inner rotating sleeve, and lube fittings. Offset shafts can take the place of stock shafts to add caster without losing proper camber settings.

Important: *Most 1967-69 upper control arm shafts hold the control arm bushing in place with a 3/8" bolt. This must be replaced with a 5/8" stud and slotted Hex nut to allow for cotter pinning the assembly to maintain proper torque on the Del-A-Lum bushing. If you have standard shafts with 3/8" bolts, you have 2 options:

Option 1 (Recommended): Order set #GW702, manufactured with studs and featuring a slight offset allowing more latitude for proper alignment.

Option 2 (Welding required): Order set #GW707, featuring a stud in each end of the 4 stock shaft. Extends the length of the upper shaft to allow the correct torque for Del-a-lum bushings to be set.

Sway Bars

- This set includes:**
- Four 1/16" shims
 - Four 1/8" shims
 - Two 1/4" shims

Camber Shim Track Set

Detroit Speed's camber shim track set allows you to adjust camber easily with our 1 piece slotted camber shims. Each shim is machined from 6061 aluminum and is then anodized black for durability. Made in USA.
D31721 1967-69 98.99 set

1967-02 Sway Bar Sets

OER* Authorized front and rear sway bars designed for various 1967-02 Camaro models. These sway bars are designed to minimize body roll, under steer, and over steer when cornering, resulting in improved vehicle handling and control. These offer all of the above without affecting your ride quality. Each set includes: sway bar links, and frame bushings (where applicable), and mounting hardware.

Note: Shipped overseas.

1967-69 Sway Bar Bushing Set

This Polyurethane replacement bushing set is designed to replace sway bar bushings for Camaro models with aftermarket sway bars. These sets include: the sway bar end links, end link bushings, inner bar mounting bracket and bushings, and inner bracket mounting bolts. Some drilling may be required for installation of inner brackets. Bushings are available in black.

Note: The front is designed for aftermarket 1" sway bars. Will not install on original 5/8" sway bars.

1967-81 TVS Stage 2

The Stage II Total Vehicle System offers race proven handling and control with comfortable ride, all in one package. Subframe connectors and a rear sway bar cross member stiffen the chassis (convertible sets include the Chassis Max Brace), while massive sway bars reduce body roll. In front, tubular control arms increase caster and improve camber to create more front end grip. Heavy-duty tie rod sleeves, sport springs, and performance shocks lower the vehicle to improve balance. In the rear, a multi-leaf drop spring design improves traction and reduces wheel hop. Includes: heavy-duty shackles, U-bolts, pads, and hardware. Made in USA.

Important: *2" front - 1-1/2" rear. **3" front - 3" rear.

Note: Shipped truck freight.

H8040121

1967-81 Total Vehicle System

Avoid the poor ride quality and disappointing handling that often results from mixing parts from multiple manufacturers. These packages have passed rigorous in-house testing procedures. Designed for the driving enthusiast who demands the ultimate in vehicle handling and performance without sacrificing ride comfort!

Important: *2" front - 1-1/2" rear. **3" front - 3" rear.

Note: 1982-02 sets do not fit convertibles. Shipped truck freight.

H4007

1967-81 Subframe Connectors

Strategically engineered to add chassis rigidity for improved vehicle performance and longevity by reducing chassis flex. Fabricated from rectangular steel tubing, these TIG welded connectors are powder coated gloss black and 1967-81 connectors include Polyurethane front body mounts. Installation of these connectors requires absolutely no modification or cutting of the floor boards. The rear mounts weld in place, while the front mounts are bolt-in with the option to weld.

Note: Exhaust may need to modified on some models.

D31301

1967-81 Front Suspension Sets

These front suspension sets integrate Detroit Speed's outstanding suspension products into a system designed to overhaul your vehicle's factory subframe. Choose from 2 set levels to bring suspension performance up to your personal standards.

Note: Shipped double oversize.

Speed Set 1

Simple, bolt-on performance for your factory subframe. Includes: tubular control arms with stock spring pockets, Koni Classic front shocks, 2" drop coil springs, and front sway bar.

Small Block - LSX

D31301	1967-69	2336.99 set
D31307	1970-81	2388.99 set

Subframe Connectors

1967-81 Subframe Connectors

Stiffen your vehicle's frame with Detroit Speed and Engineering's weld-in 2" x 3" x .120" wall subframe connectors. Once installed, these connectors are barely visible from underneath the vehicle. The connector is tapered to attach to the rear frame rails with a laser cut slot that conforms to the rear seat floor pan without interfering with seat attachment hardware or the rear leaf spring coupe. Includes: laser cut brackets, templates, pictures, and detailed instructions. 1970-81 sets also include installation DVD.

1967-69 Convertible Strengthening System

The Chassis Max System for 1967-69 Camaro convertibles utilize an exclusive new high tech cross brace with subframe connectors to strengthen the chassis, add structural integrity, and drastically improve handling. It connects the subframe to the leaf spring pickup points, making your Camaro rock solid, and the system's multi-piece design contours around the undercarriage allowing up to a 3 inch diameter dual exhaust to fit cleanly while preserving ground clearance. All three components in the Chassis Max System are CAD designed and precision CNC-machined in the USA. A durable gloss black powder coated finish means the parts won't chip or crack, and all necessary Polyurethane subframe mount bushings, and hardware are included.

Note: Shipped double oversize.

1982-02 Subframe Connectors

Subframe connectors have been the answer for body flex which produces body squeaks and rattles as well as excessive body flex. Constructed from either mild steel rectangular tubing for weld-in or DOM (Drawn Over Mandrel) mild steel tubing for bolt-in connectors. The bolt-ins are designed for everyday driving with an occasional autocross or drag race, while the weld-in one is for spirited driving and the serious racer. Both sets will tack tight to the body so there are no ground clearance issues. The weld-in style requires no bolts to tighten ever and offers less chance of flex compared to bolt-in types. Both offer a choice of red or black powder coating. Made in USA.

Important: Please specify: A for red finish, B for black finish.
Note: *Will NOT fit convertibles. Shipped oversize.

Bolt-In Style

These are constructed from 1.750" x 0.120" DOM (Drawn Over Mandrel) mild steel tubing with 0.250" CNC-machined mild steel mounting plate. Available in 2 point or 3 point mounting.

1982-02 Subframe Connectors

Subframe connectors are used for high-performance street and racing applications to stiffen the chassis and improve vehicle response. Sets include: 2 stock height interloc body mounts, add C809 for complete set. Manufactured from 1-5/8" seamless .125 wall round tubing for 1982-92 and 1993-02 convertible models and 2" seamless .125 wall round tubing for 1993-02 coupe models.

Important: Some weldings required. If rubber bushings are used between the frame and body, they must be removed and solid bushings installed (Interloc Bushings).

Note: Shipped oversize.

1982-02 Weld-In Subframe Connectors

These subframe connectors reinforce the rear control arm mounts, joining key structural areas. BX20013 is for full length headers and exhaust systems that run inside the frame rails. BX20014 is for OE manifolds or shorty headers with OE exhaust or similar that runs on the passenger side, outboard the subframe. Tubular connectors are constructed from 1-5/8" roll cage tubing, boxed connectors use 2" square tubing.

1982-92 Wonderbar Frame Brace

The steering brace, also known as the Wonderbar, ties both sides of the frame together under the front of the vehicle to maintain the geometry of the pitman arm and idler during cornering. The steering brace strengthens the chassis and takes stress off of the steering gearbox mount, preventing the common stress cracks that form around the steering gearbox mounting location. Available with a black or red powder coated or with a yellow zinc-plating.

1982-92 Wonderbar Frame Braces

Not OE on all models but a must in the pursuit of rigidity. This brace mounts between the frame horns and the sway bar. The "Wonderbar" will reduce flex and twisting generated from the steering gearbox, which is much more noticeable with larger front tires.

TS13	1982-84	50.99 ea
TS14	1985-92	49.99 ea

1985-92 Wonderbar Frame Brace

Stiffen the notoriously flexible front subframe by installing a BMR steering brace. Also called a Wonderbar, this brace is designed to stiffen the front subframe assembly and reinforce the steering box mounts for crisper steering and to eliminate wander.

Note: When ordering, please specify: A for red finish, B for hammerstone finish.

BX20092	1985-92	99.99 ea
---------	---------	-------	----------

1983-92 Wonderbar Steering Brace

The 1983-92 third generation steering brace, also known as the Wonderbar, is designed to tie the front right and left subframe together to improve handling and overall performance. This is constructed from 0.250" 1018 mild steel CNC-machined mounting points and 1.250" DOM (Drawn Over Mandrel) steel tubing with a 0.120" wall fully MIG welded for extreme strength and lasting performance. This is a direct bolt-on with no additional holes needed to be drilled. Can use OEM hardware and OEM sway bar bushings and aftermarket poly mounts. Available in red or black powder coated. Made in USA.

Note: Please specify: A for red finish, B for black finish.

UM2030	1983-92	99.99 ea
--------	---------	-------	----------

1982-92 Strut Tower Braces

Available in 2 or 3 point designs, these braces feature tubing, 1/4" mounting plates and 1-1/4" diameter tubing with precision cut mounting plates and logs. 3 point braces offer strong, clevis mounted ends instead of the "pinched tubing" designs. Mounting hardware and instructions included.

Important: Please specify: A for red finish, H for hammerstone finish.

Note: Will clear LSSX with car intake.

Subframe Mount Hole Repair Set

Four metal plates in the correct gauge and hole size to repair rusted, enlarged holes in both tops of the four subframe to body mounting brackets.

Important: Welding required.

KW696 1967-81 16.99 set

Formula Five Prelube

Energy Suspension Formula Five Prelube is a versatile, waterproof, non-melting grease containing PTFE. This forms a tough, durable, chemical resistant film of lubricant and also prevents metal to metal contact even under severe shock loads. Only small amounts are required to properly lubricate bushings and metal components and to prevent corrosion. Use this when assembling your Polyurethane bushings to your suspension.

Important: Only small amounts of this prelube are needed when assembling components.

911104 8 oz. tub 14.99 ea

Super Grease

This silicone based grease will reduce squeaking and keep your Polyurethane bushings quiet. This waterproof, high temperature, high pressure formula is ideal for use in grease guns.

1967-81 Hydro Formed Subframe

DSE's front subframe is a bolt-in replacement for the original. Handling and ride quality are improved by DSE's unique suspension geometry, while the hydroformed frame rails offer strength and rigidity. This subframe provides clearance for up to 10" wide wheels (except 1967-68 models) and accepts small block, big block, and LS engines as a direct bolt-in using Detroit Speed's engine mount sets. Wheel bolt pattern is 5 x 4-3/4" with stud size M12 x 1.5". Each subframe includes tubular upper and lower control arms, coilover shocks and springs, power rack and pinion steering gearbox, spined sway bar, and C6 Corvette steering knuckles and hubs.

Important: 17" wheels require a minimum inside diameter of 16.250". Some brake applications will not work with 17" wheels. Flush mount valve stems may also be required on wheels with a behind center valve stem location. Requires the use of stock or aftermarket C6 brake components. 1970-81 models require transmission crossmember modification to accommodate the 1" engine setback.

Note: Special order. Subframes shipped truck freight.

Made in USA

1982-92 Tubular K-member, Coilover

This direct bolt-in replacement K-member and lower A-arm set instantly removes 25 lbs from the front of your 1982-92 Camaro, while having the strength to endure everyday driving. Factory clamshell and engine mounts bolt to the precision machined mounting pads while both factory and aftermarket suspension is located by strong boxed mounting points. The tubular construction provides added clearance for aftermarket exhaust. The modular design permits coilover use as delivered (coilovers not included) or can be converted to stock spring and strut use by removing the top bracket and adding a UMI spring perch to convert to big springs (springs not included). Street and track testing on our 1989 IROC Test car has shown this K-member to be strong, reliable and a great upgrade for your high-performance ride. Available in red or black powder coated finish. Made in USA.

Important: Please specify: A for red, B for black.

Note: Shipped oversize.

Upper Spring Mounts

This spring perch kit is used as an upper spring mount in conjunction with the UMI K-member. The spring perch is an economical way to convert from a coilover K-member part #UM2402 or UM2404 to a factory style spring and shock.

1982-92 Tubular K-Members

Tubular K-Members with motor mounts weigh only 24 lbs, saving 30.5 lbs over OE. Combine this with a set of our Tubular A-arms and save up to 50 lbs. Made from .120" wall 1-1/2" DOM (Drawn Over Mandrel) tubing and laser cut, CNC formed 3/16" mounting plates.

Important: Please specify: A for red finish, B for hammertone finish. Not for use OE A-arms.

Note: Shipped overfactory.

ridetech Suspension Systems

Air Ride Technologies

**Includes:**

- RideTech Tall Spindles
- Upper StrongArms
- Lower StrongArms
- HQ Series Coilovers
- Front MuscleBar
- 4-Link
- Rear Suspension

1967-69 Coilover System

This coilover package includes everything you need to completely upgrade your suspension. The package contains front upper and lower control arms, tall spindles, front MuscleBar, a rear 4-Link, and 4 single adjustable coilovers for every corner of your vehicle. Buying a complete suspension system takes all of the guesswork out when upgrading your suspension. This is a tested system to assure the improved handling of your Camaro. Made in USA.

Note: Shipped double overize.

1116201 1967-69 5474.99 set

**Features:**

- Composite leaf springs save 70 lbs of weight!
- Tall ball joints improve OEM camber curve for a more stable feel through the corners.
- Larger front and rear sway bar minimizes body roll.
- Delrin sway bar bushings eliminate movement and static friction in the sway bar to improve ride quality and handling performance.
- RideTech HQ rebound adjustable shocks offer the ultimate in ride quality and handling performance.
- Staggered rear shocks eliminate wheel hop; upper mounts are reinforced for extra strength.

1967-81 StreetGrip System

Includes front dual rate coil springs, composite rear leaf springs, Delrin leaf spring bushings with shackles, Delrin front control arm bushings, front MuscleBar and HQ Series shocks.

Note: Shipped overize.

1967-69 MUSCLEBar Sway Bar

RideTech MUSCLEBars are designed to greatly enhance the cornering performance of 1967-69 Camaro models. These sway bars are developed on a running, driving vehicle to properly address fitment and performance issues. Includes increased diameter sway bar, Polyurethane bushings, and high-performance end links all add up to a sway bar package that works correctly with lowered vehicles and aggressive driving. Made in USA.

Note: StrongArms are designed for use on RideTech lower StrongArms.

Rear Sway Bar - 4-Link Only
 11169102 1967-69 3/4" bar 524.99 set

1967-69 Tru-Turn Steering System

This Tru-Turn system resolves several issues with early Camaro front suspension geometry. With this set, bumpsteer is virtually eliminated, steering arm interference is corrected to allow wider tires, and the wheels lean into turns, rather than away. If your front suspension already uses RideTech drop spindles, the Tru-Turn upgrade set includes the remaining components to correct the issues of the factory design. Made in USA.

Important: 10" wide tires may require modification of the inner wheelhouse and outer fender lip. Not for use with OEM or other aftermarket spindles.

1967-69 4-Link Suspension

Experience crisp, controlled ride quality and confident performance driving with this 4-Link suspension from RideTech! This system attaches directly to your vehicle's OEM leaf spring mounts with no cutting or fabrication, just 4 small tabs to weld to the axle for your upper bars. The ride height of will be lowered approximately 2" and the ride quality and performance is dramatically improved. Use with ShockWave or RideTech coilover shocks (sold separately).

Note: A small tabs must be welded. Professional installation recommended. Shocks not included. Shipped overize.

1967-81 Torque Arm Rear Suspension

Superior handling, adjustable geometry, first rate engineering and construction. Our new torque arm rear suspension system is the answer for Pro-Touring and track day vehicle builders looking to leave the competition far behind. Includes fabricated torque arm, g-link tubular steel pivot ball lower arms, Watts link, 16 position adjustable VariShock coilovers, weld-on frame brackets, and optional billet arm splined end anti-roll bar. Subframe g-connectors and center support create the torque arm chassis mount and FAB9® rear end housing are required for operation; these items sold separately.

Note: Subframe g-Connector System shown, sold separately.

1967-81 g-Bar/g-Link Rear Suspensions

The g-bar and g-link bolt-in, canted 4 bar suspension systems directly replace the OEM leaf springs and shocks for remarkably improved handling and performance. Designed to be easily configured for a broad range of performance. Installation is simple and straight forward, requiring zero fabrication and only minimal welding for attachment of frame rail and upper arm brackets.

Pivotball g-Link Suspensions

Pivotball g-Link systems include precision pivot ball jointed upper and lower arms for occasional or full-time high-performance driving. Tubular steel lower and billet steel upper arms are adjustable in length for exact housing placement. Includes: suspension cradle, upper and lower arms, axle brackets, single adjustable shocks, springs, and mounts.

Suspension Sets

1967-69 Three Stage
Steering and Suspension Sets

Steroids™

Included in all the pre-configured sets:

- Steroids Rack and Pinion Conversion Set for Power Steering
- Performance 1.5" Drop Rear Leaf Spring Kit
- Performance Front and Rear Sway Bars
- All Necessary Hardware, Fasteners (Grade 8), Brackets, and Detailed Installation Instructions

These pre-configured Stage Steering and Suspension sets for 1967-69 Camaro models take the guess work out of improving your suspension. The foundation of these suspension packages a complete front coilover conversion and rear Suspension Upgrade and the legendary Steroids Rack and Pinion Conversion kit. The front coilover conversion allows either factory or aftermarket control arms, featuring fully adjustable ride height. The included Steroids Power Steering Rack and Pinion conversion kits are lighter weight and much quicker ratio – saving up to 25 lbs when compared to the stock steering system. Make your classic Camaro handle like never before. These sets will reuse the existing power steering pump. Designed for ease of installation, these sets are entirely bolt-on with no welding, cutting, or drilling required. Installs with hand tools. Proudly made in the USA.

Note: Shipped in multiple boxes. Shipped overseas.

1967-69 OEM Coil Springs

Manufactured to original GM blueprint specifications, heat treated, shot-peened, and finished in the correct color for each application. For 1969 applications use the equipment weight chart. Find the weight of the options your Camaro is equipped with, then use the spring code chart to determine the correct spring code for your model and optional equipment. Sold in pairs.

Front and Rear Coil Springs

Specialty Products Company

SP94393

1967-81 Pro Springs

Pro springs offer immediate handling enhancement and give your muscle car an aggressive stance! Front springs provide approximately a 1.3" for small block and 1.5" big block drop. High-quality construction and design ensures springs will retain optimum rates for unsurpassed performance. Springs are epoxy coated with a diamond black color. If you're using these springs with Specialty Products Company tubular lower arms and need to fine tune your ride height, use ride height spacers SP94346 or SP95332.

H&R

1993-02 Sport Springs

H&R sport springs enhance the look of your vehicle and provide a lower center of gravity for reduced body roll and better handling. The progressive spring rate provides superb ride quality and comfort. Lowers V6 models approximately 1-1/2".

Note: Does not fit convertibles.

OE AUTHORIZED

1967-89 Front Coil Spring Upper Mount

Reproduction coil spring upper mounts for 1967-69 Camaro models. Why rely on tired coil spring mounts when you can weld in fresh steel? Replace damaged or rusted coil spring mounts with these reproductions. EDP coated for corrosion prevention.

C671003	1967-69	29.99	pr
---------	---------	-------	----

1967-81 Coil Spring Spacer

Reproduction coil spring spacer for 1967-81 models. This was used by GM on the production line between the lower control arm and the spring to adjust the front end at ride height.

14927	1967-81	2 required	14.99	ea
-------	---------	------------	-------	----

1967-81 Front Coil Spring Insulator

Molded rubber coil spring insulators that mount between the coil springs and the frame. These insulators will keep the springs from riding on the frame metal to metal and will give you a better ride. Coil spring insulators were not original on all vehicles. Measures: 5-5/16" o.d., 3-3/4" l.d., 1/4" thick.

Note: These insulators will increase ride height equal to the thickness of the insulator.

Front Coilover Conversion

D303110

1967-81 Front Coilover Kit

This coilover base kit is designed to convert your 1967-81 Camaro front subframe to the latest in coilover spring/shock technology. This kit offers ride height adjustability and DSE valving to suit your driving requirements. Springs are 100% quality checked, inspected and engraved with the spring rate. The DSE/JRI "Detroit Tuned" base shock is a "pure blood pedigree" racing shock in its most efficient form as a non-adjustable unit. Although non-adjustable, it shares all the increased dynamic responses of all the JRI adjustable models while providing excellent ride quality on the street.

Small Block/LS Engines

1970-81 Extended Coilover Mount

1970-81 Camaro models extended coilover mount is used to mount a true racing coilover. This well-in upper coilover mount kit locates a 2-1/2" racing coilover in the proper location for use with adjustable lower arm or most aftermarket coilover compatible arms. The kit features strong 3/16" laser cut construction, quick-align mounting bolt, a 5-1/2" reinforcement ring and templates for trimming the frame. UMI is proud to offer UMI Aico and Viking specific shocks and springs as a direct bolt-in. Cutting and welding is required and installation by an experienced fabricator is recommended.

UM2661	1970-81		199.99 set
--------	---------	--	------------

STEP 1

Get the Brackets:

Coilover Conversion Brackets

These coilover brackets are laser cut from 1/4" steel and are designed tie into the frame and upper A-arm mount, strengthening the mount. These brackets install without removing the motor or the fenders! Use a simple hole saw and drill to cut the shock opening. Steel templates and instructions are included.

Important: Fabrication and welding required.

Notes: Coilover shocks or springs sold separately.

BX20400	1967-69	bracket set	109.99 set
---------	---------	-------------	------------

STEP 2

Choose Your Shocks:

Proma Star shocks are ride height adjustable, 100% dyno-tested and serialized. Spring mounting hardware is included. Sold individually. 2 required per vehicle.

Note: Must replace upper bushing with bearing set part #BX201403.

Proma Star - Single Adjustable

These QA1 Proma Star shocks adjust compression and rebound simultaneously, offering 18 settings of ride control.

BX201402	1967-69	single adjustable	190.99 ea
----------	---------	-------------------	-----------

Proma Star - Double Adjustable

Get full control of your suspension by adjusting compression and rebound independently. Sold individually. 2 required per vehicle.

DER® Gray Shock Absorber Paint

In the 60's and 70's, Delco shock absorbers used a special shade of gray. The special color has been reproduced to the exact shade of gray in an easy to use aerosol spray for shock absorbers on GM cars and trucks. 1 to 2 aerosol cans are all you'll need. 12 oz. aerosol spray.

Note: Aerosol spray cans are shipped ground only.

1967-02 Q Series Mono-Tube Shock

Nothing influences how your vehicle rides and handles more than shock absorbers. These smooth body aluminum Q-Series shock absorbers with their robust mono-tube design are a durable, direct replacement performance upgrade for nearly any Camaro build. Backed by a 1,000,001-mile RideTech warranty. HQ Series shocks offer 20 settings of rebound adjustment for drivers to tune ride quality and handling quality to their specific taste. Switch between cruising in comfort or stiffen your suspension for spirited driving.

1982-02 Gas Shocks and Struts

KYB's AGX adjustable gas shocks and struts allow drivers to adjust damping in seconds to match specific driving conditions for street, strip, track, or cruising. Damping is selected with an external knob on the shock body or a screwdriver slot at the top of the strut piston rod. Micro-smooth, hard chromed piston rods for reliability. Seamless cylinders and eye rings eliminate weak points created by welded seams. Multi-lip seals and self-sealing packing are used to keep the oil in and contaminants out. A patented check valve minimizes foaming of oil and gas inside the shock.

Performance Shocks

1987-92 Drag Shocks

Lakewood drag shocks feature state-of-the-art 10 stage valve design which provides excellent starting line reaction and stable high speed operation, superior to any other shock on the market today. These shocks include polyurethane bushings. The chrome-plated piston rod will resist corrosion and limit premature seal wear. Lakewood shocks are assembled using only high-quality components including specially formulated anti-foaming hydraulic fluid for precise and consistent drag strip operation regardless of temperature. All Lakewood drag shocks will mount in the stock location without modification.

Note: 90/10 series shocks are not designed for street use.

90/10 Series Front-Race Only

Will let the front end rise quickly to provide as much weight transfer as possible during the rear wheels on initial launch.

70/30 Series Front-Street and Strip

Used for overall improved handling on the strip or when quick front end lift is not needed.

50/50 Series Rear-Street and Strip

Used to properly load the rear wheels and prevent over reaction and wheel hop. Use with leaf or coil springs.

1987-81 CF Series 90-10 Front Shocks

Calvert Racing Suspensions offers a shock specifically designed for maximum weight transfer. Built with the softest race on rebound on the market today, allowing the front end of your race car to come up as easy as possible! Dual stage valving on compression allows the car to settle on the top end. Due to a slightly larger diameter shock body, some slight trimming or clearancing may be required on the lower control arm. Sold in pairs.

Note: Needs slight grinding to fit per vendor. Not for street use.

Rear Suspension

4-Link shown with optional axle housing and chrome coilover shocks. Painted for illustration purposes only, all components except shocks are provided in raw, unfinished steel.

HEID'S

H300101

1967-81 4-Link Rear Suspension

Looking for better handling that stands up to more power? Check out Heid's 4-Link coilover rear suspension! Designed specifically for 1st or 2nd generation models, this suspension bolts directly in place without floor modifications. Chassis and axle brackets are included, along with the upper coilover crossmember, panhard bar and black shocks with black coilover springs and adjustable 4-Link mounts. The 4-Link system can be outfitted with one of 3 shock setups, a 9" axle housing with a 60-1/2" track width, and 31 spline axles with 5 x 4-3/4" bolt circle.

Important: Maximum ride height may be several inches lower than the factory stock ride height. Welding is required to attach brackets to the axle housing when using an owner supplied housing.

Note: Kits with axle housings are shipped overweight.

- True Bolt-in with No Cutting into the Floor Required
- All Hell-arc Welded for the Highest Quality and Strength

1967-69 Torque Arm Rear Suspension

TCI Engineering's 1967-69 Chevy Camaro torque arm assembly is engineered for Street, Autocross, and Road Course applications. The torque arm rear suspension was designed to eliminate the suspension bind that occurs when cornering using the stock conventional leaf spring suspension. The torque arm features a telescoping slider at the front of the arm that rotates as the vehicle goes through suspension travel and articulation. This allows the vehicles handling to be controlled by the coilover shocks and the rear sway bar with no suspension binding variables. The set allows for a lowered stance, greater rear axle control and dramatically improved handling. There are 3 height adjustments on the axle brackets in one inch increments. You also have the ability to fine tune the ride height further with the adjustable coilovers.

Note: Welding is required for mounting tabs and brackets to the axle housing. Set is for any axle with 2" axle tubes. Set does not include axle assembly, third member or brakes. Shipped double overdrive.

D41711

1967-81 QUADRALink Suspension

Upgrade your original rear suspension to DSE's exclusive 4-Link geometry! The "Swivel-Link" allows the suspension to articulate with smooth, solid motion and no binding thanks to high diameter rubber bushings. The long upper links provide great pinion and U-joint angle control. Lower links are offset inboard for tire clearance and improved anti-squat geometry. The panhard rod laterally locates the rear axle under cornering and is adjustable as ride height changes for roll center control. The upper shock crossmember strengthens the rear body and frame section. Coilover shocks allow spring rate tuning and ride height adjustment. Designed to work with DSE deep tubs or stock tubs.

Important: Axle brackets require a 3" axle tube.

Note: Special order, must be prepaid. Shipped overweight.

1967-81 Mini-Tub Set

Get that lowered "Pro-Touring" look while running as much tire as you need with this complete Mini-Tub package! This set provides clearance for tires up to 355mm cross section and wheels up to 13" wide. Multi-Layer, 175 lb/in rate springs are offered in either a 2" or 3" drop configuration. The tapered leaf design and anti-friction buttons offer a smooth ride. The spring is biased to allow the front section to control spring wrap under load. The 1-3/4" offset, billet aluminum shackles are constructed with heavy-duty side bars that will eliminate unwanted flex. Includes detailed installation video.

Important: Requires extensive modification and welding. Rear frame rails must be notched and boxed. A narrower than stock gas tank and 3" axle tube.

Note: Shipped double overdrive.

1967-81 Mini-Tubs

Detroit Speed's Mini-Tub inner wheel housings are designed to accommodate wide tire and wheel packages while retaining a stock appearance. Nearly 3" wider than stock, these tubs are stamped from 18 gauge steel and significantly reduce the installation difficulty of a Mini-Tub project. Allows tires as wide as 335mm and wheels as wide as 12". Made in USA.

Important: Convertible installation is the same except some convertible hinge must be relocated to the new deep tubs.

Note: Shipped double overdrive.

D40401	1967-69.....	414.99 pr
D40403	1970-81.....	509.99 pr

1967-81 Coupe Roll Cage

Detroit Speed's 4 point roll cage is made from 1-5/8" x 134" mild steel and follows the lines of the Camaro coupe, staying close to the headliner and back window glass to minimize the impact on interior space.

Set is pre-notched and includes pre-bent mounting plates. A removable crossbar made from 1-5/8" x 120" mild steel with machined stainless steel clevis and quick release pins allow rear seat access.

Important: Does not meet NHRA/MHRA requirements due to removable cross bar.

Note: Some welding required. Shipped truck freight.

Rear Suspension

1967-81 Rear Leaf Springs

These reproduction rear leaf springs are designed for an exact, direct replacement of the originals. We offer single leaf (mono), 4 leaf and 5 leaf springs. Original single rear leaf springs can be replaced with multi-leaf springs by simply replacing the U-bolts and adding shock extenders which allow the springs to seat correctly. Mono-leaf springs were originally installed on all 1967 and base 1968-69 Camaros models. The 4 leaf springs were used exclusively on 1968-69 Z28 Camaro. 5 leaf springs were originally installed on 1969 Super Sport models. Front shackle bushings are pre-installed in all rear leaf springs.

Note: Shipped double overize.

1967-81 Sport Leaf Springs

When you install these springs, you'll not only improve the looks of your classic, but the handling too! These sport springs will drop your 1967-81 Camaro 1-1/2" lower than stock and, unlike mono-leaf springs, these multi-leaf springs provide a progressive spring rate for performance driving without the sacrifices of a harsh ride. The complete spring set includes: springs, heavy-duty shackles, Grade 8 hardware, U-bolts, spring pads, and bushings.

Note: Shipped triple overize.

1967-81 Split-Leaf Mono Spring

These revolutionary split mono-leaf springs from Calvert Racing are substantially lighter than your stock and designed to work with the CalTrac traction bar system. A 12" overlap at the high stress area of the spring, emulating a parabolic type spring. Aluminum bushings in the front eyes and polyurethane in the rear eyes remove stop and control spring motion. Used by the last 5 World Champions in Stock Eliminator, Calvert springs are available in stock ride height, 1" drop or 1" raised.

Important: Some fabrication will be necessary for installation.

1967-81 Rear Leaf Spring Installation Sets

Classic Industries® offers a complete rear spring installation set for mono-leaf or multi-leaf springs. Sets come complete with: rear shackle sets, U-bolts, upper and lower spring pads, spring eye bolts and clips, and screws for mounting. The 1967-81 shackle sets include the correct plates, bushings, bolts, and nuts for authenticity. Sets are available for mono or multi leaf installation.

Note: **Includes 2 U-bolts and 4 T-bolts. **Includes 4 U-bolts.

1967-81 Leaf Spring Offset Shackles

These billet aluminum offset shackles are designed to relocate the rear leaf springs inboard to accommodate larger rear tires. They relocate the rear leaf spring inboard to accommodate 335 tires (with a section of 13-1/2") on a F-body. The shackle offset is 1-3/4". Use along with other mini-tub components to complete your project. Set includes 4 offset shackles and Grade 8 fasteners. This shackle is designed for maximum suspension travel. Made in USA.

Note: The stock fuel tank will need to be narrowed or use DSE's narrowed stainless steel fuel tank when relocating the rear leaf springs.

1967-69 Rear Sway Bar Mount Brace

The Hotchkis performance chassis max sway bar mount brace for 1967-69 Camaro is designed to add much needed rigidity to the chassis and sway bar mounting area. This upgrade to the current Hotchkis rear sway bar package is perfect for the serious track car but practical enough for the daily driver. Fabricated from 1" x 1-1/2", 120" wall rectangular steel, TIG welded connectors and powder coated gloss black.

H1415 1967-69..... 230.99 ea

Rear Suspension

1967 OE Square Traction Bar 
These bars were installed on factory equipped L78 (396/375HP) and late production Z28s. This reproduction traction bar will fit from the RH side of the rear axle to the floor pan. Made in USA.
HC80 1967..... 299.99 ea

1967 OE Round Traction Bar 
When racers noticed excessive wheel hop in the early Camaro, GM designed this traction bar. Originally found on all SS-350 and Z28 or 4 barrel 327 models, this reproduction traction bar mounts between the RH side of the rear axle and floor pan.
HC79 1967..... 254.99 ea

1967 Traction Bar Hardware Set 
This reproduction hardware set mounts the traction bar to both the forward section on the floor pan as well as to the rear end housing. These original style bolts are used with both round and square OE style traction bars.
HC437 1967 hardware set..... 59.99 set

1967 Traction Bar Forward Bracket 
This reproduction traction bar bracket mounts the forward section of the traction bar to the floor pan plate. This bracket is used with both round and square OE style traction bars. Made in USA.
HC436 1967..... 79.99 ea

1967 Square Traction Bar Rear Bracket 
Reproduction rear mounting bracket for 1967 models used in conjunction with the factory installed or dealer retro-fit/service recall square traction bar. This bracket mounts the traction bar to the bracket on the RH rear axle tube. Made in USA.
HC81 1967..... 99.99 ea

1967 Traction Bar Rear Weld-on Bracket 
Reproduction 1967 traction bar bracket welds to the rear axle tube. The traction bar bracket bolts to this and mounts the traction bar at the rear. This bracket will fit both round and square OE style traction bars. Made in USA.
Important: This part requires welding for installation. Professional installation is recommended.
HC439 1967..... 79.99 ea

1967-81 Traction Bar System 
Developed by Super Stock champion John Calvert, these traction bars are the answer to "hooking up" high horsepower with your leaf spring suspension car. This simple bolt-on set requires no welding or alterations to the stock suspension. CalTracs redirect spring wrap-up force into the front pivot points, transferring weight to the rear of the vehicle. Your vehicle will launch harder with greatly improved 60 foot times, while maintaining correct pinion angle. Opposing threads on the transfer link make preload adjustments simple. Finished in black powder coat, CalTracs are approved by major sanctioning bodies like the NHRA, NMCA and the PSCA.
Important: Low profiles give an additional 1-1/2" of ground clearance with full preload adjustability.
Note: Shipped oversize.

Universal Traction Bars 
These heavy gauge rectangular steel bars strengthen multi-leaf spring rear suspensions and reduce wheel hop. Features MIG welded brackets for extra strength. Includes: rubber snubbers, U-bolts, and installation hardware.
Important: Not for use with mono-leaf springs.
Note: Shipped oversize.

LW20470 chrome 28" long..... 88.99 pr
LW20475 yellow 28" long..... 89.99 pr

1967-81 Traction Bars 
These rugged suspension bars are designed for multi-leaf spring suspensions. Traction is greatly increased, wheel hop is eliminated, and the rubber snubbers provide a better ride. The simplest way to increase traction on your pavement stomping Camaro!
Important: Not for use with mono-leaf springs. LW20470, LW20475 require small bumpers which are no longer available. All other traction bars use this large bumper.
Note: Shipped oversize.

Traction Bar Set

LW21607 1970-81 black..... 209.99 pr
Replacement Snubbers
LW20530 1967-81 large bumper... 21.99 pr

1982-02 Traction Bars 
Adjustable load control struts allow right or left side suspension preload for fine tuning the chassis. Manufactured from heavy gauge square steel tubing with a durable black powder coated finish. Includes Polyurethane bushings and grease fittings for easy lubrication.
Note: Shipped oversize.
LW21700 1982-02..... 446.99 pr

1989-02 TracLinks 
TracLinks can be installed on all 1998-02 Camaro models. TracLinks bolt to the rear axle and control torque, transfer this energy to the tires to increase straight line traction and side bite for corner exit acceleration. They will also reduce brake dive and help eliminate wheel hop. Features an attachment point for a driveshaft safety loop and provides for pinion angle adjustment.
Note: Shipped oversize.
TSC27 1998-02 automatic..... 489.99 set

Universal Driveshaft Safety Loop 
Required and approved by all major racing sanctioning bodies. This universal driveshaft safety loop is fully adjustable to fit most vehicles. The four piece design is manufactured from 1/4" thick, 2" wide mild steel, bright zinc-plated and includes all necessary hardware.
LW18000 zinc-plated..... 48.99 ea

1982-02 Driveshaft Safety Loop 
Specifically designed to fit 1982-02 Camaro models. Easy bolt-on installation requires no modifications. Both NHRA and IHRA legal. Manufactured from 1/4" thick zinc-plated steel. Complete with mounting hardware and instructions.
LW18020 1982-02..... 69.99 ea
LW18022 1993-02..... 100.99 ea

1967-81 Driveshaft Loop 
Driveshaft loops protect driveshafts, floor panels and street/track surfaces. Attaches to subframe connectors on 1967-81 models. Use with subframe connectors required.
H10067 1967-69..... 134.99 ea
H10066 1970-81..... 148.99 ea

Set Includes:

- CURRIE "9-Plus" Housing (3" x .188 wall tubing) with brackets
- CURRIE 31 Spine Performance Axle Kit

9" Housing and Axle Set

These housings are designed and built to go into your muscle car with a minimal amount of effort. It is set up with the Aftermarket Brake Configuration Standard which is: 2-1/2" brake space with late model big Ford housing ends, and a 2.80 center hole in the drum or rotor. Axles feature 5 on 4-3/4" bolt pattern with installed 7/16" wheel studs, 1/4" thick heavy-duty bearing retainer plates, and tapered Timken set 20 wheel bearings pressed on. Made in USA.

Note: Shipped double overdrive.

All 3rd Members Include:

- Nodular Iron "Sportsman" Gear Case w/3.062" Caps
- Nodular Iron Big Bearing Pinion Support
- Nodular Iron 1330 Series Short Yoke
- Nodular Iron Tractor Lock, TruTrac, or Detroit Locker
- New Ring and Pinion in These Ratios: 3.00, 3.50, 3.70, or 4.11
- Timken Bearings and Performance Oil Seals
- Professionally Setup, Ready-to-Install

9-Plus 31 Spine 3rd Members

These are built and ready-to-install in your 9" rear end. The Detroit TruTrac is a helical gear style performance differential that maximizes wheel traction and enhances driving and handling characteristics. The TruTrac operates as a standard or open differential under normal driving conditions, allowing one wheel to spin faster or slower as necessary. Operation of the TruTrac is smooth, quiet and automatic. The unit will engage without any driver knowledge or action required. It also has no wearable parts and requires no maintenance, meaning less time in the garage and more on the road.

542018

1967-02 Limited-Slip Differential

Auburn Gear's High-Performance Series limited-slip differentials deliver more traction and faster engagement than OEM units for controlled power transfer and fast reaction to changing load conditions and provide smooth torque sensing operation with bias ratios to meet your performance needs. This superior performance is achieved through an innovative cone clutch design which transfers more power to the high traction wheel for quick acceleration and tight cornering. Compatible with ABS and electronic controls.

Important: Check your axle before ordering to be sure which one you have. There are codes stamped on the axle housing for identification.

Note: *Click axle. **Accepts tone ring for ABS applications.

POWERTRAX

No-Slip Traction System

LR1910

1967-00 Positive Locking Differential

These new positive locking differentials are a breakthrough in differential technology that prevents wheel "spin-up" and delivers extreme traction with smooth, silent efficiency, while providing full differential operation! The Lock Right system is a rugged, simple design that replaces the existing spider gears with a pair of Lock Right driver and coupler gears in your stock open differential assembly. Requires no special tools, calibration equipment or fixtures, or extra modification because the ring and pinion gears are unaffected. Designed for fail safe operation and manufactured from ultra resilient, heat tempered steel alloys for maximum toughness.

Note: Not for use with Positraction or Limited-Slip differentials, use in stock, open differentials only.

1967-81 Complete 12 Bolt Axle Assembly

This extremely durable cast nodular iron 12 bolt housings from Moser Engineering are direct replacements for GM leaf spring applications featuring giant caps secured by 1/2" Allen bolts and include perches. Choose from pressed on ball bearings, or OE style C-clips. The complete package includes: a 12 bolt housing, a posi unit, Pro Street gears, 1316 or 1350 sector pinion yoke, chrome or Performance differential cover, custom alloy axles with ball bearings, studs, and retaining plates, or C-clip axles. Posi-equipped pressed bearing axles are available with 30 spline axles can be upgraded to 33 spline axles. Brakes sold separately.

Note: Special order only. Shipped truck freight. Mandatory shipping charges apply.

Moser Compatible Wilwood Disc Brakes

Classic Industries® has worked with Wilwood to design brake sets to work with the Moser 12 bolt axle assemblies that are sold through Classic Industries®. These will be setup with the correct offset and center register (the diameter of the center flange of the axle where the rotor is installed). Sets include: either Forged Dynalite brakes (black or red calipers) and 12" rotors (standard or drilled and slotted); or Superlite 4R Big Brake 13" rotors (standard or drilled) and (black or red calipers); and have parking brakes. Offset is 2.81" except for 1407149-D-DR and 1409315-D-DR which have a 2.75" offset; and all have a 2.78" center register.

Important: 1409215-D-DR are not designed for use with staggered shocks, factory shock mount must be moved inward to clear caliper.

Note: Special order. Shipped overweight.

BB4016B

1967-81 C5 Upright Wheel Brake Set — 13" Rotors

Get the braking performance of a modern Corvette in your classic Camaro! This set maintains the drum brake offset and features bolt on spindles that allow better camber change during suspension movement. The use of C5 bearing hub assemblies with their sealed bearing packs virtually eliminate spindle pin flex. These sets include: spindles, 13" slotted and drilled rotors, loaded calipers, sealed bearing packs, and mounting hardware. Choose from black or red calipers.

Important: 1967-69 Camaro set uses original or CPP replacement steering arms. C5 hubs use 12 x 1.5 metric lug nuts.

Note: Shipped overweight.

BB4017R	1970-81	red	649.99 set

BB4003R

1967-69 Big Brake Conversion Sets

This big brake system uses twin 52mm piston calipers to grab massive cross drilled and gas slotted rotors to provide a 60% increase in stopping over the popular C5 caliper. Front sets are compatible with stock disc brake spindles and include 13" rotors, calipers, hoses, bearings, seals, mounting brackets and hardware. Rear sets include: 12" rotors, calipers, mounting brackets, hoses, wheel studs, hard lines, E-brake cables, and hardware. The 4 wheel set includes: a 4 wheel disc manual/power master cylinder and proportioning valve. Calipers are available with a black rust inhibitive coating or powder coated red.

Important: Requires 17" or larger disc brake wheels. SOSS sets contain zero offset front brake sets.

Note: Shipped overweight.

Wilwood Disc Brake Sets

1967-87 Front Brake Sets

Wilwood disc brake sets for 1967-87 models. Each set features rotors, calipers, pads, and all hardware necessary to mount them onto stock spindles. Available with plain or drilled or slotted rotors and red or black calipers.

Note: 1/2" - 20 wheel studs. Shipped overnight.

Dynalite Pro Series - 4 Piston

Most sets fit inside most popular 15" disc brake wheels. These sets can be used with either manual or power boost master cylinders. Includes 11" rotors and black powder coated 4 piston calipers, and hardware.

Important: Fits 11" rotor spindles only. Requires modifications to original spindle.

Note: Set 14010996DR calipers are powder coated red. Shipped overnight.

1982-02 Superlite 4R Front Big Brake Set

This set is configured for dedicated road racing on all 1982-02 Camaro models using the OE factory single piston caliper spindles that have been modified to accept the Wilwood caliper brackets. The 4 piston FSL4R/ST calipers used in this set feature a forged aluminum body with a Type III Mil-Spec hard anodized, medium gray color finish. Hard anodizing provides superior wear resistance in the piston bores, and high resistance to abrasion and corrosion throughout. Thermlock pistons are used to reduce heat transfer from the pads to increase fade resistance, and to extend service life by decreasing temperatures in the caliper body, fluid, and seals. This championship proven system is completed with high temperature, high friction, endurance race compound pads selected specifically by application. Stainless steel braided flexlines are included in each set to complete the installation.

14012518	1982-92	2346.99 ea
14010691	1998-02	2059.99 set

1967-02 Front Big Brake Sets

Wilwood big disc brake sets for 1967-02 models. Each set features rotors, calipers, pads, and all hardware necessary to mount them onto stock spindles. Available with slotted or drilled or slotted rotors and red or black calipers.

Important: *These sets are hot sets, all other sets are hub sets. Some sets may require modifications to the original spindle.

Note: 1/2" - 20 wheel studs. Shipped overnight.

Superlite 6 Series - 6 Piston

Includes: 13" or 14" rotors for non-ABS spindles, billet calipers with 6 pistons and low dust, low noise brake pads for superior stopping power. Minimum wheel diameter: 17".

W4AR Series - 6 Piston

Includes: 14" rotors, 11" tall calipers with 6 pistons and low dust, low noise brake pads for superior stopping power. Minimum wheel diameter: 17".

Disc or Drum Spindle

14010920	1967-69	14" slotted rotor	black calipers	2189.99 set
14010920D	1967-69	14" drilled rotors	black calipers	2290.99 set
14010920DR	1967-69	14" drilled rotors	red caliper	2290.99 set

W4AR Rear Big Brake Sets

W4AR rear brakes are the perfect match for a W6AR front set. The W4AR calipers feature the same rigid body design as the front 6 piston caliper, with smaller pistons to balance the vehicle's braking. The 14" rotors are slightly thinner than the front to reduce rotating mass while providing cooling.

Important: This set is not designed to fit with staggered shock suspension.

Note: 1/2" - 20 wheel studs. Shipped overnight.

Slotted Rotors

1 STEERING, SUSPENSION, REAR END & BRAKES

Wilwood Disc Brake Sets

1407141 - assembled

1409213DR - assembled

Rear Brake Sets for 10 and 12 Bolt Axles

These FDL Pro-Series rear disc sets provide a solution for rear axles that require a parking brake. Forged billet Dynalite 6 four piston calipers, 12.19" one piece drum/rotors, and high friction pads provide optimized and balanced braking for all types of builds. The newly hidden internal shoe system provides a clean installation with superior static holding for parking.

Important: *May fit some 15" wheels, check wheel clearance diagram in installation instructions before purchase at www.wilwood.com. **Calipers are staggered opposite of factory shock location for fitment on 1968-69 models.

Note: 1/2" -20 wheel studs. Shipped overnight.

Dynalite Pro-Series - 4 Piston

Includes: 12.19" one piece rotors with internal parking brake drum, forged billet 4 piston calipers, high friction pads and brackets, and hardware.

BP-10 Brake Pads

Wilwood's exclusive BP-10 is an all new type of metallic composite friction pad compound. BP-10 exhibits the medium to high temperature friction characteristics of a semi-metallic based race compound with the low temperature response, quiet engagement, and lowered dust levels normally associated with ceramic based street performance pads. The combination of these characteristics make it the perfect choice for your street machine, auto crossover, or drag racer.

Stainless Steel Braided Flexlines

Wilwood's stainless steel braided Flexline sets are manufactured to high-quality standards and are available in various styles. These premium grade flexline sets have been designed for application specific sets. They are available as an optional item when ordering your disc brake sets and include all the required fittings. Wilwood highly recommends using these high-quality flexlines as replacement for the OE rubber hoses.

HIGH-PERF BRAKES 363

Baer Front Disc Brake Sets

Baer Brakes are known for exceptional braking performance and outstanding quality. Offering many upgrade and conversion brake sets that far exceed OE equipment performance. Baer Brakes have several sets available to choose from for your specific Camaro models, SS4+, Track 4, Pro+, Extreme+,

stock GM 10/12 bolt rear end SS4 with a variety of performance levels to fit your driving conditions and requirements.

Note: Shipped overweight.

1967-68 Brake Front Disc Sets

Important: *Design to be used with stock GM disc/drum spindles. Also fits DSE, Herd's, Fairman, Riedeltech and LH custom drop spindles. 4301452 and 4301356 widens track 200" a side on stock drum brakes.

Note: R=Red, B=Black, S=Silver. Photo for illustration purposes only, set contents may vary. Additional parts may be needed for installation.

SS4+
 This set features the S4 four piston calipers, 11" slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included. 11" 2 piece rotor SS4+.

Note: 15" minimum wheel size for 11" rotor. 17" minimum wheel size for 13" rotor. Uses common 4 piston pad (#D0749).

Track 4
 This set features the T4 four piston calipers, 13" 1 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs, mounting brackets and hardware included.

Note: 17" minimum wheel size. Uses Camaro 4th gen. front pads (#D0749).

Pro+
 This set features the 6P six piston forged mono-blocked calipers, 14" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs, mounting brackets and hardware included.

Note: 17" minimum wheel size for 13" rotor. 18" minimum wheel size for 14" rotor. Uses Corvette C5/C6 front pads (#D0731).

Stock Spindles - Rotor with Hub
 4301336* 1967-69 13" 2445.99 set
 4301337* 1967-69 14" 2445.99 set

C5/C6 Based Spindles (e.g. DSE, RS, Morrison) - Rotor No Hub
 4301352 1967-69 14" 2095.99 set

Speedtech/CPD Spindles - Rotor No Hub
 4301518 1967-69 14" 2095.99 set

Extreme+
 This set features the 6S six piston forged mono-blocked calipers, 14" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs, mounting brackets and hardware included.

Note: 18" minimum wheel size. Uses common race pad (#D1247).

Stock Spindles - Rotor with Hub
 4301083* 1967-69 14" 3795.99 set

C5/C6 Based Spindles (e.g. DSE, RS, Morrison) - Rotor No Hub
 4301171 1967-69 14" 3395.99 set

1970-81 Brake Front Disc Sets

Important: *Brake system has no track width change over stock. Drop spindles might change track width. 4301467 requires suspension to be modified.

Note: R=Red, B=Black, S=Silver. Photo for illustration purposes only, set contents may vary. Additional parts may be needed for installation.

SS4+
 This set features the S4 four piston calipers, 11" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 15" minimum wheel size for 11" rotor. Uses common 4 piston pad (#D0749).

Includes Modified Stock Spindles
 4301461 1970-81 1695.99 set
 4301462 1970-81 2095.99 set

Includes Hub/No Spindle
 4301467 1970-78 1295.99 set
 4301469 1979-81 1295.99 set

Track 4
 This set features the T4 four piston calipers, 13" 1 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 17" minimum wheel size. Uses Camaro 4th gen. front pads (#D0749).

Includes Modified Stock Spindles
 4301397 1970-81 2195.99 set

Includes Modified 2" Drop Spindles
 4301398* 1970-81 2594.99 set

Pro+
 This set features the 6P six piston calipers, 13" or 14" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 17" minimum wheel size for 13" rotor. 18" minimum wheel size for 14" rotor. Uses Corvette C5/C6 front pads (#D0731).

Includes Modified Stock Spindle
 4301342 1970-81 13" 2845.99 set
 4301343 1970-81 14" 2895.99 set

Includes Modified 2" Drop Spindle
 4301413* 1970-81 13" 3245.99 set
 4301414* 1970-81 14" 3295.99 set

Extreme+
 This set features the 6S six piston forged mono-blocked calipers, 14" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 18" minimum wheel size. Uses common race pad (#D1247).

Includes Modified Stock Spindle
 4301091 1970-81 4195.99 set

Includes Modified 2" Drop Spindle
 4301082* 1970-81 4595.99 set

1982-02 Front Disc Sets

Important: 1993-02 sets are designed to be used with 1990-2002 Spindles and hubs.

Note: Please add R=Red, B=Black, S=Silver when ordering. Photo for illustration purposes only, set contents may vary. Additional parts may be needed for installation.

SS4+
 This set features the S4 four piston calipers, 11" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 15" minimum wheel size for 11" rotor. Uses common 4 piston pad (#D0749).

Includes Hub/No Spindle
 4301450 1982-92 1295.99 set

Includes Modified Stock Spindles
 4301463 1982-92 1695.99 set

Track 4
 This set features the T4 four piston calipers, 13" 1 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 17" minimum wheel size. Uses Camaro 4th gen. front pads (#D0749).

Includes Modified Stock Spindles
 4301403 1982-92 2195.99 set

Requires Use of 1998-02 Spindle/Hub
 4301396 1993-02 1495.99 set

Pro+
 This set features the 6P six piston calipers, 13" or 14" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 17" minimum wheel size for 13" rotor. 18" minimum wheel size for 14" rotor. Uses Corvette C5/C6 front pads (#D0731).

Includes Modified Stock Spindle
 4301334 1982-92 13" 2845.99 set
 4301335 1982-92 14" 2895.99 set

Requires Use of 1998-02 Spindle/Hub
 4301332 1993-02 13" 2045.99 set
 4301333 1993-02 14" 2095.99 set

Extreme+
 This set features the 6S six piston forged mono-blocked calipers, 14" 2 piece slot, drill, zinc-plated rotors, stainless steel brake hoses, fully assembled aluminum hubs with spindles, mounting brackets and hardware included.

Note: 18" minimum wheel size. Uses common race pad (#D1247).

RWBK1012B

1967-81 Black-Out Rear Disc Brake Conversion Set

Performance Online now offers you the option of upgrading your rear brakes to match your front with our new Black Out Series rear conversion. This rear disc brake conversion fits GM 10 and 12 bolt rear ends out of Nova vehicles. These kits come standard with black powder coated D154 GM ratcheting calipers. Set includes: drilled and slotted 11" vented rotors (5 x 4-3/4" & 5 x 4-1/2" bolt pattern), black powder coated GM calipers with brake pads, stainless steel brake hoses, Banjo bolts, caliper mounting brackets, and all necessary hardware. Limited lifetime warranty.

Notes: Emergency brake cables sold separately. Not for use with rear ends using "C" Clip eliminators.

Remote Electric Hydraulic Pump Provides Power

- **Eliminates the Bulky Original Booster**
 Gain valuable clearance in the firewall area by doing away with the unsightly, inefficient vacuum power booster. Sleek billet aluminum master cylinder takes it's place for a better appearance and performance.
- **Increases Braking Pressure and Performance**
 This electronic system consistently provides 1400-2500 psi of braking pressure at the wheel, is self-contained and runs on brake fluid. Perfect upgrade for engines with low vacuum due to performance cam.
- **True Bolt-on - Requires No Vacuum**
 Replaces your OEM brake master cylinder as a direct bolt on (no drilling required). Adjustable pedal rod to allow for correct pedal height.

PB68741

PB64746

1967-69 Electronic Disc Brake Systems

Looking for a disc brake upgrade or a big brake system for your 1967-69 Camaro? These solutions from ABS Power Brake are true bolt-ons and mount to your OEM brake spindles. Choose from 12 or 13" cross drilled and slotted rotors. The complete system includes all necessary brackets and an ABS Power Brake electric high power master cylinder.

Note: Requires 16" or larger wheels. Shipped overweight.

Electric Brake Conversion Sets

1967-69 True Bolt-On Disc Brake Conversion Sets

- No Need for Front End Alignment**
 True bolt-on front disc brake conversion set eliminates the need for front end alignment due to spindle change.
- Easier and Quicker to Install**
 Because these sets bolt-on to your existing OEM spindles, installation time is greatly reduced.
- Greater Flexibility in Wheel Options**
 Sets for 1967-69 models have a variety of rotor sizes available for use with stock 14" diameter OE style wheels or for larger diameter custom wheels of your choice.

1967-69 Front Bolt-On Disc Brake System

Looking for a disc brake upgrade for the front of your 1967-69 Camaro that will bolt to your OEM spindles? This bolt-on solution from ABS Power Brake includes cross drilled and slotted rotors and all required brackets. Use 10-3/4" rotors to fit OEM style 14" wheels or upgrade to 12" or 13" rotors. Master cylinder, proportioning valve and tubing sold separately.

Note: PB68743 includes aluminum hubs. Shipped overweight.

10 & 12 Bolt Rear Disc Brake Conversion Sets

- Simple Install**
 Conversion set comes with calipers, rotors, mounting brackets, parking brake cables and all required hardware for installation.
- More Flexibility in Wheel Options**
 Upgrade for 1967-69 models providing for a modern disc brake system in the back while allowing the use of OEM size wheels. Later model sets offer 12" big brake upgrade for the rear.
- High-Quality Materials.**
 ABS Power Brake, Inc. brake components are manufactured with high-quality materials to the highest of manufacturing standards.

1967-81 Rear Disc Brake Conversion

Looking for a rear disc brake upgrade? This bolt on system from ABS Power Brake is the answer. Choose from 10-1/2" rotors that work with OEM size wheels, or upgrade to 12" rotors (requires 16" or larger wheels). These mount to your OEM differential housing brakes for a true bolt-on solution. Includes: calipers, parking brake cables, mounting brackets and hardware.

Note: Shipped overweight.

Electric High Power Master Cylinder

Made in USA

Is your big cam causing weak vacuum and hurting brake performance? Do you have valve cover clearance issues? This bolt-on solution replaces your OEM brake booster/master cylinder with a compact billet aluminum master cylinder that does not rely on vacuum for power assist. The self-contained unit allows the master cylinder to provide between 1400 and 2500 psi. Measures: 8" by 3-1/2".

PB10569 all..... 1374.99 set

Master Cylinders

Disc Brake Master/Booster Combination

This complete booster and master cylinder was built with the disc brake conversion in mind. The combination unit is ready-to-install and is perfect for big block and street rod or custom applications. The booster is finished in an anodized gold and the master cylinder is in raw cast color.

Remaster Master Cylinder

Baer Brakes' Remaster is a direct replacement for GM bolt patterns. Left or right hand port configurations and compact design to make fitting easier. Master cylinders are available in these bore sizes: 15/16" for manual, 1" for power, 1-1/8" for hydroboost brakes. Provides the best balance between pressure and volume for great braking performance with reasonable brake pedal effort. A mount is machined into the bottom of the master cylinder for a Baer billet bracket/adjustable proportioning valve (sold separately).

Delco-Moraine Markings

1987-80 Delco-Moraine Power Booster

When restoring your vehicle back to original, one of the hardest things to find is an original Delco-Moraine power brake booster, and if you do, it probably isn't in very good condition. Classic Industries® now offers this beautiful original reproduction. Made in USA. Comes in both 9" or 11" and has the correct Delco-Moraine stamping on the face and gold cad-plating. Ready-to-install, this power brake booster includes a vacuum fitting, boot, and pushrods.

D80022

1967-02 Power Brake Booster

Having trouble with your power brakes? Check for loose or defective engine components and vacuum lines. If you don't have a vacuum of at least 16 in. Hg, you may need to replace your power brake booster. These remanufactured brake boosters carry a manufacturer's limited lifetime warranty to keep your brake system operating safely.

Note: The listings below are for the power brake booster only and do not include the master cylinder assembly (sold separately).

1969-72 Z28 Power Brake Hose Bracket

Reproduction bracket for 1969-72 Z28 models. This brake hose bracket attaches to the valve cover and supports the line from the power brake booster to the intake manifold. Produced using stamped steel for an original appearance.

K0130	1969-72		19.99 ea
-------	---------	--	----------

1967-88 Master Cylinder Rebuild Sets

Master cylinder rebuild sets are an exact match to the design of your vehicle's original equipment. You can be certain that your replacement brakes perform as good as your original equipment.

For Power Brakes

MK501	1967-69	1-1/8" bore	26.99 set
MK501	1968-69	1-1/8" bore	26.99 set
MK1721	1982-88	with 4 wheel disc	29.99 set

1967-81 Manual Pushrod Set

Special heavy-duty pushrod converts vehicles equipped with power brakes to manual brakes. Uses present master cylinder. Must have deep hole in piston.

398721	1967-81		24.99 set
--------	---------	--	-----------

1967-69 Master Cylinder Pushrod Set

Master cylinder pushrod set for Camaro models. Choose between a set for 1967-69 models which includes: the plastic sleeve (boot), 2 push pins (one for a shallow master cylinder, 1 for a deep master cylinder) and attaching clevis.

PBK10	1967-69	all	11.99 set
-------	---------	-----	-----------

1967-69 Master to Booster Nuts

Master to booster mounting nuts mount the master cylinder to the booster or firewall.

1253540	1967-69		3.99 pr
---------	---------	--	---------

1967-69 Brake Booster to Firewall Nuts

Reproduction booster to firewall nuts. This nut set mounts the booster to the firewall mounting studs.

1253535	1967-69		4.99 set
---------	---------	--	----------

Brake Booster Components

Low Pressure Hydraulic Brake Switch

This unit requires 20-50 pounds pressure, instead of stock units that need 60-120 pounds pressure to engage. Standard 1/8" pipe thread (9/16"-18). DOT compliant and features silicone fluid compatibility.

TF900650 32.99 ea

1967-69 Distribution Block Set

Reproduction 1967-69 distribution block set bolts below the master cylinder. If pressure is lost in front or rear brakes, this block seals off the malfunctioning end and activates the brake warning lamp. Includes: distribution block, bolt, and mounting bracket.

RE109 1967-69 75.99 set

1967-70 Hold Off Valve Mounting Bolt

Reproduction hold off valve mounting bracket bolt featuring correct with star washer and RBW head marking. Used to hold the cast iron valve to the booster bracket.

1253538 1967-70 3.99 ea

1967-69 Brake Pressure Regulator Valve

Reproduction rear brake pressure regulator valve for 1967-69 models equipped with factory air conditioning, big block models or models with a factory 12 bolt axle. This brass valve features the correct mounting bracket and controls the hydraulic pressure to the rear brakes to evenly distribute front to rear braking force to keep the vehicle's heavy front end level under hard braking.

RE104D 1967-69 54.99 ea

Residual Pressure Valves

A 2 pound valve is used in disc brake systems where the master cylinder is mounted below the horizontal plane of the calipers and fluid drain back occurs from gravity and vibration, thereby causing excessive caliper piston retraction and a longer brake pedal stroke. A 10 pound valve is used with drum brake vehicles to compensate for return spring tension in the drums.

2 Pound Valve - Blue

26013783 22.99 ea

10 Pound Valve - Red

26013784 with fittings 22.99 ea

1967-69 Disc Brake Metering Valve

Cosmetically correct reproduction valve for all 1967-69 models with disc brakes. The metering valve prevents the front brakes from locking up before the rear brakes have had a chance to activate. A bad metering valve can cause severe nose diving during braking and excessive front brake pad wear. Mounts remotely to the master cylinder, including original style mounting bracket.

F68691 1967-69 with disc brakes 52.99 ea

1967-72 Brake Combination Valve

If you need a new disc brake metering valve or want the more updated look of a brake combination valve in your 1967-71 Camaro, or need a replacement for a 1971-72, these carefully machined reproduction brass combination valves are the perfect replacement solution. Will fit and function for all 1967-72 models with either disc/drum or disc/disc brake conversions.

Combination Valve Set

PV71K 1967-72 w/disc/drum brakes 91.99 set

PV72K 1967-72 with disc/disc brakes 91.99 set

Combination Valve Set with Lines

391350 1967-72 disc/drum brakes 114.99 set

391351 1967-72 disc/disc brakes 114.99 set

Combination Valve Only

PV71 1967-72 w/disc/drum brakes 45.99 ea

PV72 1967-72 with disc/disc brakes 82.99 ea

Mounting Bracket Only

PBV871 1967-72 mounting bracket 9.99 ea

New!

- Rotary adjustment
- Brake light sensor pigtail
- Two Ports feed master
- Five 3/8"-24 fittings
- Five 3/8" ports
- Two Front ports
- One Rear port

Universal Adjustable Combination Valve

Universal adjustable brake combination valve. Features a rotary adjustment to regulate brake pressure. Includes 5 stainless steel fittings for 3/8" brake line, brake light switch, wiring pigtail, and residual valves where applicable.

Note: *With residual valves.

PB1109 valve only 70.99 ea

PB1110 with drum/drum 95.99 ea

PB1112 with disc/drum 95.99 ea

PB1113 with disc/disc 85.99 ea

Adjustable Proportioning Valve

Precision proportioning from 100 to 1000 psi. At full release, valve is capable of up to 57% reduction in line pressure.

The new smaller body accommodates easy mounting in a variety of locations in conjunction with two .25" diameter holes on 1.00" centers. Standard 1/8"-27 NPT inlet and outlet ports and two 1/8"-27 NPT to 3/8"-24 inverted flare brake line adapters included makes installation simple.

2608419 knob style 48.99 ea

New!

Universal Proportioning Valve Block

Universal proportion valve and distribution block all in one. Features a rotary adjustment to regulate rear brake pressure and help maintain correct brake bias between front and rear. Distribution block connects to master cylinder and distributes brake fluid to all four wheels. Includes: five stainless steel fittings for 3/16" brake line, brake light switch, and wiring pigtail.

PB1107 without lines/bracket 70.99 ea

PB1108 with prebent lines/bracket 115.99 ea

New!

Adjustable Proportioning Valve

The PROP-BLOCK is a precision-machined combination distribution block and adjustable proportioning valve in one. The valve connects to the master cylinder and distributes brake fluid to all four wheels, while the adjustable proportioning valve regulates rear brake pressure, maintaining correct brake bias between front and rear brakes. A built-in switch activates brake lights when brake pedal is depressed.

Important: This is not a direct factory replacement for original blocks and some line modifications may be necessary.

APVDB black anodized finish 69.99 ea

APVDBC chrome finish 99.99 ea

Proportioning Valve LH Mount Bracket

Universal fit bracket to mount the proportioning valve on the LH side of the master cylinder towards the driver side fender. Will fit most aftermarket 7"-11" boosters with a GM style master cylinder. Mounting hardware is provided.

153653B chrome-plated 14.99 ea

153653A zinc-plated 11.99 ea

Proportioning Valve Bracket and Line Set

Proportioning valve bracket with correctly bent lines with fittings.

PV01 LH 19.99 set

PV02 RH 24.99 set

Proportioning Valve Bottom Mount Bracket

Universal fit proportioning valve/combination valve stamped steel mounting brackets mount the combination valves either to the frame or directly under the master cylinder, providing access to lines and fittings.

153652B chrome-plated 16.99 ea

153652A zinc-plated 11.99 ea

1971-81 Proportioning Valve Bracket

This reproduction proportioning valve bracket mounts the valve into the correct location. This bracket is required for drum brake to disc brake upgrades and can also be used on 1970 models converting from a three piece valve to a 1971 one piece valve.

RE005 1971-81 21.99 ea

Replacement Brake Parts

1967-87 Front Hydraulic Brake Hose

1967-02 Stainless Steel Brake Hose Sets

Get increased stopping power, better pedal feel, and improved safety from these stainless steel brake lines. Rubber lines can swell under pedal pressure, causing a "mushy brake" feel. These quality brake hoses are tested up to 3000 psi. All lines are DOT certified and T.U.V. (Germany) approved. All front disc/rear drum sets include 3 lines, and four wheel disc sets include 5 lines.

Note: *With traction control. **Without traction control.

Replacement Brake Parts

HC66

1967-68 Disc Brake Hose Brackets

Reproduction steel line to hose caliper mounting brackets for 1967-68 models with disc brakes. Secures the steel brake inlet lines to prevent damage that may cause brake failure.

HC66 1967-68 disc only 28.99 pr
HC113 1967-68 universal 32.99 pr

1969 Front Brake Hose Brackets

Reproduction front brake hose brackets for 1969 models with front drum brakes. Retains the brake hoses to the steel brake lines.

14303 1969..... 24.99 pr

1969 Brake Hose Strap

Reproduction of the commonly damaged or missing 1969 brake hose to upper A-arm attachment strap.

HC64 1969..... 14.99 pr

1969 Disc Brake Hoses Frame Bracket Set

Reproduction of the original disc brake hose to upper frame edge mounting brackets. This unique 3 piece bracket set was originally used on vehicles with factory installed disc brakes, and includes 2 bushings and 1 bolt to mount the tube clip. Excellent for converting drum brake vehicles to disc brakes for a factory appearance.

HC65 1969 6 piece..... 48.99 set

1967-68 Rear Brake Hose Bracket

Reproduction of the bracket that mounts on the body and retains the brake hose where it attaches to the steel brake line on 1967-68 models.

14302 1967-68..... 19.99 ea

3975499

3975500

1970-81 Front Brake Hose Brackets

Reproduction front brake hose brackets for 1970-81 Camaro models. Reproduced to exact specifications with original markings, these brackets attach to the frame rail and the brake hose passes through it.

Brake Line Sets

- Available in stainless steel or original material.
- Lines have correct color coded fittings.
- Lines have been pre-fitted for easy installation.
- Each line is machine double flared for a safe, no leak fit.
- All lines are clearly labeled for your convenience.
- Reproduced with the discriminating restorer in mind.

Reproduction brake lines for your early model Camaro are available in OEM material for a stock look or stainless steel material which offers a longer life span and custom look! Each set includes all the necessary components. We keep a large inventory on hand for quick delivery!

Note: Shipped double oversize.

Brake Rotors & Drums

1967-69 Performance Brake Rotors

These drilled and slotted brake rotors offer great stopping power at an reasonable price. Designed for maximum pad bite and to minimize brake fade, these rotors are CNC precision cross drilled, mill slotted and silver zinc coated. Non-directional crosshatched for better break-in. Meets SAE J431 specifications. Sold in pairs.

RS5200	1967-69	front	163.99
RS5201	1967-69	rear	124.99

1967-02 Replacement Brake Rotor

Premium grade replacement brake rotors feature machined non-friction surfaces for better balancing, creating a cleaner, more finished looking rotor that dissipates heat effectively to provide better stopping power, especially in repeated stopping situations. Each rotor features a double disc ground finish to virtually eliminate run out thickness variations, producing a non-directional finish for better pad and rotor break-in. The 1967-70 rotors were originally a 2 piece design, now replaced with a 1 piece design.

Note: *Replaces factory 2 piece rotor design.

1969-02 Sport Rotors — Slotted

StopTech Sport Rotors offer improved cooling as well as a signature "short slot" design which wipes away the debris of used friction material that otherwise accumulates between the rotor and pad, keeping fresh pad material exposed to the rotor and reducing pad glazing. The edges sweeping the pad slightly increase the effective coefficient of friction, or "bite" amplifying brake system response. By providing an escape path for water, slotted rotors can also improve initial brake response under wet conditions.

Note: *With performance package. Please specify: L for left or R for right.

1969-02 Sport Rotors — Drilled/Slotted

Performance wheels and tires are best complemented with StopTech's direct replacement SportStop drilled and slotted rotors. SportStop brake rotors resist cracking under stress, prevent glazing of the pads, add bite, and improve wet and dry braking performance. Every rotor is produced from a high-quality casting and finished in a durable corrosion resistant coating.

Note: *With performance package. Please specify: L for left or R for right.

1967-81 Rear Drum Brake Assemblies

This is an easy, do-it-yourself set that uses your original power booster and master cylinder. All new components are pre-assembled onto backing plates with heavy-duty 9-1/2" finned drums and high-performance shoes. All parts are plated and color coated factory correct. Installation is simple, just remove your old components and bolt in the new assembly. A splash shield is the half round edge that is welded to the backing plate. Backing plates have been seen both with and without the splash shield (it may be an assembly plant location item).

Note: Fits both 10 bolt or 12 bolt rear ends. Requires 15" or larger wheel with 5 x 4-3/4" bolt pattern.
RE641 1967-81 9-1/2" 459.99 set

CB2022

CB2033

1967-97 Brake Drum

These vehicle specific premium drums provide consistent quality, strength, performance and reduced noise. Available for models with 9-1/2" x 2-1/2" brakes.

Note: Not for use with metallic linings. If you are replacing an aluminum drum with a cast iron drum, you must replace them in pairs.

Calipers & Wheel Cylinders

1967-68 Four Piston Front Disc Brake Caliper

Classic offers complete 4 piston disc brake calipers for 1967-68 models originally equipped with disc brakes. These quality reproductions are new, *not* rebuilt. Each caliper features stainless steel sleeves and comes loaded with pads for long-lasting dependability. No core charge required. Includes caliper inlet line (not cosmetically correct), and 7/16" inlet port. Includes replacement style pads. One R678 hardware kit required per side.

Note: Old brake fluid must be completely flushed out. If not, calipers will leak and the warranty will be voided.

14011291R

1969-81 Front Caliper Set

Wilwood's D52 front caliper set is a direct bolt-on 2 piston replacement for the factory original single calipers on 1969-81 Camaro models. Forged billet aluminum bodies, stainless steel pistons, and competition style high temperature seals put an end to the rust, bore pitting, and seal failures that plague the OE caliper design. Vehicles 1978 and up (with M10-1.5 banjo bolts) will require new brake lines.

Note: For use on vehicles with 1.04" wide(thick) x maximum 12.19" diameter rotors. Requires flex hose set part #22011371.

Brake Shoes & Pads

HB126505

1967-02 HPS Ferro-Carbon Brake Pads

Hawk Performance High-Performance street brake pads for 1967-02 Chevrolet Camaro. HPS disc brake pads are world renowned for their smooth braking feel, consistent release characteristics, and increased stopping power. These pads are excellent for spirited street driving providing a 20-40% increase stopping power and higher resistance to brake fade than standard replacement pads. Hawk's unique Ferro-Carbon compound achieves a higher friction co-efficient than conventional materials but are gentle on rotors, low dust, and virtually noise free. Made in USA.

Note: *With four wheel disc brakes.

1969-02 Posi Quiet Brake Pads

Posi Quiet brake pads are manufactured using the same positive molding process utilized by OE suppliers. Positive molding uses extreme pressure to compress the friction material and bond it to the backing plate. This process assures consistent friction material density throughout the pad, resulting in even wear and performance characteristics throughout the life of the brake pad. Posi Quiet friction is available in 3 specialized formulas suited for varied applications and driving styles. Semi-metallic, extended wear, and ceramic.

Note: *With performance package.

1969 Rear Park Brake Cables 4 Wheel Disc

Reproduction rear parking brake cables for 4 wheel disc brakes.

E227 1969..... 239.99 pr

Parking Brake Cable

These cables will complete the installation of your Wilwood parking brake set. These cable sets are compatible with all of Wilwood's internal drum parking brake sets including the Dynalite, Superlite, and W4AR sets. This cable will connect Wilwood's parking brake mechanism to your vehicle's OE equalizer assembly. The cables are simple to install and adjust, and the cable housing's black finish disappears under the car for a clean looking undercarriage.

3309371 with clevis..... 138.99 set

Under Dash Parking Brake Cable

Lokar connector cables are designed to mount directly to the under dash, foot operated brake and connect with Lokar universal rear brake cables. These cut-to-fit 6' long cables are available with either a black or stainless steel housing.

EC8001 stainless steel housing..... 187.99 ea
EC8001B black housing..... 127.99 ea

Universal Rear Parking Brake Cable

Lokar universal rear brake cables are designed to work with the Lokar under dash foot operated brake cables. The outer housing is designed with a specially extruded liner for extended life of the cable, and the stainless cable resists moisture. Features adjustable cable lock and clevis and come complete with two 8' cut-to-fit housings, cables, cable bracket and spacers. Available with either a black or stainless steel housing.

EC80 stainless steel housing..... 303.99 ea
EC80B black housing..... 211.99 ea

1967-81 Rear Park Brake Cable Connector

Reproduction connector used to join the center and rear section of the park brake cable. This cable connector was originally installed on all 1967-81 Camaro models regardless of the length of the cable.

537485 1967-81..... 4.49 ea

1967-69 Park Brake Cable Retainer Clip

Brake Tools

Brake System Power Bleeder

Bleed your hydraulic brake system like the pros with this high capacity brake bleeder system. This is a simple, one person operation with no external power source needed. Includes a precision pressure gauge for safe operation and you can flush the entire hydraulic system without frequently refilling the reservoir. This unit features a large reservoir that holds up to 2 quarts of brake fluid. Complete system includes: reservoir with gauge, hoses, fittings, instructions as well as two adapters that will fit most master cylinders from 1947-91.

14227 bleeder w/universal adapters.... 85.99 ea

Mityvac Brake Bleeder

The Mityvac Brake Bleeding Set can be used on virtually all hydraulic systems including most ABS systems. It's a rugged, low cost professional tool which enables one person to efficiently bleed brakes, clutches or other hydraulic systems. Choose from our sturdy polymer plastic bleeder, designed for occasional use, or step up to the heavy-duty model designed for the professional mechanic.

04000 "professional" model..... 129.99 set
06820 "do-it-yourselfer" model..... 54.99 set

One Man Brake Bleeder

Loosen the bleeder screw and fill with brake fluid. Pump the brakes until the hose is free of bubbles. Everything is included to quickly bleed brakes with no mess. Plastic bottle collects discharged fluids. Complete instructions included.

Y19200 8.99 set

Brake Bleeder Wrench

These will ensure that you don't strip the bleeder nuts on your calipers or cylinders. Check size before ordering.

Y10950 1/4" x 3/8"..... 7.99 ea
Y10900 5/16" x 3/8"..... 7.99 ea

Brake Bleeder Screw Dust Cap

These dust caps are installed in seconds on your brake bleeder screws to keep them from becoming clogged.

KW561 5.99 pr

Brake Bleeder Screw Valves

Bleeder valves should be replaced whenever rebuilding your brakes. After years of use the valve can become stripped, broken, or clogged.

1993-02 Trak+ Wheel Spacers

H&R TRAK+ wheel spacers provide simple and effective vehicle track widening for improved handling, performance, safety, and a 'perfect stance'. Featuring a 'perfect fit' hub-centric design, TRAK+ Wheel Spacers are extremely durable and lightweight thanks to a proprietary aluminum/magnesium alloy. Fits all 1993-02 V6 or V8 models.

Wheels & Accessories

Factory Style Stamped Steel Wheel

Factory style replacement stamped steel 14" x 7" wheel which was standard on the 1969 Camaro SS and COPO models. Features gloss black powder coating with OE style dimples for "dog dish" hubcap, and correct dimples by the valve stem.

Important: Rally hubcaps will not fit these wheels.

Note: For trim rings use TK3000 for 14" x 6" and 14" x 7" and TK1225 for 15" x 7" wheels.

GTA Inserts Available in Black, Silver, and Gold!

16" GTA Style Alloy Wheel

Each cast aluminum wheel features a machine finished outer lip and gold or black gloss spokes as original. Originally installed on 1987-92 Trans Am GTA and Trans Am models, but will fit Camaro models. 1967-81 models require a zero offset wheel on all 4 wheels while 1982-92 models used zero offset wheels for the front and 16mm offset rear wheels. Accepts original style center caps and lug nuts, sold separately.

Important: Wheels with zero offset have 4-3/8" backspacing, while wheels with 16mm offset have 5" backspacing. Low profile tires may be required for clearance on early model applications.

Era Correct Custom Wheels

A9550750

3134605P

S/S Super Sport Wheel

The Cragar S/S wheel was first introduced in 1964. By 1974 the Cragar S/S had become one of the most popular wheels of the muscle car era. Because it was chrome-plated rather than polished aluminum, it held its shine and was easier to keep clean.

Instead of requiring time consuming polishing, the Cragar S/S was ready to show with a simple hose off and wiping down. Available in a variety of sizes and configurations, these wheels are now back in vogue with muscle car enthusiasts who prefer a custom look, but wish to keep their car "period correct". Chrome aluminum center cap is included with each wheel. Lug nuts sold separately.

A95500110

A95500112

Magnum 500 Alloy Wheel

The Legendary Magnum 500 alloy wheel is the ultimate expression of the nostalgic muscle car attitude. This iconic design is enhanced with precision aluminum alloy construction and CNC-machined details for a show winning look. These wheels feature a gloss black and machined finish that is clear coated for a long-lasting durable shine. 5 x 4-3/4" bolt pattern. Center caps and lug nuts sold separately.

Note: *For rear wheel only. Will not clear most front suspensions.

Center Caps

Legendary Wheel Company center caps are die-cast with precision for a perfect fit and a show quality finish. Each emblem is its own work of art with unparalleled detail and correct accent colors. This Super Sport center cap is modeled after the original caps equipped on 1969-70 GMA-A-Body models. They utilize a easy-to-install mounting system designed to work exclusively on Legendary wheels that eliminates the risk of caps getting loose or being stolen. Sold individually.

Cragar 32 Series Keystone Classics

If your vehicle is a 1960-70's model, chances are it came with narrow wheels and tiny bias ply tires. By the mid-1960's, aftermarket wheel swaps were commonplace among car enthusiasts. One of the most widely chosen aftermarket wheels available during the muscle car era was the Cragar Keystone Classic. Popular for their composite design, the chrome-plating on the Keystone Classics made them much easier to clean than aluminum or mag wheels because they required no polishing. Cleaning them was a breeze by just hosing them down and wiping them off. These wheels are now back in vogue with muscle car enthusiasts who prefer a custom look, but wish to keep their car "period correct". Chrome center cap is included with each wheel. Lug nuts sold separately.

Cragar 390 Street Pro

The style of the Cragar Street Pro is reminiscent of the Halibrand Sprint which was made famous on the circle track cars of the 60's. The similarities stop

there, however. Unlike the Halibrand which was made of magnesium and required constant polishing to retain its shine, the Cragar Street Pro is manufactured of a chrome-plated steel rim with a chrome-plated aluminum center. They clean up easily and retain their shine with a simple hosing off and wiping down. The price of original 60's era Halibrands has been pushed up by collectors and the new Halibrand wheels are also very pricey. So, if you'd like the look of a legend at about 1/4 of the price, the Cragar Street Pro is definitely the way to go. Chrome center cap is included with each wheel. Lug nuts sold separately.

American Racing Outlaw

In the 1980's the modular wheel became the hot ticket on any late 70's or 80's muscle car. The wheels were called modular because they consisted of 3 elements...

...an aluminum wheel center (in various styles), an inner rim, and an outer rim. The combination of these "modules" allowed for an unlimited range of possibilities when it came to wheel specifications. The true modulators, however, were a bit pricey for the average Joe. This soon led to an influx of modular copies and 1 piece wheels built with a modular look. This modular style wheel is manufactured by American Racing. It is a 1 piece machined alloy wheel with a modular look. It comes clear coated and includes center cap. It's a good choice if you're looking for a period correct wheel design at a great price. 5x4-3/4" bolt pattern.

Classic 200S Daisy Wheel

One of the most popular wheels ever made by American Racing Equipment was the 200S, also known as the "Daisy Wheel". These wheels were originally cast at a foundry in Portland, Oregon until the late 1970's. The Daisy Wheel is a great alternative to the more common Torque Thrust wheel. Includes center cap. 5x4-3/4" bolt pattern.

1967-92 "Injector" Wheel

As soon as Rocket released the Launcher Series "Front runner" wheels, Rocket was overwhelmed by enthusiast demand for a hardcore traditional hot rod wheel that could be matched with the Launcher for the perfect staggered combo. Rocket's Scientists accepted the challenge and created this wheel to revive this classic design from drag racing's golden age. Reminiscent of the testosterone pumping Fuelie wheels of the 1960's absolutely complete the big and little combo look. Rocket "Injector" wheels are sculpted to perfection and hold true to the greatest era of Detroit automotive performance. Available fully polished or in its natural "As Cast" finish. 5 x 4.75" bolt pattern.

Rocket Knockoff Wheel Center Caps

Rocket vintage style knockoff fits on all new Rocket Racing Wheels from the Rocket Fuel, Booster, Igniter, Launcher, Velocity, Strike, and Injector Series wheels and are just the thing to finish off your set of Rocket wheels. Choose from polished or chrome finishes according to your wheel finish. These knockoff center caps with threaded adapters are sold in pairs (1 left and 1 right hand thread) and can be mix/matched according to offset. For muscle car applications that run staggered wheels, order a pair of flat and a pair of deep angle spinners. Modern Muscle Booster high offset wheels and wheels 15" x 6" or narrower should run flat angle spinners.

1967-92 "Igniter" Wheel

Back in the glory days of vintage racing, these style 5 window kidney bean wheels could be from the strip street to the salt flats. Those lake beds eventually became test sites for top secret rocket planes that set world speed records. Now you can prepare your ride for launch with the style that started it all with the Rocket "Igniter". This painted Salt Flats style wheel which was inspired by Vintage Drags and Bonneville Dry Lakes Land Speed Racing. 5 x 4-3/4" bolt pattern. Available fully polished. "As Cast" and painted gray centers with machined lip.

1967-92 "Launcher" Wheel

The Rocket "Launcher" is a front runner 10-spoke gasser wheel. The 1950's and 1960's were the Golden Age of Drag Racing. The 10- and 12-spoke Gasser front runners could be found on everything from "run-what-you-brung" roadsters to full blown and supercharged Altered and Gassers. Back then, the 15" x 4" size fronts were only available as spindle mounts on straight axles. The Rocket "Launcher" preserves the original nostalgic Gasser design and perfects it with a much safer 5 lug bolt-on design. Available with gray painted center and machined lip, "As Cast" or fully polished. 5 x 4-3/4" bolt pattern.

The Glen Wheel

This aluminum The Glen wheel puts you back in the day of the Trans Am Era, Pony car racing! These wheels are currently used in the Australian Trans Am Series and have shown not only their beauty but their strength and durability. These are a high-quality gravity cast aluminum and processed to the T6 specification. The wheel is over 1 pound lighter than the original The Glen wheel and 15% stronger in the spokes and core than the original. It is powder coated The Glen gray with a clear powder coated finish. Wheel has a diamond finished outside edge. Includes cap. Lug nuts are sold separately.

Superlite Wheel

The Superlite race wheel puts you back in the heart of the Trans Am Era. Pony car racing! These are a gravity cast, high-quality aluminum which is fit heat aged treated T6 specification. The Australian engineered and designed Superlite is over 1 pound lighter than the original Minilite and has been re-engineered to strengthen the core of the spokes, along with the center. After machining, the wheels are given a silver and clear powder coated. The signature finish on the lip is machined by a diamond tip then brought to a high polish. Includes cap. Lug nuts sold separately.

Secret Weapon Polish Balls

The Secret Weapon Polish Ball bends and compresses enabling it to fit into tight spaces and make the cleaning and polishing of difficult, hard to reach areas like wheels, rims, and other metal work much easier. Can be attached to any hand drill or drill-like device for fast and superior cleaning and polishing. Great for cleaning and buffing small items like mirrors, headlight lenses and trim parts. Space age Dura-foam and fiber soft materials make it the most durable tool of its kind. Ideal for use with your favorite wax, polish, wheel product or compound.

U.S. Radiator

10870ALM

1967-69 Aluminum Radiators

Replacement aluminum radiator for 1967-69 Camaro models designed to meet the cooling needs of high-performance small and big block engines. It will bolt-in without modifying your radiator support or support top panel, offers better heat transfer, and is considerably lighter than standard replacement radiators. This is a 2 row core with 1" rows unlike standard 3/8" radiators. Will cool approximately 30% more than a standard 3 row core. Made in USA.

Important: Factory fan shroud will need modification.

Note: Shipped overseas.

COLD-CASE

CC46120

1967-02 Camaro Aluminum Radiators

Improve the cooling capacity of your engine with Cold-Case performance radiators for 1967-02 Camaro models. Feature an all aluminum construction that is good at dissipating heat and saving energy, with 2 oversized cooling rows, and polished original style stamped tanks. All Cold-Case radiators are 100% TIG welded, pressure tested, and includes OE style fittings for both automatic and manual applications. All radiators manufactured by Cold Case are guaranteed to be free from material and workmanship defects for the life of your installation.

Note: Shipped overseas.

Radiators

1967-92 Performance Aluminum Radiators

MISHIMOTO

Mishimoto performance radiators for 1967-92 models offer 100% aluminum construction which provides greater heat and pressure tolerance, better heat dissipation, increased durability, improved cooling efficiency, and improved structural rigidity. All radiators feature a 2 or 3 row brazed aluminum core with an internal transmission cooler to provide optimal fluid temperatures for automatic transmissions. Each radiator includes a Mishimoto radiator cap, magnetic drain plug, and is backed by a manufacturer's lifetime warranty.

Important: Radiators will work with automatic or manual transmission vehicles.

1967-99 Polished Aluminum Radiators

Champion

These polished high-performance radiators are manufactured from TIG welded aircraft grade aluminum with brazed aluminum cores and billet filler necks. Each radiator offers high capacity cooling with louvered fins and 3/8" spacing between core tubes. Designed for direct fit installation. Radiator cap is included.

Important: All radiators have built in automatic transmission coolers and can be used in both AT and MT applications. Core size dimensions listed below.

Note: Shipped oversize.

1967-81 Aluminum LS Radiators

Northern

These aluminum radiators are designed as a direct fit for 1967-81 models with LS engines. Northern aluminum radiators are lighter than copper/brass radiators with up to 75% more cooling capacity. Features thick hose connectors, reinforced die-stamped tanks, a machined filler neck and all welded construction. Northern fans and fan shrouds are available separately.

Important: Dimensions listed are overall dimensions of the radiator including the tanks.

Note: Double pass radiator. Shipped oversize.

1967-92 Polished Aluminum Radiators

ALCO

All aluminum racing radiator. Constructed of 100% aluminum, using no epoxy for trouble-free service, this beautiful radiator is just what your high-performance Camaro needs. Aluminum radiators have shown to be 15% more efficient than factory copper brass type radiators. These beautifully polished radiators fit in the factory mounting location with drilled brackets for easy installation. The factory fan shroud can be reused without modifications while the inlet and outlet are in the stock locations so the factory style radiator hoses can be used. As with most radiators these are available with a built-in transmission cooler with the correct dimensions to use the factory transmission lines.

Radiator Components

1967-69 Aluminum Radiator Panels

These panels are durable and also serve to combat overheating by directing the air that normally escapes over the top of the core support and sends it straight to the radiator. All panels are available in three finish choices: black anodized, natural, or polished. This is a GM licensed product. Your choice of plain panels or panels etched with your choice of a variety of popular logo designs.

Note: Please specify logo design when ordering.

MISHIMOTO

1967-69 Fan Shroud Assembly

Keep your 1967-69 Camaro cool with the Mishimoto performance fan shroud assembly! This unique electric fan shroud setup completely eliminates the stock, failure prone mechanical fan. The shroud mounts exclusively to Mishimoto's performance radiators and include a single 16" high flow electric fan that produces over 1300 cfm of airflow.

Note: Shipped oversize.

Improves Horsepower, Extends Water Pump Life and Cools Faster!

Used as a primary fan, this unit frees up wasted horsepower and increases fuel mileage by eliminating drag caused by your standard engine mounted fan. Also increases water pump life by reducing strain on the water pump bearing assembly. When mounted in front of the radiator and used as an auxiliary fan in addition to your stock belt driven fan, this electric fan provides better cooling in any engine prone to overheating.

Single Fan - Mounted in Front of Radiator

Serpentine Belt

These serpentine belts are the length March Performance suggests for their serpentine systems.

Note: There may be variances with the engines and a longer or shorter belt may be needed.

Maintain Constant Tension and Increase Belt Life!

Belt tensioner is engineered so that the belt remains at nearly a constant tension throughout the entire operating range. This ensures maximum accessory drive component life while still preventing belt slip. Tensioner has an operating range plus extra travel for loading. Belt tension will only be correct if the belt length is correct and the indicator is within operating range. Tensioner also helps to damp the belt and accessory vibrations. Once a "dealer only" item, these tensioners have now been brought to the aftermarket. These Goodyear Accu-DRIVE™ tensioners feature better than OE fit and performance.

OE AUTHORIZED

1967-68 High Volume SB Short Water Pump

High-performance, high volume aluminum water pump for 1967-68 small blocks. Features balanced distribution and improved efficiency with close tolerances that increase coolant flow over stock pumps. This increases the pressure within the block to help prevent hot spots and steam pockets, as well as improves coolant flow through the radiator. When used with a non-resistive, high flow thermostat (sold separately) this pump to work to its highest capability.

1962-79 Performance Water Pumps

These "super cooling" pumps are computer designed to deliver more flow at a higher velocity. They're the ideal choice to prevent overheating in any performance vehicle. Precision cast metal impellers have extra large vanes for the maximum flow rate possible, ensuring adequate pressure and volume even at lower engine speeds. They feature a 5/8" pilot shaft. Choose from 3 popular finishes.

AC, HEATER & COOLING SYSTEM

Water Pump Components

1987-92 High Flow Water Pump

For over 20 years, Stewart Components has focused on the development and production of high-performance water pumps, resulting in innovations like special high strength castings, larger flow passages, more efficient impellers, and stronger bearings.

Stage 1 Cast Iron Water Pumps

These Stage 1 pumps use brand new, original equipment iron castings are internally engineered for performance and reliability. These water pumps feature a 3/4" heavy-duty bearing. Available for V-belt or serpentine belt systems.

Stage 2 Aluminum Water Pumps

These Stage 2 pumps use brand new, 356-T6 heat treated aluminum castings that are precision machined to be compatible with stock lines and brackets. These water pumps feature a 3/4" heavy-duty bearing. Available for V-belt or serpentine belt systems.

Important: These small block water pumps require a high flow thermostat due to the elimination of the factory bypass holes. Block off brass plug will be needed for intake manifold also where bypass connected.

Super Coolant

Purple Ice is a high-performance, synthetic, radiator coolant additive. It reduces engine heat by reducing the surface tension of the radiator fluids for improved heat transfer. Purple Ice fosters optimum coolant flow by helping to prevent formation of scale deposits in the radiator. It also lubricates the water pump seals. Purple Ice should always be used in conjunction with antifreeze in regions where freezing temperatures occur. Purple Ice is recommended for any water/glycol pressurized cooling system, including those using the traditional green silicate based glycols or the newer OAT or HOAT based glycols.

Hose Fittings

MR4393

The Original Electric Water Pump Drive Set

The electric water pump drive set was designed to alleviate the power drag produced by conventional pulley drive units. A heavy-duty electric motor, turning at approximately 1500 RPM, is more than adequate to fulfill cooling needs without draining precious horsepower from the engine. This unit can be turned on and off manually, during a run, or before and afterwards, even with engine off. The set is complete with motor mounting bracket, extra long bolts, spline pulleys, drive belt, wiring and switch. You supply the fan of your choice.

Water Pump Pulley Warning

Stock replacement, aftermarket stamped steel or cast iron pulleys are not designed to exceed 400 horsepower or 6000 RPM. Using reproduction pulleys on engines in excess of these limits may result in catastrophic disintegration of the pulley causing severe damage to the engine, cooling system and body parts. Classic Industries' assumes no liability for damages caused by improper usage of pulleys.

 G7140 195 degrees F 8.99 ea

ACDelco

High Flow Thermostat

The "Balanced Sleeve" design of these High Flow Thermostats equals out the pressure exerted on it by a high flow water pump allowing it to be solely regulated by coolant temperature. Stock thermostats tend to be held closed by the pressure of performance water pumps causing the engine to run hot and lose power. With the addition of a high-performance water pump and high flow thermostat, you can expect a temperature drop of up to 25 degrees F on drives around town.

16400 160 degrees F 31.99 ea
 16401 180 degrees F 31.99 ea

Philonid

High-Performance Thermostat

These high-performance thermostats are designed to resist variations in coolant pressure, opening and closing only at the correct temperatures, regardless of engine RPM. Thermostats are made from brass and copper with a high grade steel frame for years of worry free operation.

43631 160 degree thermostat 20.99 ea
 43641 180 degree thermostat 20.99 ea

Glass Thermostat Assembly

This 2" thermostat assembly allows you to see when and how far the thermostat opens on a unique gradient scale without ever removing the radiator cap. Made from billet aluminum and the same specialized heavy borosilicate glass used in steam boiler systems. Fits all small and big block Chevrolet engines that use a non-bypass type thermostat, 1955 and up. Also fits all 216-292 straight 6 engines from 1937-90. Made in USA.

Important: Index pointer and gradient scale are only included in sets with thermostat.

Note: Bolts not included.

 VP2002 with 180 degree thermostat ... 145.99 ea
 VP2003 with 195 degree thermostat ... 145.99 ea

Water Outlet Restrictors

If coolant travels too fast, it doesn't absorb enough heat inside the engine or properly cool down as it passes through the radiator. That's why it is still important to restrict coolant flow in applications where a thermostat isn't desired. These restrictors come in a set of three with a 5/8", 3/4", and 1" hole to allow adjustment for optimum cooling. Each 2-1/8" plate is made from anodized aluminum and fits under the water outlet in place of the thermostat.

Retrofit In-Dash AC Systems

Keep Your Camaro COOL

with Vintage Air Gen-IV "Fly-By-Wire"
"No Cable/Vacuum Hose" AC Systems

The Gen-IV systems feature all electronic controls requiring no cables, capillary tube or vacuum connections. They are truly "fly-by-wire" systems that use separate heating and cooling coils for superior performance. The internal air control doors are servo operated to provide infinite dash, floor, and defrost blending.

R964070

1967-81 Complete Sure Fit Climate Control Sets

Get cool air for your hot ride! This comprehensive set features fully electronic fly-by-wire controls, high capacity plate and fin cooling coil, brass parallel flow heater coil, and an evaporator assembly that mounts completely behind the stock dash. Comes complete with SuperFlow condenser, compressor, mounting brackets, drier, safety switch, preformed aluminum lines, firewall cover plate, and all mounting hardware... Everything you need to give your Camaro a modern AC and heating system. These Sure Fit sets are designed to install with minimal drilling and no fabrication required.

Important: Some installations may require additional engine pulleys not included with sets. You must provide V-belts and refrigerant. The 1967-68 center dash panel for AC is not included with the air conditioning system and can be purchased separately.

Note: Special order.

1967-81 Sure Fit Climate Control Kits for Serpentine Drive

This Sure Fit Climate Control kit includes everything you need, and nothing you don't! It was designed specifically for those who have upgraded their motor with a serpentine belt drive system and do not need a compressor and mounting brackets. You will get the same evaporator assembly, fly-by-wire controls, condenser, drier, safety switch, firewall plate, and preformed aluminum lines as in the complete kit. These kits are designed to install with minimal drilling and no fabrication required. Be sure to order the adapter kit required for your compressor.

Important: Refrigerant is not included. The 1967-68 center dash panel for AC is not included with the air conditioning system and must be purchased separately.

Note: Special order.

1989-92 Engine Compartment AC Upgrade Sets

Ready to upgrade to modern air conditioning? This complete engine compartment upgrade system works with the stock evaporator and interior AC components while replacing your original, power robbing R4 compressor with a lightweight, efficient Sanden style compressor rated for continuous duty at 6000 RPM! Additionally, the high efficiency parallel flow condenser drastically improves on the original R-12 design. Compatible with R134a.

1967-81 Aluminum AC Compressor

This 10 cylinder "bolt-in" direct replacement for the GM Frigidair/Harrison A6 compressor is specifically designed to fit the A6 mounting brackets and AC hose assemblies. Smoother, quieter operation, less vibration and engine drag, increased fuel mileage, and cooling system performance. 52% lighter than the original A6. Designed to accept both superheat and high pressure safety switches. This compressor is supplied with a single groove clutch and has a 210cc displacement. Pre-oiled and compatible with R12 or R134A. Includes hardware and instructions. **AP2201 1967-81 A6 w/single pulley 371.99 ea**

Sanden AC Compressor Manifold

Custom AC compressor manifold for March Performance pulley sets with 7176 compressors. It reroutes the compressor lines downward where they are less visible and less vulnerable to exhaust heat. Manifolds are available unfinished or with a polished, chrome, or black finish. **MP4181 polished 169.99 ea**

Thread Detective — Lanyard

This precise, easy to use thread identification tool is well suited for distinguishing between similar inch and metric threads on both nuts and bolts. Available in a heavy-duty plastic box or attached to a wire lanyard. Includes both metric and inch nut and bolt sizes. TD700102 wire lanyard 39.99 set

66789

Pushrod Tool

Use this tool to check the length of pushrods on small block or big block Chevrolet engines.

- 66789 w/3/8" studs — SB .. 15.99 ea
- 66790 w/7/16" studs — SB 14.99 ea
- 66806 w/7/16" studs — BB 14.99 ea

Engine Rotation Adapter

Crankshaft rotation adapter for Chevrolet V8 engines allows the use of a 1/2" fixed breaker bar or a 1" socket and breaker bar to rotate the crankshaft when turning the engine with the balancer already installed.

- 66782 27.99 ea

- Top Dead Center Locator**
- 66792 14mm threads 8.99 ea

Valve Spring Compressor

Faster than conventional compressors because there is no need to readjust the tool after each spring.

Note: When space prohibits use of cam handle, replace the handle with a bolt and turn the socket.

- Y16750 compressor 38.99 ea

Valve Lash Wrench Set

Choose from a variety of different wrench sets for valve lash adjustment.

- With 1/8" Allen 66779 7/16" wrench 29.99 set
- With 3/16" and 1/8" Allen 66778 1/2" wrench 29.99 set
- With 3/16" and 7/32" Allen 66780 9/16" wrench 26.99 set
- 66781 5/8" wrench 27.99 set

Cam Bearing Installation Tool

- 66794 small block 89.99 set

Camshaft Installation Handle

Installing a camshaft just got easier by using the right tool. Perfect tool for all Chevrolet V6 and V8 engines.

- 66897 V6 and V8 29.99 ea

Beam Type Torque Wrench

Directly measure a variety of torque values in English and metric when tightening fasteners with this non-ratcheting torque wrench. Pointer moves clockwise or counterclockwise. Easily calibrated by bending pointer to zero before use.

- X2955 1/4" fixed, inch/lbs 54.99 ea
- X2956 3/8" fixed, inch/lbs 79.99 ea
- X2957 1/2" fixed, foot/lbs 69.99 ea

Flywheel Turner

This tool hooks into the flywheel teeth to rotate the crankshaft. Use when working on clutches, transmissions, installing rings, or other jobs which require the crankshaft to be in a specific position. Spring tension aids tool engagement on the flywheel.

- X2270 35.99 ea

The Engine Tilter

Works with standard engine hoists to provide an additional axis to maneuver adjust the angle of the engine with a turn of the handle! The engine filter is rated for 1200 pounds, made from steel weighs only 14-pounds, and comes fully assembled. Includes an upper lap link and four 20" chains. Made in USA. MN2087 179.99 ea

Mechanic's Stethoscope

Locates the source of engine noise quickly. Listen for trouble by tracing the sound of flowing water, oil, gas, or steam. Identify piston slap, worn gears, faulty valves, water pump failure, and more! The handle is completely shock resistant. Disassembles for storage.

Note: Keep this tool away from moving, rotating and electrical components.

- X835 19.99 ea

Universal Dial Indicator

These dial indicators are great for the technical or accurate engine builder. Both indicators are .001" graduation.

- 66963 0 to 0.250" 28.99 ea
- 66962 0 to 1.000" 29.99 ea

Chevrolet Engine Lift Brackets

Lift brackets were installed on the intake manifold for quick assembly ease on the production line. Installing these engine lift brackets will help make removing and installing the engine easier by providing strong lift points. Available for either big block or small block Chevrolet V8 engines. One pair required per engine.

Specialty Engine Tools

Compression Tester

Compression tester detects worn rings, burnt valves and blown head gaskets. Features external pressure release valve, full 2-1/2" easy-to-read face, U.S. and metric scales. 14" high pressure flexible oil and grease resistant hose. 14mm and 18mm ends fit most spark plug openings.

ACT7826 tester only 26.99 ea

Fuel Pressure Tester

Use this fuel pressure tester to diagnose drivability problems caused by poor fuel pressure. Features a 40" hose, 2-1/2" gauge face with 0-100 psi/0-700 kPa scales, and a pressure relief button and 6 ft hose for safe gasoline disposal. Includes test adaptors for GM/Chrysler, GM TBI, M12 x 1.25 banjo bolt, and dual Manifold Test Adapter, as well as a handy storage pouch and a manual with step-by-step test procedures.

ACT7838 51.99 ea

Vacuum Switch Socket

Removes and installs ported vacuum switches on most domestic and some foreign vehicles as well. Includes special 7/8" socket with cutaway slot to provide clearance for parts. Provides adequate depth to fit over switch. Heat treated alloy steel. Use with 3/8" square drive.

Y12000 12.99 ea

Max-Tuff Assembly Lube

Ultra tough, synthetic lubricant designed for use in reassembling repaired equipment. Utilizes durable synthetic molecules that adhere to metal surfaces and create an extremely strong barrier between surfaces minimizing the possibility of metal-to-metal contact while providing excellent protection against rust and corrosion to both ferrous and non-ferrous metals. Formulated with Royal Purple's proprietary Synslide additive technology.

RP01335 8 oz. bottle 18.99 ea
RP12335 case of 12 215.99 cs

Auto Troubleshooter

This ingenious tool features automatic reverse polarity indication, automatic zero adjustment for Volts and amps for accurate measurements and overload protection on all ranges. Performs all standard electrical tests for on-car and bench troubleshooting. Locate faulty wiring, test electrical components, engine sensors, ignition and fuel systems and your starting/charging system.

ACT7677 55.99 ea

Digital Multimeter

Pinpoint problem area and determine which components are faulty! Performs standard electrical tests for on-car and pm bench to locate faulty wiring, test electrical components, engine sensors, ignition and fuel systems and starting/charging system voltage. Features 19 ranges and automatic zero adjustment for Volts, amps, and battery tests, as well as an easy-to-read backlit LCD. Includes: color coded detachable test leads, alligator clips, and a comprehensive user manual.

ACT7665 35.99 ea

Advance Timing Light

This advance timing light features an all metal inductive pickup, bright Xenon flash, and one touch control. Available with a degree dial knob for easy timing adjustments or a digitally controlled with LED display and tachometer functions. Detailed instructions included.

ACT7528 adjustable knob 65.99 ea
ACT7529 LED display 91.99 ea

Infrared Thermometer with Laser Pointer

Aim this IR thermometer at the target, press a button, and read the temperature display. Verify the temperature in your AC system or find an overcharge in your electrical systems. System On-Chip technology creates a compact, lightweight design with a measurement range of -58 degree F to +932 degree F (-50 degree C to +450 degree C). Includes two AAA batteries and belt holster.

ACT8776 65.99 ea

Remote Starter Switch

Allows one person to start or crank engine from under the hood. Ideal for compression test or bumping engine onto TDC (top dead center) timing marks for valve, distributor or camshaft adjustment. Power tool type trigger switch for regular use with medium currents. Heavy-duty Neoprene leads. 10 amp, medium current clips open to 1/2". Protective rubber boots prevent electrical shorts. Ergonomic handle. One-year warranty. Made in USA.

ACT7853 12.99 ea

Heavy-Duty Remote Starter Switch

Start and crank engine from under the hood or from either side of the vehicle. Ideal for compression test or bumping engine onto TDC (top dead center) timing marks for valve, distributor or camshaft adjustment. Convenient hot circuit red indicator light glows when starter switch is ready, light goes off when switch is depressed. Heavy-duty push button trigger switch. 5-foot heavy-duty leads. 12 gauge conductors. 20 amp, high current clips open to an extra wide 5/8" for easy hook up. Protective rubber boots prevent electrical shorts. Soft, non-slip rubber grip. Made in USA.

ACT7854 52.99 ea

Remote Starting Switch

Excellent tool allowing easy engine starting from under the hood. Features heavy gauge, rubber covered copper wire. Simply depress the button to jog or start the engine. Made in USA.

Hi Performance Crate Engines from

ATK has been building engines for over 75 years and has assembled a line of dyno-proven crate engine packages to power your vehicle. Classic Industries' dedication to bringing the highest quality products on the market, combined with ATK's industry leading warranty make these Chevy ATK crate engines an obvious choice. Available in various configurations including a complete, "Ready-to-Run" package for those who want to bolt their engine

into their GM muscle car and hit the road. For the ultimate in Chevy crate engines, there's no better source than ATK from Classic Industries®.

Important: Not for use in pollution controlled vehicles. Computer controlled vehicles may need updated chips or other modifications.

Note: Special order, prepaid only. Mandatory shipping charge of \$175.00. Not eligible for No Fault Ohio Warranty Program.

Features a 24-Month/Unlimited-Mile Warranty!

Base Performance

The ATK base package is the basic building block of performance. Each base engine includes oil pump, oil pan, timing cover, and valve covers installed. Choose your own intake, fuel system, and ignition components.

350/350HP Vortex

The 350ci Chevy small block engine produces 350 HP and 400 lbs of torque in a late style hydraulic roller block. Includes: oil pump, black painted oil pan and chrome timing cover and valve covers installed.

Note: Price includes a core charge of \$410.00.

Specifications:

HP: 350
Torque: 400 ft lbs
Engine Type: Chevy Small Block, P/S Dipstick
Displacement: 350ci
Block: 4 bolt main
Crankshaft: OE 1 piece seal
Bore/Stroke: up to 4.040 x 3.480
Rods: powder metal 5.700" Stock Bolts
Pistons: hypereutectic
Rings: moly
Cams: Type: hydraulic roller
Cams: Lift: .495 in x .502 ex
Duration @ .50: 220 in x 224 ex
Cylinder Heads: OE cast iron Vortec
Chamber Size: 67cc
Valve Size: 1.94 in x 1.50 ex
Intake Runner Volume: OE
Compression Ratio: 9.5:1
Rocker Arms: 1.5:1 stamped steel
Recommended Fuel: 92 octane
Ign. Timing: 36 degrees total advance
Max RPM: 5800
HP32 350/350HP 3344.99 ea

Mid-Dressed Performance

The ATK Mid-Dress package builds on the basics of the Base Engine, adding the distributor, a performance intake manifold, water pump, flexplate, and harmonic balancer. Add the carburetor and spark plugs and ignition wires of your choice.

350/325HP

This 350ci engine produces 325 HP and 375 lbs of torque on pump gas with the help of an dual plane intake manifold and aluminum heads. Includes: an oil pan, valve covers, timing cover, distributor.

Note: Price includes a core charge of \$410.00.

Specifications:

HP: 325
Torque: 375 ft-lb
Engine Type: Chevy small block V8
Displacement: 350ci
Block: 4 bolt main
Crankshaft: OE cast crank 1 piece seal
Bore/Stroke: 4.030 x 3.480
Rods: OE power metal 5.700" stock bolts
Pistons: hypereutectic
Rings: moly
Cams: Type: hydraulic flat tappet
Cams: Lift: .465 in x .488 ex
Duration @ .50: 224 in x 234 ex
Head: Dart cast iron
Chamber Size: 75cc
Valve Size: 1.94 in x 1.50 ex
Compression Ratio: 9.1:1
Rocker Arms: 1.5:1 stamped steel
Recommended Fuel: 91+ octane
Ign. Timing: 36 degrees total advance
Max RPM: 5800
HP20PM 350/325HP 3384.99 ea

383/415HP Stroker

This 383ci engine with performance aluminum heads produces 415 HP and 460 lbs of torque on pump gas. Includes: an oil pan, valve covers, timing cover, distributor.

Note: Price includes a core charge of \$410.00.

Specifications:

HP: 415
Torque: 460
Engine Type: Chevy small block V8
Displacement: 383ci
Block: OE 4 bolt main
Crankshaft: OE cast externally balanced
Bore/Stroke: 4.040 x 3.750
Rods: Scat 4340 Forged I-beam 5.700" ARP 8740 Bolts
Pistons: hypereutectic
Rings: moly
Cams: Type: hydraulic roller
Cams: Lift: .528 in x 1.536 ex
Duration @ .50: 220 in x 224 ex
Head: ATK Hi-Performance aluminum
Valve Size: 2.02 in x 1.600 ex
Compression Ratio: 9.7:1
Rocker Arms: 1.6:1 billet aluminum full roller
Recommended Fuel: 91+ octane
Ignition Timing: 34-36° total advance
Max RPM: 5800
HP94M 383/415HP 4402.99 ea

383/415HP Aluminum Head

The 383ci engine produces 415 HP and 460 lbs of torque when used with a performance carburetor and manifold combination. Includes: oil pump, black painted oil pan and chrome timing cover and valve covers installed.

Note: Price includes a core charge of \$410.00.

Specifications:

HP: 415
Torque: 460 ft lbs
Engine Type: Chevy small block V8
Displacement: 383ci
Block: 4 bolt main/roller
Crankshaft: OE 1 piece seal
Bore/Stroke: 4.040 x 3.750
Rods: Scat 4340 forged I-beam 5.700" w/ARP 8740 Bolts
Pistons: hypereutectic
Rings: moly
Cams: Type: hydraulic roller
Cams: Lift: .528 in x 1.536 ex
Duration @ .50: 220 in x 224 ex
Cylinder Heads: aluminum
Chamber Size: 64cc
Valve Size: 2.02 in x 1.60 ex
Intake Runner Volume: OE
Compression Ratio: 9.7:1
Rocker Arms: 1.6:1 Billet aluminum roller
Recommended Fuel: 91+ octane
Ign. Timing: 34-36 degrees total advance
Max RPM: 5800
HP94 350/351HP 4402.99 ea

350/390HP Aluminum Head

This 350ci stroker engine produces 390 HP and 420 lbs of torque on pump gas with the help of an ATK dual plane manifold and aluminum heads. Includes: an oil pan, valve covers, timing cover, distributor.

Note: Price includes a core charge of \$410.00.

Specifications:

HP: 390
Torque: 420 ft lbs
Engine Type: Chevy small block V8
Displacement: 350ci
Block: 4 bolt main 1-piece seal
Crankshaft: OE cast steel
Bore/Stroke: 4.040 x 3.480
Rods: OE power metal 5.700" stock bolts
Pistons: Hypereutectic flat top
Rings: moly
Cams: Type: hydraulic roller
Cams: Lift: .528 in x 1.536 ex
Duration @ .50: 220 in x 224 ex
Head: ATK Hi-performance aluminum
Chamber Size: 70cc
Valve Size: 2.02 in x 1.60 ex
Compression Ratio: 10.1:1
Rocker Arms: Billet alum. 1.6:1 full roller
Recommended Fuel: 91+ octane
Ign. Timing: 36 degrees total advance
Max RPM: 5800
HP89M 350/390HP 3860.99 ea

350/350HP Fitech EFI

This 350ci engine produces 350 HP and 400 lbs of torque on pump gas with the help of Fitech's EFI and cast iron Vortec heads. Includes: an oil pan, valve covers, timing cover, distributor.

Note: Price includes a core charge of \$410.00.

Specifications:

HP: 350
Torque: 400 ft lb
Engine Type: Chevy small block V8
Displacement: 350ci
Block: 4 bolt main 1 piece seal
Crankshaft: OE cast steel
Bore/Stroke: 4.040 x 3.480
Rods: OE power metal 5.700" stock bolts
Pistons: Hypereutectic
Rings: moly

ENGINES & COMPONENTS

New! High-Performance Crate Engines from

BluePrint means fun, reliable horsepower that you can drive every day! That's why you'll find our engines in all kinds of vehicles, from street rods and muscle cars, to 4 x 4's and daily drivers. BluePrint Engines is large enough to bring competitive pricing and first rate engines to the marketplace, yet small enough to give each and every engine the care, testing and engineering our customers demand and deserve. If you've been shopping for an engine, keep in mind the features that differentiate

BluePrint Engines: Each dyno-tested engine includes the dyno-sheet, an industry leading 30-month/50k-mile warranty, and free technical support. With BluePrint Engines, you're not just buying killer performance, you're buying peace of mind!

Important: Not for use in pollution controlled vehicles. Computer controlled vehicles may need updated chips or other modifications. All except BP4271, BP4541 have RH oil indicator and tube.

Note: Special order, prepaid only.

Base Performance

Base engines include valve covers, oil pan, timing cover, brass freeze plugs and dyno-test results shipped with engine. Choose your own intake, fuel system, and ignition components.

355/390HP Roller Cam

This 355ci engine produces 390 HP and 410 lbs of torque with an upgraded hydraulic roller cam. Includes: Melting high volume oil pump, oil pan, chrome timing cover, Heavy-duty double roller timing set and valve covers.

Note: Not for use on pollution controlled vehicles.

Specifications:

HP: 390
Torque: 410
Engine Type: Chevy small block V8
Displacement: 355ci
Block: 4 bolt main, 1 piece rear main seal
Crankshaft: BluePrint cast steel
Rods: GM heavy beam /150,000 psi bolts
Pistons: hypereutectic
Rings: Hastings moly
Camshaft Type: HYD roller
Camshaft Lift: .495 in x .503 ex
Duration @ .050: 220 in x 224 ex
Cylinder Heads: BluePrint aluminum
Chamber Size: 64cc
Valve Size: 2.02 in x 1.60 ex
Compression Ratio: 10:1
Recommended Fuel: 91 octane
Ign. Timing: 34° at 3500 RPM
BP3552 355/390HP 4288.99 ea

383/430HP Roller Cam

This 383ci performance engine produces 430HP and 450 lbs of torque when used with a performance carburetor and manifold combination. Includes: Melting high volume oil pump, oil pan, chrome timing cover, heavy-duty timing set, brass freeze plugs, and valve covers.

Note: Not for use on pollution controlled vehicles.

Specifications:

HP: 430
Torque: 450
Engine Type: Chevy small block V8
Displacement: 383ci
Block: 4 bolt main, 1 piece rear main seal
Crankshaft: BluePrint or Scat cast steel
Rods: GM heavy beam /150,000 psi bolts
Pistons: hypereutectic
Rings: Hastings moly
Camshaft Type: HYD roller
Camshaft Lift: .528 in x .536 ex
Duration @ .050: 110° 221 in x 226 ex
Cylinder Heads: BluePrint aluminum
Chamber Size: 64cc
Valve Size: 2.02 in x 1.60 ex
Compression Ratio: 10:1
Recommended Fuel: 91 octane
Ign. Timing: 34° at 3500 RPM
BP3831 383/430HP 5198.99 ea

Mid-Dressed Performance

Dressed engines include valve covers, oil pan, timing cover, aluminum intake, HEI distributor, carburetor, brass freeze plugs and dyno-test results shipped with engine.

355/390HP w/Aluminum Heads

This 355ci engine produces 390HP and 410 lbs of torque. Includes: an oil pan, Melting high volume oil pump, valve covers, heavy-duty double roller timing set, timing cover, brass freeze plugs, BluePrint or MSD HEI distributor, BluePrint or Edelbrock dual plane aluminum intake manifold, and Holley 600 cfm carburetor with electric choke.

Note: Not for use on pollution controlled vehicles.

Specifications:

HP: 390
Torque: 410
Engine Type: Chevy small block V8
Displacement: 355ci
Block: 4 bolt main, 1 piece rear main seal
Crankshaft: BluePrint cast steel
Rods: GM heavy beam /150,000 psi bolts
Pistons: hypereutectic
Rings: Hastings moly
Camshaft Type: HYD roller

WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

Motor Mounts

1974-81 Solid Motor Mount Frame Mounts

These solid steel frame mounts are designed for high-performance engines that lift or twist during acceleration. These mounts replace soft cushioned frame mount pads on 1974-81 Camaro models, alleviating the need for bulky torque straps and chains to limit engine movement and the possibility of broken mounts. Solid mounts also transfer more engine power to the rear wheels. These solid mounts should only be used with solid transmission mount T4185.

Note: Not intended for street driven vehicles. Use with T4232 engine mounts.

T4233 1974-81 solid frame mounts 36.99 pr

1976-02 Genuine GM Motor Mounts

A "fan scallop" or excess movement are a telltale sign of a broken motor mount. This can be a dangerous condition as the engine can shift, causing the accelerator to stick in a full throttle position. If your vehicle has 50-60,000 miles or more of the motor mounts have been soaked with oil over a period of time, chances are they have grown weak and are in need of replacement. Our Genuine GM motor mounts are the cure for this dangerous condition.

8 Cylinder Motor Mounts

G7268 1976-81 267, 305, 350L 131.99 ea
G5544 1998-02 LS1, 350 - LH or RH 103.99 ea

1967-81 Solid Steel Motor Mounts

These solid steel motor mounts are designed for high-performance engines that lift or twist under acceleration, eliminating the need for bulky torque straps and chains to stop the engine from tearing regular soft motor mounts apart. Solid mounts also stop linkage binding to transfer more of the engine's torque to the wheels. These solid motor mounts should only be used with solid transmission mount T4185.

Important: Measurements are from inside width and height from the bottom of the base to the bolt center.

Note: Not intended for street driven vehicles. *Use with T4233 frame mounts.

1967-68 Camaro

1967-02 Replacement Motor Mounts

If your vehicle has 50-60,000 miles or more of the motor mounts have been soaked with oil over a period of time, chances are they have grown weak and are in need of replacement. Worse yet, if you experience a thud upon acceleration or deceleration, check for signs of "fan scallop" on your radiator core or fan shroud. A "fan scallop" or excess movement of the mount would be the telltale sign of a broken motor mount. This can be a dangerous condition as the engine can shift, causing the accelerator to stick in a full throttle position. Our replacement motor mounts are an inexpensive cure for this potentially dangerous condition.

1061880

2061860

1967-92 LS Conversion Sets

This unique conversion system takes the guesswork out of installing an LS engine into a 1967-92 Camaro. The 1967-69 sets are designed to use the LH8 oil pan, the 1970-81 sets are designed to use the CTS-V or 1998-02 Camaro oil pan, and the 1982-92 sets are designed to use the 1998-02 Camaro oil pan, positioning the engine and transmission with room for most accessory drives, heater boxes, power steering and brakes, and exhaust systems. The motor mounts and transmission crossmember bolt directly to the factory mounting locations. Sets are available for T56, 4L60E, and 4L80E transmissions with your choice of red or black urethane transmission and motor mounts. Each set includes a transmission crossmember, engine and frame mounts, detailed instructions and mounting hardware. All mounts are protected by a manufacturer's lifetime replacement warranty. Made in USA.

Important: Transmission tunnel modification may be required for T56 applications. Vehicles that did not originally have a V8 engine may require drilling new frame bracket mount locations.

Note: Notching the frame is required when using 1998-02 Camaro accessory drive with low mount AC compressor. Some modification may be required.

Holley

1984-92 LS Swap Trans Crossmembers

LS swap mounting system for 1984-92 Camaro models. Designed to provide an optimized balance of weight, stiffness and strength. Direct installation capability for 4th Gen Camaro aftermarket Tremec T56 Magnum transmissions. Installation of a 4L60-4L70, 4L80/4L85 automatic transmission can also be accomplished using this crossmember and the Hooker adapter kits A9700214 for 4L60-4L70 transmissions or A9700215 for 4L80/4L85 transmissions. Plate steel construction. A9700209 1984-92..... 385.99 ea

Holley

1993-02 LS Swap Trans Crossmembers

LS swap transmission crossmembers and accessories provide for installation of a 4th generation T-56 or aftermarket T56 Magnum transmission in behind an LS engine in any 1993-02 Camaro. Transmission installation coverage can be expanded to include 4L60-4L70, or 4L80/4L85 transmissions through the use of available Hooker adapter brackets. Optional Hooker adjustable bolt-on torque arm bracket available to divorce stock torque arm from the stock transmission case mounting. The 4L80-4L85 installations will require notching/modifications to the body bracing on the driver side of transmission tunnel, the body notch panel is needed for this.

1982-92 LS Swap Engine Brackets

LS swap engine brackets for 1982-92 Camaro models. Broad transmission compatibility allows installation of GM 200R4, TH400, 4L60-4L70, 4L80/4L85 automatic transmissions and Tremec T56/T56Magnum manual transmissions. These brackets also maintain the factory designed engine inclination angle (when used in conjunction with A9700209 crossmember). Plate steel construction.

Note: Installation of these brackets requires the use of OE 4th generation F-Body engine mounts G5344.

- A9700208 1982-92..... 163.99 pr

A9700210

1993-02 LS Swap Engine Brackets

Perform an LS engine swap in any GM 4th-gen F-Body without having to swap out the stock LT1/LT4 engine K-member for a factory or aftermarket LS K-member. These brackets are designed for bolt-in installation onto the existing LT1/LT4 engine cradles. Provides same as factory LS engine and transmission location and inclination angle. Bracket to frame hardware included.

- A9700210 1993-97 LT1/LT4..... 260.99 pr
- A9700211 1993-02 3.4L/3.8L V6 260.99 pr

Adjustable LS Motor Mount Adapter Set

Adapter allows the installation of LS engines into 1967-72 Camaro models using a standard 3 bolt motor mount. Position the engine in either the original location or 1"-2" forward to allow for transmission bellhousing clearance. Mounting locations allow proper driveline alignment and an additional 1/2" of adjustment. Includes: engine mounting plates, adapter plates, hardware, and instructions.

Note: Some aftermarket motor mounts may require mounting holes enlarged to 7/16". Some OEM style mounts may require additional clearance of the cast rubber portion to allow full front to back adjustment of the adapter. Not for use with "clamshell" type mounts.

- A9750010 adapter..... 170.99 set

FitRite™ LS Engine Mount Set

Set assists with swapping an LS series engine into your 1967-97 Camaro. The long adapter set allows the engine to move from 1/2" rearward (great for oil pan to crossmember clearance) or up to 3-1/2" forward for a full 3-1/2" of travel with a completely custom range of positions. Short adapter set moves the engine from 2-1/4" forward to 3-3/4" forward for a total of 1-1/2" of travel. These exclusive designs, no-weld brackets are CNC laser cut steel and feature a durable black powder coated finish. Includes POLYPLUST™ engine mounts.

Note: The short adapter works well with the low mounted air compressor.

- Long Adapter**
LS700200 1/2" rear - 3-1/2" forward 129.99 set

- Short Adapter**
LS700201 2-1/4" fwd - 3-3/4" fwd 129.99 set

LS1/LS6/Vortec Engine Mount Plates

These engine mount plates are needed when installing an LS1, LS6, or Vortec engine into a vehicle that was originally equipped with a small block engine. Available in a 4 piece set that includes the plates and motor mount pads or the plates can be purchased separately. Includes Grade 8 hardware.

- 4592 2 plates with 2 pads..... 94.99 set
- 4572 2 plates only..... 67.99 set

Crankshaft Pulleys

1967-82 Crankshaft Pulley Bolt Set

Correct reproduction crankshaft pulley bolt set includes 3 bolts and 3 lock washers.

154212 1967-82 small block 5.99 set
154213 1967-74 big block 6.99 set

Performance V-Belt Pulley Sets

March Performance underdrive V-belt pulleys can fit up 12-15 horsepower at the rear wheels. March performance pulleys eliminate belt throwing and reduce accessory drag. They also aid in cooling by increasing water pump speed. Designed with "no polishing needed" clear powder coated. All sets include: crank pulley, water pump pulley, and alternator pulley with cover.

Important: *Requires 1980's style water pump for clearance or with overcover.

Warning Concerning Crankshaft Pulleys

Stock replacement, aftermarket stamped steel or cast iron RPMs are not designed to exceed 400 horsepower or 6000 RPM. Using reproduction pulleys on engines in excess of these limits may result in catastrophic disintegration of the pulley causing severe damage to the engine, cooling system and body parts. Classic Industries* assumes no liability for damages caused by improper use of pulleys. Please be sure to install the pulley properly to avoid damages that could occur from improper installation or exceeding the recommended RPM limitations.

1967-85 Chrome Crankshaft Pulleys

Dress-up your small block or big block engine with a chrome crankshaft pulley from Classic Industries*. These beautiful chrome aftermarket pulleys are manufactured with great attention to detail and are highly polished for a show quality shine. Applications are available for small block or big block engines.

Performance Pulley Sets

1967-69 GM SB Crankshaft Pulley

Replace the damaged or missing original crankshaft power steering drive pulley with a Genuine GM service part. 6 3/4" diameter, single groove.

Note: Use reproduction 3744043 with steering pump steering drive pulley to drive power steering pump.

1967-69 - 62 amp Alternator
G7190 AC, A.I.R., without ps 168.99 ea

1985-87 Underdrive Pulley Set

The JET underdrive pulley set slows down the accessories to allow the engine to turn with less effort without any adverse effect on the operation of the various systems. Sets include: pulleys, hardware, complete instructions, and part number for new serpentine belt (most sets will require use of smaller size belt).

JT90106	1985-87	350 TPI	174.99 set

Sets Include:

- Water Pumps "As Cast" or Polished per Application
- LS1, 2.3 and 6 Engines Have a Choice of Tuff Staff or Edelbrock Water Pumps
- 140 Amp, 1 Wire Alternator "As Cast"
- Peanut Style AC Compressor (if AC set)
- Aluminum Type II PS Pump (if PS set)
- Power Steering Reservoir (if PS set)
- Tensioner with Aluminum Cover
- 6061-T6 Aluminum Pulleys
- 6061-T6 Brackets
- Gates 6 Groove Belt & Stainless Steel Hardware

V Drive Pulley System

Complete V Drive systems for small block Chevrolets with power steering pump with attached billet aluminum reservoir or attached plastic reservoir or power steering for remote reservoir, with or without AC, and alternator. Includes all new components: Tuff Staff short water pump, Maval power steering pump, Sanden style SD7 AC compressor, Powermaster 140 amp alternator, Gates V-belt, and all necessary stainless steel fasteners. Polished sets include a polished finish AC compressor and alternator. Colored sets come with natural cast finished components. Specify finished wanted, the finishes offered are in bright polished, gloss black anodized, gloss black powder coated, clear anodized, clear coat, and matte black powder coated finish. All brackets and pulleys are made of CNC-machined billet aluminum.

Note: *Please specify finish when ordering: C - gloss black powder coated, E - clear coat, F - matte black. Shipped overweight.

Serpentine Belt Custom Sets

This system has been designed to mount accessories below the valve covers and between the width of the heads. Includes non-polished AC compressor, non-polished 140 amp alternator, aluminum reverse rotation water pump, GM type 2 power steering pump (sets without power steering available). Hoses and reservoir not included, spring loaded tensioner, AC, alternator, and power steering brackets, crankshaft pulley, water pump pulley, power steering pulley, alternator pulley with standard steel biased fan, wing cross emblem, AC line fittings, and Grade 8 mounting hardware. Set is designed to fit Ram Jet, TPI, Single and multi-carb engines.

Note: Serpentine belts are not included in set.

Mid Mount Serpentine Ultra Sets

A new higher mounted power steering pump bracket helps clear the steering gearbox in some vehicles. Retains your standard rotation water pump. Available with performance pulleys which increase horsepower or high water flow ratio pulleys for increased cooling. CNC-machined from solid billet 6061-T6 aluminum for a spectacular machined finish with perfect fit and extra high strength. All billet pulleys and brackets are available in your choice of clear powder coating or black powder coating. For long water pump only.

Note: Serpentine belts are not included with sets. Length of belt is listed below, and is listed in the instructions also. All alternator belts are 6 rib. Shipped overweight.

Small Block without Power Steering

Note: All small block non-power steering sets are for 42-1/2" alternator belt.

SB/BB Drive Set with Sanden Compressor

Vintage Air's Front Runner Drive provides the ease of a modern serpentine belt system. This engineered package solves issues with premature belt failures caused by mechanical tensioning, excessive belt length runs, awkward component placement, and cylinder head mount bolt variations. Features include a black mounted truss CNC-machined from T-6061 billet aluminum available in a bright finish with machined finished truss or black hard coat finish. The black hard coat sets include black hard coat pulleys and black anodized bracket, clutch and tensioner covers. Exclusive Front Runner spring tensioner provides continuous SAE-spec static and dynamic belt tensioning for OEM quality belt life. Hard coated aluminum pulleys are precision machined, reduce weight and wear like steel. Pulley sizes are engineered and matched for optimum component speeds. This is a very compact package that does not have any of the accessories hanging way past the engine. Each drive uses the compact GM Type II power steering pump (if applicable), high-performance water pump and GM 170 amp alternator. The Vintage Air TiteFit Line/comp compressor package is perfect for that nice tight and clean look.

Important: On Chevy ZZ4 engine, composite timing cover mounting bolt must be modified or timing cover may be replaced with steel cover (GM part #12523317 or equivalent), for standard short water pump clearance. Not compatible with any LT1 engine.

Note: Shipped overweight.

HD10001

HD10006

Chevrolet Pro/Race Harmonic Balancer

Pro/Race high-performance harmonic balancers are direct replacements for factory cast iron units which may fracture or disintegrate at high RPM. Pro/Race dampers are ideal for the additional torque loads from belt driven superchargers. The STREET damper features special splines to enhance bonding between the elastomer, inner hub, and outer ring to prevent any outer ring radial movement, perfect for engines making between 350 to 400 horsepower. On the RACE damper, the elastomer is bonded to the steel hub and ring to endure sustained high RPM conditions. Externally balanced balancers feature weights bolted in place which may be removed for neutral or internally balanced application. Internally balanced balancers can be used on an external application simply by ordering the correct engine specific weights and bolting them in place.

Important: Pro/Street or Pro/Sport counterweights are not interchangeable with Pro/Race counterweights.

Note: *HD100016 and HD100019 are NOT drilled to accept counterweights.

Harmonic Balancer Tool

Works with all Ford, GM, and Chrysler engines. This heavy-duty, professional tool, equipped with roller thrust bearings, can also be used as a universal puller! Includes 7/16"-20, 5/8"-18, and 3/4"-16 adapters and various removal hardware. May also be used for steering wheel and pulley installation and removal. Maximum recommended torque is 150 ft. lbs.

66514	79.99 set
-------	-------	-----------

Harmonic Balancer Puller

Removes balancers, pulleys, and gears with tapered holes. A floating swivel prevents damage to the shaft end. 4 slots in the yoke allow for 2 or 3 hole applications. Includes: 3/8"-24 UNF, 5/16"-18 UNC, 3/8"-16 UNC and 10mm screws for most American and imported cars.

TX141	14.99 ea
-------	-------	----------

Harmonic Balancer Tool

This tool makes installing the harmonic balancer simple. Just thread the proper end into the crankshaft, and then rotate the nut which presses the bearing against the balancer.

66515	31.99 ea

Accu-Drive Camshaft Gear Drives

Replace Your Stock Timing Chain with a Precision Gear Drive System from Edelbrock! The Accu-Drive camshaft gear drive set replaces a stock timing chain with a precision gear drive system. The gear drive can be easily installed. Just replace the stock crank and camshaft sprockets with Accu-Drive gears and slip in the idler assembly. Most Accu-Drives require no modifications to the engine block, although some fitting of the axles and front cover may be required. The Accu-Drive gear system transmits power from the crankshaft gear to a full floating main idler gear which drives the camshaft gear. A unique feature of the Edelbrock Accu-Drive system is the ability of the main idler gear to float to an optimum position between the crankshaft and camshaft gears.

Important: Not for stock Chevy hydraulic roller lifter cam equipped engines. Accu-Drive gears are not recommended for use above 7000 RPM or on computer controlled vehicles with knock sensors. On some late model small block engines, it will be necessary to check clearance behind the cam gear at the engine block at the 12 o'clock position. Make sure gear clears oil gallery bosses on block when in the most rearsward position. Grind or machine block for clearance.

PCV Valves & Grommets

Crankcase Evacuation System

This universal crankcase evacuation system replaces the standard PCV to air cleaner system by connecting to the exhaust system allowing exhaust pressure to pull the flow from the crankcase. Includes two simple pipes with one way valves that weld to the header collectors and are connected to dual valve cover breathers.

Note: Not for pollution controlled vehicles. For valve covers with 1-1/4" holes. Hoses are not included.

20501 52.99 set

1967 SB Crankcase Vent Tube

Reproduction crankcase vent tube assembly for all 1967 Camaro models equipped with a small block engine. Manufactured to factory specifications featuring the correct 1/2" hose outlet, with mounting hardware included.

153781 1967..... 44.99 ea

Dual Flow Adjustable PCV Valve

Stock PCV valves aren't designed for modified high-performance engines and their altered vacuum profiles. A mismatched PCV valve can cause oil leaks or oil contamination. Manage your crankcase pressure with this billet dual flow PCV valve. Once adjusted, the valve will provide optimal crankcase ventilation at all times. Valve fits 3/4" i.d. valve cover grommets and 3/8" i.d. PCV valve lines. An available adapter allows for use on 3/8" i.d. inline applications. PCV valve set includes: valve, vacuum grommet fitting, Allen wrench, and detailed instructions. Made in USA.

Note: Not intended for use on pollution controlled vehicles.

DF1700 adjustable PCV valve..... 128.99 ea

ENGINES & COMPONENTS

Valve Cover Hardware

1969-74 Valve Cover Bolt Set

This set includes reproductions of the original "M" bolts which were stock on all 1969-74 models that used the black powder coated aluminum or the polished aluminum valve covers. These bolts were slightly longer than the standard valve cover hold down bolts which allowed correct installation onto the cylinder heads. Each retaining bolt features the original "M" in circle markings for an authentic appearance. Set of 8.

K0070 for alum covers... 15.99 set

Valve Cover Hardware

Replace rusty, missing or damaged valve cover hardware with the correct replacement hardware. A variety of sets are available for small block or big block applications depending on your specific needs. These sets feature authentic looking hardware with correct markings as original.

Valve Cover Bolt Set

Available in chromoly steel with a black oxide finish or corrosion proof polished stainless steel. Choose between conventional Hex head bolts and nuts or compact, easy access 12 point designs. The heads feature a wide base for better load distribution and sealing (helps prevent those pesky gasket leaks), while the compact head is easily accessed. Sets are shipped with the required flat washers. All sets include 1/4"-20 bolts.

Valve Cover Hold Downs and Wire Looms

These innovative valve cover hold downs are ideal to prevent leakage for stamped small block Chevy valve covers. They are easy-to-install and by applying even pressure on the entire mounting flange, they'll eliminate the possibility of leaks. Hold downs with wire looms also offer the advantage of attached spark plug wire looms for an ultra clean engine compartment. Your choice of with or without looms in a variety of colors.

LS Valve Cover Gaskets

Valve cover gasket set for vehicles with LS engines. Fei-Pro® PermaDryPlus® valve cover gaskets feature advanced technologies designed to provide a superior leak free seal, easy installation, and an accurate fit. Features rigid, aluminized steel or composite carrier to resist high heat and vacuum/pressure. Precision edge molded silicone rubber sealing beads prevent leaks, while built-in torque limiters avoid over compression of the gasket. Locating tabs ensure proper alignment, and Bolt Hole-Locks™ greatly reduce installation time.

Vintage Series SB Valve Covers

Vintage Series valve covers are designed to fit all 1958-86 small block Chevrolet engines with perimeter bolt patterns. The die-cast aluminum construction ensures superb detail and reduces the chance of warped valve cover flanges and oil leaks. The valve covers stand 3-1/2" tall with pre-installed internal oil baffles on emission compliant models. The oil fill and PCV grommets are also included.

Note: If your engine has non-standard valvetrain components, such as a high lift camshaft, roller tip rocker arm, higher lift ratio rocker arms, stud girdles, etc., there may be insufficient clearance.

Elite Series II Valve Covers

Features a design that is influenced by the original Elite Series released in 1985, but with a new modern take on this classic look. They're made from heavy gauge, die-cast aluminum and are finished off with a show quality high luster polished finish. The raised fins are accented by a contrast gloss black finish between the fins for the definitive Elite Series look. Edelbrock's tall profile valve covers are 2" taller than stock, and clear most roller rockers and valvetrain components. Our low profile valve covers clear all air conditioning, alternator brackets, and aluminum rockers. Overall height is measured from gasket flange to top at the highest point.

1959-86 Small Block 262-400ci

LS Aluminum Slant Edge Valve Covers

Cast aluminum slant edge valve covers for GM LS V8 motors. Available in a variety of different styles and emblems. Unique mounting studs and oil restricting baffles included. Threaded mounting holes for integrated ignition coil brackets are included. The passenger side valve cover has an oil filler hole (we suggest oil filler cap part #D141630). Proform also suggests using Fel-Pro valve cover gaskets for best seal, our part number is A9700110. Valve covers are sold in pairs.

Important: LSX-DR owners will need to purchase a LSX-DR mounting bolt kit part #D66330.

Note: The following rocker configurations will require the valve cover to be slightly modified. Test part KKS-317070, KKS-317575, and KKS-318080.

LS Engine Coil Pack Shield

LS engine coil pack shield. Prevents premature coil failure due to overheating, eliminating the need to relocate. Semi-rigid construction made from double sided aluminum and high temperature foam core. They easily install under the coil brackets and work with factory and aftermarket coils. Fits LS1, 2, 3, and 7.

----------	-----------------------	----------

Billet Aluminum LS Modular Valve Covers

Give your LS engine a clean, classic look with these billet valve covers! Their modular design incorporates billet tops to cover the ignition coils and the oil cap to provide the appearance of traditional ribbed aluminum valve covers. Available in black anodized or mirror polished finish for LS1 and LS3 engines. Includes: billet oil cap, polished ARP stainless steel hardware, and installation instructions. Made in USA.

Important: Must be used with engine model specific OEM GM ignition coils.

LS Valve Cover Conversion Set

Billet Specialties LS valve cover conversion set allows the use of perimeter style small block Chevrolet valve covers on an LS motor. The coils, harnesses, and plug wires are all concealed underneath for a clean classic look. Precision machined from 6061-T6 billet aluminum to accommodate the large LS3 coils (ACDelco D5144). They retain the factory LS gasket for a leak free seal and feature a hidden oil fill cap on both sides. Stainless hardware included. Made in USA.

Important: Will not work on 1997 LS1 heads casting numbers 806 or 933.

B95037	LS engines	502.99 set
--------	------------------	------------

LS Valve Cover Adapters

Billet Specialties LS valve cover adapters. This set allows the use of perimeter style small block Chevrolet valve covers on an LS motor. This kit requires the relocation of the coil packs. Machined from 6061-T6 aluminum utilizes an OEM LS valve cover gasket set on bottom and cork gasket on the top. Stainless hardware included. Made in USA.

Important: Will not work on 1997 LS1 heads casting numbers 806 or 933.

--------	------------------	------------

Fabricated Aluminum LS Coil Covers

These fabricated aluminum covers hide the unsightly coil packs on LS1 and LS6 engines with center bolt valve covers. Made from formed and welded aluminum they include a billet aluminum oil fill extension and mounting hardware. Coil covers are available in clear anodized and polished finishes.

Note: Some applications may require modification.

A9700120	clear anodized	148.99 pr
A9700121	polished	145.99 pr

LS Coil Covers

Elegantly hides LS coil packs. Fits GM LS engines utilizing existing coil bracket mounting points. Has a cutout for the oil filler. Designed to fit LS crate motors and will not clear factory high mount alternators (such as those found on Corvettes) unless a cutout is fabricated or aftermarket alternator and brackets are used. Best suited for aftermarket serpentine pulley systems. Machined from 6063-T6 aluminum. Can be used with relocated coil packs for a lower profile appearance. Dimensions 19-1/2" x 5". Made in USA.

P130	black finish	309.99 pr
------	--------------------	-----------

LS Coil Covers - Big Block Style

These coil covers from Holley Performance give modern LS engines a classic big block appearance. Made from a lightweight, durable composite that can be painted to match any color scheme and designed to fit on LS2, LS3, LS7, and other LS family engines using LS3 style valve covers and coils. Set includes: covers, OE style ball mount snap on studs, oil cap, oil fill adaptor, and detailed installation instructions.

Important: Covers are a universal fit and require trimming for proper installation.

- Valve cover elbow
- Includes detailed installation instructions for each system

1969 The Ultimate Cowl Induction System

A reproduction cowl induction air cleaner package for 1969 Camaro models. Each set is offered for the original engine and includes the correct parts for each application. This air cleaner is a direct replacement for the original cowl induction style air cleaner which includes everything you need to completely install a functional cowl induction system. The original cowl induction style air cleaner system was optional on 1969 Camaro models with 302 (Z-28), SS-350, SS-396, 427 (ZL-1) or the Cast Iron Block 427/425HP (COPO 9561) Camaro models. The cowl induction system was also installed on dealership performance specials such as Yenko, Berger, Dana, Nickey or Baldwin-Motion. This air cleaner system requires a cowl induction hood to complete a fully functional system.

Note: The cowl induction system requires a cowl induction hood for installation. If your Camaro wasn't originally equipped with a cowl hood, you can install the correct hood and add the cowl induction system to your vehicle. Also may be used on 1967-68 Camaro models with an owner installed cowl induction hood. Some items included in set are not shown. Shipped overseas.

The 1969 Cowl Induction Air Cleaner Base, Filter, and Lid!

1969 Basic Cowl Induction Air Cleaner

Reproduction cowl induction air cleaner including correct black lid, base, and filter. This air cleaner is a direct replacement for the original cowl induction style air cleaner optional on 1969 Camaro models with 302 (Z28), SS350, SS396 427 (ZL1) or Iron Block 427 (COPO 9561) Camaro models. This option was also included on other dealership performance specials such as Yenko, Berger, Dana, Nickey, or Baldwin-Motion. The air cleaner requires a cowl induction hood for correct installation. This air cleaner does not include the extension or the flange. See part #C671 or C672 below for cowl induction air cleaners which include these items. *Note: Air cleaner extension, flange and hood seal are available separately. Valve cover to air cleaner elbow and hose must be purchased separately, see valve cover section for correct elbow and hose application. Also may be used on 1967-68 Camaro models with a cowl induction hood.*

KW261	1969	chrome lid	164.99	ea

The Air Cleaner Base, Filter, Lid, Air Cleaner to Hood Extension and Flange!

Cowl Induction Air Cleaner with Extension and Flange

Reproduction cowl induction air cleaner including correct black lid, base, filter, air cleaner to flange extension, and the flange. The extension for a 302 is shorter than the extension on the 350. This was due to a high rise intake manifold which was factory installed on all 302 (Z28) engines. This air cleaner is a direct replacement for the original cowl induction style air cleaner which was optional on 1969 Camaro models with 302 (Z28), or SS350 engines.

Note: This air cleaner does not include the air cleaner flange to hood seal (available separately). Valve cover to air cleaner elbow and hose must be purchased separately, see valve cover section for correct elbow and hose application. Also may be used on 1967-68 Camaro models with a cowl induction hood. Big block air cleaner does not include an extension since it's not required.

C671	1969	302	189.99	set
C672	1969	350	189.99	set
C678	1969	396, 427	164.99	set

Cowl Induction Components

C674

1969 Cowl Induction Air Cleaner Extension

Reproduction air cleaner extensions used to raise the flange and seal upward to seal the air cleaner against the hood. The unit sits directly onto the air cleaner. Applications are available for the 2" tall Z28 302 models and for the 2-3/4" tall SS350 model.

C674 Z28 with 302, 2" tall 27.99 ea
C675 SS350, 2-3/4" tall 29.99 ea

1969 Cowl Hood to Flange Seal

Reproduction cowl induction hood seal which attaches directly to the air cleaner flange. The rubber seal wraps around the flange and acts as a seal between the air cleaner and the hood. The seal is correct for all cowl induction models including Z28, 350, and 396 big block models.
CC080 1969 24.99 ea

1969 Cowl Induction Air Cleaner Flange

The flange unit is the round steel ring that the air cleaner to hood seal attaches to. This unit mounts on top of the extension and enables the seal to meet the underside of the hood.

C673 1969 27.99 ea

1969 Cowl Induction Valve Frame

Valve frame inserts in cowl induction hood and acts as a support for the valve flapper on the hood to open and shut when the accelerator is pressed. The valve assembly can be installed on all cowl induction hood systems regardless of engine size.

C682 1969 27.99 ea

1969 CI Valve Frame Seal

To guard against possible water or other elements from entering the hood area, be sure to replace your original valve frame seal. This correct sponge seal inserts between the cowl induction hood and the valve frame.

E201 1969 reproduction 7.99 ea

1969 Cowl Induction Frame Screw Set

Correct replacement screws for installing or remounting the cowl induction hood frame unit. Includes a set of 6 screws.

E205 1969 3.99 set

1969 Cowl Induction Hood Grommet

When this grommet is installed on the under side of the hood, the cowl induction harness solenoid wire passes through grommet in route to the solenoid. Features correct steel insert an authentic appearance.

C634 1969 7.99 ea

1969 Cowl Induction Air Cleaner Hose

Correct replacement hose designed to fit the 1969 models with cowl induction. Hoses are produced from fuel resistant materials. Small block Z28 with cowl induction.

K0066 1969 15.99 ea

1969 Cowl Induction Flapper Screen

The flapper valve will insert directly to the valve frame on the hood using 3 original style valve retainers. The flapper will open accordingly when the gas pedal is depressed increasing air flow to the air cleaner.

C683 1969 13.99 ea

1969 Cowl Induction Valve Retainers

Reproduction valve retainers which are designed to hold the valve assembly onto the valve frame. Three retainers are required per vehicle. 3 included in set.

C684 1969 3.99 set

1967-69 Custom Cowl Induction Screen

This is a really cool idea for cowl induction hoods. You can now cover the opening in the back of the hood on your non functional cowl hood with this made in the USA stamped steel screen. This can be painted to match your vehicles color and can easily be mounted without removing the hood. Fits original and reproduction cowl hoods. Includes mounting screws.

14345 1967-69 24.99 ea

1969 Cowl Induction Solenoid Switch

Reproduction switch which attaches to accelerator lever and allows the hood valve assembly to open and shut when the accelerator is depressed.

Note: Retainer clip not available.

15520G 1969 17.99 ea

1967-70 Cowl Induction Air Cleaner Stud

This is a correct SAE threaded stud used on models equipped with cowl induction system. This stud is used for all 1967-70 big block models.

Measures 2" overall length. 6.99 ea

Throttle Solenoid Switch Retaining Clip

Correct reproduction of the throttle solenoid switch retaining clip. This clip is designed for .60" diameter switches.

A970101 1969 retaining clip 3.99 ea

OEER AUTHORIZED

1969 Cowl Induction Solenoid

Correct reproduction of the original cowl induction solenoid assembly which allows the hood valve assembly to open and shut when the accelerator is depressed. Manufactured to exact specifications, each solenoid will install and function same as original.

153474 1969 37.99 ea

1969 Cowl Induction Throttle Arm

Reproduction throttle arm which is used in conjunction with the accelerator pedal to open and close the hood valve assembly. Manufactured as a steel reproduction including correct flat black paint.

3959113 1969 20.99 ea

1969 Cowl Induction Relay

Reproduction of the original cowl induction relay assembly designed for use on all 1969 Camaros with cowl induction option.

4540898 1969 reproduction 22.99 ea

1969-81 Cowl Induction Wire Harness

Reproduction cowl induction wiring harnesses for 1969-81 models with functional cowl induction. The 1969 harness is a complete assembly providing all original connections for the solenoid, relay, throttle arm switch, and fuse panel power leads for the 1969 ZL2 cold air (cowl induction) option. Can be used for replacing your original or if installing a cowl induction system. Installation instructions included.

PERFORMANCE FILTERS

14" Low Profile Chrome Air Cleaner

This air cleaner provides a low profile by dropping the filter 7/8" or 1-1/4" below the carburetor flange. 5-1/8" flange fits all popular 4 barrel carburetors. Your choice of 4 element heights are offered to fit a wide variety of applications. The 7/8" drop will fit carburetors with electric choke mechanisms. Optional vent kit, item #S51190 is available and sold separately. Total height listed below is the minimum clearance needed above the carburetor flange.

Important: *Items marked with asterisk will not fit Edelbrock carbs with electric choke.

Fuel Injection Performance Sets

The K&N FilterCharger Injection Performance set (FI/PC) dramatically reduces intake restrictions as it smooths and straightens the air flow. This allows your vehicle's engine to inhale a larger volume of air. Designed to replace the original air filter case without jeopardizing important emission standards. These sets are washable, reusable and backed by K&N's unique 10-Year Million Mile Limited Warranty.

Air Cleaners & Parts

14" Replacement Air Cleaner Element

Replacement air filters for air cleaners that require a 14" diameter element.

C676 14" x 3" element..... 8.99 ea
T2287 14" x 5" element..... 22.99 ea

Air Cleaner Adapter

Utilize your existing air cleaner by adding an adapter that will work with your year and model. Adapts 5-1/8" to 4-7/32" carburetor neck.

66315 6.99 ea

Air Cleaner Spacer

These 5-1/8" diameter plastic spacers from Edelbrock get you the clearance you need between the carburetor and air cleaner base. Available in 1/2" and 3/4" sizes. Made in USA.

E8093 1/2" tall spacer..... 17.99 ea
E8092 3/4" tall spacer..... 12.99 ea

Carburetor Cover

The K&N Carburetor Cover is used on 5-1/8" carburetors eliminating the risk of dropping bolts, nuts, screws or other items down the throat and into the intake manifold. Also works well in keeping dirt, dust, and other elements out of your carb during times you must store your engine or vehicle with the air cleaner assembly removed.

Note: Please specify: black, red, or orange when ordering.
E85913C 5-1/8" carburetor cover..... 47.99 ea

Aluminum Street Scoops

These aluminum street scoops add an old school performance look to almost any engine, especially if it has a tunnel ram or dual carburetors. Each 20" scoop is made from polished cast aluminum with 3 fully functional reversible round butterflits. Designed for carburetors with a 5-1/8" neck and includes both dual and single carburetor mounting plates, 6-3/8" x 2-1/2" paper element air filters, hardware, and instructions.

52391 ribbed housing scoop..... 393.99 set

Street Scoop

These aluminum street scoops add an aggressive performance look to any custom street or show car engine. They are polished and available in finned or smooth finishes. Full size scoops measure 20" long by 5" tall and are available for single or dual 4 barrel applications. Mini scoops measure 13-1/2" long by 4-1/2" tall and are only available for single carburetor applications. Includes necessary hardware and a 6-3/8" x 2-1/2" paper element air filter.

Note: All scoops fit only carburetors with 5-1/8" neck.

Vintage Corvette Style Air Cleaner

Dress-up your engine with this 14" louvered design air cleaner which is similar to the 1955-57 Corvette. Features a 3" tall element and recessed base. Fits 5-1/8" carb necks. Give your car a custom appearance by adding this uniquely designed air cleaner.

T2293 64.99 ea

Retro Style Air Cleaner

Manufactured in heavy gauge steel and powder coated in a semi-gloss black finish, these custom air cleaners fit most carburetors and throttle bodies with a 5-1/8" mounting flange. The lower rear section of the air cleaner has clearance for HEI distributors. Available in a full scale 18-1/4" wide version that uses a 14" x 4" filter element and a 7/8 scale 15-21/32" wide version that uses a 12" x 3" filter element. Both sizes include a filter element, chrome rocket-shaped wing nut and an air cleaner decal.

Elite Series II Air Cleaners

Elite Series II air cleaners offer a new modern take on the classic Elite Series look. They're made from heavy gauge, die-cast aluminum and are finished off with a show quality high luster polished finish. The raised fins are accented by a contrast gloss black finish between the fins for the definitive Elite Series look. Fits all popular 5-1/8" diameter carburetors and includes a black anodized knurled nut.

Important: Use E4266 with all Edelbrock square bore carburetors and Q-jets.

Note: If using on vehicles with electric choke carburetor, a spacer is required. Use part #E8092.

HPR® Air Filter

These Spectre HPR® air filters are the most versatile of their kind on the market! Designed to fit. Washable and reusable, these lifetime filters provide more power and performance by allowing more air flow into your engine than ordinary paper filters. Specify color when ordering. *Note: *Will only fit 3" inlet tubes. Also features all-rubber construction, no chrome finish.*

Cone Air Filter for 3", 3-1/2", and 4" Tubes

1988-02 Cool Air Intake

This intake draws cool air from outside the HOT engine compartment! This provides the coolest air charge to your fuel injection and creates the most horsepower possible. Prevents excessive engine noise while still providing the optimum performance. Volant connects the components using high-performance silicone couplers. 50 state legal.

----------	--------------	-----------

1988-02 LSI High Flow Air Box Lid

High flow air box lid for 1988-02 Camaro models equipped with an LSI engine. This easy-bolt-on air box eliminates the restrictive stock baffles and resonator assembly to add up to 12 horsepower.

Note: Not approved for sale or use in California or other states that require a CARB EO number.

A9701349	1998-99.....	89.99 ea
A9701350	2000-02.....	89.99 ea

Cool-Air Tube Heat Shield

The Cool-Air tube heat shield features a unique lap-up design. This unique design allows this heat shield to fit air tubes from 2-1/2" to 4" in diameter, up to 3 feet in length. Like most of Thermo-Tec's products, it blocks more than 90% of radiant heat from the exhaust, protecting the air tube and the fresh air w/in from the destructive effects of high heat. For an added kick, Cool-Air tube heat shield includes laces in 4 cool colors - white, blue, red, and yellow!

Engine Hardware

Your choice of polished chrome or stainless steel Hex head bolts.

Chevy V8 Engine Fastener Sets

Dress your engine with OEM style bolts in stainless steel or high polished chrome. Each set will contain the correct bolts for the application you choose. The bolts included in the small block set are: the intake manifold, valve cover, water neck, water pump, timing cover, fuel pump, oil pan distributor hold down, and exhaust manifold.

Note: For use with single or dual exhaust without headers.

Small Block with Aluminum Valve Covers

Intake Manifold Hardware

Oil Return Screen Set

This oil return screen set is inexpensive insurance on any modified small block Chevy engine. The screens install in and over the oil drain holes in the lifter valley, trapping debris from valvetrain failure, keeping it out of the oil pan. Includes: galley plugs, screens, and a special epoxy for installation.

225000 oil return screen 36.99 set

Lifter Valley Oil Baffle

This aluminum lifter valley baffle simply snaps into place in the lifter valley, shielding the bottom of the intake manifold from hot oil that keep incoming air cool and dense. It also keeps excess oil out of the valve covers and holds lifters in their bores in case of pushed or rocker arm failure.

Note: Due to minor variations in block castings minor trimming may be required. Not for use with roller lifters.

1955-86 Black Ceramic Coated Intake

Holley introduces select intake manifolds in an all new carbon black ceramic coating that provides an aggressive yet subtle look that goes perfectly with the understated build styles that are popular today. Provides the added benefits of corrosion protection, heat resistance and ease of cleaning. These dual plane, square bore, non-EGR manifolds fit 262-400 small block Chevrolet engines. The Street Warrior manifold is 3-1/2" in the front and 4-1/2" in the rear and has a power band from idle - 5500 RPM. The Speed Warrior manifold is a high rise that is 4-1/2" in the front and 5.27" in the rear and has a power band from 1500 - 6700 RPM.

H8150 1955-86 Speed Warrior 276.99 ea

Edelbrock

Intake Manifolds

E5419

1955-86 Three-Deuce Intake Manifold

Designed for 1955-86 262-400ci small block Chevrolet engines, this manifold features a balanced 180 degree firing order port runner arrangement, an exhaust gas heat riser, and offers excellent performance potential. Carb center-to-center: 5-1/2". Accepts E4803 oil fill tube and breather. Made in USA.

Important: Carburetor Recommendations: Rochester 2GC (small 1-7/16" bore) for E5419, Stromberg-Holley, Demco 3 bolt (with 1-1/4" bore) for E5418. Will not fit with HZL.
E5418 1955-86 3 bolt carbs 501.99 ea
E5419 1955-86 4 bolt carbs 450.99 ea

E2104

Performer — Natural Finish

Edelbrock Performer manifolds are dual plane, low rise intake manifolds with a patented runner design that you won't find on other brands. This patented design greatly improves throttle response and torque over a wide RPM range, especially from idle through the mid-ranges. Manifolds are offered in EGR and non-EGR versions for most GM V8s, and most Performer intakes are 50 state street legal when used with the correct carb and application. Made in USA.

1955-86 Small Block

Important: Will also fit 1987 & later stock aluminum cylinder heads. Will not fit Chevrolet Bow Tie cast iron cylinder heads.

E2101 262-400ci non-EGR 229.99 ea
E3701 262-400ci with EGR 317.99 ea

1987-95 Small Block w/Cast Iron Heads

Important: Not for 1987 and later stock aluminum cylinder heads. Will not fit Chevrolet Bow Tie or L71 cylinder heads.

E2104 262-400ci non-EGR 311.99 ea
E3706 262-400ci with EGR 367.99 ea

1996-up Small Block w/Iron Vortec Heads

Important: Will also fit Edelbrock E-Tec heads.

E2216 262-400ci non-EGR 309.99 ea

Performer EPS

This manifold has a revolutionized runner design that is tuned for peak power around 3500 RPM on a 350 V8, and has a solid power range off idle to 5500 RPM. Match it with a Performer Series carb for maximum performance gains. For non-EGR applications. Made in USA.

Important: Not for 1987 and later cast iron Chevrolet Bow Tie cylinder heads. Will fit 1987 and later stock aluminum cylinder heads.

E2701 262-400ci natural finish 185.99 ea

E7101

Performer RPM — Natural Finish

Performer RPM manifolds are dual plane, high rise intake manifolds with a 180 degree firing order to produce incredible top end horsepower while retaining good throttle response. Their larger plenums and runners match the free flowing exhaust, and high lift cams, and other modifications of a high output engine. They are intended for high-performance street or competition engines that run up to 6500 RPM. Not intended for emissions controlled vehicles. Made in USA.

1955-86 Small Block

Important: Will fit cast iron Chevrolet Bow Tie cylinder heads, but will not fit 1987 & later cast iron cylinder heads.

E7101 square bore non-EGR 271.99 ea
E7104 spread bore non-EGR 315.99 ea

1996-up Small Block w/Iron Vortec Heads

E7561 square bore oval port heads 401.99 ea
E7562 square bore rect port heads 444.99 ea

Performer EPS Vortec Manifold

Available for small block Chevrolet with Vortec or Edelbrock E-Tec cylinder heads, the performer EPS dual plane manifold delivers superior performance with Edelbrock square bore Performer Series or Thunder Series AVS carburetors. The runner design is "tuned" for peak torque around 3500 RPM on a 350 inch engine and it's ideal for off-idle through 5500 RPM.

E27161 Vortec w/natural finish 329.99 ea

Performer Air Gap — Natural Finish

The Air Gap design features an open air space that separates the runners from hot engine oil, resulting in a cooler, denser intake charge that delivers more power. Performer Air Gap manifolds are ideal for street performance from idle to 5500 RPM. Made in USA.

1955-86 Small Block

E2601 262-400ci non-EGR 362.99 ea

E7118

Performer RPM LS1

Looking to install a carburetor on a 1997-02 LS1? Edelbrock has you covered. This performer RPM manifold set includes the major components needed to install a 600-800 cfm carburetor on a modern LS1, LS6, LM7, LR4, and LQ4, maximizing maximum horsepower and torque from 1500 to 6500 RPM. The system includes a 4 barrel non-EGR manifold, MAP sensor, wiring harness, and MSD ignition controller for LS1 24X ignition systems (offers choice of 6 timing curves), along with throttle and trans cable brackets.

Note: 600-800 cfm carburetor recommended. Not legal for pollution controlled vehicles.
E7118 manifold w/ignition control 947.99 ea
E71187 manifold only non-EGR 375.99 ea

E2065

RPM Dual Quad Air Gap

RPM Air Gap manifolds are ideal for street performance from idle to 5500 RPM. The full set up provides everything you need to run dual quads, including an RPM Air Gap Dual Quad intake manifold for oval port heads, two 500 cfm Thunder Series AVS carburetors (1 manual choke, 1 electric choke), throttle linkage, fuel line, and intake gasket set for a complete installation. Manifold also available separately.

Note: Complete setups are shipped overweight.

Engine Components

Small Block Heads

1955-86 Small Block Performer Heads

E60909

Designed for 1955-86 small block Chevs, these heads have the same powerful design and combustion chambers as the straight plug Performer RPM heads plus an exhaust crossover passage for emissions equipment compatibility. These are 50 state street legal heads. Performer heads with 64cc combustion chambers improve performance and retain stock compression ratio on 1970 and earlier small blocks. Hardened pushrods required. Made in USA.

Important: When using hot air choke carburetors and Performer manifolds with these heads, choke set E1932 is required. When using stock rockers on these heads, 100" longer pushrods are required. These heads may not be used on engines with less than 4" bore except with cams having less than .450" valve lift.

Note: Shipped overweight.

1987-95 Small Block Performer Centerbolt Heads

Designed for 1987-95 5.7L Chevy engines (except LT-1, LT-4, and LT-5) originally equipped with center bolt valve covers and the 1987 and later intake manifold bolt pattern. The high velocity intake runner is designed to work with either T.B.I. or T.P.I. systems. The 60cc combustion chambers maintain stock compression ratio when used with the recommended gaskets. These are 50 state street legal heads. Hardened pushrods required. Available in straight plug configuration only. Made in USA.

Important: When using stock rockers on these heads, 100" longer pushrods are required. These heads may not be used on engines with less than 4" bore except with cams having less than .450" valve lift.

Note: Shipped overweight.

E5087

E-210 Small Block Cylinder Heads

The new E-210 cylinder head for small block Chevy engines feature larger runners for increased airflow, revised exhaust ports and larger diameter springs for higher lift camshafts, making them ideal for a spec series racer and larger displacement engines. The exhaust port flange is in the stock location to allow for the use of off the shelf headers and hardware, while the enlarged valves and ports support the power needed to compete at engine speeds of up to 6500 RPM. The E-210 cylinder head is capable of supporting more than 500 naturally aspirated horsepower, and even more in forced induction applications. Made in USA.

E5087	max valve lift .650"	1529.99 pr

Big Block Heads

Edelbrock cylinder heads are made from A356 aluminum and heat treated to T-6 specs. They are manufactured using the latest CNC programmable machining centers for a high degree of accuracy, and quality is assured using Coordinate Measuring Machines (CMM). These street high-performance heads provide out of the box, bolt-on performance with no additional porting required. They offer improved power throughout the RPM range for great throttle response and top end horsepower. The intake and exhaust runners are CNC profiled for superior flow and performance. Standard port locations allows the use of a wide variety of intake manifolds. Stock location of the exhaust flange allows the use of stock exhaust or headers. Hardened interlocking valve seats are compatible with leaded or unleaded fuel. All Performer and Performer RPM heads are assembled with high-quality stainless steel, swirl polished valves with undersides, 2 ring positive oil control seals, rocker studs, hardened steel guide plates, valve springs, retainers, and keepers. In most cases these heads are directly interchangeable with the factory heads. Performer heads have provisions for all exhaust emissions related components and are street legal. Performer RPM heads are for non-emission vehicles.

60459

1965-90 Big Block Performer RPM Oval Port Heads

Designed for non-emissions oval port big block Chevs. The unique intake port design produces flow close to rectangular port heads, but with the smaller port size and velocity of an oval port for excellent seal of the piston performance and crisp throttle response. The semi-open chamber design maximizes combustion efficiency with streetable compression ratios. The stainless steel 2.19" intake and 1.88" exhaust valves have smaller than stock 11/32" valve stems to promote excellent flow and lighter valve weight. The deck surface and water jackets were specially designed to work with all big block Chevy engines. Heads include high-quality ARP rocker studs, bronze guides, and hardened ductile iron valve seats. Hardened pushrods required. Made in USA.

Note: Shipped overweight.

E8551	BB head bolt set (for Edelbrock heads only)		281.99 set

1965-90 Big Block Performer RPM Rectangular Port Heads

Performer RPM rectangular port heads have specially designed intake and exhaust ports for increased flow and velocity over stock big block heads. These heads feature a highly efficient 118cc open style combustion chamber and high velocity 315cc long/30cc short intake ports. Designed for street/high-performance big blocks operating from 2500 to 7000 RPM. Stainless steel hardened tip 2.19" intake/1.88" exhaust valves have 11/32" valve stems for excellent flow and lighter weight. Heads include high-quality ARP rocker studs, bronze guides, and hardened ductile iron valve seats. Hardened pushrods required. Made in USA.

Important: The spark plug has been moved closer to the center of the bore and will interfere with high dome pistons designed for stock Chevy open chamber heads.

Note: Shipped overweight.

Z28 302 Hypereutectic High-Performance Pistons

Precision machined high-performance pistons with original dome design and floating wrist pin for 2nd design 1968 and 1969 stock compression 302 engines (11:1 with 64cc heads). These hypereutectic pistons will also fit 1967 and 1st design 1968 engines with no modifications, and are available in standard, .030", .040", and .060" overbore sizes. Cast with 16-18% silicon alloy, and T-6 hardened for performance applications, new tooling was specifically made for these pistons featuring an exclusive computer designed under structure allowing dome machining (.0143") to safely reduce the compression ratio to 10:1 while maintaining balance. Wrist pin and spin-lock retainers are included. Individually plastic sleeved after factory sorting in sets of 8 by size and weight to balance and blueprint tolerances (+/- .0004" and 1.5 grams or better). Warranted for 2 full years in street cars. Set of 8 pistons with pins and locks.

Note: Piston rings not included. Not recommended for extreme performance engines.

Your Choice of Four Convenient Sets to Meet Your Specific Needs!

Important: On small block applications, High Energy™ Cams may be used with stock valve springs and lifters. However, these components must be in good operating condition. In order to protect your camshaft warranty and for maximum performance benefit, we recommend replacing stock valve springs and lifters with a high-performance set from Classic Industries™.

A — Camshaft Only

The camshaft only set includes camshaft, instructions, assembly lube and decals.

B — Cam and Lifters

Order the cam and lifter set to add a matched set of lifters to your camshaft.

C — Small Set

Order the small set for cam and lifter set plus timing chain and gear.

D — Full Set

Full set includes cam, lifters, timing chain and gear valve springs and retainers, valve locks, valve stem seals.

High Energy™ Cams for Your Daily Driver!

All High Energy™ designs are totally streetable cams. They will produce 10 to 30% more power than a stock cam throughout the RPM range. Each cam has a particular RPM range in which it works best. By selecting the cam that best suits your driving needs, exceptional power increases can be expected. High Energy™ Cams work great for everyday driving without the "bad" side effects normally found with other

cams. High Energy™ cams produce more power, are more efficient, and do not affect the engine's idle characteristics to the point of making your car undrivable. High Energy™ Cams will not affect any vacuum or power accessories such as power brakes, air conditioning or steering.

Factory Muscle Cams Replicate Genuine GM Cams of the Era!

Give your stocker a dose of factory muscle with a Muscle Car™ cam from COMP CAMS™. Designed to replicate the Genuine GM Cams of the era, The Muscle Car Cams™ provide the power and performance your car missed out on. Each set includes: camshaft, lifters, assembly lube, instructions, and decals.

300HP/327ci Factory Muscle Cam

Referred to by GM as part #3863151, this is Comp Cams' version of the hydraulic cam that provided 350HP to the 327 from 1965-68.

Item #	Description	GM Item #	Adv. Dur.	Lift	Price
222051A	camshaft	3863151	222"	.447"	149.99 ea

Z28 Solid Lifter Factory Muscle Cam

This is the solid lifter cam that GM installed in the 1967-69 Z28 Camaro's 302, providing it with 290HP. In 1964-65, it provided the Corvette 327 with 365-375 HP.

Item #	Description	GM Item #	Adv. Dur.	Lift	Price
222052A	camshaft	3849346	254"	.485"	152.99 ea

375HP/396ci Solid Lifter Factory Muscle Cam

This solid lifter cam provided 375HP to the 1967-69 396ci engine, 375HP to the 1970 402ci engine and 425.45HP to the 1967-69 427ci engine. Then in 1970, the LS6 454ci engine used this cam to produce 450/465HP!

CAMS for your High-Performance Street Machine!

The Magnum™ Cam is a great cam for high-performance driving in street machines. Provides 30-70% more horsepower and a rough and ready to rumble idle in small block or big block Chevy applications. The Magnum™ will not affect power accessories, but should be used with headers. This is the perfect cam for cruising.

Xtreme Energy™ Cams are Comp Cams' series of hydraulic cams. They are designed to take advantage of the latest improvements in valve train components and the newest developments in camshaft design.

Xtreme Cams can be used in any street or street/strip application where both throttle response and top end horsepower are desired. Increases horsepower from 20-70% over stock.

Full Set — includes camshaft, lifters, chain set, valve springs, valve spring retainers, valve locks, valve stem seals, assembly lube, instructions, and decals.

For Computer Controlled Engines!

If you have a late model computer controlled engine, you have to be very careful when selecting a high-performance aftermarket cam! The wrong cam could "throw off" the computer, spelling real trouble for your vehicle's drivability and performance.

Comp Cams® has engineered this line of camshafts specifically for these engines, ensuring that you get a camshaft that works with your computer, providing exceptional performance and drivability out of your late model Chevy engine!

Camshaft Only

The camshaft only set includes camshaft, instructions, assembly lube and decals.

Cam and Lifters

Order the cam and lifter set to add a matched set of lifters to your camshaft.

Full Set

Full set includes: cam, lifters, timing chain and gear valve springs and retainers, valve locks, valve stem seals.

Cams for Your TBI/Crossfire or Carbureted Late Model!

Designed for use with throttle body, or crossfire injected and carbureted 305ci engines. Your choice of 3 sets to suit your specific needs: Camshaft only, Cam and lifters or full set. The full set includes: camshaft, lifters, chain set, valve springs, valve spring retainers, valve locks, valve stem seals, assembly lube, instructions, and decals.

Cams for Your 1987-98 Tuned Port Injection Engine!

Designed for use with TPI 305, 350ci engines (Except LT1 and LT4). This cam is designed for 1987-98 engines originally equipped with hydraulic roller camshaft. Your choice of 3 sets to suit your specific needs: Camshaft only, Cam and lifters or full set. The full set includes: camshaft, lifters, chain set, valve springs, valve spring retainers, valve locks, valve stem seals, assembly lube, instructions, and decals. Applications are available for use with stock computer or modified computer.

Important: This cam will not work with stock valve-train components. To retain your camshaft warranty and prevent damage to your engine, you must replace the stock components with a matched set from COMP CAMS®.

Performer Plus Camshaft Sets

Designed for optimum torque from the low-end to the mid-range, Performer® Plus camshaft packages match with Performer® manifolds for vehicles operating from idle to 5500 RPM. They are smooth idling cams that provide for a major improvement in throttle response and torque. All camshafts include hydraulic lifters, assembly lube, and instructions. Most Performer® cams are 50 state street legal. Made in USA.

Note: *These cams are 50 state legal. **Not for 1965-66 396 or 427 Chevys requiring a grooved rear cam journal.

Performer RPM Camshaft Kits

Designed for street high-performance applications, Performer® RPM cams provide power from 1500 to 6500 RPM. These hydraulic lifter camshafts are dyno-matched to Performer® RPM manifolds for high RPM horsepower while maintaining acceptable low end torque. With 10-12 inches of manifold vacuum at idle, Performer® RPM cams have more lift and duration than most street camshafts. Made in USA.

TVL43	mechanical.....	6.99 ea

Stamped Rocker Arm Sets

Stamped steel rocker arms featuring long slots for use with cams that have lift specs higher than stock for additional clearance at the rocker stud. Fits small blocks through 1986 with stock 1.5:1 pivot ratio and 3/8" rocker studs. Set of 16 rockers with pivot balls and nuts, or add a set of 16 stock length, high-performance 5/16" pushrods with welded ball ends and save.

Note: Check pushrod clearance and alignment, spring coil bind, piston to valve clearance and valve timing when modifying the valvetrain to exceed factory specs.

66936	for 7/16" studs.....	26.99 set

Aluminum Roller Rockers

The needle bearing fulcrum and roller tip design unleashes power while lengthening valve train life and reducing valve stem tip wear. Small block sets are available for engines with stock 1.5:1 ratio arms, or performance enhancing 1.6:1 arms. For small blocks through 1986, a combination of eight 1.5:1 arms and eight 1.6:1 arms is available to allow greater air flow on either the intake or exhaust ports. Big block sets for engines through 1984 feature high-performance 1.7:1 ratios. Sets include 16 rockers with poly locks.

Note: Check pushrod clearance and alignment, spring coil bind, piston to valve clearance and valve timing when modifying the valvetrain.

Early HD Roller Rockers

Set of 16 full roller rockers designed for up to 10,000 RPM. This heavy-duty design features an oversized body and fulcrum with a triangulated profile for additional rigidity and strength. Will accommodate most oversized valve springs. American-made roller bearings are in self-contained bearing cups for extra low friction wear. Available in the stock 1.5:1 pivot ratio, or 1.6:1 ratio for increased horsepower and torque. Fits small blocks through 1986 with 3/8" or 7/16" rocker studs.

Note: Check for pushrod clearance and alignment, spring coil bind, piston to valve clearance and valve timing when modifying the valvetrain to exceed factory specs.

ENGINES & COMPONENTS

Gasket Sets

MR7101

Replacement Engine Gaskets

If you have a Chevy engine to reassemble, you will need new gaskets. Made from durable materials that meet or exceed OE specifications, these gaskets are perfect for stock or mild performance vehicles. Sets include: gaskets for cylinder heads, intake, exhaust, valve covers, oil pan, timing cover, and water pump. Valve seals, rear main seals, and front timing cover seals are also included, along with all necessary gaskets and seals for their listed applications. Individual gaskets are also available.

Note: Sets do not include carburetor or F1 intake plenum gaskets.

75801

Performance Head Gasket

Mr. Gasket head gaskets are one of the most advanced, tested and proven in the performance market today and earned the respect of many professional engine builders. A variety of gasket materials are available to meet your specific needs. Each provides excellent stability and reduces cylinder bore distortion.

Mr. Gasket Ultra Seal

Features a 5 layer composite construction and is coated with high temperature silicone to ensure seal of engine fluids. It's graphite core has excellent thermo-conductivity transfers heat away from hot spots in head to coolant passages, preventing gasket burn-out. Will not indent aluminum heads.

71134	1955-91	283-350	4.130" bore	.028" comp. thickness	48.99 ea
75801	1970-80	400	4.190" bore	.038" with steam holes	51.99 ea
75804	1991-99	454-502	4.520" bore	.038" comp. thickness	58.99 ea

Mr. Gasket MLS (Multi-Layered Steel)

Manufactured from Viton rubber coated stainless steel layers and is stress formed embossments seal extreme cylinder pressure. Ideal for supercharged, turbo charged, nitrous, and extreme compression ratios.

73130	1955-91	283-350	4.060" bore	.040" comp. thickness	92.99 ea
73131	1955-91	283-350	4.125" bore	.040" comp. thickness	92.99 ea
73132	1955-91	283-350	4.165" bore	.040" comp. thickness	92.99 ea
73133	1955-91	283-350	4.200" bore	.040" comp. thickness	90.99 ea
73140	1992-97	350 LTI	4.040" bore	.040" comp. thickness	92.99 ea
73141	1992-97	350 LTI	4.100" bore	.040" comp. thickness	92.99 ea
73146	1997-03	346 LSI	4.125" bore	.054" comp. thickness	92.99 ea
73144	1997-03	346 LSI	4.160" bore	.054" comp. thickness	92.99 ea

Mr. Gasket Steel Shim

The Steel Shim head gasket is manufactured from .020" steel shim stock and is stress formed embossments seal extreme cylinder pressure. Made thinner than OE head gasket, increases engine compression and coated with high temperature silicone to ensure seal of engine fluids.

Note: Do not use with lightweight 305 heads.

71130	1955-91	283-350	4.100" bore	.020" comp. thickness	27.99 ea
71131	1965-90	396-454	4.370" bore	.020" comp. thickness	27.99 ea

Mr. Gasket Copper (Dead Soft)

Manufactured from dead soft solid copper. Provides excellent stability and reduces cylinder bore distortion and can be used with or without stainless steel o-rings. The Copper head gasket is ideal for supercharged, turbo charged, nitrous, and extreme compression ratios.

Note: Do not use with lightweight 305 heads. Gaskets do not include steam holes. O-rings are recommended to seal combustion pressures.

71052	1955-91	283-400	4.140" bore	.020" comp. thickness	66.99 ea
-------	---------	---------	-------------	-----------------------	----------

E7201

E7203

1958-90 Intake Manifold Gaskets

These gaskets are matched to Edelbrock Performer, Performer RPM and Victor Jr. cylinder heads and manifolds and designed to optimize performance and flow. New micro-pore synthetic fiber composite construction makes these gaskets impervious to most chemicals with high recovery under compression. They will conform to imperfections on sealing surfaces at lower flange pressures and include a nitrile bead around each port opening for a durable seal. Made in USA.

E7201	1958-86	SB 302-400 w/1.28" x 2.09" ports	25.99 set
E7202	1965-90	BB 396-502 w/1.82" x 2.54" rectangular ports	31.99 set
E7203	1965-90	BB 396-454 w/1.82" x 2.05" oval ports	25.99 set

Oil Pans

Small Block Rear Seal Adapter

Planning to use an older style crankshaft in a small block Chevy engine newer than 1986? You'll need this billet aluminum adapter to convert to the original 2 piece rear seal design. Available for 1986 or newer style oil pans with the driver side dipstick or for pre-1980 oil pans with the passenger side dipstick. Includes installation hardware.

238315 for 1986 or newer oil pan 198.99 ea
238415 for pre-1980 oil pan 221.99 ea

MR

LS Oil Pans for Conversion Sets

These OE pan sets include the gasket, windage tray, oil pickup tube, and mounting hardware. An optional oil pump pickup tube girdle corrects the fit and seal of the pickup tube in the oil pump with an extra bolt to clamp it in place.

Note: Must be used in conjunction with LS conversion sets.

1026100 LH8 oil pan 339.99 set
1026102 LH8 machined for bypass valve 419.99 set
1026200 1998-2002 Camaro oil pan 427.99 set
1026000 oil pickup tube girdle 26.99 ea

Holley

1955-87 Retrofit LS Oil Pans

Holley's Retro LS oil pans are designed for maximum chassis and ground clearance on 1955-87 GM rear wheel drive V8 applications originally equipped with a rear sump oil pan. Each pan is made from machined cast aluminum and uses an original style oil filter and gasket. Features provisions for a factory style oil cooler and attachment points for the factory bellhousing. Set includes: sump baffle, pickup tube, sump plug, oil filter stud, and oil passage cover. H3021 LS Retrofit oil pan is designed for LS engine retrofit installation in a variety of GM muscle/classic car and truck models. H3022 LS Gen I F-Body Retrofit oil pan is designed specifically for LS engine installation in 1967-69 Camaro/Firebird models. The H3022 oil pan may also fit other muscle/classic car and truck chassis where more engine to chassis clearance is required near the front half of the oil pan.

Note: Requires the use of LS3 dipstick and dipstick tube.

H3021 1955-87 universal 414.99 set
H3022 1967-74 direct fit 414.99 set

1955-79 Small Block Oil Pan Baffle

This semicircular oil splash shield (windage tray) separates the oil in the pan sump from the rapidly spinning crank assembly. It reduces acceleration of the oil, aids in oil control, and minimizes oil slosh under hard braking or quick turns.

G7287 1955-79 small block 40.99 ea

1965-81 Oil Pump Intake Screen

A screened oil pump pickup protects the oil pump gears against damage from metal fragments which may have found their way into the oil pan. This pickup also prevents the formation of a vortex in the oil sump.

385152 1965-81 small block 12.99 ea
G8637 1965-76 big block 25.99 ea

1986-02 Genuine GM Oil Pan

Production Camaro V8 engines were redesigned in 1986 with a leak resistant 1 piece rear seal. This change required a revised oil pan design to fit a new rear seal retainer which is bolted to the back of the engine block. As a result of these changes, oil pans and gaskets are not interchangeable between 1955-85 and 1986-up engines. If you have installed a crankshaft seal adapter on a block which is machined for a 1 piece rear seal, you must use an oil pan and gasket designed for 1986 and newer engines.

Note: Gaskets not included with oil pans and must be purchased separately.

Stock Replacement Oil Pans

These stock replacement oil pans feature a distinctive gold plating that is not only cosmetic, but also provides long-lasting protection against corrosion, inside and out. Every pan is 100% leak checked and block checked to assure the high standard of quality that Milodon is famous for. Flat, unwarping pan rails and proper bolt hole alignment provide for a fit and function that is unmatched in the industry. All pans are specifically designed for use only with Milodon gaskets, sold separately. Solid separately is Milodon's "crushproof" gasket seal set, item #40100 for 1955-85 small block or item #40200 for 1964-90 big block. Also offered is Milodon's new 1 piece gasket item #41000 for 1955-85 small block or item #41001 for 1986-02 small block. For use with original stock oil pickup screen also sold separately.

Billet LSX Oil Supply Adapter Plate

Oil supply adapter plate for LS1/LS2/LS3/LS6 (except LS7) engines. This is ideal for installing custom turbo or supercharger setups on LSX engines. Bolts above oil filter and supplies oil to your power-adder. Made from 6061 aluminum and is anodized black. Includes hardware.

Note: Adapter plates are tapped for a 1/4" NPT fitting.
A9701329 18.99 ea

Oil System Components

Engine Oil Coolers

Engine oil is designed to act as a coolant as well as a lubricant for your motor. If the engine oil is allowed to get too hot, horsepower drops, varnishes form, and the oil starts to break down, which can lead to premature engine wear. Flex-a-lite heavy-duty oil coolers can help prevent this by keeping oil temperatures down, helping to ensure longer life to engines and components, and reduce the stress created by high-performance engine modifications. Also suitable as a heavy-duty transmission fluid cooler. Includes: -8, -10, and -12 interchangeable AN fittings with O-rings.

FL700021

Important: Depending on application and setup, additional fittings or adapters may be required.

Note: Dimensions: width = 11"; depth without fan = 1-3/4"; with fan = 4-1/4"; height varies.

Break-in Oil

BR is used by Joe Gibbs Racing to break-in and dyno all their NASCAR Nextel Cup and Busch Series engines. This petroleum based oil provides superior break-in properties for flat tappet engines. The special additive package promotes ring seal and provides maximum protection for cams and lifters during initial break-in. BR can also be used to break-in roller cam engines, and as a general purpose dyno oil.

BR106	15W50	quart	9.99 ea
BR107	15W50	case of 12 quarts	102.99 cs

Hot Rod Vintage Car Oil

Designed specifically for hot rods, street rods, and vintage cars. If the oil you currently use carries an API donut, it probably lacks the amount and type of formulated anti-wear chemistry that historic or racing engines need. Designed specifically for older style historic car and hot rod engines. Joe Gibbs Driven Hot Rod Oil features high levels of zinc for wear protection as well as U.S. Military grade rust and corrosion inhibitors for storage protection.

Synthetic Oil

Royal Purple Motor Oil delivers superior protection and improves performance. It increases horsepower and torque, saves fuels and reduces heat, wear and emissions. It's stability allows for fewer oil changes, which saves time, money. Royal Purple's motor oils are compatible with other mineral and synthetic motor oils.

Engine Break-In Oil

Engine builders have grown increasingly concerned that many modern motor oils do not provide adequate wear protection for new engines, particularly those using flat tappet cams. Royal Purple has developed a new engine break-in oil formulated to allow optimal ring seal and protect rotating assembly components such as the camshaft and valve train from initial start up wear. Combines highly refined mineral oil, preferred for engine break-in, with advanced additives containing high levels of zinc and phosphorus to optimize protection in flat tappet and roller engines. Fully formulated and does not require the use of any other chemical additives. Royal Purple recommends using their high-performance motor oils after the engine is broken in for maximum engine performance.

Swivolt Filter Wrench

Hard to reach oil filters will come off easily with this swivel handle oil filter wrench. Swivel tension is adjusted easily using the nut and bolt on the handle. Range 3-1/2" to 5-7/8".

X3082 9.99 ea

1967-85 Oil Filter Connector

Correct replacement of the connector that installs on the engine block which the oil filter cartridge attaches to. Improperly fitted oil filters can cause engine problems and make for a nasty cleanup. 13/16"-16 x 1/2" on one end, 1"-12 x 7/16" on the other.

G9147 1967-85 11.99 ea

Oil Filter

The K&N Performance Gold® Oil Filter provides up to 550 psi hydrostatic burst, and helps reduce the risk of rock or stone damage. The inner filter element traps contaminants as small as 10 to 20 microns in size. Metal top end caps are used instead of paper to ensure that no unfiltered oil can get back into the system. High volume positive oil flow with low restriction coupled with exacting engineering standards results in the right balance between engine protection and low oil pump drag.

Street Fire HEI Distributor

We know the importance of a centrifugal advance in a distributor so our engineers made sure that the Street Fire received an advance assembly with coated weights and welded weight pins (not just pressed in like other models). The Street Fire is fit with the same gear that is used on our Pro-Billet models. The metallurgy of this gear has been refined for years to perform through the harshest conditions. Inside, the ignition module and coil work together to produce a stout spark to light the fuel mixture for great performance. The high voltage is transferred through a new rotor to the brass terminals of the distributor cap and out to the plugs. One-year warranty.

HEI Distributor with Coil — Natural Finish

If your HEI equipped Chevy V8 is having problems starting, has a rough idle or the performance is not what it used to be, it could be time to change your distributor. This ACDelco distributor is specifically designed for 5.7L high output engines. This distributor may be used for most high-performance applications. Each distributor features a natural cast aluminum finish and includes a black cap, rotor, coil and coil cover.

G6000	black cap	226.99 ea
-------	-----------	-----------

HEI Distributor with Coil — Polished Finish

Aftermarket high-performance distributors in your choice of several colors. For use with HEI V8 engines. This high-performance distributor produces a 50,000 Volt spark through 7,500 RPM with true spark alignment for instantaneous response, a high performance curve, a premium cap with brass terminals, and a low-saturation ignition module. Each distributor includes black distributor cap, rotor, coil, and coil cover. Features a polished cast aluminum housing and an iron gear.

HEI Distributor with Coil — Natural Finish

These premium distributors include Chevrolet Performance Parts (magnolized gears (USA), which are required on all GM Performance Parts crate engines. Sintered steel weights for lighter weight while withstanding 270 newtons min. for maximum durability. Validated harness and capacitor for reliable energy flow. Adjustable vacuum advance for fine tuning the rate and amount of advance that will result in increased power and eliminate harmful detonation. Weight springs made with stress-relieved music wire to assure bluntpointed advance curve. High-performance module: engineered with low saturation for maximum spark intensity. Features cast aluminum housing in an unpolished natural finish. Your choice of a yellow, black, or red distributor cap.

Pro-Billet Distributors

These distributors feature a flawless lightweight CNC-machined 6061-T6 billet aluminum housing and a polished steel shaft that receives a QPQ, or Tuffride coating that reduces friction and resists corrosion. To accurately guide this shaft, MSD uses a sealed ball bearing located at the top of the housing. At the bottom of the housing, an extra long sintered bushing controls the shaft. This combination keeps the shaft spinning smooth and accurately throughout 10,000+ RPM. Other features include an iron drive gear, Rynite® distributor cap with brass terminals and a high output magnetic pickup to trigger the ignition. Choose from the "Standard" Pro-Billet distributors that utilize the MSD 6, 7, 8, or 10 series ignition control box or from our "Ready-to-Run" distributors that are internally controlled. "Ready-to-Run" distributors do not require an external controller and are the "Plug and Play" alternative to more expensive computer controlled systems, made in USA.

"Standard" Pro-Billet Distributor

Performance Ignition

HEI Distributor

HEI systems rely on a great module and a great coil. Available in machined or cast finishes. Operates without misfires up to a minimum of 7500 RPM. That's 3000 RPM higher than most enthusiasts report with their stock HEI. Produces 67% more energy in the coil, delivers twice the energy across the spark gap allowing wider plug gaps (.050-.055). 12-month limited warranty.

Note: Please specify red, blue, or black cap when ordering.

Billet Slip-Collar
Distributor

These Flame-Thrower billet slip-collar distributors are designed to give maximum ignition performance and easy installation. Designed for small block or big block Chevrolet engines, these distributors provide all the features and benefits that the complete line of Flame-Thrower distributors offer. The slip-collar design fits either standard deck or tall deck applications.

D105810 black cap 358.99 ea
D105811 red cap 358.99 ea

Magnetic Trigger Billet
Distributor

These magnetic triggering billet distributors for SB/BB Chevy engines contain a precision magnetic pickup coil and reflector that produce a strong crisp signal even at extremely low RPM. The over molded pickup coil has excellent corrosion resistance and a standard Tyco mate plug for easy wiring. This distributor is compatible with most capacitive discharge and magnetically triggered ignition systems. Distributors have a mechanical centrifugal advance.

Note: Must be used with an ignition box.

Not legal for use on pollution controlled vehicles.

PX300810 black cap .. 249.99 ea
PX300811 red cap 249.99 ea

Cast Stock Look Distributor

These Flame-Thrower distributors are disguised as stock point type distributors. Featuring a hardened precision ground gear with adjustable vacuum advance and a tailored advance curve, these distributors are built to last. Available with standard Ignitor ignition or with the high-performance Ignitor III high energy multi-spark module with adjustable RPM limiter. Includes brass contact high dielectric cap and rotor. 50 state legal.

Note: Fits non-computer controlled small block and big block Chevrolet engines except 305 and "W-series" 348-409.

H565204 tall deck BBC 422.99 ea

Power Pack Ignition System

This ignition system includes everything needed for a dependable high-performance ignition in one package. The system included a Pro Billet distributor which features a billet aluminum housing with adjustable collar, scaled ball bearings, mechanical advance with extra springs for multiple curves, and a multi-polymer distributor cap with brass contacts. The system also includes a 50 kV power coil and a high output digital 6AL multiple spark capacitive discharge power box with adjustable rev limiter.

Note: Not for 348-427 W-series engines.
A7700203 262-454ci V8 340.99 ea

MSD tach adapters will correct the operation of most voltage triggered tachometers or fuel injection systems that do not work directly off the tach output terminal of the MSD ignition unit. If you are triggering an MSD Blaster, 5, 6, SCL or 7 series ignition with its white wire or points terminal, you will need item #8910 or #910E. For applications using green and violet wires for magnetic pickup input, use item #8920. Made in USA.

*Important: *For use on non-current limiting ignitions, originally equipped with a ballast resistor. **For use on current limiting ignitions, not originally equipped with a ballast resistor.*

8910* points or amplifier 68.99 ea
8910E** points or amplifier 71.99 ea

Digital 6A/6AL Ignition Control

MSD's new Digital 6A features

the same footprint as the traditional 6A and 6AL, but with a lower profile for a sleek look. Like all MSD 6 Series Ignitions,

the 6A will work with virtually any vehicle as long as it has a 12-18 Volt electrical system. It can be triggered with breaker points, a magnetic pickup or the output of an electronic amplifier. All necessary parts and wiring instructions are included. Will work on 4, 6, and 8 cylinder engines. The new Digital 6AL shares the same proven circuitry of the Digital 6A with the addition of a built-in adjustable rev limiter with two top mounted rotary dials. The combination of powerful sparks with the safety of a rev control is what makes the Digital 6AL the most popular ignition control in the world.

Power Grid Systems

The Power Grid System is the next evolution of programmable ignition controls. The grid incorporates an efficient 32 bit micro-controller and an all new software program, called MSD View, and is USB compatible. The Power Grid Controller is the brains behind the entire system and can be used with any MSD ignition or the Pro Mag to provide advance ignition tuning capabilities. While it is compatible with all MSD boxes, the new Power Grid System Controller has been specially designed to mount to the Power Grid-7 ignition box sold separately. Includes View software, wiring harness, micro-SD card and mounting hardware.

Note: To use any modules with the Power Grid Ignition System, (7720 and 7730), users MUST plug the modules into a Connector CAN Bus Hub (7740) to be attached to the Power Grid System Controller.

-------	---------	-----------------	---------

HEI Distributor Cap

Replacement cap, rotor, and coil cover for MSD #8362 Street Fire Distributor or stock GM HEI distributor. With the introduction of the MSD Extreme HEI Module, MSD needed an HEI Cap and Rotor that could withstand the high output. The answer was to mold their own HEI Cap, Rotor and Coil Cover. The Extreme Cap and Rotor will fit the MSD HEI Pro-Billet Distributor #s 8365 and 83651.

Ignition Components

1967-92 Cap and Rotor Sets

Service replacement and premium quality cap and rotor sets. Caps and rotors feature solid brass or copper inserts for longer life and maximum resistance to corrosion and electrical pitting. Their high mineral content and glass reinforced molding compounds offer outstanding dielectric strength. Solid brass rotor blades with coating reduce radio interference.

Ignition Coils

PX45001

PX45011

Performance Coil

Flame-Thrower high-performance coil, best when used with the Ignitor Electronic Ignition Conversion, the Flame-Thrower high-performance coil fits existing coil brackets for a clean, factory look. Enables larger plug gaps for greater fuel efficiency and more power. Available with either a chrome or black finish. Choose from a variety of voltages and primary resistance ratings.

40,000 Volt Coil - 1.5 & 3.0 Ohm

These Flame-Thrower coils are compatible with breaker point ignition systems or vehicles equipped with the original Ignitor system. Choice of 6 or 8 cylinder.

Chrome Oil Filled
PX40501 6 cylinder 3.0 Ohm 44.99 ea
PX40001 8 cylinder 1.5 Ohm 40.99 ea

8145 1955-74 yellow 46.99 ea

Ignitor System Coil

Upgrade your stock coil or complement the performance of your MSD 6 Series ignition, these coils are the right choice! The following Blaster coils share the same special windings and high voltage output as the other Blaster 2 coils, but do not include a ballast resistor. When you are using an MSD ignition control, the ignition is responsible for delivering the voltage to the coil so a ballast is not necessary. The Blaster 3 coil features an extra tall tower design to improve the coil wire attachment and spark insulation and is supplied with a 90 degree terminal and boot. Made in USA.

8202 Blaster 2 62.99 ea
8223 Blaster 3 64.99 ea

Blaster Performance Coil

With a stock points style ignition, a ballast resistor must be placed in-line with the positive terminal of the coil. The following Blaster coils are supplied with a 0.8 Ohm ballast resistor plus a terminal and boot to fit most applications. Mallory Unitel applications also require the ballast resistor. Available in chrome or red. Made in USA.

Important: The ballast is not necessary if an MSD 6 or 7 series ignition control is being used with the points distributor.

8200 Blaster 2 chrome 65.99 set
8203 Blaster 2 red 71.99 set

Chrome Coil Cover

Dress your engine up with this all chrome coil cover. Fits most early model coils. Includes cover and attaching bracket. For small block engines.

66120 small block 5.99 ea

New!

Finned Aluminum Coil Cover

Vintage style finned coil cover for your classic. Mounts with 1/4"-20 drive studs. Cast in aircraft grade A356 aluminum and polished to a high sheen.

A5700219 91.99 set

1962-75 Coil Mounting Bracket

This coil bracket is designed to fit all 1962-75 small block or big block engines without HEI. Available in zinc-plated or chrome-plated finish. Cinch bolt included.

T9366 1962-75 chrome-plated 4.99 ea
1970344 1962-75 zinc-plated 19.99 ea

Ignition Coil Resistor

Reproduction resistors feature the Delco Remy logo as original and correct Ohm rating for high-performance or standard engines. GM service replacement parts will offer years of service and long-lasting dependability. Primary blue strip, 1.8 Ohms.

HEI Remote Mounted Coil

PX3002 1985-95 54.99 ea

HV 60,000 Volt Coil

The Flame-Thrower HV (high voltage) coil have an E-Core design which is rated at a sizzling 60,000 Volts and operates with no degradation of energy throughout the temperature ranges. Made from 6063-T5 aluminum, it efficiently transfers heat to optimize energy output, and the housing is black anodized for increased corrosion resistance. Available in 3 different resistances for compatibility with most points and electronic ignition systems. Standard threaded connections and mounting hardware are included.

PX60104 0.45 Ohm 88.99 ea

PX60115 1.5 Ohm 88.99 ea

PX60130 3.0 Ohm 88.99 ea

HC 60,000 Volt Coil

The Flame-Thrower HC (high current) coils have an E-Core design which is rated at 60,000 Volts with an ultra low .32 primary resistance and has a high current design for a rapid charge rate. Made from 6063-T5 aluminum, it efficiently transfers heat to optimize energy output. The housing is black anodized for increased corrosion resistance and has a precision machined male high tension terminal and brass primary terminals. It is compatible with Ignitor II and Ignitor III systems as well as most capacitive discharge boxes. Standard threaded connections and mounting hardware are included.

PX60103 0.32 Ohm 80.99 ea

HyperSpark Ignition Coil

Sniper EFI HyperSpark ignition coil from Holley Performance. This coil features an innovative connector and integrated bracket for a secure connection and simplified mounting. Its powerful 135MJ of spark ensure complete combustion and improved performance. Like the rest of the HyperSpark line of ignition products, this coil is designed to be "Plug and Play" with Sniper EFI Systems.

H556152 43.99 ea

Power Coil

The TSP power coil is capable of delivering a longer and hotter spark with up to 70% more spark energy than stock ignition coils. Its convenient design easily mounts to fire walls, core supports and fender wells. It features an aluminum heat sink keeping it cooler for more efficient energy output at lower temperatures. Coils have an HEI style output tower and are rated at 50 kV maximum voltage with 260 mA peak current with 0.35 Ohm primary resistance. Coils include installation hardware, a coil wire boot with terminal and a wiring harness.

A770200 red coil 45.99 ea

A770201 blue coil 45.99 ea

A770202 black coil 45.99 ea

Blaster SS Coil

Don't let the compact size of the Blaster SS coil fool you because it is packed with performance. The efficient E-core windings are designed to produce high amounts of current without sacrificing the voltage output. In fact, when used with an MSD 6 Series Ignition, the Blaster SS produces 300 milliamperes with a maximum voltage output of 40,000 Volts. The secondary windings are wound on a segmented bobbin which reduces the chance of voltage breakdown between the primary and secondary windings. For more protection, these windings are encased in a polyurethane compound for complete protection against vibration. The Blaster SS features brass terminals and a sturdy Rynite housing. It is supplied with a 90 degree boot, terminal and vibration mounts. A great addition to CD Ignitions and some stock applications. Made in USA.

8207 71.99 ea

High-Performance HEI Coil

Replace your stock coil with an Accel high-performance coil for increased performance, longer life and maximum dependability. A variety of applications are available for breaker point and breakerless ignition.

Performance Ignition

NEVER CHANGE POINTS AGAIN!

by **Pertronix**

IGNITOR II

Eliminates points and moving parts that wear out, while delivering twice the voltage to the spark plugs over stock to increase horsepower, fuel economy and plug life! Optimal performance can be achieved when used with the Flame-Thrower 40,000 Volt coil. Ignitor is concealed entirely within the distributor so you have no unsightly black box to clutter up your engine compartment. Easily installs in minutes with no complex wiring, is compatible with 12 Volt negative ground systems, and it's smog legal in all 50 states and Canada! Includes a 30-month warranty.

- 6 Cylinder**
PX1162A 1963-74 6 cylinder..... 98.99 set
- 8 Cylinder with Point-Lobe Style Sensor**
PX1181LSC 1957-74 8 cylinder..... 90.99 set
- 8 Cylinder with Hall-Effect Style Sensor**
PX1181 1957-74 8 cylinder..... 86.99 set

Ignitor II

The Ignitor II electronic ignition goes an extra step beyond for even more power and efficiency! It senses levels of current in the coil, and uses a powerful micro controller to adjust the dwell to maintain peak energy throughout the entire RPM range. As engine RPM and operating conditions change, dwell time is increased or decreased to provide more energy at higher RPM, reducing misfires while improving engine performance. Ignitor II develops nearly 4 times more available energy between 3000 and 5000 RPM, and double the available plug voltage! The Ignitor II's higher RPM performance is maximized when used with the new Flame-Thrower II super low resistance (0.6 Ohms) 45,000 Volt coil, but the system is compatible with any induction coil. Includes a 30-month warranty and is emissions legal in all 50 states and Canada!

PX91181 1957-74 8 cylinder..... 123.99 set

Ignitor III

Ignition box performance without the box. The Ignitor III is the most advanced points replacement set. It is literally an ignition box inside your distributor. It features multiple sparks throughout the entire RPM range and a REV limiter accurate to +/- 50 RPM which is set by you with an LED user feedback for rev limit confirmation. The Ignitor III module generates 5 times more spark than points. This means more spark energy creating more horsepower and better mileage. The Ignitor III features include: adaptive dwell which maintains peak energy throughout the entire RPM range, reducing misfires while improving engine performance. Peak current level is reached just prior to spark for maximum energy without the heat build-up, increasing coil performance and module reliability. Legal in all 50 states and Canada. Fits GM V8 single point distributor.

- Note: Not available for 6 cylinder.*

1957-74 E-Spark Conversion Set

Are you tired of constantly having to adjust and replace points in your distributor? Eliminate those pesky points altogether with Mallory's new, low cost E-Spark conversion sets. This self-contained conversion set fits neatly within a stock GM or Mallory distributor cap, so it looks like original from the outside. Thanks to specialized electronic circuitry and an infrared signal, you'll never again have moving parts to wear out, and you gain better performance, drivability, and throttle response, plus improved fuel efficiency!

- Delco Distributor**

Unilite Conversion for GM Distributors

Unilite conversion sets for point distributors put an end to high maintenance point ignition systems by installing a proven Mallory Unilite ignition conversion set. By utilizing specialized electronic circuitry and an infrared signal, ignition timing is stable from 1 RPM through 10,000! Features include more accurate ignition timing than any other type of system, improves performance and fuel efficiency, easy-to-install with simple hand tools, reduced maintenance (never change points again) and latest thermal clad based surface mount construction for maximum dependability and long-life.

- 501 1957-74 8 cylinder..... 95.99 set

Breakerless Distributor Parts

Replacement Unilite ignition module for Mallory breakerless distributors. Fits all series Mallory Unilite distributors except 42, 50 & 57. Requires a 1.4 ohms Ballast resistor, Loom resistor or internally resisted coils.

- 605 all except 42, 50, and 57 series..... 73.99 ea

Ignition Control Module

Ignition Wires

1957-98 Spark Plugs

Accel's patented race proven spark plugs are now available in a "shorty" configuration. The overall length of each plug has been reduced 1/4" to 3/8" (depending on the specific spark plug) to gain critical air gap space between the spark plug boot and the exhaust manifold or header tube. This helps eliminate burning the spark plug boot or dimpling the header tube. The shorter spark plug length also makes it easier to install and remove the spark plugs in certain applications where there is not a lot of room to work with a socket or wrench.

Note: Standard Header plugs are sold in sets of 8.

1967-02 Spark Plugs

Want to unlock more power from your engine and actually burn less gas? Through an intensive R&D process, E3 has created a spectacular new spark plug that creates the industry's fastest spark growth and most consistent combustion pressure rise, meaning it burns fuel more efficiently to give you more power and increased fuel economy. E3's patented design forces the spark discharge from one sharpened edge to another, and projects the spark forward into the combustion chamber, unlike traditional spark plugs, for the most consistent, powerful and efficient burn possible! **Sold Individually.**

1967-74 Date Coded Spark Plug Wire Set

Classic Industries® stocks reproductions of the original five Delco Packard plug wires used with 1967-74 Camaro models. Each wire includes the original style lettering with the working Packard TVR Suppression. All wires are date coded based on the production quarter of the vehicle. "1-Q" indicates the first half of the production model year and "3-Q" indicates the 2nd half of the production year. Wiring sets are produced for Camaros with original exhaust manifolds.

Note: These are not for use with after market type headers or aftermarket manifolds. Wiring may be applicable for use with other manifolds or headers but are not guaranteed to fit. 3Q dated plug wires may be correct for use on vehicles manufactured in the first months of the succeeding years production.

8.5mm Super

Conductor Spark Plug Wires

The MSD 8.5mm super conductor is the ultimate performance wire. It's extremely low resistance combined with the ability to suppress electro magnetic interference is a combination that defies the common laws of physics. Less resistance means more energy is going to make it to the spark plug to ignite the air/fuel mixture. The super conductor uses a copper alloy conductor resulting in less than 50 Ohms per foot of wire. This ensures that the most energy possible makes it to the spark plug. This combination is encased in a heavy-duty sleeve that will withstand abrasion and high temperatures. Cap off each end with our dual crimp terminals. Available in red or black wire. Made in USA.

Important: *With wires over valve covers.

1967-74 Spark Plug Wires

These Flame-Thrower high-performance spark plug wires were created with the classic car in mind. They are manufactured in original 7mm size jackets to fit stock wiring looms. With no markings or script of any kind on the wire, they maintain a stock appearance yet give you all the benefits of a high-performance wire set including: 2 current paths spiral wound stainless steel alloy winding and carbon impregnated fiberglass center core, low 500 Ohm per foot resistance, silicone jackets to resist high temperatures, moisture, oil and chemicals. They also have EPDM rubber inner insulation for superior heat resistance and prevention of arcing and voltage leaks. Fiberglass reinforcing braid is added for strength and flexibility. Lifetime Warranty. Made in USA.

ENGINE & COMPONENTS

ACCEL

Performance Wires

Superstock

Applications: Performance upgrade to OE type/replacement type.

Features: Silicone spark plug boots, yellow, blue, red, and black silicone wire, zinc-plated steel spark plug terminals.

Benefits: Efficient transmitter of ignition energy, popular priced performance, oversized upgrade where OE is 7mm.

Construction: 8mm, 450 degree F silicone and EPDM rubber construction with a fiberglass braid. **Core:** Carbon/graphite conductive material, high resistance suppression, fiberglass/Kevlar, 3000-7000 Ohms per foot resistance.

Note: Available in yellow, blue, black, or red. Specify color when ordering.

4041	8mm	small block	54.99 set
4040	8mm	big block	54.99 set

Superstock Spiral

Applications: Late model coverage.

Features: Color matched silicone spark plug boots, high gloss blue, black, red, and yellow wire stainless steel spark plug terminals.

Benefits: Increased ignition energy due to lower resistance, oversized upgrade where OE is 7mm.

Construction: 8mm, 550 degrees F double silicone construction with a fiberglass braid.

Core: Spiral wound stainless steel alloy conductor, magnetic suppression and semi-reactive material, fiberglass/Kevlar core, 500 Ohms per foot resistance.

Note: Available in yellow, blue, black, or red. Specify color when ordering.

8.8mm Spiral Core

This ACCEL 8.8mm wire set feature a carbon/graphite element that virtually eliminate RFI noise while providing maximum conductivity for ultimate performance in any race or street application. Double silicone insulation eliminates leakage and misfire.

Applications: Performance street/strip.

Features: 8.8mm oversized wire, oversized 8.8mm silicone spark plug boots, high gloss yellow wire, stainless steel spark plug terminals.

Benefits: True performance upgrade, increased ignition energy due to lower resistance.

Construction: 8.8mm, 550 degrees F double silicone construction with a fiberglass braid.

Core: Spiral wound stainless steel alloy conductor, magnetic suppression, semi-reactive material, fiberglass/Kevlar core, 500 Ohms per foot resistance.

300+ Race Wire

Applications: Race engine configurations.

Features: Silicone spark plug boots, black wire, stainless steel spark plug terminal.

Benefits: Maximum energy to spark plug, oversized gauge conductor in the industry, 8.8mm oversized racing wire, complete suppression of EMI/RFI (radio noise).

Construction: 8.8 mm, 600 degrees F double silicone construction with a fiberglass braid. **Core:** HD gauge spiral wound copper/nickel alloy conductor, magnetic suppression and fully reactive ferrite material, all Kevlar core, 150 Ohms per foot resistance.

Spark Guard

MSD's spark guard is a dielectric gear that stops voltage leaks, eases boot removal, prevents moisture buildup inside the spark plug wire boots, and even helps protect against radio noise (EMI). It also simplifies the installation of MSD universal spark plug wire sets. Will not dry up or harden so it retains spark isolating capabilities. Made in USA.

EXTREME 9000 Ceramic Wires

These 8mm wires are designed for forced induction and racing applications. These wires can withstand up to 600 degrees F while offering a mere 500 Ohm ft of resistance and complete EMI/RFI suppression. The ceramic plug boots and stainless steel terminals withstand temperatures up to 2000 degrees F. Compatible with both pre- and post-HEI systems.

Important: Small block sets can be used for V6 applications. Available in black.

MSD 2-in-1 Universal Wire Sets

These universal spark plug wire sets are made from MSD's superior conductor performance wire. Universal wire sets have only the spark plug boot and terminal installed. These boots and terminals are available in your choice of a 90 degree boot or a multi-angle boot. The distributor end boots and terminals are supplied, but not crimped on. Both sets include terminals for engines with either the early style (socket) and late style (HEI) distributor caps. The wires are extra long so they can be cut-to-fit any application. Each set includes a MSD mini-stripper crimper for easy installation. Available with wires in either black or red. Made in USA.

Spark Plug Wire Heat Shield

This heat shield offers spark plug wires and boots the ultimate protection from conductive and radiant heat. The dual purpose sleeving has an aluminized outer surface that reflects 90% of radiant heat, up to 2000 degrees F, with a formulated silica based fabric inside that prevents conductive heat from penetrating.

DynaForce Starters

MSD DynaForce starters are designed for severe duty, high compression applications.

The 3.4 HP motors use a 4.4:1 gear reduction to easily start even an 18:1 engine with a lower current draw than traditional starters. Features a red powder coated finish and nickel-plated solenoids with a 3 position adjustable mounting block so they can be clocked for easier installation. Small and big block models have a straight mount bolt pattern and work with 153 and 168 tooth flywheels. Made in USA.

Note: L5/L57 starter not compatible with GTO LS engines.

Starter Heat Shield Set

In today's high heat environment, starters take in a lot of damaging heat that destroys the windings of the starter and solenoid. To combat this problem, we offer a non-conductive strap-on heat shield with a highly reflective Mylar surface. The Starter Heat Shield™ will reflect over 90% of radiant heat, adding life to the starter and assuring reliable starts. The Starter Heat Shield™ is a universal set that fits all starters.

TT1002 with straps..... 30.99 set

Starter Shims for GM Starters

Five piece GM starter shim set for Chevrolet and Pontiac models. One 1/16" shim, two 1/32" shims and two 1/64" shims. Used to shim the starter to the engine block.

TA4021 5 piece..... 8.99 set

Starter Mounting Bolts

Genuine GM and reproduction shouldered bolts for mounting various OE style starters. The straight across bolt pattern nose uses 1 long and 1 short bolt. The aluminum staggered pattern nose uses 2 long bolts, while the cast iron staggered pattern nose uses 2 medium bolts.

Note: *GM #09000852 and #10465167.

1988-99 Starter Relay

Reproduction of the original relay designed to replace non-functional originals.

19307 1998-99..... 5.99 ea

Starter Wire Harness Retainer

Reproduction of the commonly discarded starter wire harness retainer. Clamps to the main body of the starter solenoid and helps keep the power and negative wires from coming in contact with the exhaust manifolds.

HC82..... 19.99 ea

Remote Starter Solenoid

Allows you to position the starter solenoid any place you need to in order to make maintenance easier. Includes of extra wire and connectors to do the job right.

30203..... 59.99 ea

Hot Shot Starter Solution

The solution for vehicles with GM starters that are hard to start when hot, or vehicles with old or worn out electrical systems. Works by boosting available amperage to the starter solenoid. The "Hot Shot" Plus model includes an engine bump switch which allows you to turn over the engine while working in the engine compartment (adjusting valves, etc.). Includes: stainless steel mounting bracket, 30 amp heavy-duty relay, 24" wire length, wire leads, terminals, and easy-to-follow instructions.

30201 with engine bump switch..... 44.99 ea
30202 without bump switch..... 28.99 ea

Alternators

Internal and External Regulator Alternator Identification Guide

External Regulator	Internal Regulator "SI" Type	Internal Regulator "CS" Type
		
1963-74	1969-85	1986-Present

Clocking Position Identification Guide

The Delco SI series alternators are manufactured so that the rear half of the alternator case can be assembled to the front half of the case in any one of four positions. These positions are referred to as the "clock" positions. Clock positions are determined by viewing the alternator from the rear with the threaded mounting hole (adjusting ear) straight up. With this view, the terminal socket for the 2 wire, plug-in connector will point to any one of the 4 available "clock" positions. Straight up is 12 o'clock, to the right is 3 o'clock, straight down is 6 o'clock and to the left is 9 o'clock. Having the different clock positions allows for the alternator to be mounted on the left side or right side of the engine. It can also be mounted right side up or upside down depending on the clock position. This allows for the SI series alternator to be used on many different applications.

Smooth Look Alternator

This is a beautiful new look in alternators. The sharp lines on the back of most alternators have been replaced with a smooth domed surface. The sharp lines around the side have been eliminated and the air vents have been reworked to optimize cooling and surface finish. This chrome alternator is sure to brighten up your engine compartment. This all new alternator will add a custom appearance to your Camaro while maintaining a high degree of dependability and performance.

Restore Your Charging System with a Quality Remanufactured Alternator!

Direct replacement for your worn-out or non-working original alternator. These quality remanufactured alternators will install and function as original. We offer a wide selection of different applications depending on your year and model. If your late model Chevrolet is not listed here, check our listings for brand new units.

Note: Part numbers with a "U" suffix followed by a number refers to a clock position of the terminal socket on the alternator case. Looking at the back of the alternator with the pivot ear at the bottom, or 6 o'clock position, note the clock position of the terminal socket on your original alternator, and match it to the replacement listings.

153663	1969-76	small block	55.99 set

1967-88 Alternator Brackets for Headers

These brackets close mount the alternator toward the vehicle center line to allow the alternator to be attached without interference. For those who want to retain the existing alternator position, a matched billet aluminum spacer, offered separately, allows you to retain the original belt. Three spacer styles are offered with either a polished or satin finish.

Note: For 1967-68 models with small block V8 and short water pump.

1967-73 Fuel Injection Fuel Tank

Stainless steel gas tanks are a direct replacement for the OE tanks. Each tank is hand formed from 304 Grade stainless steel and TIG welded. All tanks feature a unique baffle system running front to rear, side-to-side, and around the fuel pickups to eliminate fuel starvation during acceleration and hard braking. All fittings and mounting flanges are CNC-machined from 304 stainless steel stock to a thickness of 3/8" to ensure a proper seal. All tanks include an installed fuel pump, stainless mounting straps and hardware. All tanks have a brushed finish for easy up keep.

Important: Fuel sending unit is not included with tank.

Note: Shipped double oversize.

1967-68 Billet Fuel Filler

Made from machined aluminum these custom fuel fillers offer OEM quality sealing and no modification installation. Assemblies include: billet filler neck, custom billet filler neck with 2 keys, all necessary hoses, clamps, and fasteners. Assemblies are available for direct fit and universal applications in both clear and black anodized finishes. An optional vent kit is also available for applications where venting is required.

Note: Universal assemblies do not include hoses or clamps.

12835	1967-76	big block	109.99 ea

Performer RPM 110 GPH Fuel Pump

Designed for all Edelbrock carburetors used in Performer or Performer RPM applications. These high-performance street fuel pumps feature a high-quality three stage polished finish. The unique valve design improves flow quantity and quality, and will support engines up to 600 HP. High volume, 3/8" NPT inlet and outlet surpasses the capacity of conventional models. Produces 6 psi and does not require a regulator. For gasoline only. Clockable lower housing can be rotated for best inlet/outlet alignment.

1982-02 Electric Fuel Pump

The fit and form of a fuel pump is critical to getting the job done right. Our direct replacement electric fuel pumps feature cutting edge turbine technology, which makes them quieter, more tolerant of debris, and more efficient. They also exceed manufacturer's tolerances for the ethanol found in today's fuel blends. Buy with confidence, these fuel pumps are backed by a manufacturer's 12-month/12,000-mile warranty for defects a workmanship.

Note: New strainers must be used on electric pumps for warranty compliance. Fuel pump strainers are included on electric pumps without notation. If a strainer is listed in the pump description, you must order it separately. Due to electrical requirements on certain fuel pumps, models denoted with 1 or 2 asterisks (* or **) require a strainer and wire harness adapter for installation. *Use S20194 strainer and S88536 wire harness. **Use S20197 strainer and S88536 wire harness.

In-Line Electric Fuel Pump

This in-line electric fuel pump is continuous duty rated and is ideal for EFI applications that require additional pumping capabilities for upgraded modifications. Works superbly as either an in-line booster pump or as a stand alone unit. Use with EFI regulator part #E1728 for adjustability from 35 to 90 psi. 57 gph, 3/8" hose barb fittings. E3594 298.99 ea

Edelbrock

E1792

Quick-Flo Electric Fuel Pump

State-of-the-art electric fuel pumps offer maximum performance in a compact package for carbureted applications. Anodized aluminum housing and high-quality internals make it both strong and extremely durable. The E1791 electric fuel pump is factory set to 6.5 psi and does not require a regulator. 3/8" inlet/outlet, 120 gph free flow, up to 600 HP. The E1792 electric fuel pump is preset to 12 psi and requires an external regulator. 1/2" inlet-outlet, 160 gph free flow, up to 1000 HP.

Important: For proper installation and voltage requirements, use fuel pump relay E1795.

E1791 6.5 psi 271.99 ea

E1792 12 psi 275.99 ea

Edelbrock

Quick-Flo Electric Fuel Pump

This anodized aluminum EFI fuel pump offers maximum performance in a compact package. The in-line design keeps the pump motor and components cool even under harsh conditions. Features -10AN inlet/outlet with a flow rate of up to 80 gph at 45 psi for high HP fuel injection applications. This fuel pump supports 835 HP at 12 Volts with a current draw of 12 amps at 45 psi. 10AN inlet/outlet 80 gph at 45 psi.

Important: Dimensions: 6-7/8" x 3-1/4".

E1790 779.99 ea

Edelbrock

Micro Electric Fuel Pump

This compact electric fuel pump features a solid state design that has a low current draw of around one amp and makes a good stand alone pump or booster pump. Designed for carbureted vehicles with a 12 Volt negative ground electrical system, this pump supports 4-7 psi up to 35 gph. Includes: fittings, mounting hardware, and instructions.

Note: Not for diesel applications.

71211 51.99 ea

Fuel Pump Safety Switch

This safety feature is a must have for any electric fuel pump vehicle. This safety switch monitors the tach signal to limit when an electric pump can operate. When the key is first turned on, the fuel pump is allowed to run for three seconds, priming the fuel system. After that, it only operates if the engine is running. If the engine stops, so does the fuel pump. No plumbing into the oil lines or no extra priming button under the dash is required.

RE12003 69.99 ea

Fuel Pump Safety Switch

This fuel pump safety switch shuts off fuel flow whenever oil pressure drops below 15 psi. This adds a safety factor in case of an accident or engine stall. Designed for 12 Volt electrical systems and can be tied into the oil pressure sending unit with an 1/8" NPT tee.

77872 27.99 ea

Fuel Pump Relay

This universal fuel pump relay will ensure proper wiring which reduces the risk of damaging the fuel pump and offers consistent fuel pressure. This relay is used with fuel pump part #E1791 or #E1792.

E1795 universal relay 76.99 ea

E1728

Fuel Pressure Regulator

These fuel pressure regulators are machined from aircraft quality aluminum and have fluorosilicone diaphragm material for high temperature protection and extended life. Fully adjustable.

Fuel Pump Lines

New!

EFI Bypass Regulator

Performance EFI regulator designed for medium to high horsepower applications. This regulator features Aeromotive's high flow design, super-precise control and legendary durability. Features base pressure adjustable from 40-75 psi, gasoline and alcohol compatible, fuel pressure rises on a 1:1 ratio with boost, 1/8" National Pipe Thread taper (NPT) gauge port. Includes two o-ring boss fittings (ORB-06) inlet ports and one o-ring boss fitting (ORB-06) return port.

A9713109 adj. w/EFI..... 203.99 ea

New!

Universal Bypass Regulator

A dual purpose, universal regulator for EFI or Carbureted street/strip applications. Features pressure adjustable from 3 to 20 psi with standard spring, (installed) or from 20 to 60 psi with high pressure spring (included). Offers the full flow and rock steady fuel pressure that only a dynamic, Aeromotive bypass regulator provides. Capable of regulating any fuel pump between 100 and 250 gph, fuel pressure rises on a 1:1 ratio when referencing boost. All ports are 3/8" National Pipe Thread taper (NPT), with one inlet and three outlets on the main body and one return port on the bottom. Bypass design provides the ultimate, dynamic fuel pressure control.

Note: Regulator is return line to be installed from the bottom of the regulator to the top of the tank.

A9713301 3 Port 3/8" NPT..... 196.99 ea

New!

Carbureted Bypass Regulator

For use when converting from fuel injection to carburetion using the EFI pump in a carbureted application. Perfect for naturally aspirated or "blow-through" supercharged engines. Features base fuel pressure adjustable from 3-15 psi, 1 o-ring boss fitting (ORB-10) inlet port and 1 o-ring boss fitting (ORB-08) return port, fuel pressure rises on a 1:1 ratio when referencing boost, bypass design provides the ultimate, dynamic fuel delivery system, ideal for converting from fuel injection to carburetion using the stock, in-tank pump. EFI conversions will require a larger than stock return line for proper low pressure control. Includes two o-ring boss fittings (ORB-06) outlet ports and 1/8" National Pipe Thread taper (NPT) gauge port.

Note: Requires Army/Navy fitting (AN-08) return line from bottom of regulator back to top of the tank.

1982-02 Fuel Pump Relay

A defective fuel pump relay can be the cause of starting problems in your Camaro. When you turn the key to the "on" position, you should hear the fuel pump "whirr" for a few moments as it pressurizes the system. If not, (and the pump is good) that may be an indication that you have a bad fuel pump relay. We now offer these Genuine GM or reproduction fuel pump relays for 1982-02 models.

Driven Defender+Booster

Raises the octane in unleaded fuels, reduces valve seat wear and protects against the corrosion deposits common with today's gasoline. This product features corrosion inhibitors that control combustion chamber residue, as well as clean and preserve surfaces of the fuel system. By cleaning and controlling combustion chamber and intake valve deposits, Defender + Booster Fuel Additive protects against detonation and improves fuel economy. The additive is ideal for all carburetted and fuel injection vehicles, including motorcycles and marine engines. Each 10 ounce bottle treats up to 25 gallons of gasoline, and regular use has been proven to lower emissions.

1968-69 Cross Ram

Intake Systems and Components

The ultimate Camaro induction system is available as a reproduction. This system is correct in every detail and includes a GM licensed intake manifold, cast from the original tooling with correct part number and Winters Foundry markings, twin Holley carburetors with correct list and part numbers, Heim jointed throttle linkage and throttle cable, throttle cable bracket, cable type throttle pedal arm, gaskets, all fuel lines and Y-block, oil filler tube, air cleaner elbow, complete oval or wide base style air cleaner with hood seal, heater hose fittings, throttle return spring, and bracket. This is a perfect recreation of the original Cross Ram intake setup manufactured in original detail. Assembly required.

Note: Cross Ram hood is available separately. See hood section for details.

Thunder Series Carburetor

Edelbrock Thunder Series carburetors share all the performance advantages of the popular Performer Series but with innovative new features. These carburetors include all of the performance features of the Performer Series carburetors and also include distinctive black hardware, dual fuel inlets (shipped with left side plugged), lightweight ball burnished and CNC profiled body, and the Quick-Tune secondary. They're available in 650 cfm and 800 cfm sizes with manual or electric choke. There's even a 650 cfm version specifically designed for off-road vehicles. These Edelbrock carburetors bolt-on and run right out of the box! Simply dependable, proven performance for almost any carbureted vehicle. All Edelbrock carburetors come with an installation kit and owners manual.

E1906	650 cfm	electric choke.....	433.99 ea
E1913	800 cfm	electric choke.....	474.99 ea

Performer Series Carburetors

By design, Performer Series square bore carburetors are refined to provide the widest possible torque range when matched with Edelbrock Performer, Performer RPM, RPM Air Gap or Torker II manifold and camshaft combinations. However, these carburetors are not limited to these applications, they also match well with most stock and other manifolds of similar design. Performer Series square bore carburetors are all aluminum, ball burnished and lightweight. There are no power valves to blow out or plastic parts to break. The 2 piece construction resists warping and the metering rods can be changed in seconds without removing the carburetor. All Edelbrock carburetors come with an installation kit and owners manual.

*Note: *50 state legal for all 1980 and earlier GM V8 engines.*

Performance Carburetors

Holley

Chevrolet Small Block Tri-Power

Holley Tri-Power intake manifold and carburetor system for small block Chevy engines. It was factory equipment under the hood of the legendary big block L71 and L89 Corvettes. With a Tri-Power system you can cruise around economically on the 350 cfm center carburetor or unleash all 1000 cfm at wide open throttle to truly have the best of both worlds. Systems include a dual plane medium rise 3 x 2 W/air intake manifold, three Holley 2 barrel carburetors (one 350 cfm center carb with electric choke and two 325 cfm outboard carbs) in either a dichomate or cast shiny finish, steel fuel lines, progressive throttle linkage, and reusable air filters with polished housings.

Note: Carburetors do not have a provision to connect an automatic transmission kick-down cable or linkage. Overall height is 11-1/2" front and 12-1/2" rear with air cleaners installed. HEI distributor will need to use a standard cap style small body distributor, the large caps with coils on top are too large to fit.

H300521 cast dichomate finish..... 2483.99 ea
H300522 cast shiny finish..... 2357.99 ea

Holley

390 CFM Carburetor

This Holley 4160 Series 390 cfm 4 barrel carburetor is ideal for small displacement V8 or V6 engines. It features side hung float bowls, a universal throttle lever, vacuum secondaries, and an electric choke. This is one of the simplest ways to get more performance from your engine.

H8007 390 cfm four barrel..... 682.99 ea

Holley

600 CFM Carburetor

Remanufactured 600 cfm Holley carburetor featuring an original finish, vacuum secondaries, and power valve blowout protection. These replacements are similar to the units installed on 1967-69 Z28's with crossram induction and can be used to replace list numbers 3810S, 4410A, and 4295.

Important: Throttle solenoid used on some models not included. Order separately. Carburetor is stamped with current manufacturing date.

H0457 600 cfm replacement carb..... 362.99 ea

Holley

650 CFM Carburetor

This Holley 4150 Series 650 cfm 4 barrel carburetor is ideal for most moderate performance small block V8 engines. It features center hung float bowls, a universal throttle lever, vacuum secondaries, and an electric choke.

H80783 650 cfm electric choke..... 612.99 ea

Holley

1968-69 780 CFM Carburetor

Manufactured with original Holley tooling! Used on 1968-69 Camaro models equipped with a 302, 1968 or 1969 models with a 396/375HP, or 1969 427/425HP equipped models. This is a 780 cfm carburetor. Part #HC369 is stamped with the GM #3925289-DZ and the Holley list #4053-DZ, while part #HC370 is stamped with the GM #3959164-GE and the Holley list #4346-GE.

1967 Rochester Carburetor Repair Set

You've got the original carburetor but it needs work. What do you do? You get a carburetor repair kit and fix it! This OE style repair kit is fabulous for repairing minor problems associated with original Rochester carburetors. Each repair kit includes: gaskets, pump, needle and seat, float gauge, guide, ball, spring and return. Perfect for off the vehicle repair.

K385 1967 MT with 2 barrel 23.99 ea

Street Demon TPS Set

When using an electronic overdrive transmission, such as a 4L60E, with a carbureted engine, the transmission control unit requires a throttle position signal. This sensor bolts on to the carburetor and sends the proper signal to the computer. The simple design allows for easy calibration and voltage adjustments. Includes all necessary installation hardware. Made in USA.

D1951 Street Demon TPS 206.99 set

Throttle Solenoid

Some vehicles require a throttle solenoid to be used with Holley carburetors. This is a replacement unit manufactured by Holley. Also available are the solenoid bracket #H209, and nut #H2657.

Street Demon Throttle Solenoid Set

Some vehicles, especially vehicles with air conditioning, require a throttle solenoid to automatically increase engine RPM. This throttle solenoid set from Demon Fuel systems includes the solenoid, bracket, and mounting nut. Made in USA.

D1950 Street Demon 140.99 set

Street Demon Calibration Set

This calibration set allows fine tuning of Street Demon carburetors. Although the carburetors are already fine tuned other adjustments and modifications may be necessary for optimal performance in built engines with large cams. This set includes an assortment of primary jets, metering rods and step-up springs along with secondary jets all in a convenient plastic storage case.

D1921 102.99 set

Edelbrock Calibration Set

These sets include a selection of metering rods, jets, and step up springs that allow fine tuning and calibration of Edelbrock Performer and Thunder Series carburetors for mildly to extremely built motors, especially motors with performance camshafts that cause low intake manifold vacuum. Made in USA.

Note: Not legal for pollution controlled vehicles.

Carburetor Parts

Accelerator Pump Cam Set

Holley

This set will allow you to "tailor" accelerator pump performance to the engine's actual requirements. Each cam has a different shape to give different results. The shape of each cam directly affects the accelerator pump stroke and pump capacity. A steeply rising cam shape will give a fast, heavy fuel shot right off idle. Conversely, a gentle sloping ramp will spread the pump action over a longer period of time.

H2012 includes 8 pump cams 35.99 set

Holley

Secondary Spring Set & Housing

Make changing your vacuum secondary spring a simple job with this quick change housing and set of adjusting springs. It is simple to install on any vacuum secondary Holley carburetor. The seven color coded spring set from light to heavy will allow you to adjust the opening of your secondaries.

1992-97 Performance Throttle Bodies

With larger ports in the throttle body your engine will receive a greater volume of air which will allow it to make more potential horsepower and less likely to be a restriction in the system. This is why we offer the 52mm and 58mm high flow throttle bodies. Designed for outstanding throttle response and wheel spinning torque, these throttle bodies have been meticulously cast and flow bench tested for optimum airflow. It provides superior power when mated with high flow intake systems, exhaust systems, headers, or superchargers. 50 state legal.

Note: No core required.

Universal Throttle Cable

All Lokar throttle cables are designed with a specially extruded liner to extend the life of the cable. Cables are equipped with aluminum fittings and aluminum ferrule to eliminate fraying. These cut-to-fit cables are available in 24", 36", or 48" lengths with a stainless steel inner wire, and your choice of a stainless steel, black stainless steel, or black nylon housing. Clevis is designed to eliminate cotter pins and set screws. Includes installation instructions.

Important: Remember to pull inner wire out before cutting outer housing.

Note: For 1988-93 EFI use TC1002A.

Electronic Fuel Injection

Atomic EFI Set

The MSD Atomic EFI set fits all engines making up to 525 horsepower at the crankshaft. The annular ring charge injection design produces a better air/fuel mixture and distributes it evenly among the cylinders. As a result, engines idle, start, and drive better with the Atomic EFI set. Throttle bodies feature 80 lb injectors and a self-calibrating throttle position sensor. They also feature an internal fuel rail for no-leak, no-hassle fuel delivery. The master set is complete and ready to use out of the box. It includes the EFI throttle body, electric fuel pump, fuel line and filter with hardware, power module with wide band O2 sensor, and handheld controller. Also available are the throttle body set which includes everything except for the fuel system components. Or purchase the fuel components separately.

Note: Atomic EFI sets are California emissions approved for carbureted General Motors vehicles 1987 and older. E.O number D-722.

TERMINATOR EFI

4 Barrel EFI Conversion Sets

Holley Terminator Stealth EFI conversion sets. The Terminator Stealth EFI system has the same great self-tuning features as other Terminator EFI systems but with the stealthier looks of a carburetor. This system is easy-to-install and tunes itself — no laptop required. The base sets include a 4150 style square bore throttle body, a Terminator ECU, a handheld EFI monitor, and with or without transmission control. Master sets include the most complete fuel system on the market. The ECU is fully upgradeable to laptop control for more advanced tuning options.

HP ECU and Harness Sets

Holley HP EFI ECU and harness sets are a "Plug and Play" alternative for stock or high-performance GM TPI and LS engines. This set includes: HP ECU, harnesses, communication cable, software, and a wide band O2 sensor designed to be used with GM engines with factory GM coils. The HP ECU is equipped with 4 programmable inputs and 4 programmable outputs allowing the user to configure the system to support a wide range of controls including boost control, progressive nitrous, water/methanol injection, speed inputs, fuel pump control, AC inputs, timing retard inputs, and various other uses.

Exhaust Headers

1967-02 Hedman Hedders

Classic Industries® stocks a full line of Hedman Hedders for 1967-02 Camaro models. These units are designed to replace the heavy restrictive factory manifolds with tubular steel manifolds to increase horsepower and torque. Includes collector and header to head gaskets, collectors, and bolts. We offer Hedman Hedders™ for or without air injection (smog tubes). Get more performance from your Camaro without breaking the bank and do it with a name you can trust in the header business "Hedman".

Important: Available in black. Be sure to read the important notes listed on the bottom of this page pertaining to each header style for correct application.

Note: Shipped oversize.

Hedman Hedder Notes

- Without smog injection or injection heads.
- Includes parts necessary to retain emission devices. (50 state)
- With A.I.R. system.
- Modification to stock exhaust required to retain catalytic converter.
- Shorvic Header (Max. ground clearance).
- Not recommended for aluminum heads.
- 70 or later only - AC equipped vehicles require bracket #201110. (A6 compressor).
- Not legal for sale or use in California on pollution controlled motor vehicles.
- Will not fit Saginaw close ratio PS with 825 power steering box, 1967-69.
- Will fit with angle plug heads (Chevy aluminum only)
- It may be necessary to remove 2 hours (SS).
- Dual exhaust only. Limited ground clearance.
- Must modify rotary AC bracket.
- Transmission limited to 700R4 and TH350.
- Replace V-pipe available.
- 140) Complete with pipe to single catalytic converter.
- 167) Must use 21107 oxygen sensor reducers, not supplied with Hedders.

Hedman Hedder Notes

- Due to cylinder heads (aluminum) generation 6 engines, 502 BB Chevy will have clearance problems with some applications. Bottom of Header flanges may hit head bolts. Nothing may be necessary.

Hedman Emission Notes

- Not applicable or intended for street or highway use. Legal only for racing vehicles which may never be used upon a street or highway.
- Currently in E.O. approval processing and not currently covered by any existing E.O. number at this time.
- For vehicles 1964 through 1974 without A.I.R. system, considered as OE replacement parts when existing emission controls are not removed from vehicle.
- Not legal for sale or use in California.
- For vehicles 1964 through 1974 with A.I.R. system, considered as OE replacement parts and do not require an E.O. number when existing emission controls are not removed from vehicle.
- 1975-80 265-400 cid without A.I.R., non-feedback only.
- 1975-80 396-454 cid without A.I.R., non-feedback only.
- 1975-80 396-454 cid non-feedback only.

1967-69 Camaro Big Block Headers

Pypes big block headers feature large 2" primary tubes and 3-1/2" collectors with include stainless collector reducers, premium hardware, and gaskets. Big block frame mounts and motor mounts must be used to ensure proper engine location and header fitment. Fits 6-speedZF transmission and standard 5-speed Chevy 502 big block generation 6 engines with aluminum cylinder heads will have clearance problems on some applications. Bottom of header flanges may hit head bolts requiring notching to clear the bolts.

Note: Will not fit Saginaw close ratio power steering with 825 power steering box.

Exhaust Headers

1967-81 Doug's Headers

Doug's headers are carefully developed to fit each specific vehicle application. Doug's headers are available for 1967-81 Camaro models with small block or big block V8 engines, with and without air injection ports, and with console or column shifters. Heavy-duty machined and finished header flanges, the smooth mandrel bends tubes, and a protective Metallic Ceramic Thermal Barrier Coating (MCTBC) make Doug's Headers an excellent choice for exhaust system performance.

Important: These headers are intended for off-highway use only and are not designed for California vehicles with pollution control devices. Be sure to read the important notes listed on the bottom of this page pertaining to each header system for correct application. **Note:** Shipped overze.

Doug's Headers Notes

- Shorly design for maximum ground clearance.
- Fit D-port cylinder heads including Z24 crane engines.
- Will not fit w/ Saginaw close ratio 825 steering box.
- Does not fit 1967-69 Camaro with 69.
- Big block frame struts and motor mounts must be used to insure proper engine location and header fit.
- Will fit most angle plate heads including factory Chevrolet "Bow Tie" heads.
- Requires removal or modification of locking steering columns if equipped.
- Reducers available with O2 sensor fittings.
- Installation requires a left side AC bracket 7608. 1979 and later vehicles with stock compressor can use the stock bracket.

- Tri-Y design.
- Does not fit with power glide transmission.
- Will fit with Detroit Speed & Engineering front subframes with rack and pinion steering.
- Must use non-shell type motor mounts.
- Will fit with Saginaw close ratio 825 steering box.

A) The product accompanying this document is legal only for off-highway use (except in California or states that have adopted California emission standards), racing use for pre-emission controlled motor vehicles/motor vehicle engines (pre-1974 domestic vehicles certified to California standards, pre-1974 domestic vehicles certified to federal standards and all pre-1974 foreign vehicles), per the manufacturer's application guide.

1998-02 Full Length Stainless Steel Racing Headers

ARR full length stainless steel header and Y-pipe sets for 1998-02 Chevrolet Camaro. The headers are fabricated from aircraft quality T304 stainless steel and feature 3/8" thick round port flanges with hand ported inlets and fully welded custom sized merge collectors with scavenger with spikes standard. American Racing Headers will provide excellent ground clearance and are a direct bolt-in installation for General Motors 4th Generation F-Body vehicles. Includes: gaskets, clamps, O2 extension harness, and hardware.

LS Cast Iron Exhaust Manifolds

These Hooker cast iron exhaust manifolds are designed to hug the engine block closely so they will work with a variety of LS engine swaps or as a replacement. Their contoured shape aims exhaust gases for increased flow and performance over stock manifolds with a traditional old school look. Fits all GM LS engines up to 500 horsepower except LS7 and LS9's and have been proven to fit 1970-81 F-Bodies, 1982-88 G-Bodies, and 1968-72 A-Body vehicles. Made from high silicon ductile iron for years of durability and corrosion resistance. Available in a range of different finishes.

Important: Not C.A.R.B. certified and may not be legal for use in some states on pollution controlled vehicles.

EMBB16P

EMBB17P

1967-72 BB Exhaust Manifolds

Reproduction exhaust manifolds for 1967-72 Camaro big block models. These extremely high-quality manifolds are designed and manufactured to exact original specifications including the correct casting numbers for 1967-72 models. The manifolds are also correct for 1971-72 big blocks with the exception of the casting numbers, which were different. Reproduction manifolds were "outflow" tested to ensure factory equivalent specifications. We now offer your choice of manifolds for early models not equipped with air injection tubes, or manifolds with correct air injection tube hole locations. Manifolds are sold in pairs only.

Wedge Locking Header Bolts

PROFORM Grade 8 (12.9 steel). Hex type header bolts were designed to keep bolts from backing off. These permanently assembled bolts feature special washers with super hardened serrated teeth that, when sufficiently torqued, the washers bite into and grab the bottom of the bolt head and the top surface of the header. After being self-locked in this manner, any bolt loosening rotation is blocked by a wedge locking action created by the washers interfacing, matching cams. Engine vibration increases the tension, making them even more secure! They are reusable and you can count on them to not fail. Available in different sizes.

Note: Image for illustration purposes.

1967-81 Tunnel X-Crossover

Since a V8 fires alternately, exhaust exits in pulses rather than a steady flow. While one pipe is filled with pressure the other pipe is relatively pressureless, but connecting the 2 pipes in a Siamese pattern allows pressure to be equalized between the 2 tailpipes. This action allows the exhaust to pass through quicker for better breathing that increases horsepower. The Pypes crossover product line is defined by a high-quality, exceptionally versatile design. They are a proven winner when it comes to bumping up the horsepower of your daily driver or race car. Pypes tunnel X-crossover fits a variety of 1967-81 Camaro models with easy installation. All crossovers are made of 409 stainless steel with dual reinforcement plates at the welds where they are needed most. All pipes are mandrel bent to allow for the maximum flow of exhaust gases, which boosts acceleration. Limited lifetime warranty.

Important: Modification to the body pan brace is required on 1967-69 convertible models. In order to utilize this X-pipe, it is necessary to either add a body pan designed to allow clearance for the X-pipe assembly, or remove the body pan and install subframe connectors. If using stock, cast iron manifolds, add a set of down pipes to connect your original manifolds to the header back system.

Note: Shipped oversize.

1967-81 X-Crossover Dump Legs & Cutouts

Pypes dump legs are made to replace the front legs of the X-pipe crossover on 1967-81 Camaro models, making installation of electric exhaust cutouts simpler. Each dump leg is strategically located for maximum ground clearance and includes block-off plates and hardware, and is manufactured from 409 stainless steel with mandrel bends to allow maximum exhaust flow. Add the optional electric exhaust cutouts and make uncorking your exhaust as easy as flipping a switch. Electric cutout set includes: two electric exhaust cutouts, wiring harness with switch, stainless steel mounting hardware, extra thick gaskets, and Pypes lifetime limited warranty. Available with or without dump legs. Electric exhaust cutouts fit 2-1/2" or 3" dump legs. Made in USA.

Note: *Connects to any 2-1/2" exhaust with an approximately 12" straight section and enough clearance for the motor/vale assemblies.

DYNOMAX

DF110

1983-91 Direct Fit Exhaust Systems

Installing a high-performance exhaust system for your later model Camaro has never been easier! This 2-1/2" direct fit system follows the OEM routing and mounting points exactly so you don't have to cut and weld brackets and pipes. Now you can bolt-on a complete high-performance system featuring your choice of the power boosting Super Turbo muffler or the Ultra Flo SS muffler.

Important: *Except dual catalyst converter models.

Note: Engine is the 8th digit of the VIN.

Shipped overze.

E245 2-1/2" clamp plated 2.99 ea

Tailpipe Expander

Used to remove clamp grooves and round out crushed or bent exhaust pipes to ensure a tight fit, eliminating exhaust leaks.

The Hex end allows the use of a combination wrench to remove clamp grooves or small imperfections, or an impact wrench to expand pipes. Imperfections are forced outward rather than forward, eliminating possible damage to component parts.

No holding fixture is necessary.

X3442 1-13/16" to 2-1/2" pipes 39.99 ea

Exhaust and Tailpipe Cutter

Cuts pipes 3/4" to 3" (19mm to 76mm) in diameter. 15 blades effectively cut pipe so only 1/4" turn is needed for complete cut. Works great in hard to reach areas.

X2031 59.99 ea

Super 10 Series Muffler

Looking for the most aggressive sound available? Flowmaster's new Super 10 series mufflers are so aggressive, they aren't recommended for street driven vehicles. Best suited to racing applications, these feature the same Delta Flow performance technology used in the highly popular Super 40 and Super 44 series Flowmaster mufflers. Manufactured from durable 409S stainless steel for long-life and offered in a variety of configurations. Backed by a limited lifetime manufacturer's warranty, these short, single chamber mufflers deliver the closest thing to open pipe sound possible. If you want high impact sound, the Super 10 series mufflers are the answer. Measures: 6-1/2" x 9-1/2" x 4".

Note: These mufflers are recommended for off-highway use, not for street driven vehicles.

F42441

40 Series — Original Flowmaster Tone

This is the most "aggressive" sounding street/strip muffler that Flowmaster offers. If you're looking for attention, this one will get you noticed. The standard 40 series has an "aggressive rumble" and will generally resonate inside the vehicle around 1800-2000 RPM's, and again at 2400-2600 RPM's. Constructed of 16 gauge aluminumized steel and fully MIG welded for maximum durability.

F952546

F952445

Super 40 Series Muffler

The Super 40 gives you a deeper tone that retains our classic 40 Series sound and feel. Increased flow path radius for optimum internal flow using the latest in Delta Flow technology. Flowmaster state-of-the-art robot assembly technology assures a product that exceeds OEM auto manufacturers' specifications. To achieve such critical quality, Flowmaster performs extensive R&D at the track and in-house with our own engine and chassis dyno facilities. Flowmaster Super 40 is aluminumized, black in color and is the most aggressive, deepest sounding street two chamber muffler they've ever built. Enjoy some American Thunder today!

F842543

Delta Flow 40 Muffler

This 2 chamber design incorporates Flowmasters patented "Delta Flow" technology. The "Delta" deflectors result in increased scavenging for better performance and reduced interior resonance over the standard 40 series with a nice growl outside the vehicle. Sounds great on late model performance cars with catalytic converters. Constructed of 16 gauge steel and fully MIG welded for maximum durability.

50 Series Muffler

The SUV/Performance muffler is a larger version of Flowmasters 50 Series Delta Flow muffler and is specially designed for trucks, light SUVs and high horsepower vehicles. The larger H-chamber reduces interior resonance to a minimum. Constructed of 16 gauge aluminumized steel and fully MIG welded for maximum durability.

Muffler Heat Shield

Formed aluminum heat shield designed to mount on muffler for added protection in reducing heat radiated from mufflers and reducing interior noise. Attaches easily with included straps. Fits 5" x 10" x 17" mufflers. F51017 42.99 ea

Exhaust Systems

1967-69 Chambered Exhaust System

For the last word in a correct show car quality restoration, we offer the final solution! We stock a complete chambered exhaust systems for your early model small block or big block Camaro.

This reproduction will replace the long ago discontinued, and highly sought after GM originals! Chambered exhausts were offered late in the 1969 model run and were optional on Z28, big block or COPO Camaro models. This "free flow" exhaust system will allow your engine to properly breathe with a minimum amount of back pressure and no performance loss! Though originally available only for special engine applications, this exhaust system can be installed on any 1967-69 V8 coupe Camaro, but will not fit convertible models! Unlike the originals, these exhaust systems are manufactured with an aluminized finish for longevity. Installation set available separately.

Note: Shipped truck freight.

1967-74 Aluminized Exhaust System

If you are seeking an original appearance with extended life in an exhaust system, then look no further! Classic Industries® now offers this high-quality, aluminized exhaust system. Aluminizing of exhaust pipes means the pipes may outlast the rest of your vehicle! This system uses the correct angle cut tips with factory styled flattened tail pipe and lead pipes and a original style transverse muffler. Available for both small block and big block applications. Not available for additional discounts.

Important: Aluminized exhaust sets are for coupe models only.

Note: Shipped truck freight.

Performance Exhaust

1967-81 Header Back Crossflow System

Pypes has designed a 2-1/2" crossflow system for 1967-81 Camaro models needing maximum ground clearance. The Race Pro muffler is the first maximum flow, straight through, transverse mounted crossflow muffler system that doesn't need to sacrifice any performance or aggressive growl to give you clearance. This system also features a horsepower freeing X-pipe designed to fit into the driveshaft tunnel, which contributes to it's ability to glide over the nastiest speed bumps. Available in 409 stainless steel or 304 polished stainless, including X-pipe, muffler, intermediate pipes and tailpipes. Limited lifetime warranty.

Important: Modification to the body pan brace is required on 1967-69 convertible models. In order to utilize this X-pipe, it is necessary to either add a body pan designed to allow clearance for the X-pipe assembly, or remove the body pan and install subframe connectors. If using stock, cast iron manifolds, add a set of down pipes to connect your original manifolds to the header back system.

Note: Shipped double oversize.

P1060	1967-81	2-1/2" 409 stainless steel - 1/4 exit	693.99 set
P10601	1967-81	2-1/2" 304 polished stainless - 1/4 exit	913.99 set

1970-81 Crossmember Back Dual System

Pypes has designed a crossmember back dual exhaust system for 1970-81 V8 models that incorporates a 16 gauge, mandrel bent stainless steel X-pipe to maximize exhaust gas flow and boost horsepower. This system features a Siamese designed X-pipe, a pair of Street Pro, Race Pro, or Violator mufflers, tailpipes, cast-plated clamps, and hangers. The combination of the crossover and the mufflers deliver a perfect balance of sound and performance. Features 409 stainless steel X-pipe, mufflers, intermediate pipes, and tailpipes. Limited lifetime warranty.

Important: If using stock, cast iron manifolds, add a set of down pipes to connect your original manifolds to the header back system.

Note: Shipped double oversize.

Performance Exhaust

Universal Dual Electric Cutout Set

The optional electric exhaust cutouts and make unhooking your exhaust as easy as flipping a switch. Electric cutout set includes: 2 valves, wire harness, switch, mounting hardware, and 2 gaskets. Limited lifetime warranty. Available with or without Y-pipes. Made in USA.

Note: *Connects to any 2-1/2" exhaust with a straight section of approximately 12" in length and enough clearance for the motor/valve assemblies.

For use with 2-1/2" or 3" Y-Pipes (Dump Legs)
P1074 cutout set only 428.99 set

Includes 2-1/2" Y-Pipes (Dump Legs)
P1074K* cutout set with Y-pipes 550.99 set

Stainless Steel Electric Cutout

Made in USA.

These cutouts feature a rugged 12 Volt DC motor and rotating gate for a leak proof seal every time the cutout is opened and closed. When fully opened, these cutouts do not create exhaust flow obstructions that can create a leaky gasket sound, unlike butterfly style switches. A pre-wired harness with an illuminated rocker switch is supplied for easy installation. Unhook your exhaust with the flip of a switch from your dash. The cutouts are ideal for race tracks that don't require mufflers. Available individually, in pairs, or in complete kits with Y-Pipes for easy installation. Made in USA.

Important: Not recommended for vehicles equipped with catalytic converters.

Note: May not be legal for highway use or use on emission controlled vehicles.

25059 3" turndown pipe 45.99 ea

Electric Exhaust Cutout

Don't crawl under your vehicle to unhook your exhaust ever again by switching to electric cutouts. Keep them closed and quiet for the street, wide open for the strip, or anywhere in between with the flip of a switch. You control the volume and the power! Available in sizes 2-1/4" to 4" and a low profile oval design for applications with limited ground clearance. Fits 2-1/4" to 3" round exhaust pipe. Built with high-quality materials CNC 6061 aluminum body and motor plate, stainless steel shaft and butterfly plate, high torque DC gear driven motor, weather tight wiring connectors, and custom illuminated toggle switch.

Note: Match valve size with cutout size for optimal fit and performance.

J-B Weld SteelStik

J-B Weld SteelStik is a steel reinforced epoxy putty stick. This hand kneadable epoxy adhesive will plug holes and make permanent repairs on wet and dry surfaces. Cures completely submerged in gasoline or under water in 60 minutes. Can be drilled, sanded, filed, tapped, machined and painted. Works on multiple surfaces: aluminum, brass, bronze, copper, iron and stainless steel. Cure color is dark gray. Made in USA.

Exhaust Components

12 oz aerosol can half pint (8 oz) pint quart gallon XTC primer 12 oz aerosol can

02 - jet black 05 - cast iron gray 08 - off-white 28 - pure white 10 - flame blue

03 - aluminum 06 - rocket red 07 - Pontiac metallic blue 23 - stainless steel 25 - charcoal metallic

Xtreme Temperature Coating

XTC is a high temperature/heat resistant coating formulated specifically to protect metal surfaces operating at temperatures from 500 to 1500 degrees F. With proper preparation, XTC provides outstanding adhesion, film integrity, weathering, and thermal shock resistance throughout this entire temperature range, and is guaranteed not to burn off! Available in your choice of a wide variety of colors and sizes.

Note: 8 oz. will coat approximately 3 sets of automotive exhaust manifolds with 2 coats or coat a set of short headers with 2 coats. Pints will coat a set of full size headers with 2 coats or coat a complete automotive exhaust system with 2 coats.

Xtreme Temperature Coating

Important: When ordering, select the part number for the size of the can you need, then add the two digit numerical color code to the end of the part number to specify your desired color.

Jet Black, Charcoal Metallic, Flame Blue, Cast Iron Gray, or Off-White

KB654	one quart	specify color	83.99 ea
KB655	one gallon	specify color	279.99 ea

Xtreme Temperature Primer

XTC Silicone Zinc Primer prevents corrosion of metal surfaces exposed to high heat, high humidity, condensation, and salt air. It functions much like galvanizing as it locks itself to bare metal surfaces leaving a perfect primed surface for top coating. Available in a wide variety of sizes.

KB65100	12 oz. aerosol can	primer	22.99 ea
KB65400	one quart	primer	125.99 ea
KB65500	one gallon	primer	439.99 ea

Hi-Heat Coating

The coating will protect the wrap from abrasion and harmful liquid spills. Extra resins and binders toughen the surface, extend the life of the wrap by protecting it from friction, and seal the pores to minimize the penetration of harmful liquids. The coating also works excellent as a paint directly on metal surfaces.

Note: Shipped within the continental U.S. only. Shipped ground only.

Thermo-Sleeve

Thermo-Sleeve is the combination of a high temperature fabric laminated to a highly reflective Mylar foil. It provides protection from radiant heat for hoses and wires. Thermo-Sleeve's ultra lightweight construction provides more insulation than traditional bulky rubber coated fiberglass. The aluminumized sleeve reflects more than 90% of radiant heat, plus it is fireproof and oil resistant! Thermo-Sleeve is available in 3" or 12" lengths.

Exhaust Components

Reduce Underhood Temperatures!

Increased exhaust scavenging is produced, along with lower intake temperatures. Exhaust Insulating Wrap™ withstands continuous heat up to 2000 degrees F., and contains no asbestos. Will not over insulate a system when properly installed due to a proprietary coating developed by Thermo-Tec® Thermal Conduction Technology (TCT) that conducts heat across the wrap's surface. The 1/16" thick wrap is available in 1 inch or 2 inch widths in 15' or 50' rolls. Choose from off-white or graphite black.

Off-White Exhaust Wrap

Reduce Underhood Temps Up to 70%!

The new quick wrap, high velocity Exhaust Jackets™ are an innovative way to insulate and block radiant heat. The jackets cover the header tubes vertically allowing for a consistent fit. The fit allows the exhaust system to expand as it comes up to operating temperatures without restrictions and provides air space for added insulation. This product uses Thermal Conduction Technology (TCT), developed by Thermo-Tec®, and can be applied with the headers in the vehicle.

TT1016	8 cylinder.....	91.99 ea

This Flexible Heat Shield Clips Into Place!

The Header Manifold Blanket™ provides excellent heat retention for exhaust headers and manifolds. This flexible heat shield simply clips into place on the upper portion of the header. The fabric side of the material should be facing the heat source, and the aluminumized side facing away—offering protection from abrasion and harmful liquid spills. The Header Manifold Blanket™ is available in 2 sizes: two 20" by 24" blankets for V6 and V8 applications, and one 36" by 40" blanket for straight 6 and 4 cylinder engines.

TT1017	V6-V8 applications.....	82.99 pr
TT1018	straight 6 or 4 cyl models.....	78.99 ea

Vermiculite Coated Header Wrap

Insultherm Header Wrap is an extremely high temperature resistant wrap used to insulate hot gases in automotive exhausts. Manufactured from texturized fiberglass yarns that are woven into a strong, flexible wrap with vermiculite coating. Resists gasoline and engine chemicals and withstands temperatures up to 1200 degrees F (maximum continuous temperature of 1000 degrees F). Available in black or natural in 50' or 25' rolls.

TT15003	turbo insulation cover only.....	48.99 ea

Shield Plastic or Rubber Hoses and Wiring from Radiant Heat!

Thermo-Shield™ protects hoses and wires from radiant heat. Unprotected, rubber hoses and plastic or rubber insulated wiring can dry out, melt or crack over time. Thermo-Shield™ is used in applications where it is difficult or not practical to disconnect one end of the hose or wire. The adhesive backed composite construction tape can easily be wrapped around the hose or wire to make a clean, professional appearance. Reflects radiant heat up to 2000 degrees F. Provides a barrier against the extreme conditions that underhood components are exposed to. Wrap your fuel lines and say good-bye to vapor lock.

Automatic Transmissions

GM TH350 Key Features:

- 2.52:1 first gear ratio, 1.52:1 second gear
- Extra wide direct drum bushing
- Machined forward and direct pistons
- All new B&M high-performance friction plates.
- New intermediate roller clutch
- New kick down band with welded anchors
- All new thrust bearings and races.
- New adjustable modulator
- New detent control link w/new breather & filter.
- Recalibrated valve body

Street/Strip TH350 Transmission ⚠

B&M's Street/Strip Transmission is a complete "Ready-to-Run" unit (less converter) for high-performance street and mild strip use. The transmission provides firm shifts and features a standard shift pattern. These are the finest available for street/strip use.

Note: Special order, must be prepaid. Shipped truck freight.

223030A TH350 with 6" tail shaft..... 1499.99 ea

GM TH400 Key Features:

- 2.48:1 first gear ratio, 1.48:1 second gear
- Rebuilt front pump utilizes B&M pressure regulator spring and shims.
- All new B&M high-performance friction plates.
- New intermediate roller clutch
- New kick down band with welded anchors
- Machined center support w/new case saver ring
- All new thrust bearings and races
- New adjustable modulator and silencer ring
- New electric connector and kick down solenoid
- Recalibrated valve body

Street/Strip TH400 Transmission ⚠

B&M's Street/Strip Transmission is a complete "Ready-to-Run" unit (less converter) for high-performance street and mild strip use. The transmission provides firm shifts and features a standard shift pattern. These are the finest available for street/strip use. Features large diameter bushing, for use with large 1-7/8" diameter yoke.

Note: Special order, must be prepaid. Shipped truck freight.

223031A TH400..... 1543.99 ea

GM TH700-R4/4L60 Key Features:

- 4-speed GM transmission
- 3.06:1 first gear ratio, 1.63:1 second, 1:1 third and 70:1 overdrive ratio.
- Rebuilt front pump and governor with new gear
- New thrust washer kit, races, thrust bearings bushings, and 2-4 band
- All new B&M high-performance friction plates.
- New overdrive sprag assembly
- High-performance reaction carrier assembly
- Corvette 2-4 servo assembly
- New external electric connector
- Recalibrated valve body

Street/Strip TH700-R4/4L60 Transmission ⚠

This transmission is suitable for use behind engines producing up to 450 ft/lb of torque, which covers most small blocks and mild big blocks. A low first gear ratio and overdrive 4th make these very desirable units. Fits most GM models except Corvette, 60" V6, or 1984 or later 30 tooth spline converter.

Important: Will not replace 4L60E applications (post 1993).

Note: Special order, must be prepaid. Shipped truck freight.

223032A TH700-R4/4L60..... 2371.99 ea

GM TH700-R4/4L60 Key Features:

- 4-speed GM transmission
- 3.06:1 first gear ratio, 1.63:1 second, 1:1 third and 70:1 overdrive ratio
- Rebuilt front pump and governor with new gear.
- New thrust washer kit, races, thrust bearings bushings, and 2-4 band
- All new B&M high-performance friction plates
- New overdrive sprag assembly
- High-performance reaction carrier assembly
- Corvette 2-4 servo assembly.
- New external electric connector
- Recalibrated valve body

Traveler TH700-R4/4L60 Transmission ⚠

This is a rugged model and has a medium/firm shift compared to the hard shift of the Street/Strip model. The Traveler features increased oil flow which provides for cooler operation under heavy-duty use. The Traveler would be a good selection for towing applications. Fits most GM models except Corvette.

Important: Will not replace 4L60E applications (post 1993).

Note: Special order, must be prepaid. Shipped truck freight.

223032D TH700-R4/4L60..... 2724.99 ea

TH350 and TH400 Street Smart System ⚠

Performance Automatic Racing offers heavy-duty TH350 and TH400 performance transmissions. Street Smart 3-speed automatic transmissions feature 11" 2500 RPM stall converter, high performance racing clutch, street/strip valve body, and aluminum pan with drain. Includes: a converter, dipstick with filler tube, transmission mount, inspection cover, and bolt package.

Note: Special order, must be prepaid. Shipped truck freight.

1967-81 Transmission Crossmember

The G-Force Camaro Performance Racing Crossmember is a heavy-duty, double hump transmission crossmember that was designed and fabricated exclusively for 1967-81 Camaro models. It is manufactured new from 2" x 3" (1/8" wall) rectangular and 1/2" plate steel and black powder coated. It is designed to bolt-in, have clearance for dual exhaust, and be able to stiffen your frame for big block horsepower. No floor pan modifications are necessary. Includes mounting hardware. Made in USA.

1967-02 Torq Master™ Torque Converter

Similar in performance characteristics to the HoleShot™ series, the Torq Master™ is B&M's lowest cost performance torque converter. The Torq Master™ is an excellent all-around performance street converter for small block Camaro. The Torq Master™ torque converter is not recommended for big block or supercharged applications.

Note: * = 30 spline version.

223058

1967-02 HoleShot™ Torque Converter

A higher than stock stall speed as delivered by the HoleShot™ converter will provide several advantages and benefits in Camaros with modified engines. Big cams tend to reduce low end power and torque. The high stall converter allows the engine to launch the car at higher RPM where more torque is available. The HoleShot™ is a very good choice for the typical street Camaro that is looking for better launch capability. Not recommended for NZO equipped engines. Stall speed listings are based on engines producing 230 ft lb of torque at 2500 RPM. More torque at 2500 RPM will give you a higher stall speed, less torque at 2500 RPM will give you a lower stall speed than the stall speed ratings indicated.

Note: * Requires 10-3/4" or dual pattern flexplate. *** 30 spline version.

Switch-On High-Performance Driving Fun!

ShiftPlus™ simply recalibrates your transmission's hydraulic system electronically. The ShiftPlus™ shift firmness not only makes driving more fun and pleasurable, but slippage and heat are reduced - extending the life of your transmission! Anyone can install a B&M ShiftPlus™ in minutes with a few simple hand tools. This new design allows you to improve the transmission's shifting performance without removing the transmission pan or valve body. The B&M ShiftPlus™ electronically enhances shift quality and is adjustable. A simple flip of the switch allows the transmission to operate in the performance mode. Flip it back and you are back to stock!

New!

RON FRANCIS

1983-93 700R4 Torque Converter Lockup

For 700R4

transmissions with square 4 pin connectors. Can be used without the factory computer (ECM). This unit is electronic. NOT vacuum controlled.

It reads speed of the vehicle through a sensor that attaches to the speedometer cable. Transmissions with factory internal speed generators must be converted to cable drive to use this unit. Locks up the converter at a set speed and unlocks it when the signal generator senses the vehicle speed is below lock up speed or when braking. This unit is set to lock the converter at 42-47 MPH and can be adjusted if necessary.

TP900630 700R4..... 228.99 ea

1967-93 Torque Converter Lockup

The B&M torque converter lockup provides a dash mounted control to govern converter lockup at any speed between 40 and 90 MPH. LED indicator displays when converter is locked or unlocked. Set includes: an adjustable control box with locked and unlock indication, speed sensor with cable adaptor for mechanical speedometer, wiring, and complete instructions. For GM TH200, TH350, TH700R4, 4L/60, & 200-4R transmissions.

Transmission Components

PAINLESS

60109

2004R/700R4 Torque Converter Lockup

The Painless torque converter lockup set uses a vacuum controlled switch and a 4th gear pressure switch to control the torque converter solenoid, locking it into 4th gear. Includes: vacuum switch, 4th gear pressure switch, brake switch, torque converter lockup solenoid, wire harness, new transmission pan gasket, mounting hardware, and instructions.

60110	TH200-4R	209.99	set
60109	TH700-R4	209.99	set

A9800115

2004R/700R4 Torque Converter Lockup

The Bowler lockup set uses a pressure switch, not vacuum like Painless or a speed sensor like B&M. Their set allows engine to regain proper RPM before allowing the converter to lockup. Usually lockup occurs immediately after shifting into 4th gear, which can bog down the engine and cause poor performance. Module works off of pressure to allow a 8-12 second delay after shifting into 4th gear before the converter locks up. Converter locks up with adequate RPM gain after 4th gear and unlocks automatically with down shift or touch of brake. It will not allow lockup in any gear except 4th. Set includes: single wire lockup control module, 4th gear pressure switch, new internal wiring harness with lockup solenoid for 700-R4 and 200-4R, brake switch, pan gasket and filter with detailed instructions.

1967-93 Transmission in a Box!

This is the most comprehensive kit available. Provides parts or necessary part numbers to upgrade your transmission into a true performance transmission. Kits available for TH350, TH400, 375, 375B, M40, M50 and TH700R4. The TH-700 is a desirable transmission due to it's extra low ratio first gear (for better off the line performance) and overdrive fourth gear for better fuel economy. Includes instruction sheets that provide the do-it-yourselfer with all the information needed to completely overhaul a TH-700R4 to B&M specs. Easy to understand even if you have no experience in this area!

Key Features:

- Same quality and components used in a B&M Street/Strip Transmission in a do-it-yourself kit.
- Transpak modification components including special replacement valves and springs.
- Improved shift feel, retains full automatic features.
- Complete overhaul gasket set and Drain plug.

1967-02 Transpak

The next step-up from the Shift Improver Kit™ is the Transpak™. It has all the features in the Shift Improver Kit™, plus it provides additional driver manual control (TH400, TH350 only). With the Transpak™, you can downshift at any speed, and you can hold the transmission in first gear to any speed that you want!

Stage 1 - Heavy-Duty

For street rods, normal passenger vehicles or other heavy-duty use. Firmer shift feel but not harsh. Improves transmission performance and life dramatically without loss of comfort. Normal automatic operation when in "Drive".

Stage 2 - Hi-Performance Street

For full performance street use. Essentially the same as Heavy-Duty mode except shift is much quicker. Retain full automatic features and standard shift points with selector in "Drive".

Key Features:

- Select the mode that best suits your application.
 - Improves transmission life.
 - Transmission removal not required.

223080

223070

1967-02 Shift Improver Kit

The B&M Shift Improver Kit™ is the easiest way to get the stout performance you've always wanted out of your automatic transmission.

Stage 1 - Heavy-Duty

Firm positive shifts without loss of driver comfort for improved performance in all street vehicles. Recommend for regular passenger vehicles.

Stage 2 - Street/Strip

Provides very positive shifts for high-performance street use or for competitive events. This model is for the enthusiast who wants the hardest, quickest possible shift.

Key Features:

- Provides crisp shifts on any stock automatic transmissions.
- Elimination of soft sluggish shifts, shift overlap, and excess wear on clutches and bands due to slippage.
- Improves transmission life.
- Transmission removal not required.

1993-02 Mechanical Speedo Conversion

Retrofit a late model GM overdrive transmission and keep your mechanical speedometer! Each set will convert your overdrive automatic transmission to a factory mechanical speedometer while retaining a functional VSS capability. Includes the correct length tail housing, new GM speedometer sleeve with new gear, new GM VSS sensor, new GM reductor/drive gear bushing, and bolts.

Important: Specify rear axle ratio and tire size for correct speedometer gears.

Note: Special order, must be prepaid.

Cast Aluminum Transmission Oil Pan

Fight high transmission temperatures with these specially cast transmission oil pans. The sand cast aluminum construction features raised heat sink fins for improved cooling, its 3/16" thick wall construction to add strength to the transmission case, and it includes a special 3/8" thick gasket flange that will not bend as the bolts are tightened. The gasket surface is also machined for a secure seal, and the transmission pan is designed with a magnetic drain plug for easy maintenance. Available in either standard capacity or deep sump for added capacity and powder coated black, "As Cast" or polished, there is a pan to suit every need. Each transmission pan includes all necessary mounting hardware.

Note: Gasket and filter not included.

No More Messy Oil Splash!

End the messy job of draining transmission fluid forever with a Transmission Drain Plug Kit from B&M. Only a few automatic transmissions are equipped with drain plugs from the factory. If you're not one of the lucky few, then you can install one yourself very easily. Simply remove the pan once, drill a hole, bolt the B&M Drain Plug Kit in, and eliminate messy oil splash forever. Non-magnetic. Universal fit.

Transmission Pan FilterMag

FilterMag's powerful rare earth magnets trap and hold wear inducing metal particles smaller than 40-microns down to 1-micron that the filter cannot stop. The super strong magnetic force holds FilterMag to a steel transmission pan, is reusable, and will reduce maintenance costs by extending the life of your oil. The super strong automatic transmission FilterMag mounts to the outside bottom of the pan and will keep metal particles from harming your transmission.

Pour In Performance!

Trick Shift™ was originally developed by B&M for racing applications. It's become so successful that it's the most popular high-performance fluid on the street also! Not an additive, this is the best performance ATF available! Trick Shift™ is the easiest way to measurably improve the transmission performance of your vehicle. Trick Shift™ works with all automatic transmissions when a firmer shift is desired. "Pour in Performance" isn't just a catchy phrase – it's reality! It can be mixed with stock type transmission fluids, however to attain maximum improvement you should use Trick Shift™ exclusively. Ideal for towing, light trucks and RV applications as well as racing.

Important: Not recommended for electronically controlled automatic transmissions.

Max ATF

Max ATF is a synthetic, high-performance, automatic transmission fluid. Its low coefficient of friction and high film strength help to dramatically reduce heat and wear. Reduces heat to extend the life of your transmission. Max ATF is fully compatible and can be mixed with other automatic transmission fluids.

Transmission Parts

Transmission Fluid Coolers

Transmission fluid is designed to act as a coolant as well as a lubricant for your transmission. If the transmission fluid is allowed to get too hot, performance drops, varnishes form, and the fluid starts to break down, which can lead to premature wear. Flex-a-lite heavy-duty coolers can help prevent this by keeping the temperatures down, helping to ensure longer life to transmissions and components, and reduce the stress created by high-performance transmissions. Also suitable as a power steering cooler.

Important: Depending on application and setup, additional fittings or adapters may be required.
Note: Dimensions: width = 11"; depth without fan = 3 1/4"; with fan = 3 1/4"; height varies.

New! MISHIMOTO

AT Aluminum Cooler

Keep your transmission temperatures down with this universal cooler from Mishimoto. Cooler temperatures means less fluid breakdown to keep your transmission working the way it should, longer. Another benefit of using this transmission cooler is that you can use any Mishimoto radiators, with or without a built in trans cooler.

MM13061 AT cooler..... 96.99 set

MOROSO

Transmission Oil Cooler/Filter

This automatic transmission oil cooler and filter combination assembly uses a finned aluminum heat sink design to dissipate heat in racing applications. It can also be used as an inline auxiliary cooler in conjunction with the stock cooler. It's compact one pound 3" x 12" aluminum body gives it excellent heat transfer capabilities. An internal filter with magnet traps particles over 5-microns to reduce transmission wear. Includes: filter cartridge and two 1/4" NPT to 3/8" line fittings.

1967 Shifter Conversion Sets

An updated conversion set for the 1967 Camaro style Powerglide factory shifter. This conversion is good for the TH350/400, TH200-4R, TH700R-4, and 4L60. The conversion now incorporates parts, versatility, and functionality previously only available with the SW280. Optional offset and shorter arms, improved handle travel, new rotating shaft and bearings, a new neutral safety/back-up switch, and rod linkage with ball joint ends for improved ease of alignment with different transmissions, are all included.

Note: Requires use of factory original shifter body and handle in working order.

AT Shifters and Parts

1967 Universal Floor Shifter

This replacement universal shifter has the look of the factory shifter, but with functionality for modern transmissions. Mounts to the floor with much of the body below the floor to clear factory consoles. Comes complete with neutral safety/back-up switch, all rod linkage components and factory like reverse lockout and detents for each gear.

Functions exactly like a 60's era factory shifter, not intended for use as a racing shifter. Setup for 3-speed TH350/TH400 or GM overdrive transmissions (700-R4, 200-4R, 4L60, 4L65 or 4L80).

Automatic Shifters

Key Features:

- Unique multi-positioned trigger for user comfort in various shifter positions.
- Base can be trimmed to custom fit any floor.
- Reverse lockout feature meets NHRA and IHRA requirements.
- Neutral safety switch, back-up light switch, lighted gear indicator, polished aluminum T-handle and cable.
- Can be used with a reverse pattern valve body.

The Most Comfortable Shifter We Offer!

The B&M Hammer™ shifter may just be the most comfortably operated automatic shifter you can buy. Grab the handle of a Hammer™ shifter and it feels like it was molded to your hand. The unique design easily fits small to large hands and provides the appropriate wrist angle. The multi-position trigger is spoon shaped for easy finger operation in a multitude of grip positions. Ratchet shifter for TH400, 350, 250, 200, 700R4, 200-4R, 3- and 4-speed automatic transmissions.

Important: Not for original consoles.

223016 Hammer™ shifter 298.99 ea

Key Features:

- Universal floor mount application. Base can be trimmed to custom fit any floor.
- Cable operated for quick installation and accurate shifting.
- Neutral safety switch, back-up light switch, lighted gear indicator, polished aluminum T-handle, and cable.
- Can be used with a reverse pattern valve body.

High-Performance Ratchet Action!

The Megashifter™ is one of B&M's all-time classic designs due to it's timeless good looks and high-performance ratchet action. And, it's ideally suited for most popular universal applications. For TH400, 350, 250, 200, 700R4, 200-4R 3- and 4-speed automatic transmissions.

Important: Not for original consoles.

223017 Megashifter™ shifter 433.99 ea

Key Features:

- Universal floor mount application. Base can be trimmed to custom fit any floor.
- Neutral safety switch, back-up light switch, lighted gear indicator, chrome knob and cable.
- Can be used with a reverse pattern valve body

Classic Style & Stout Performance!

You want style and stout performance wrapped up in a classic package? The B&M QuickSilver™ shifter is your answer! This top of the line ratchet action shifter provides performance shifting without a trigger. To get into park or reverse from drive, just lift the knob/stick assembly and move it forward into position! And it's cable operated for easy installation and precise shifting. For TH400, 350, 250, 200, 700R4, 200-4R 3- and 4-speed automatic transmissions.

Important: Not for original consoles.

223018 QuickSilver™ shifter 392.99 ea

Key Features:

- Base can be trimmed to custom fit any floor.
- Neutral safety switch, back-up light switch, lighted gear indicator, black T-handle and cable.

The Perfect Shifter for Your Daily Driver!

The Sport Shifter™ may be a low cost alternative to B&M's top of the line MegaShifter™—but it performs as if it was twice the price! The Sport Shifter™ is not a ratchet shifter and not intended for racing applications, but it makes a perfect addition to any street machine – making daily driving something to look forward to. Utilizing a simple detent action between first, second, high, and neutral, it features a lighted gear indicator, black plastic T-handle, neutral safety switch, back-up light switch, and flat aluminum stick. For TH400, 350, 250, 200, 700-R4, 200-4R, 3- and 4-speed automatic transmissions.

Important: Not for original consoles.

223019 Sport Shifter™ shifter 289.99 ea

Key Features:

- Base can be trimmed to custom fit any floor.
- Reverse lockout feature meets NHRA and IHRA requirements.
- Neutral safety switch and polished aluminum T-handle and cable.

Straight Line Detent Shifter

The B&M StarShifter™ is one versatile 3-speed automatic shifter—wrapped up in a clean, timeless styled package! In the normal mode the StarShifter is a straight line detent shifter. When the lever is in low, lift the trigger all the way and pull the stick back to convert to ratchet action. Move the stick forward for the 1-2 and 2-3 shifts. Cannot be used with reverse pattern valve body. For TH400, 350, 250, 200 automatic transmissions.

Important: Not for original consoles.

223020 StarShifter™ shifter 269.99 ea

Key Features:

- Base can be trimmed to custom NHRA and IHRA requirements.
- Neutral safety switch, back-up light switch, black T-handle and cable.

More Bang for the Buck!

The B&M Z-Gate™ shifter combines classic styling, performance and a popular price. If you're building a project on a budget, or just want to upgrade your automatic shifter, the Z-Gate™ is the only choice! Great for most 3-speed automatics, the patented 'Z' shaped architecture eliminates the possibility of over shifting and missing a gear. Even more, this easy to operate shifter has many of the features found in our top of the line units, and it includes a T-handle and T-trigger – so you get the most bang for your buck! For TH400, 350, 250, 200 automatic transmissions.

Important: Not for original consoles.

AT Shifters and Parts

Ratchet Action for the Console!

Key Features:

- OEM style installation and smooth operation.
- Designed to fit factory console applications
- Factory cable operated for quick installation and accurate shifting.
- Reverse lockout feature meets NHRA and IHRA requirements.

Includes:

- Back-up light switch
- Neutral safety switch
- Lighted gear indicator
- Plastic chrome knob
- Cable and all required mounting hardware
- Chrome-plated bezel

1968-81 Console QuickSilver™ Shifter

Get the polished look of the QuickSilver™ shifter for your Camaro! The B&M QuickSilver™ shifter is available for your console and when installed, looks just like factory equipment! It features everything the universal QuickSilver™ does – top of the line ratchet action giving you performance shifting without a trigger. And like the QuickSilver™, it's cable operated, so it's easy-to-install and you won't miss a shift!

1968-69 Camaro – Includes Shifter Cable

Fits TH400, 350, and 700-R4
223104 Console QuickSilver™ shifter 383.99 ea

1973-81 Camaro – Does Not Include Shifter Cable

Fits TH400, 350, and 700-R4
223004 Console QuickSilver™ shifter 383.99 ea

This Auto Shifter Looks Like a 4-Speed!

1973-92 Console Megashifter

Got a Camaro with a console shifter? This shifter features full ratchet action performance, a lighted gear position indicator, chrome stick and trigger assembly, as well as a satin aluminum B&M T-handle. Cable operated for quick installation and accurate shifting. You can't miss a gear. Includes: neutral safety switch, back-up light switch, lighted gear indicator, polished aluminum T-handle, and cable.

1973-81 Camaro
Fits TH400, 350, 200, and 700-R4

Premium Lokar Floor Mounted Shifters for Bucket or Bench Seats!

Floor Mount Shifter

Upgrade your classic with one of these premium Lokar floor mounted shifters. All shifters include a neutral safety switch with positive safety lockout in park and neutral, while the shift knobs feature a Teflon lined button for smooth operation. Designed to operate on solid adjustable linkage, each shifter also includes gold plated brackets. For models with bucket seats we offer the 8" handle. For bench seat models the 16" bench bend shifter is available and includes all the same features listed above. The bench bend shifters have been manufactured and shaped to clear most bench seat applications. Shifter levers are available in chrome or black and the mushroom shift knob in either brushed aluminum or a black anodized finish. All shifters include mounting hardware and instructions.

Style One - Plastic Cover Set:

- Adds a "factory option" look to your Hurst shifter.
- Textured black plastic can be trimmed to fit any floor contour.
- Mounting plate and button head screws are included.

Style Two - Aluminum Cover Set:

- Adds a "trace car" look to your Hurst shifter.
- Attaches to shifter with 2 quick release pins.

Quarter Stick Shifter Cover

One of the nice features of the Hurst Quarter Stick Shifter is the ability for you to choose the finished look you want through the availability of 2 distinctive cover set designs.

Important: For vehicles without factory consoles.

1300055 plastic cover..... 114.99 set
1300041 aluminum cover..... 96.99 set

Key Features:

- Forged aluminum stick.
- CNC-Machined Billet Pistol-Grip handle.
- Stay-in-place thumb switch for operating roll control, nitrous or trans brake.
- One hand operated, spring loaded reverse lockout mechanism.
- Factory installed neutral safety switch.
- Cable operated.
- Optional cover kits sold separately.

Pistol Grip Quarter Stick Shifter!

The Hurst pistol grip quarter stick automatic shifter is designed for a firm comfortable natural grip, providing a positive feel when shifting. The pistol grip handle is CNC-machined from billet aluminum and features a precision snap action thumb switch that is ideal for operating a Hurst Roll Control, nitrous system or trans brake. Optional shifter cover can be trimmed to fit any floor pan. For a stock console look, choose the distinctive black textured plastic cover kit. Or, for a racier look, order the aluminum cover kit that attaches to the shifter with 2 quick release pins. Both are sold separately. The Hurst pistol grip quarter stick fits TH250, 350, 375, 400 transmissions.

Important: For vehicles without factory consoles.

Transmission Components

EXTERNAL FEATURES

SuperCase

We began with the strongest 356T6 aluminum alloy. We thickened the case walls, added additional material to support a stronger, full width 307 main drive bearing and a countershaft sealing soft plug, and we reinforced and thickened the mounting ears. As a final touch, user-friendly straight thru fill and magnetic drain plugs with sealing o-rings were added. Despite these improvements, we preserved the look of a 1960's design so our new case won't look out of place under your classic muscle car. No flex, no leaks, no broken ears.

Roller Side Cover

We noticed that we sell more side cover oil seals for Muncies than synchronizer rings, and although the oil seals are inexpensive and easy to replace, this bothered us. When we investigated we discovered that the shifter shafts in many high mile side covers are running in elongated bores, causing new oil seals to fail prematurely. Obviously, a new side cover with round bores would solve the problem temporarily, but we wanted a permanent solution, so we made our shifter shafts a true .750" and supported them with needle bearings. It's standard on our new transmissions.

Extension Housing

If you've been looking, you know that thirty-year old Muncies are hard to come by. When we set out to eliminate that little problem, we also thought about what you're planning to do with it. We added a backbone rib, stiffened the reverse shift tower, and enlarged the oil seal shroud. This housing is produced with a passenger side speedometer drive housing. So whether all you need is an extension better than yours or you're thinking your monster motor might need the big output to handle all that torque, you can stop looking. We've got you covered.

INTERNAL FEATURES

Gearsets

For over fifty years Auto Gear has delivered the highest quality manual transmission gears. Our Muncie M22 gearset is typical. Some vendors purchase the "unimportant" gears in India or China. They will be smarter than we are - we think they're all important, so all six of our gears are manufactured for us in Italy by Antonio Masiero S.p.A. For General Motors cars from 1963-74, we offer the full complete range of Muncie gearing available. Every piece meets our standards before we put our name on it. You can buy cheaper gears elsewhere, but you can't buy better gears anywhere.

Roller 1st Gear Option

When you're not in low (and how much time is that?) your gearbox is spinning your 1st gear on the shaft. It's a bummer that it's not going to your tires, and for years racers have minimized that loss by squeezing a bearing between modified 1st gears and sleeves, an expensive, one piece at a time solution. Our roller 1st upgrade uses a specially cut gear and sleeve for the ultimate in accuracy, coolest running, and lowest cost. It's standard in our new transmissions.

Ductile Iron Mid-plate

Every time you shift your Muncie's heavy main shaft assembly is thrown back and forth. Controlled only by two snap rings and your mid-plate. Think of it as a slide hammer and it'll be no surprise that many aluminum mid-plates are distorted at the snap ring groove. We make the mid-plate you should be hammering on... our mid-plate is made from shock resistant ductile iron. It's standard in our new transmissions.

1967-74 The Ultimate SuperCase 4-Speed

There are exotic transmissions designed for quarter miles or circle tracks, but if your Muscle Car sees city streets or country lanes you need a heavy-duty, synchronized, close ratio gearbox with a helical gears set, to be honest, until now you haven't had too many good options. Each new Auto Gear transmission is built from genuine Auto Gear parts - the highest quality available - and includes all the roller side cover, ductile iron mid-plate, your choice of three heavy-duty gearsets (each with roller 1st) and a roller side cover. Best of all, it's ready-to-install and it's available at a less than exotic price. No core required!

Note: All transmissions are special order and must be prepaid. Special shipping rate applies.

SuperCase with M22 Gearset with 2.20 1st

If your only concern is taming the biggest, meanest motor on the block, you want an M22-based gear set. All three of ours feature the legendary "Rock-Crusher" gear geometry and run with the signature wear. And, while they cost a little more, most owners find that they raise the value of their automobile by the difference or more. The M22 is as GM intended and was originally paired with a 4.11 axle. Street cars used only in the wide open flat places may successfully run something faster. This approach off loads more of the 1st gear stress onto the axle and makes the gearbox more durable, but the fuel economy is frightening.

TR1014	1970-74	26/32 spl	2999.99 ea

SuperCase with M22W Wide Ratio Gearset with 2.56 1st

The M22W is our answer to the price of gas. Pair it with a faster axle, say a 3.54 for street or a 4.11 for the strip, and you'll have a competitive combo that'll show your wallet a little mercy. It's a little less strong, but it's far from weak.

14053

3899621

1967-79 11" Aluminum Bellhousing

Your choice of a stock "621" 11" bellhousing featuring the casting number and GM mark to look and fit just like original, or a heavier duty extensively reinforced version that is 3 lbs heavier with reinforced webbing, clutch fork opening, threaded pivot bolt hole and GM casting number. Accepts Saginaw, Muncie, BorgWarner and Tremec TKD/T56 transmissions. Fits up to 11" clutch on a 168 tooth flywheel. Also fits 153 tooth flywheel when used in conjunction with the proper starter.

Important: Pivot ball sold separately.

340252

1967-79 LS Aluminum Bellhousing

This bellhousing is modeled after the famous "621" model and designed to bolt to Gen III LS engines. This bellhousing, along with a 168 tooth flywheel and 11" clutch, allows the use of an original 4-speed Saginaw, Muncie, or BorgWarner transmission, including the original clutch linkage and starter. Made from CNC-machined heavy cast aluminum, heat treated to and reinforced with extensive thick webbing, this is one of the strongest cast aluminum bellhousings available. Made in USA.

Important: Pivot ball sold separately.

1967-02 Aluminum Flywheels

Get faster throttle response, quicker acceleration, and smoother shifting with a Fidanza billet aluminum flywheel! Fidanza billet aluminum flywheels are CNC-machined from the highest quality 6061-T6 aluminum to deliver optimum tensile strength, heat dissipation and weight reduction. The replaceable friction surface is made from 1050 steel and attached with military grade aerospace fasteners for smooth engagement and durability. Fidanza billet aluminum flywheels also feature a 1050 heat treated steel ring gear that's pressed on and secured with Grade 8 button screws.

11501

1967-02 Billet Steel Flywheel

Ram True Balance Billet steel flywheels are the ideal replacement for factory cast flywheels in high-performance and racing vehicles. Cast flywheels are not explosion proof and can be dangerous when used in high-performance applications at higher RPMs. Ram billet steel flywheels are CNC-machined from certified materials and exceed SFI specifications. After machining, the flywheels are Blanchard ground parallel to the crankshaft mounting surface, ensuring minimum run out and an optimum mating surface for the variety of friction materials offered. Use steel flywheels in heavier drag race cars or for the best drivability in street driven vehicles.

Important: For use with Ram Clutch Sets only.

Note: With 1 piece rear main seal.

1967-02 Powergrip Performance Clutches

As engine power and torque increase you need a powerful clutch set to stand up strong. Powergrip utilizes a unique blend of friction materials and increased clamp loads to give you the holding power you need for aggressive street driving and occasional drag strip use. With up to an 80% increase in holding power, Ram's powergrip series is a natural for the aggressive driver.

1967-88 Street Clutch

An excellent upgrade from the stock unit, the Hays Street Clutch far exceeds OE specifications in material, construction and performance. Light pedal pressure and quick release make the Hays diaphragm pressure plate the most popular choice for today's street driven vehicles. Hays Street Clutch sets include a Hays performance pressure plate, Hays performance clutch disc, Hays performance pressure plate, bolt kit, and a handy splined clutch pilot tool to aid in installation of set.

Important: Stock clutch linkage may require reinforcement.

Hydraulic Release Bearing

This hydraulic release bearing for stock style clutch applications is designed for GM applications utilizing the 1.375" transmission collar size. The bearing is a floating design, and installation is simple and quick. Use this bearing in any project car in which fitting a mechanical linkage is not possible. The bearing requires a minimum 7/8" bore master cylinder and a -4AN feed line to run from the master to the bearing. A remote bleeder system is available to make bleeding simple from the outside of the bellhousing.

1967-82 Throwout Bearing

Has high-performance throwout bearings withstand the high spring pressure and high RPM operation common to racing clutches. Each bearing face is heat treated and Blanchard ground to ensure trueness. The collars are heat treated for strength and machined to close tolerances for secure bearing fork attachment. The ball bearing race is packed with heat resistant moly-based grease for better lubrication and longer life. A nylon liner and bearing retainer is also featured for cooler and quieter operation.

1998-02 LS1 Adjustable Master/Slave

An adjustable master cylinder is required for installation of the RAM Street Dual in any LS application so you can limit your clutch travel and avoid shifting problems. When installing the new clutch hydraulics, it is essential to flush the system of old fluid and rebled with new fluid. Bleeding MUST be done by vacuum method or using a power bleeder such as a Mityvac.

1993-97 T56 Clutch Release Fork

Reproduction clutch release fork for 1993-97 Camaro and Firebird models with the LT1 5.7L V8 and T56 manual transmission. Each part is heat treated to insure proper material hardness for a OE quality part and is designed to fit and function as original.

Note: Clutch forks will have a slight non-uniform discoloration due to the heat treatment process.

A88017 1993-97 LT1 w/T56 trans 199.99 ea

1967-81 Clutch Fork Repair Spring

Reproduction clutch fork throw out bearing spring. Includes spring and rivet to attach spring to clutch fork.

154217 1967-81 20.99 ea

1967-83 Bellhousing to Clutch Fork Boot

OER® reproduction boot, sized for a snug fit to both fork and bellhousing. Molded in durable E.D.P.M. stock.

3993851 1967-83 6.99 ea

Safety Bellhousing Clutch Fork Boot

The clutch fork boot is to help keep unwanted dirt, dust, and moisture from entering the bellhousing which can cause contamination to the clutch. This clutch fork boot is made of a soft pliable rubber for Lakewood Safety bellhousings.

LW15510 36.99 ea

1967-81 Upper Clutch Pushrod Boot

Reproduction pushrod boot for 1967-81 models. These rubber boots mount on the firewall and prohibits water, chemicals, and other elements from entering the drivers compartment through the clutch rod opening. 1967-69 boot is molded using correct E.D.P.M. stock superior to original. Fits small block and big block applications.

1982-02 Leather Wrapped MT Shift Knob

OE's reproduction leather wrapped shift ball for various 1982-02 Camaro Z28 models equipped with 5-speed and 6-speed manual transmissions. Manufactured in injection molded ABS, then hand wrapped in genuine leather for an authentic original appearance. An exact replica of the shift ball GM originally installed on 3rd and 4th Gen Camaros equipped with the NK3 or NP5 leather wrapped steering wheel option, this shift ball features the horizontal stitch design and replaces GM part #14089466. GM originally installed these on 1986-02 models, but will fit and function correctly on various 1982-92 Camaro models running an original GM shifter in conjunction with a Borg Warner 5-Speed manual transmission. Will also fit and function correctly on various 1993-02 Camaro models with 5-speed or 6-speed transmissions and is a natural companion to the optional leather steering wheel package found on many Trans AM, Z28 and IROC-Z models.

BY12010 - top view

1967-81 Reproduction Delco Energizer® Battery

Authentic reproduction Delco® Energizer batteries give you true "tar-top" appearance while eliminating the sticky hot weather disadvantages. Each battery is correct in every detail including acid resistant, screw or push-in type caps featuring Delco full or half circles and are finished in the proper trim. Also includes reproductions of the assembly line battery decals featuring white label with red text attached to the battery posts as well as correct lettering on the top casting. All batteries feature 780 cold cranking amps.

Officially Licensed by General Motors

CAUTION: Maintenance-Free batteries are Gel-Cell type batteries and DO NOT require adding electrolyte (battery acid). Don't forget to check the battery trays for rust or corrosion, replacement now will ensure cleaner battery installation.

Note: Batteries are shipped overweight.

BC90070A

Universal Battery Cables

Underhood or trunk mount battery cable sets. Each cable is 1 gauge and features lead die-cast top post terminals with a steel ring insert. This feature prevents cracking or breaking the terminal due to tightening. Each version comes in either top post or side post sets. Trunk mount sets measure 18" while underhood sets measure 6" in length. Negative cables feature pre-assembled 36" long 6 gauge secondary lead. Each set includes: crimping tool, extra lugs and shrink tubing.

PAINTLESS

Remote-Mount Battery Cable Set

Perfect for trunk mounted batteries. Both positive and negative cables are 1 gauge and 16 feet in length which allows them to be attached to the engine for maximum starting current. Helps prevent voltage drop to the engine. Eliminates the need for heavy cable connections between the engine and frame. Set includes side post adapters and high amp crimp ring terminals with heat shrink.

Priority Start Battery Protector

The PriorityStart! 12 Volt ProMax has a surge "spike" protection circuit that adds additional protection to the electrical system. Surge voltage "spikes" can cause damage to computers, 2 way radios, MDT equipment, cameras, and a host of other electrical equipment. The ProMax can be used on all 12 Volt vehicles including those with such aftermarket accessories.

PS1002 104.99 ea

130 Amp Heavy Duty Battery Load Tester

Applying a powerful 130 amp load, this heavy-duty battery tester delivers more accurate results than conventional testers. Determine a battery's state of charge as well as cranking and charging Volts. Large, easy-to-read display. Unique clamp design for side and top post batteries. Multi-mount bracket for easy storage on a wall or tool box.

AC7614 61.99 ea

Deluxe Relay Tester

No need to pierce wires or connect multiple jumper wires with this relay test kit. Features jumpers that have tabs for clamping and flat pads to place test leads on. Includes test lead kit for easily and securely connecting relay test jumpers to a multimeter. Jumper wire may be used between common and open to close the relay circuit for testing and has a test port to easily check voltage. Also provides access for a clamp-on amp meter. Relay pulper pliers easily remove electrical relays without damage to the relay or electrical box.

Battery Carrying Strap

This handy tool is a must for your tool box. Allows you to easily carry bulky automotive batteries without getting acid on your clothes and hands. Each end is marked and sized to fit the positive or negative terminals allowing a secure, tight fit onto the post. Battery acid won't harm the strap! For top post batteries only.

X205 carries top mount 7.99 ea

Battery Mat — Acid Neutralizer

The Battery Mat offers protection against undetected battery acid leaks. Once installed, the mat will trap and neutralize any battery acid that leaks from the terminals or top side of the battery, preventing corrosion and expensive damage. Each mat is made of super absorbent polypropylene needle punch felt, with one side heat treated to give it additional strength. The mat is inserted under the battery between the battery and the battery tray. It can easily be installed at any time either when replacing the battery tray or battery.

BM2427 yellow mat 6.99 ea
BM2428 black mat 7.99 ea

Battery Lifesaver — Corrosion Remover

Lead acid batteries will discharge, deteriorate and die without regular use or recharging because of corrosion and sulfates on the plates. This module, developed specifically for vehicles that are not driven on a regular basis to keep their battery fully charged, will actually recover lost battery capacity by removing plate corrosion, and in turn, extend battery life up to double or triple the normal life span!

BL51 29.99 ea

Battery Accessories & Tools

Protect Your Vehicle from Corrosive Battery Acid!

Prolong battery life and protect your vehicle's battery tray, underhood and radiator support area with the world's only acid-neutralizing heat barrier mat. It reflects over 90% of radiant heat, traps and neutralizes battery acid, protects against corrosion, is recyclable, protects the environment, and is inexpensive and easy-to-install. The Battery Heat Barrier™ set is completely safe to handle before and during installation. So effective, it is used by all branches of the United States military. Set consists of: one 8" x 40" acid absorbing/neutralizing felt and one adhesive backed 8" x 40" aluminumized thermal barrier to wrap around the battery, plus an 8" x 12" acid absorbing/neutralizing pad to put beneath the battery. Install one on your vehicle NOW, before it's too late.

TT1001 battery heat shield..... 31.99 set

Battery Switch

These battery switches are easy-to-install on the negative battery post and disconnect the battery by simply loosening the knob a few turns. To reconnect, just retighten the knob. The knob can be removed completely to deter theft. Rated at 500 amps surge and 125 continuous at 12 Volts. Available with a 15 amp fused bypass that maintains computer settings, radio, clock etc., while the battery is disconnected.

Universal Wiring Harnesses

Instrument cluster wiring is designed with a "cluster harness disconnect" system for easy service and assembly. All original terminals, connectors, and light sockets are also supplied for original cluster gauges. Any aftermarket gauge system can be easily and neatly wired in.

Engine wiring includes connectors for points type and HEI distributors. Power and tach connectors supplied for GM HEI distributors. Alternator connectors supplied for GM "GT" series internal regulator alternators.

Engine wiring includes starter and gauge sender leads for water temp, oil pressure, and tach. Heavy 5 gauge alternator leads are supplied. Power circuits are fusible link protected.

1967-80 Classic Series Update Wiring Harness

Bring your classic Camaro into the 21st Century with a complete wiring harness update! See these accessories all the popular accessories you may desire including, AC, custom gauges, HEI ignition, tilt steering columns, modern charging systems, and also allows for complete flexibility in the engine compartment. With this versatile harness, popular accessories, creature comforts or high-performance modifications are made very easy! Includes replacement headlight switch with internal 30 amp circuit breaker included. Retention collar nut, adjustable length switch, and custom knob are also included.

Note: 1967 - firewall modifications required to mount the fuse box. 1968 - ignition key warning buzzer circuit is not included. 1968-69 RS models (hidden headlights) must use original style headlight switches (not included). Ignition switch is included with indexed connector. Additionally, the system comes with column mounted ignition switch connectors for adapting late model columns to 1967-68 sets.

1994-02 Fuel Injection Engine Swap Wiring Harness Sets

For maximum power with exceptional drivability nothing beats electronic fuel injection. And the easiest way to install a modern fuel injected engine is with one of these proven FI engine wiring harnesses. These harness sets are designed to allow you to properly wire your engine swap from a donor car or crate motor. A variety of harnesses are available to suit 1994-up LTI, LSI and GM crate engine applications. Each of these sets includes detailed instructions and illustrations.

The Detail Zone Wiring

Each set includes the sensor connectors installed on 20 foot lengths of wire for custom installations, connectors for the sensor wires, and a Telorvek panel with installed wiring and connectors to plug into the factory computer. Designed to work with a specific transmission, so be sure to select the correct application from the listing below. Other non-computer controlled automatic and manual transmissions can be used but typically requires ECM reprogramming for best results. 1998-02 ECMs require use of all emissions sensors or a trouble code will occur unless the ECM is reprogrammed.

Note: *Corvette engines must use the Camaro/Firebird ECM in order to use this wiring kit. Also requires use of the 1998 Camaro throttle body for accelerator cable control. This engine utilizes the OBD II diagnostic system and if all emissions sensors are not used, trouble codes will set in a factory programmed ECM.

Trunk Mount Chassis Harness

In many street rods and custom cars there is little or no room to mount the fuse block under the dash, forcing modifications to either the car or the harness. Our 12 circuit trunk mount wiring harness provides additional wire from the fuse block to the dash and from the fuse block to the front end, allowing the remote installation of the fuse block in the trunk or behind the rear seat. Like all Painless kits, these fuse blocks come completely pre-wired and terminated for a simple, painless installation. Includes GM column mounted ignition and turn signal plugs.

6.0L LS2 EFI Harness

You have to thank GM for making the great LS2 motor available at a reasonable price. Now, PAINLESS has developed a harness to bring it to life. This harness is designed to work with an OEM LS1 computer and keep the throttle by wire feature. This harness has no emissions provisions.

Important: Requires use of factory 2002-03 Corvette L56 ECM, accelerator pedal, and TAC module.

1969-74 25-Circuit Chassis Harness

The Painless Pro Series gives you everything you need to wire up your Pro-Touring or custom ride right the first time! Ample length is provided for each circuit, providing you the freedom to route and hide your wiring how you choose. Once you've got the harness fit how you like it, included are over 25 GM factory style connectors found on most '60s to early '90s GM switches, allowing you to turn the Pro Series harness into a direct fit harness for your application. LED ATC bladed fuses get you away from the old hard-to-find glass fuses, and will light up if blown making troubleshooting a painless task. The 6 gauge charge wire and mid-fuse (no more problematic fusible link!) will keep up with today's high amp alternators, and the provided front and rear ground harnesses making grounding your lighting circuits a breeze! Provided with many GM connectors and terminal, insulated and non-insulated butt splices, heat shrink, grommets, cable ties, ground straps, and cable tie clips, the Pro Series brings a new meaning to truly Painless wiring and includes our lifetime guarantee.

Universal Wiring Harnesses

Universal Chassis Wiring Harnesses ⚠

Starting from a blank slate is a daunting task, especially with wiring. Trying to keep your electrical systems running smoothly on a patchwork of old wiring can be a troubleshooting hassle and possibly even a fire hazard. Whether you are planning a series of electrical upgrades or simply need to replace aging, brittle wiring, build your electrical system on a fresh foundation with a quality universal harness. For basic builds, start with a simple kit with wiring provisions for all lamps, horn, fan, wiper, gauges, and all lamps. For more elaborate builds, choose from a selection of advanced wiring solutions. Need to integrate your aftermarket air conditioning? Need extra circuits for a multitude of electronic accessories? With Classic Industries', there's no limit to what you can do with your wiring.

Universal Wire Grommets

Sometimes you are forced to punch a hole in your firewall to get additional wires into the engine compartment, but that hole you cut is sharp and can potentially sever wires. To help prevent this, install one of these universal wire grommets. In addition to the added protection, these grommets also give the hole in the firewall a cleaner appearance.

Note: *Can be drilled out up to a 1/4" opening.

B) 1967-81 Engine Wiring Harness

Complete engine wiring harnesses which are ready-to-install and include the correct color wires and connectors making installation as easy as possible. The listing includes exact reproductions of the original engine harnesses located in the engine compartment which includes wiring for the starter solenoid, heater blower motor, coil, tachometer optional, windshield wiper motor, oil pressure warning light optional, brake warning light, 1967 only, and idle stop solenoid, 1969 only.

Important: CA28002 & CA28066 require CA28033 extension harness. CA31990 & CA31986 require CA17365 extension harness. Note: **With cruise control. **1978 with NR2 California Emissions only. ISS = Idle Stop Solenoid. ICH = Integrated Cylinder Head. No windshield wiper motor connector.

OE Style Wiring Harnesses

OE Style Reproduction Wiring Harnesses

Reproduced using the original General Motors schematics and feature the correct attachment connectors and wire in the correct gauge sizes and coloration (when available) to match your original and maintain authenticity. When ordering wiring harnesses it is essential to supply as much information as possible regarding your Camaro's optional equipment including the year, engine size, transmission type, or any and all factory options. This will ensure you are getting the correct harness for your particular application.

OE Style or Aftermarket?

Wiring harnesses are labeled either OE style or Aftermarket. OE style are reproduced using the original General Motors schematics and feature the correct attachment connectors and wire in the correct gauge sizes and coloration (when available) to match your original and maintain authenticity. Aftermarket may not be reproduced in this manner, and may require modification to fit your specific application.

A) 1967-75 OE Style Under Dash Wiring Harnesses

Each OE style reproduction under dash wiring harness is manufactured specifically to your Camaro's specifications. This includes the model year with each and every option covered to ensure the harness is exactly what you need. Get exactly what you need without the guess work.

Note: 1970-72 under dash wiring harnesses must be connected to a dash instrument cluster harness for proper use (sold separately).

Models w/Automatic Transmission

*Note: *Requires CA71830 RS extension harness. **With seat belt interlock relay. †With tach and center fuel gauge.*

Tremec T-56 All-In-One Harness

The All-in-One harness solution for the Tremec T-56 Magnum transmission comes equipped with all the connections pre-wired into one harness for a simple installation and ease of use. The small epoxy sealed controller is mounted to the VSS output using the existing bolt, and once the unit is powered up you will be able to connect via Bluetooth to your Apple or Android smartphone using (Bowler Transmissions) free APP. The APP will give you the ability to customize the input and output settings for each feature to ensure proper operation in your vehicle. This harness eliminates the need for any additional equipment to operate the reverse lockout or generate the correct speedometer signals coming from your Tremec T-56 Magnum.

A9800226..... 294.99 ea

1970 Idle Stop Solenoid Control Wire

Manufactured and produced to replicate the original wire assembly. Includes correct color wiring and terminals. Will install correctly into original or reproduction under dash harnesses. The wire is for 1970 V8 models except manual transmission big block models.

1967-69 Keyless Entry System

This comprehensive, vehicle specific system is engineered with the do-it-yourselfer in mind. Set includes everything needed to install power door locks and remote keyless entry. Only can you lock and unlock your doors with their slim line 3 button remote control, but you can also open your trunk without having to use your key.

Note: Trunk release may require some minor trimming on some vehicles for installation.

KK013 1967-69 keyless door & trunk 374.99 set

Power Trunk Lock Conversion

This set is designed to convert your vehicles manual trunk release to power release. A great addition when installing power door locks or a keyless entry system.

Includes: actuator, push button, brackets, and wiring.
PTL1001 51.99 set

1967-69 Power Trunk Release System

The Classic Keyless system is a complete do-it-yourself set designed specifically to fit your Camaro. In this power trunk release set you will receive: 1 power trunk latch, 1 manual push button, wire and wire loom, full color step by step instruction manual, trimming template, and all necessary hardware. Includes everything you will need to install a factory style power trunk release system in your classic car.

Note: May require some minor sheet metal trimming on some vehicles for installation.

KK009 1967-69..... 149.99 set

Set Includes:

- Two 4 button keyless remotes
- Two 15 lbs actuators for the door locks
- Wire harness
- Mounting hardware
- Installation instructions

Power Door Lock Conversion Set

Looking to convert your manual door locks to a full power remote system? The combination power door lock and keyless entry system will convert your old manual locks to power, and activate them from up to 100 feet away!

PDL5120 172.99 set

Set includes:

- Two 4 button keyless remotes
- Two 15 lbs actuators for the door locks
- Trunk lock actuator
- Wire harness
- Mounting hardware
- Installation instructions

Power Door & Trunk Lock Conversion Sets

Convert your manual door locks and trunk release to a full power remote system. The combination power door lock and trunk release provides everything necessary to convert your manual door locks to power, plus pop your trunk. You can activate them from up to 100 feet with the same remote!

PDL5170 183.99 set

Set Includes

- Two 4 button keyless remotes
- Two 15 lbs actuators for the door locks
- 45 lb Trunk lock actuator
- 120 dB 6 tone siren alarm
- Wire harness
- Mounting hardware
- Installation instructions

Power Door & Trunk Lock Set w/Alarm

This power conversion system has everything! It includes all you need to add remote power door locks, remote power trunk release, and a high security alarm. This fully integrated system allows you to control door locks, trunk release and alarm, and activate them from up to 100 feet through a single 4 button remote.

14 and 20 Circuit Universal Fuse Block

Use these 14 or 20 circuit OEM style prewired fuse blocks to replace your existing fuse block or as a starting point for custom wiring. All you have to do is terminate your circuit wire and attach it to the fuse block. Prewired and labeled for the following circuits: Air conditioning/heat, gauges/dash instruments, brake lamps, headlamps, coil, horn, dome lamp, radio, electric fan, turn signals, emergency flashers, wipers, and alternator. The 20 circuit fuse block also includes circuits for power windows, door locks and other optional accessories. Kits includes: mounting bracket, fuses, flashers, horn relay, terminals, and full instructions.

Important: No wire included with these kits.

30001 14 circuit 149.99 ea
30003 20 circuit 224.99 ea

Accessory Connector Pack

Add power accessories without cutting or splicing. This 24 piece connector set includes a variety of power tap and connector types to connect any power accessory. Includes: 2 taps for ATO fuse blocks, 2 taps for ATM mini fuse blocks, 2 taps for AGS fuses, 2 taps for chassis or top post battery, 2 taps for chassis or side terminal battery, 4 red terminals for 18-22 gauge wire, 4 blue terminals for 14-16 gauge wire, 2 yellow terminals for 10-12 gauge wire, 2 top post accessory bolts, and 2 side terminal accessory bolts.

W30995 connector set 24 piece 15.99 set

PAINLESS

Add Fused Circuits with the CirKit Boss!

Add electrical accessories the safe way with a CirKit Boss! This sets allow you to add three fused circuits to your existing fuse block. Simply mount the fuse block and relay, route the 10 gauge wire to the battery, route the ignition wire, then route the accessory circuits. Main power wire is 8 feet long from fuse block. Each accessory circuit has 8 feet of wire length from fuse block. Includes: one 70 amp SPST relay, relay base/fuse block with harness, crimp-on terminals, and mounting hardware.

70114 3 circuit 90.99 set

New!

Circuit Add-On Isolator

The circuit add-on isolator provides a solution when fuses are needed, or accessory equipment requires ignition hot and constant hot capabilities. This is the only add on fuse center available with ignition hot capabilities. Now available in three or seven circuit models depending on your application.

241013 mini 10 pack 15.99 set

RON FRANCIS

Remote Battery Disconnect

With this setup, one click of the key bob completely shuts down your vehicle's entire electrical system. It's accomplished by routing your main battery cable through a remote cutoff solenoid that you've stashed in a place inaccessible to a thief. For even more security, the 4 channel "Safe-n-Sound" system not only shuts off all power from the battery, but will also control 3 other items, like closing the windows, triggering the power door locks, and interrupting electrical power to the fuel pump, all separate from the main battery cutoff. The 4 channel package can handle up to 30 amps worth of electrical equipment.

TF900629 single channel 163.99 ea
TF900628 4 channel 236.99 ea

Remote Master Disconnects

We offer two Master Disconnect sets with 250 amp continuous duty solenoids designed for use with high amperage alternators. Remote Master Disconnect set 30204 uses a small toggle switch to activate the solenoid. This switch can be hidden anywhere in the vehicle as a theft deterrent. Remote master disconnect with mechanical latching solenoid is ideal for everyday vehicle applications and is a simple and effective anti theft deterrent. It uses a 110 amp continuous duty solenoid which is activated by an easy to hide momentary push button.

30204 with toggle switch 94.99 set
30206 w/mechanical latching solenoid 109.99 set

250 Amp Dual Battery Control System

Includes a 3 position switch to control the second battery through the operation of the solenoid. Switch position 1 isolates the second battery. Position 2 connects the battery while the ignition is on. Position 3 connects the second battery at all times. Set includes: solenoid, switch, pre-terminated wire/connectors, fuse holder, fuse, and mounting hardware.

New!

High Amp Alternator Wiring Set

Paintless Performance high amp alternator wiring set. This includes a high amp inline fuse with protected fuse holder, all necessary ring terminals, heat shrink, and a detailed set of diagrams and step by step instructions to provide a professional installation. Works with 140-190 amp alternators.

A30700 universal..... 52.99 set

Park/Neutral Relay Set

This set uses the stock neutral safety switch to also provide for ECM park/neutral ground signal needed when installing factory style fuel injection in older vehicles. For use with any aftermarket shifter or column mounted neutral safety switch.

60122 37.99 set

Universal Fuel Pump Relay Set

A relay will prevent voltage drops at the pump thus maintaining constant fuel pump pressure, and will prevent fuel pump amperage overloads from damaging the electrical system. It's a good idea to relay your fuel pump for the street and a must when you're racing. Choose from a regular fuel pump relay or a weatherproof fuel pump relay which is perfect for the harsh weather conditions, this relay set provides complete protection from the elements and ensure reliable and dependable performance. These sets utilize heavy-duty waterproof relays, weatherproof circuit breaker covers, and extreme condition weatherproof shrinkable crimp-on terminals.

50102 31.99 set

30131 weatherproof..... 47.99 set

Brake Lamp Relay

When upgrading tail lamps to the new higher wattage Halogens, always use a relay. The Paintless set gives you everything you need to protect your wiring and switches.

30105 22.99 set

Electric Water Pump Relay

These relays provide maximum battery voltage to maximize cooling efficiency and to protect the main electrical system from damaging amperage overloads. Choose from a regular water pump relay or a weatherproof water pump relay which is perfect for the harsh weather conditions, this relay set provides complete protection from the elements and ensure reliable and dependable performance. These sets utilize heavy-duty waterproof relays, weatherproof circuit breaker covers and extreme condition weatherproof shrinkable crimp-on terminals.

XT103

X-Treme Tape

X-Treme Tape was developed for the military and has some very unusual properties. The silicone based tape will stick only to itself, and only when placed under tension. Once wrapped around an object, it forms a non-conductive, air and watertight, insulating seal that remains flexible within a temperature range of -60 degrees to 500 degrees F. Insulates to 8000 Volts. Stretches to 3X's its length. Conforms to irregular shapes. When wrapped upon itself, it bonds together immediately and becomes completely fused after 24 hours at room temperature.

Model Year Production Numbers

Note: These numbers are not exact. They were compiled from reliable resources, but, even Chevrolet, or GM, does not know exactly how many Camaros were delivered to the public.

1967	220,906
1968	235,147
1969	243,085
1970	124,901
1971	114,630
1972	68,651
1973	96,751
1974	151,008
1975	145,770
1976	182,959
1977	218,853
1978	272,631

1979	282,582
1980	152,005
1981	126,138
1982	189,735
1983	154,381
1984	261,591
1985	180,018
1986	192,219
1987	137,760
1988	96,275
1989	110,739
1990	35,000

1991	100,838
1992	70,007
1993	40,224
1994	125,244
1995	122,725
1996	61,362
1997	54,972
1998	49,218
1999	42,098
2000	45,461
2001	29,009
2002	41,776

Cowl Trim Plate Identification

Chevrolet cowl tags or trim plates were attached various locations on the body of Camaro models from their inception in 1967 until 1985. The plates represented a vehicle's most basic body characteristics to Fisher Body, the coachworks for Chevrolet Motor Division. Codes listed included Model Year, Model Description (including model and body style), Assembly Plant, Body Sequence Number, Trim, Body Paint Color, Build Date, and Accessory Code. In 1967, option codes were also listed on the cowl tag. For most model years, the cowl tag was riveted to the body, except in few cases including 1973 and 1974, where it was screwed to the body with sheet metal screws. From 1967 to 1969, the tag was located on the firewall next to the brake booster. From 1970 to 1981, the tag was attached to the cowl next to the windshield, facing up toward the hood. From 1982 to the end of their use in 1985, the tag was affixed to the radiator support.

1967 Models

1968 Models

1969 and Later Models

A. Model Year Code

Last two digits of the model year. For example, the code for a vehicle body manufactured in 1967 would be "67".

B. Body Build Date Code

Comprised of three digits, 01 through 12 represent each month of the year and A through E represent alphabetically each week of the month. For example, 11B would represent a body build date of the second week of November.

C. Body Style Code

First two digits represent the Camaro model code ("12") and the last two are the body code. Coupes possess the code "37" while convertibles have the code "67" instead. In 1967, the middle digit was set to "4" for standard interior and "6" for custom interior. From 1968-69, the middle digit had no significance and was set to "4" for all vehicles.

D. Assembly Plant Code

Three letters indicate the assembly plant code; the Fisher Body plant where the vehicle underwent primary assembly. Between 1967 and 1969, only two plants assembled Camaro models: Norwood, Ohio ("NOR") and Van Nuys, California ("LOS"). In mid-December 1968, the "LOS" code for the Van Nuys plant was changed to "VN".

E. Fisher Body Number

Up to six digits follow the assembly plant code and represent the Fisher sequential body number. Not to be confused with the V.I.N. sequence, this number was approximately sequential, but was for Fisher Body's tracking purposes only. In 1969, the number was assigned when the order was accepted, not when the body was built. This meant that body numbers were not necessarily sequential.

F. Fisher Body LOS Scheduling Code

The Los Angeles ("LOS") body scheduling code consists of a letter followed by one to three digits. The letter indicates the production day of the month for the beginning of that vehicle's assembly. The letter "A" indicates the first production day of the month, and was reset the first production day of the next month. The three digits represent the vehicle's approximate production number each day. At the start of the next day, the code was reset to "1". This number is exempt from body style, thus a full size vehicle could be serially located just before a Camaro or Nova. This code was not used on Norwood built vehicles.

*For 1967 Norwood built cars only, the code was shortened to only one letter and represented the interior paint color code for vehicles built at the Norwood, Ohio plant. Los Angeles ("LOS") cars would retain the common one letter one to three digit code.

G. Interior Trim Code

The three digits of the TR (trim) code are unique for each year. The combination indicates the color as well as standard or custom interior style. In 1967, a hyphenated letter suffix indicates seat and headrest type. For example, "765-Z" represents the interior trim of standard A50 Strato bucket seats without headrests, trimmed in black custom upholstery.

H. Exterior Paint Code

The exterior paint code indicates body paint color and top color. It included vinyl or convertible top if equipped. For cars without vinyl or convertible top, the body color was stamped on the tag twice. Paint codes had alphabetic codes in 1967-68 and numeric codes in 1969. Vinyl and convertible top codes were numeric in 1967-68 and alphabetic in 1969. Two-tone paint was only offered in 1969, thus the paint code could have two different numeric codes in 1969.

I. 1967 Body Related Option Codes

This list of option codes was used until 1967 for Chevrolet models and indicated body related options that would be relevant to Fisher Body. The information was eliminated in 1968.

AMERICA'S FIRST CHOICE IN RESTORATION AND PERFORMANCE PARTS AND ACCESSORIES

Conveniently Located in Huntington Beach, CA!

- 10 minutes from the beach
- 20 minutes from Knott's Berry Farm
- 20 minutes from John Wayne Airport
- 30 minutes from World-Famous Disneyland

Automotive enthusiasts seeking personal service have always been invited and encouraged to visit our location in Huntington Beach, California. We have recently expanded our showroom facility to make the experience worth the trip for our customers and their families.

More than mere parts counter, our new showroom has something for everyone. A rotation of show cars is on display, including award-winning Classic Industries restorations such as the "TWISTED" Duster, "CAMOTION" Camaro, and "INNOVATION" Nova. Information kiosks let you browse electronically while our entertainment center keeps spouses and younger enthusiasts occupied. Naturally, the latest gift and apparel items are presented along with the newest reproduction parts. Our friendly, knowledgeable staff is ready and able to help with questions and ideas to make your restoration project smooth and easy.

NEW SHOWROOM!

Bring the Family!

Step past the featured display car and take a seat in front of our entertainment center, designed to create a comfortable atmosphere for enthusiasts, their children, and their significant others. Let the stream of interesting automotive content hold their attention while you check out our unparalleled product line.

Discover Our Products

Browse our unparalleled selection of restoration and performance parts and accessories at these convenient computer terminals. Discover more about the latest great products available for your automotive project from Classic Industries®.

Four Ways to Order!

ORDERING BY PHONE TOLL FREE 800-854-1280

In the continental United States, Hawaii and Alaska.
Outside the U.S. call 714.847.6887.

Mon-Fri 8:00-5:00 Sat 10:00-3:00, P.S.T.
(Closed Sundays and holidays)

Information you'll need when ordering by Phone:

Customer Number

Found on back cover of your catalog above your name, this number allows Classic Industries® to quickly access your information. If you do not have a customer number, a new one will be given to you when placing your order.

Billing and Shipping Address

Please have the billing and shipping address available. Credit card orders are verified by name and address before shipping. Your order can be shipped to a different address, provided the cardholder's name and address match the credit card used. You may be asked to contact your credit card company to have the shipping address added to your account.

Year and Model of Vehicle

To provide the best possible service, we may require the year and model of your vehicle. This helps verify that the parts you order are correct for your car.

Part Numbers

All Classic Industries® products are listed with a part number. If possible, please have the part numbers of the products you're ordering available before calling to make the ordering process faster and more convenient.

ON-LINE ORDERING

www.classicindustries.com

Classic Industries® offers on-line ordering directly through our website. Log on to classicindustries.com and order on-line. On-line ordering is available 24 hours a day 7 days a week for your convenience.

Service Excellence from the Restoration Leaders!

You No Longer Have To:

- ✗ Pay excessive fees to protect your merchandise
- ✗ Contact the carrier yourself
- ✗ File a damage claim yourself to have the carrier inspect the damaged items
- ✗ Send the damaged items back at your expense

With Classic Industries® the worry is eliminated!

PROCEDURE FOR RETURNING SHIPPING DAMAGES

We handle the claim so you don't have to! If any part you receive is damaged during shipping and handling, simply contact our customer service department toll-free at 800.854.1280 within two business days.

After verifying the damage, Classic Industries® will issue a pickup call tag through the carrier that shipped the products. The carrier will pickup the damaged goods from your address and return them to us at no expense to you. After the product has been inspected, our customer service department will send a replacement part.

In order to ensure replacement of damaged products, please return items in their original box and packaging. Failure to do so may result in the claim being denied. Someone must be available at the pickup address to supply the damaged products when the carrier arrives. If the carrier is unable to pickup the products for any reason, the customer may be required to return the products at their expense.

Note: Some products are excluded from damage call tag pickup. Call a customer service representative for information about products that are not eligible.

ENJOY THE BENEFITS!

Money Back Guarantee

At Classic Industries®, we take pride in the quality of the products we offer and back it up with a 100% Money Back Guarantee. If for any reason you are not satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund, credit or exchange.

Not all restoration parts are created equal. But at Classic Industries®, we research each and every product we sell to make sure our customers are getting the highest quality products in the market. We have decades of experience in product selection and we painstakingly scrutinize every product we offer for quality manufacturing, materials, and craftsmanship before we will offer it in any of our catalogs. Many of our employees are automotive enthusiasts themselves. In fact, many were customers prior to becoming employees, so we understand the needs of the modern classic car enthusiast. Our product procurement specialists have made it their goal to select restoration products that have been manufactured using modern technology and materials with an emphasis on originality, longevity, and attention to detail. What else would you expect from the company that started it all? Classic Industries® is the name you can trust, and we'd like for you to consider us as your partner in restoration. When a company

continually offers a quality product for a reasonable price and backs up every sale with the best customer service in the industry, people come back! That's why Classic Industries® has been the leader in restoration for almost four decades. So, if you haven't already decided for yourself that Classic Industries® is the most logical choice as your restoration parts supplier, then check out our Money Back Guarantee. If for any reason you are not 100% satisfied with a product or purchase, you can return the product within 30 days of receipt for a full refund, credit, or exchange.

- ✓ **Lowest Prices Guaranteed!**
- ✓ **The Finest Quality Reproductions!**
- ✓ **No Fault Product Protection Offer!**
- ✓ **100% Satisfaction or Your Money Back!**

Price Match Guarantee

If you find it for less we'll match the price!

Classic Industries® will match any competitors current advertised price for an identical product. Simply send us a copy of the competitor's current advertised price from a catalog, advertisement or website (with URL) and we'll match the price. The price match guarantee is available at the time the order is placed and for in-stock merchandise only. Price matching will be determined by a competitor's most current retail published price and is limited to competitors within the Restoration Industry.

Important: In an effort to provide our retail customers with the most competitive pricing available, we will match our current competitor's pricing. Price matching will be determined by a competitor's most current retail published price and is limited to competitors within the "Restoration Industry". Performance parts and special orders are exempt from price matching policy. Classic Industries® reserves the right to decline price matching if

pricing is deemed to be a special offer, a sale or closeout price, or a non-current price. Competitors sale pricing, inventory reductions, close outs, special promotional offers, etc. may be exempt from the "price match" guarantee. The guarantee is subject to the terms and conditions of Classic Industries® current policies.

Classic Industries® will generally contact competitors to confirm that the published price is current due to market changes, demand or availability. Price matching supersedes all other promotional offers and on sale pricing. If Classic Industries® matches a price from a competitor, additional discounts on that product or products may not apply. If the standard retail price of a product is higher than the competitor's price and an applied discount reduces the price below the competitor's pricing, the now discounted or sale pricing will prevail. We reserve the right to change or revoke this offer at any time without notice. Classic Industries® reserves the right to decline price matching.

Think Of Us As Your Partner In Restoration!

A restoration can take years! We understand the complications and problems that can occur when ordering precious parts for your project car. If you are like most people, you want perfection. The many different elements that make up a restoration isn't just limited to the parts you install. You sometimes need to rely on other outside elements such as body shops, painters, upholstery specialists and parts suppliers. That's where we come in. We offer the quality parts you want without all the guesswork. We carry one of the largest inventories of restoration products and accessories the market has to offer. What's more, you can rely on our nearly

40 years of experience to help you through the rough spots when you need it. Our tech advisors are always ready and willing to discuss any problem you may have concerning the parts for your vehicle and your restoration. Unlike other companies, we give you knowledgeable sales representatives, one of the largest inventories in the business, quick and efficient delivery, Toll Free ordering, and the experience to back it up. If you're not absolutely 100% satisfied with the products you receive. We'll refund 100% of your money! Classic Industries® - your partner in restoration!

Form of Payment

How to Order

CREDIT CARDS

Classic Industries® accepts Visa, MasterCard, American Express, Optima, and Discover for your convenience. When placing your order, be sure to indicate the card holder's name, address, home phone, business phone, credit card number and expiration date and billing address (if different from person placing order). A security code is required for credit card purchases. Please have your credit card readily available when placing your order. Minimum order is \$20.00. New or 1st time customers who are paying by credit card must have the order shipped to the cardholders billing address for the first order. Invalid or non-matching billing addresses could delay your shipment.

CERTIFIED CHECKS

Classic Industries® will accept certified checks for your mail order. Be sure to include customer number and/or reference invoice number. Contact your bank to issue a certified check in the amount due for your order. All orders paid by certified check are held up to 15 days pending clearance.

PERSONAL CHECKS

To use personal checks or business checks on prepaid orders, the name, address, and check number must be preprinted on the check. Be sure to include customer number and/or reference invoice number. Only first party checks will be accepted. All orders paid by personal check are held up to 15 days pending clearance.

MONEY ORDERS/CASHIERS CHECKS

To use money orders or cashiers checks on prepaid orders be sure to include customer number and/or reference invoice number. All orders paid by money order are held up to 15 days pending clearance. Once released the order will leave within 24 hours of clearance.

Make Personal Checks or Money Orders payable to:
Classic Industries®

PAYPAL

Classic Industries® now accepts payments via PayPal! Simply complete your order over the phone with a customer service representative, get your invoice number and then send your payment to paypal@classicindustries.com through PayPal's "Send Money" feature and select "Goods and Services" for payment reason. Be sure to include your invoice number in the "Special Instructions" tab at checkout for fastest service. Orders are generally shipped within 72 hours or less of payment receipt. Contact our customer service department for additional details.

MAIL ORDERS

Fill out the order form located in the back section of this catalog. For quick service use your credit card, money order, or cashiers check. Personal checks are held for 15 days from date of receipt pending clearance. All mail orders must be prepaid including freight (when applicable). COD orders through the mail will not be accepted. If you have any questions regarding product information or availability, contact our sales representatives during regular business hours at 800.854.1280.

ORDER BY PHONE

Classic Industries® employs knowledgeable sales representatives to assist you when placing your order. Our sales representatives are trained to answer your questions regarding restoration and the parts listed in this catalog. Call during regular business hours Mon-Fri 8:00-5:00, Sat 10:00-5:00, PST. Closed Sundays and holidays. Our convenient Toll Free number allows you to place your order with confidence to assure you get exactly what you want when you want it! Inter-continental US. 800.854.1280. Outside US. country code + 1.714.847.6887

ON-LINE ORDERING

Classic Industries® offers online ordering directly through our website. Log on to classicindustries.com and order online. Online ordering is available 24 hours a day 7 days a week for your convenience.

WWW.CLASSICINDUSTRIES.COM

FOREIGN ORDERS

All foreign orders must be prepaid before the products can be shipped. The Classic Industries® staff will check with the various freight companies that deliver to your country and area to determine the best possible rates available for your order. Once your order is rated, you'll be contacted by e-mail or phone to approve the rate. After approval and payment is received, the order will be shipped. The Shipping & Handling field for foreign orders will state "TBD" (To Be Determined). Rates are subject to change once the order has been packed and is ready to ship. Rates are calculated based on estimations of weight, dimensions and other factors. Should changes in freight costs occur once the order is packed and ready to ship, Classic Industries® will notify the customer immediately before the shipment is sent. If you have any questions or concerns, please direct your inquiries to info-desk@classicindustries.com.

Color Matches

Due to multiple manufacturers of products Classic Industries® provides, color variations may occur. Slight color variations are common especially amongst interior products and does not constitute a defect. These products are not eligible for return for this reason.

Pricing

Prices in this catalog were in effect at the time of printing and supersede all prices in any previous publication. Classic Industries® makes every effort to honor the prices contained herein. However, due to increased costs of manufacturing materials, etc., prices can change. We reserve the right to change prices without notice. For current pricing please contact a Classic Industries sales representative during normal business hours. Eligibility of products for discounts are subject to change without notice.

Trademarks and Copyright

Classic Industries® Parts and Accessories catalog copyrighted. No part of this publication including text, photos or illustrations may be reproduced without the prior written permission of Classic Industries®. The following names and/or symbols: Mopar, Dodge, Plymouth, Barracuda, Behr, Behr, Coronet, Challenger, Charger, Cuda, Dart, Duster, Fury, GTX, Hemi, Polara, Road Runner, Six Pack, Super Bee, Scamp, Valiant are registered trademarks of Chrysler Group, LLC and are used for reference purposes only unless specified otherwise.

Product Availability

Availability of all items in this catalog are subject to change without notice. We reserve the right to discontinue products, services or accessories without notice.

Shortages

Always check the contents of your delivery to assure all the parts ordered were received. If you are missing any item(s) be sure to check back orders noted on your invoice before calling our customer service department (see back order). If a shortage has occurred, contact our customer service department within 2 working days of delivery to assure a prompt replacement. Classic Industries® assumes no liability after this period.

General Information

Sales Tax Information

Classic Industries® collects and remits sales tax based on state and local requirements. The sales tax laws have changed due to a Supreme Court ruling in 2018. The appropriate sales tax will be applied to your order and remitted based on your state's requirements. If your order is shipped, or picked up in a specific state that requires sales tax, the appropriate amount will be added to your order.

Accuracy Of Descriptions

Classic Industries® makes every effort to verify the accuracy of all information published in this catalog. Each item is represented with information that is accurate to the best of our knowledge at the time the catalog is printed. Classic Industries® is not responsible or liable for mistakes, print errors or inaccurate information that may lead to, or result in labor costs or damages to any vehicle under any circumstances.

Kit Products

All Classic Industries® Parts and Accessories catalogs include kits which contain a variety of products. On occasion we may run out of an item supplied with a kit. If this happens we will generally ship what is in stock and back order the item(s) which are not in stock. You may contact our sales department by phone to verify which items are not in stock at the time the order is placed. The customer may decide whether to accept the partial kit or have the entire kit back ordered until the kit is completed and all the items can be shipped at the same time. If the customer decides to accept partial delivery of the kit, then the full price of the kit will be charged to the customer and the back ordered items will be shipped no charge when they arrive at our warehouse. Customers will be charged the appropriate freight fees when applicable. Cancellation of products from a kit will be accepted at 25% below the actual current retail price of the item. On COD orders the price of the kit is charged in full and the back ordered items are shipped on a COD freight only basis.

Rights and Lefts

Some items in this catalog are presented as left or right hand products (left side - driver) (right side - passenger). LH or RH sides are determined by sitting in the vehicle, not standing in front of the vehicle.

ALASKA, HAWAII, GUAM & PUERTO RICO

Orders being shipped to Alaska, Hawaii, Guam or Puerto Rico, are shipped via Ground, Overnight or 2-Day Delivery whenever possible. All orders must be prepaid with credit card, money order, or check. No COD orders are accepted. Rates depend on the items being shipped.

Contact our sales department for exact rates.

Important: Promotional shipping offers do not apply to Alaska, Hawaii, Guam, Puerto Rico, Canada or any foreign destination.

APO/FPO

Parcel post is the only means of shipping to an APO or FPO address. Due to size restrictions the maximum shipping box can be no larger than 72" width and girth combined. All military personnel must write or call to determine what size box will be used for the shipment. Once this is determined, Classic Industries will call or write to let you know if the order can be shipped by Parcel Post, and the correct amount required. All orders that exceed these limitations will be shipped in accordance with customer approval.

INSURANCE

Each order is charged an insurance fee of \$3.50. This fee will insure the entire order and protect you completely from damages or loss. The order forms located in the rear of this catalog include this fee in the indicated column when your order is being totaled.

COD ORDERS

COD orders are gladly accepted on all normal ground shipments, excluding truck freight orders. COD orders will require cash only upon delivery of your order. All COD orders are shipped by FedEx. Personal checks, business checks, money orders and certified checks are not accepted. COD orders are not accepted through the mail. COD orders must be placed by phone during regular business hours. The appropriate shipping fees will be added. COD orders are exempt from discounts and free shipping promotion. The customer will pay all appropriate fees in accordance with current policies and freight rates. A fee of \$11.95 per box will be added to all COD orders. Oversize and/or overweight boxes will be charged in accordance with the rate chart located on the order blank. Classic Industries reserves the right to change shipping rates in accordance with rate increases by freight companies. COD orders are limited to \$999.00. If the COD order should be returned to Classic Industries for non-acceptance/non payment, the customer will be responsible to reimburse Classic Industries for any and all freight charges related to the order. In addition, a 25% restocking fee will be applied to the returned products. All outstanding charges must be paid before any additional orders will be accepted.

SPECIAL RATE SHIPPING FEES/DROP SHIP FEES

Some items we offer may require a mandatory shipping or drop ship fee. This fee may also apply to products sold over the counter at Classic Industries' Showroom location. Contact our sales department for actual additional shipping fees.

Important: Products with special rate shipping fees or drop ship fees are excluded from promotional shipping offers.

General Information

Back Orders

The invoice located in the packing slip of your order will note any items that were out of stock at the time of shipping. The unavailable items will be back ordered unless otherwise specified on your order form or verbally to a sales representative when placing your order by phone. Back orders are usually shipped when the products arrive at our warehouse without prior notification. Classic Industries will make an effort to contact the customer if the backorder is more than 90 days old. If you wish to cancel a back order, please notify our customer service department immediately. The customer will be responsible for a 25% restocking fee and freight charges if the back order is cancelled or returned after the items are shipped.

Damage Claims

Always check the contents of your shipment in the presence of the person delivering the merchandise. Should any damage occur, immediately notify Classic Industries' customer service dept. See that all steps necessary will be taken to ensure a prompt replacement of any damaged goods. Accurate instructions will be given on damaged goods replacement. Classic Industries is not responsible if no notification is given within 2 working days of receipt of goods (excluding Sundays and Holidays). Classic Industries will file a claim with the carrier in most cases. If the customer files a claim with the carrier, Classic Industries will not be responsible for replacing damaged products and the customer will be responsible to pay for any replacements until the carrier pays the claim. Any replacement parts due to sales errors or customer errors in ordering will be sent using the same shipping method as the original order when possible. Please follow these instructions to avoid any problems or misunderstandings associated with damaged products and freight claims.

Refusals

All refused COD orders will be subject to a 25% restocking fee. Classic Industries will consider the entire order cancelled and void with no notification to the customer. The customer will be billed 25% plus all freight charges to and from the destination. Contact our customer service department for more information.

Policies

All policies in Classic Industries' current catalog supersede any and all policies in any previous catalog or publication.

EXPRESS SHIPPING

Classic Industries offers Overnight and 2-Day air delivery service in the Continental U.S., Alaska, Hawaii, Guam and Puerto Rico. Pre-payment with a credit card is required before shipments can be sent. Simply call in your order before 2:00 p.m. Pacific Time, Monday-Friday during regular business hours and your Overnight order will arrive the following business day (pending availability). Saturday delivery is available only on Overnight shipping service. For 16:95 fee will be added. Freight products will be shipped 2-Day orders will arrive within 2 business days (pending availability). 3-Day service is available within the contiguous 48 states. Your order will usually leave within 24 hours and will arrive within 3 business days of ship date (pending availability). A \$9.95 service fee for any of these options will be added in addition to shipping fees. Contact our sales department for rates regarding air service delivery. Rates depend on the items being shipped. Some products are charged at dimensional weight as opposed to actual weight. *Important: Air service does not guarantee your order will arrive on the specified date of delivery. Under normal circumstances, air service is guaranteed. However, due to adverse weather conditions, natural disasters or unforeseen circumstances, there may be delays. Classic Industries is not responsible for deliveries that are delayed. Air service orders are excluded from promotional shipping offers.*

TRUCK FREIGHT

Products in this catalog that require truck freight are usually indicated below the product "Shipped truck freight". This indicates that the product is too large for ground delivery and must be shipped by motor freight. There may be items listed here that are not indicated as truck freight. These items must be pre-paid, including freight charges, before the shipment can be sent. Classic Industries requires a minimum \$125.00 fee for all California orders and minimum \$175.00 fee for all out of state truck shipments. Truck freight rates could be higher depending on products being ordered and the destination. Residential deliveries require an additional \$40.00 fee. Should the customer's delivery require special handling (lift gate service, re-routing, additional freight charges, etc.), any and all additional fees will be billed to the customer's credit card. Acceptance of truck freight shipment is acknowledgment that additional charges will be incurred. Please include a commercial business address whenever possible. For additional information contact our customer service department during regular business hours.

Important: Truck freight items are excluded from promotional shipping offers.

OVERSIZE-OVERWEIGHT

These are the designations for Ground or Standard packages that meet one of the following specifications for billing purposes: Oversize 1 (OS1) designates a combined length and girth exceeding 84", but less than 108". Actual weight is less than 30 lbs, and is billed at 30 lbs. Oversize 2 (OS2) designates a combined length and girth exceeding 108" but less than 130". Actual weight is less than 70 lbs, and is billed at 70 lbs. Oversize 3 (OS3) designates a combined length and girth exceeding 130" but less than 165". A \$40.00 handling fee will be added to all (OS3) orders. Actual weight is less than 90 lbs, and is billed at 90 lbs. We reserve the right to charge Oversize fees on any other containing oversize products, even if it is not indicated in the catalog.

Important: Oversize, overweight and dimensional weight items are excluded from promotional shipping offers.

Sales Errors/Ordering Errors

Classic Industries is not responsible for customer errors or employee sales errors. Every effort is made to insure that the products you are ordering are accurate. Should an error occur, we will make every effort to resolve the issue. Replacement products will be shipped the same method as the original order whenever possible. Classic Industries assumes no responsibility or liability for damages, fees, storage charges, or any other inconvenience that may be associated with sales errors or customer ordering errors.

Returns

Products may be returned for a full refund on the product, credit or exchange within 30 days of receipt. All returns are subject to a 25% restocking fee after 30 days. Should you need to return a part or refund, exchange or credit, please contact our customer service department for the appropriate authorization number and instructions. Classic Industries will not accept returned goods without prior authorization. Customer will pay freight on all return orders. Allow up to 3 weeks to process refund or credit.

Important: Gift certificates have no cash value and must be redeemed for merchandise only. Literature, CDs, videos, printed materials, stencil kits, stripes, electrical parts, gears, wiring harness, switches, etc., are non-returnable. All special order products must be prepaid in full and are non-returnable. No returns on partial kits or sets. There is no guarantee on moving parts on an engine or transmission. Replacement products will be shipped the same method as the original order when possible. If any product is modified, altered, painted, installed or disassembled in any way without Classic Industries' expressed written permission, the item is non-returnable. Classic Industries always recommends professional installation on all products. Any item which has been altered, painted, installed or deemed non-returnable by Classic Industries will be returned to the customer at the customer's expense. Classic Industries is not responsible or liable for labor fees associated with the installation, removal, modification, painting or repair of any product purchased regardless of the circumstances. Classic Industries is not responsible for any damage or discoloration incurred in relation to chemical products being used including cleaners, waxes, polishes, paints, etc.

Product Index

Cap, Vacuum	512	Chisel Tool, Seam Buster	312	Clips, Dash Carrier	72
Cap, Valve Stem	384	Chisel Tool, Spot Weld	312	Clips, Door Panel	54
Cap, Windshield Washer Jar	274	Choke Assembly	515	Clips, Fan Shroud	403
Cap, Yenko Rally Wheel	387	Choke Cable, Manual	515	Clips, Headliner Molding	65
Car Care Products	171-177	Choke Cable, Manual Mount Hardware	515	Clips, Retaining	255
Car Cover	4-5	Choke Coil, Thermostatic	514	Clips, Weatherstrip	216
Car Cover Clamps	5	Choke Thermostat Mounting Screw	515	Cluck Conversion, Quartz	75
Carburetor	307-309	Cigarette Lighter	104	Cluck Lamp Bulb	75
Carburetor & Throttle Arm Linkage Bushing	511	Cigarette Lighter Heating Element	104	Cluck Lens, Dash	75
Carburetor Accelerator Pump Squitters	511	Cigarette Lighter Knob	104	Cluck Reset Knob	75
Carburetor Adapter	512	Cigarette Lighter Retainer	104	Cluck Wiring Harness	131
Carburetor Air Cleaner Gasket	510	Circuit Add On Isolator	580	Cluck, Dash	79
Carburetor Ball Stud Set	514	Circuit Add On Wiring	580	Cluck, Wall	152
Carburetor Ball Stud Brackets	517	Clamp Plate, Steering Column	110	Cluck/Thermometer	152
Carburetor Calibration Set	511	Clamp, AC Cover	421, 429	Clutch Adjustment Rod	559
Carburetor Cover	459, 513	Clamp, Car Cover	5	Clutch Assembly	556-557
Carburetor Float Bowl Screw	513	Clamp, Distributor Hold Down	478	Clutch Bellcrank	560
Carburetor Fuel Line	506	Clamp, Evaporator Core Outlet Tube	430	Clutch Bellcrank Felt Seal	560
Carburetor Gasket	510	Clamp, Exhaust	527	Clutch Bellcrank Pivot Set	560
Carburetor Hardware	510	Clamp, Fuel Tank Neck/Sleeve	498	Clutch Fork Pivot Ball	558
Carburetor Heat Shield	512-513	Clamp, Heater Core	421	Clutch Fork Pivot Stud	558
Carburetor Linkage Plate	513	Clamp, Heater Hose	421	Clutch Fork Return Spring	558-559
Carburetor Main Body	508	Clamp, Line	489	Clutch Fork Return Spring Bracket	559
Carburetor Main Jets	511	Clamp, PCV Valve	445	Clutch Linkage	558-559
Carburetor Manuals	164	Clamp, Power Steering Return Hose	323	Clutch Master Cylinder	558
Carburetor Mount Linkage Bracket	514	Clamp, Radiator Hose	403	Clutch Master/Slave Cylinder	557
Carburetor Needle and Seat	513	Clamp, Snipe Pushing Hose Tower	225	Clutch Reservoir	558
Carburetor Power Valve	511	Clamp, Steering Column Strap	109	Clutch Pedal Pad	135
Carburetor Rebuild Set	510-511	Clamp, Wiring Harness	269, 383	Clutch Pedal Pad Trim Plate	135
Carburetor Return Spring	514	Clamps, Battery Tray	565	Clutch Pedal Pushrod Bushing	559
Carburetor Return Spring Bracket	514	Clamps, Fuel Hose	504	Clutch Pedal Return Bumper	557
Carburetor Rod Clip	513	Clamps, Vacuum Hose	504	Clutch Pivot Ball Bracket	560
Carburetor Spacer	513	Clay Bar Kit	172	Clutch Reservoir Bracket	558
Carburetor Stud	514	Clean Park Mat	178	Clutch Pushrod	559
Carburetor Throttle Stud	517	Cleaner, Brakes & Parts	382	Clutch Pushrod Boot	558
Carburetor to Air Cleaner Stud	457	Cleaner, Canvas Top	174	Clutch Pushrod Retainer Clip	559
Carburetor Wedge Plate	513	Cleaner, Tire & Wheel	394	Clutch Release Fork	558
Cargo Area Side Carpet Set	8	Clean, Upholstery	174	Clutch Reservoir Bracket	558
Carpet	6-8	Cleaner, Vinyl Top	174	Clutch Rod Cover/Seal	558
Carpet Dye	184	Cleaner, Wheel & Tire	175	Clutch Throwout Bearing	557
Carpet Firewall Guard	9	Clevis Pin, Master Cylinder	137	Clutch Tool	557
Carpet Underlay	7-8	Clip, Retaining, Tail Lamp	238	Clutch, AC Compressor	407
Carpet, Cargo Area Side	8	Clip, Battery Cable	567	Clutch, AC	407
Carpet, Door Panel	52	Clip, Brake/Lamp Switch Retaining	567	Clutch, Air Filter	429
Carpet, Fold Down Rear Seat	8	Clip, Brake Line	573	Coat Hanger Hook	65
Carpet, Inner Door Panel	8	Clip, Carburetor Rod	513	Coil Cover	483
Carpet, Trunk	303	Clip, Clutch Pushrod Retainer	559	Coil Pack Shield	452
Carrier Panel, Instrument	72-73	Clip, Console Seat Belt	125	Coil Spring Decal	203
Case, Evaporator Core Outlet	421	Clip, Convertible Top Binding End	285	Coil Spring Insulator, Front	343
Case, Instrument Cluster	74	Clip, Convertible Top Boot Mounting	285	Coil Spring Mount	337, 343
Cast Iron Manifold Dressing	52	Clip, Convertible Top Hose	287	Coil Spring Spacer Front	343
Catalytic Converter Decal	202	Clip, Convertible Well Molding	224, 286	Coil Springs	342-343
Catch Can, Oil	474	Clip, Dash Pad	71	Coil Wire, Ignition	483
Catch Plate, Glove Box	106	Clip, Dome Lamp Wiring	61	Coil, Ignition	481-483
Catch, Fold Down Rear Seat Latch	40	Clip, Door Inside Locking Rod	293	Coilover Conversion Brackets	344
Catch, Seat Back	306	Clip, Door Latch Rod	293	Coilover Mount Plate Bolt	344
Catch, Trunk Lid	306	Clip, Door Lock Rod Retaining	293	Coilover System	339, 344, 347-348
Center AC Outlet	424-426	Clip, Door Lock Spring	293	Coin Holder, Console	125
Center Armrest	126	Clip, Firewall Pad Retainer	10	Cold Air Intake	461
Center Bumper to Valance Bracket	254	Clip, Fuel Line	506	Cold Start Delete Set	524
Center Cap, Steering Wheel	114	Clip, Glove Box	107	Color Bar, Radio	97
Center Cap, Wheel	384, 390-392, 394	Clip, Headliner Mounting	68	Column Lock Plate Retainer	110
Center Console	122	Clip, Headliner Trim	68	Column Shift Indicator	108
Center Console Base	122	Clip, Heater Box Control Cable	427	Column Shift Indicator Lens	108-109
Center Dash Air Outlet Screw	425	Clip, Heater Control Lens	427	Column Shift Lever Knob	549
Center Dash Panel	73	Clip, Heater Core Mounting	420	Column Shift Linkage Set	552
Center Dash Panel Retainer	73	Clip, Hood Latch Release Cable	426	Combination Valve, Brake	371
Center Drag Link	326	Clip, Kick Down Rod	244	Compressor, Tire Tester	425
Center Grill	248-251	Clip, Oil Pan Battery Cable	472	Compressor, AC	428-429
Center Hood Adjustment Set	268	Clip, Outer Door Handle Spring	292	Concourse Detail Decal Set	203
Center Rail, T-Top	283	Clip, Park Brake Cable Retainer	370	Condenser Insulator	431
Center Trunk Floor Pan	304	Clip, Park Brake Lamp Switch	389	Condenser, AC	430
Certificate, Battery Owner	202	Clip, PCV Hose	445	Condenser, Ignition	481
Certificate, Warranty	202	Clip, Rally Sport Actuator Pin	224	Connecting Rod, Convertible Bow	281
Chambered Exhaust Hanger	531	Clip, Rally Sport Molding	225	Connector Tee, Washer Hose Spray	274
Chambered Exhaust System	531	Clip, Retaining T-Top	214	Connector, Heater Diverter Valve Link	422
Charcoal Canister, Fuel Vapor	504	Clip, Rocker Panel Molding Installation	225	Connector, Knock Sensor	576
Chassis & Suspension Manual	167	Clip, Shift Knob Attachment	549	Connector, Oil Filter Fitting	475
Chassis Bolt Set	34-35	Clip, Shift Rod Retainer	560	Connector, Park Brake Cable	310
Chassis Reinforcement, Convertible	335	Clip, Speedometer Drive Gear	77	Connector, Printed Circuit Board	75
Chassis Wiring Harness	571-572	Clip, Tail Lamp Wiring	238	Connector, Turn Signal Switch	111
Chassis-Max Handle Bars	334	Clip, Throttle Solenoid Retaining	455	Connector, Vent Duct	424
Check Valve/Filter Assembly, Reserve	245	Clip, Trunk Wire Gutter	298	Connectors, Drip Rail Molding	224
Cherrywood Dash Plate	73	Clip, Wire Harness Retainer	573	Console	122

Dash Plate, Cherrywood	73	Dome Lamp Lens	61	Door Window Crank Handle	57-58
Dash Screws	72	Dome Lamp Reflector	60	Door Window Glass Mount Stud Assembly	221
Dash Side Defroster Grill	426	Dome Lamp Screw Set	61	Door Window Guide	220
Dash Vent Assembly	426	Dome Lamp Wiring Clip	61	Door Window Guide Stabilizer	221
Dash Vent Ball	425	Dome Lamp Wiring Harness	61	Door Window Plate & Roller	221
Dash Vent Bezel Retainer	425	Door & Quarter Panel Frame	282	Door Window Plate Gasket	221
Dash Vent Bezel, Lower	426	Door Bottom	288	Door Window Regulator	220
Dash Vent Deflector Retainer	424	Door Bumper, Front	213	Door Window Regulator Roller	220
Dash Vent Knob	425	Door Edge Guard	180	Door Window Sash Channel	220
Dash Vent Knob Ferrule	425	Door Edge Weatherstrip	212	Door Window Stop	220, 221
Dash Vent Outlet	425	Door Frame, Inner	282	Door Window Track	220
Dealer Add-On Accessory Sticker	204	Door Glass	217-218	Door, Fuel	499
Decal Application Kit	206	Door Glass Hardware	220	Door, Glove Box	106
Decal, Restoration	196-205	Door Glass Mounting Set	221	Double Flaring Tool Set	382
Decal, Stripe	206-211	Door Glass Sash Mount Stud	220-221	Dowel Pins, Bellhousing	555
Deflector, Air Outlet	426	Door Glass Stabilizer	221	Downpipe, Exhaust Manifold	526
Defogger Bezel	101	Door Glass Stop Bumper Assembly, Forward	221	Drain Plug	326
Defogger Switch	401	Door Handle Clip	57, 318	Drain Plug, Oil Pan	472
Defroster Vent Assembly	124	Door Handle Escutcheon	57	Drain Plug, Transmission Case	559
Degreaser	480	Door Handle Gasket	292	Drain Plug, Transmission Pan	543
Degree Wheel Tool	432	Door Handle Insert	205	Drain Tubes, Hood Louver	265
Delay, Radio Off	97	Door Handle Mechanism	57	Drink Holder	478
Delete Panel, AC	422	Door Handle, Inner	59	Drinking Glasses	141
Delete Plate, Firewall	276	Door Handle, Inner	56-57	Drip Rail Molding	224
Delete Plate, Heater	422, 427	Door Handles, Outer	292, 578	Drip Rail Molding Connectors	224
Delete Plate, Radio	73	Door Hinge	289	Drip Rail Support	283
Deluxe Door Handle Screw	57	Door Hinge Arm, Lower	289	Drive Gear Bearing Ring	559
Deluxe Door Panel Bracket	55	Door Hinge Bolt	289	Drive Gear, Distributor	478
Deluxe Door Panel Grab Handle Screw Set	59	Door Hinge Repair Set	289	Driveshaft	354
Detailing Scraper	204	Door Hinge Spring, Lower	289	Driveshaft Safety Loop	353-354
Detent Plate, Ratchet For Staple Shifters	547	Door Inner Panel Access Hole Plug	59	Driveshaft Tunnel Brace	335
Detent, Shifter	547	Door Inside Locking Rod Clip	293	Driveshaft U-Joint	355
Dial Indicator Tool	432	Door Insulation	10	Driveshaft, Oil Pump	471
Diaphragm, Master Cylinder Cover	370	Door Jamb Windlace Lamp Switch Harness	202	Driveshaft, Distributor	478
Diaphragm, Vacuum Secondary	512	Door Jamb Decal Panel	281	Drop Spindles	328, 361
Dielectric Grease	486	Door Jamb Patch Panel	216	Drum Brake Adjusting Hole Cover	377
Differential	354	Door Jamb Rubber, Interior	216	Drum Brake Assembly, Rear	375
Differential Cover	357	Door Jamb Switch	261	Drum Brake Shoe Spacer Bar	377
Differential Cover Bolt Set	357	Door Jamb Vent Grill	297	Drum Brake Spindle	328
Differential Cover Filter/Mag	357	Door Jamb Windlace Lamp Switch Harness	202	Drum Brake Wheel Cylinder Rebuild Kit	376
Differential Fill Plug, Postraction	357	Door Jamb Windlace End Cap	52	Dual Battery Control System	580
Digital Ignition Points Conversion	484	Door Latch	292	Dual Exhaust Hanger Set	531
Digital Instrument Cluster	84	Door Latch Clips	318	Dual Feed Fuel Line	512
Dimmer Switch, Actuator	111	Door Latch Rod Center Clip	293	Duct Hose	424
Dimmer Switch, Headlamp	100	Door Latch Rod Clip	293	Duct, Heater	420
		Door Latch Screws	292, 317		
		Door Lock	290

Emblem, Steering Wheel	120	Factory Service Manual	158	Firewall Retainer Clips	576
Emblem, Trunk Lid	194-195	Factory Shop Manual CD	158	Firewall Rubber Boot	319
Emission System Hose Routing Decal	198	Fan Belt	412-413	Firewall to Floor Brace	280
Emissions Decal	198-199	Fan Blade, Radiator Cooling	406	Firewall Wire Pad	573
End Cap, Door Jamb Windlace	52	Fan Bracket, Electric	409	Fitting, AC POA Valve	431
Engine	434-435	Fan Bracket, Radiator Cooling	407	Fitting, AC Receiver Dryer	431
Engine Assembly Grease	433	Fan Clutch	407	Fitting, Brake Line	363
Engine Bolt Set	462	Fan Clutch to Water Pump Stud	407	Fitting, Heater Hose	416
Engine Bracket	438	Fan Controller	410	Fitting, Intake Manifold	463
Engine Break-In Oil	474	Fan Guard Bumper	403	Fitting, Oil Line	131
Engine Call Out Decal	204	Fan Mount, Electric Cooling	407	Fitting, Oil Line Block	131
Engine Cover	453	Fan Mounting Gasket	409	Fitting, Water Pump Hose Outlet	416
Engine Dress-Up Sets	453	Fan Shroud	403	Flame Arrestor, Air Cleaner	457
Engine Frame Bracket	437	Fan Shroud Clips	403	Flange, Exhaust	527
Engine Gasket Set	469	Fan Shroud Fastener	403	Flang, Rocker Panel	542
Engine Grease	433	Fan Spacer	407	Flexi-Rod	228
Engine Manual	162-163	Fan Spacer Bolt Set	407	Flexi-Rod, Shift Actuator	289
Engine Mount	338, 438	Fan Switch	409-410	Flexlines, Stainless Steel Brake	363
Engine Oil	474	Fan Thermostat, Electric	411	Flexplate	540
Engine Oil Cooler	474	Fan, Alternator	494	Flexplate Bolt Set	513
Engine Oil Cooler Lines	474	Fan, Blower Motor	422	Flange Adjustment Tool	540
Engine Oil Dipstick	473	Fan, Electric Cooling	408-409	Flare Head Shield	527
Engine Oil Dipstick Tube	473	Fascia, Front Bumper	253, 255	Floor Insulation	537
Engine Pull Bracket	432	Fast Idle Cut-Off Relay	504	Floor Mats	537
Engine Rotation Adapter Tool	432	Fastener Kit, Exterior	259	Floor Insulation Accelerator Pedal	138
Engine Tilter Tool (Hoist)	432	Fastener Kit, Underhood / Trunk	259	Floor Mount, Steering Column	109
Engine Wiring Harness	370, 575	Fastener Set, Grill	249	Floor Pan	277, 279
Epoxy Putty	311	Fastener Set, Hood Insulation	268	Floor Pan Brace	280
Epoxy, Gas Tank Repair	498	Fastener Set, Interior	53	Floor Pan Patch Panel	278-279
Epoxy, Metal Weld	535	Fastener Set, Rally Sport Clevis Pin	244	Floor Pan Plug	281
Epoxy, Plastic Weld	535	Fastener, Fan Shroud	244	Floor Pan Repair Set	311
Epoxy, Welding	407	Fasteners and Bolts	314-319	Floor Pan to Firewall Extension Panel	278
Escutcheon, Door Handle	57	Fasteners, LED Accessory	155	Floor Pan to Trunk	278
Escutcheon, Door Release Handle	59			Floor Shifter	549-553, 561
Escutcheon, Headrest	39			Floor Shifter Rod	546
Escutcheon, Seat Belt	42			Floor Stowage Lock	291
Evaporator Box Seal	430			Floor, Trunk	377
Evaporator Case Drain Hose	421			Floor/Trunk Pan & Rear Frame Rails	204

Flywheel Converter Cover (Torque Converter)	542	Fuel Filler Neck	498	Gasket, Door Window Plate	221
Flywheel to Crankshaft Bolt	556	Fuel Filter	505	Gasket, Exhaust Manifold	524
Flywheel Tool	432	Fuel Filter Bracket	505	Gasket, Exhaust Pipe Packing	523
Foam, Seat	20-21, 37	Fuel Filter Spring	505	Gasket, Fan Mounting	409
Fog Lamp Assembly	234	Fuel Gauge	79	Gasket, Fuel Sender	499
Fog Lamp Bulb	234	Fuel Gauge Lens	74	Gasket, Header Collector	527
Fog Lamp Cover	241	Fog Lamp	504	Gasket, Hood Louver	265
Fog Lamp Relay	234	Fuel Hose Clamps	319	Gasket, Intake Manifold	469
Fog Lamp Wiring Harness	234	Fuel Hose End	504	Gasket, License Lamp	240
Fold Down Rear Seat Bracket	40	Fuel Hose Pinch Clamps	504	Gasket, Mounting Tail Lamp	239
Fold Down Rear Seat Latch	40	Fuel Hose Stamp	497	Gasket, Oil Pan	470-471
Fold Down Rear Seat Latch Catch	40	Fuel Injection Manual	166	Gasket, Oil Pan Drain Plug	472
Fold Down Rear Seat Partition	40	Fuel Injection Performance Set	538	Gasket, Outer Door Lock Cylinder	292
Fold Down Seat Back Stopper	40	Fuel Injection System	518	Gasket, Outer Door Mirror	294-295
Fold Down Seat Latch Trigger	40	Fuel Inlet Nut	512	Gasket, Park Lamp Housing	232
Folding Chair	150	Fuel Line Armor Shielding	506	Gasket, Park Lamp Lens	232
Footrest, Adjustable	138	Fuel Line Bracket	505	Gasket, Rear Bumper End	254
Fork, Clutch Release	558	Fuel Line Clip	506	Gasket, Side Marker	235
Forward Console Plate Emblem	128	Fuel Line Disconnect Set	504	Gasket, Thermo Manifold	419
Frame Brace	336	Fuel Line Support Bracket	505	Gasket, Timing Cover	469
Frame Pivot Bolt, Convertible Top	287	Fuel Line Y-Block	505	Gasket, Transmission Pan	543
Frame Rails	299, 304	Fuel Line, Cross Ram	507	Gasket, Trunk Bezel	306
Frame to Radiator Support Bracket	261	Fuel Line, Dual Feed	512	Gasket, Trunk Lock Cylinder	306
Frame, Bucket Seat	38	Fuel Pressure Gauge	506	Gasket, Valve Cover	448, 469
Frame, Cow Induction Valve	402	Fuel Pressure Hose	502-503	Gasket, Water Pump to Block	72
Frame, Door & Quarter Panel	282	Fuel Pressure Tester	433, 500	Gauge Adapter	83-84
Frame, Inner Door	282	Fuel Pump	500-503	Gauge Assembly, Console	123
Frame, License Plate	140-141, 157	Fuel Pump Block Off Plate	500	Gauge Bezel, Console	123
Frame, Rear Seat	38	Fuel Pump Bolt	501	Gauge Cluster Brake	74
Frame, Vem Window Glass	218	Fuel Pump Bolt	503	Gauge Copper Tubing	76
Freeze Plugs	402	Fuel Pump Mounting Plate	500	Gauge Mounting Bezel	123
Fresh Air Duct Seal Set	424	Fuel Pump Pushrod	500	Gauge Face Set	75
Front Air Dam	256-257	Fuel Pump Relay	504, 581	Gauge Harness	92
Front Air Deflector	255	Fuel Pump Safety Switch	502	Gauge Lamp Bulbs	92
Front Air Deflector Retainer	255	Fuel Pump to Carburetor Line	503	Gauge Lens, Dash	74-75
Front Brake Set	358-367	Fuel Recommendation Decal	333	Gauge Mount, Angle Ring	84
Front Bump Stop Set	252	Fuel Return Line	506	Gauge Mount Panel	84
Front Bumper	252-253	Fuel Sender Ring and Gasket	499	Gauge Mount Pedestal	84
Front Bumper Bracket	254	Fuel Sender Wiring Harness	499	Gauge Panel	80-84, 92
Front Bumper Corner Mount	255	Fuel Sending Unit	84	Gauge Pod, Console	123
Front Bumper Cover	253, 255	Fuel Sending Unit Lock Ring	496	Gauge, Console	123
Front Bumper Guard	252-253	Fuel System Cleaner	498	Gauge, Face	79
Front Bumper Impact Bar	253	Fuel Tank	496-497	Gauge, Fuel Pressure	505
Front Bumper Strips	253	Fuel Tank Anti-Squeak Insert	497	Gauge, Speedometer	76
Front Caliper O-Ring Bushing	376	Fuel Tank Mounting Bracket	497	Gauge, Tachometer	78-79
Front Door Bumper	213	Fuel Tank Mounting Strap	497	Gauge, Temperature	79
Front Door Window Glass Guide Pad	220-221	Fuel Tank Mounting Strap Bolt	497	Gauge, Volt	79
Front End Rebuild Kit	327	Fuel Tank Neck/Sleeve Clamp	498	Gauges	76, 78-91
Front End Sheet Metal Hardware Kit	259	Fuel Tank Pickup Tube Filter	499	Gear Assembly, Distributor	478
Front Fender	270	Fuel Tank Sealer	504	Gear Indicator Sending Unit	82
Front Fender Extension	270-271	Fuel Tank Sending Unit	499	Gear Indicator, Transmission	552
Front Fender Extension Bar	270	Fuel Tank Sending Unit Lock Ring Tool	499	Gear Oil, Synthetic	357
Front Fender Patch Panel	271	Fuel Tank Vent Valve	498	Gear Shifter, Transmission	552
Front Floor Brace	280	Fuel Vapor Churner	504	Gear, Distributor Drive	478
Front Grill	251	Fuel Vapor Line	506	Gear, Timing	443
Front Headlamp Support	230	Fuel/Brake Lens	74	Gearbox, Manual Steering	324
Front Inner Bumper Bracket Cushion	255	Fuel/Volt Gauge Mounting Plate	474	Gearshift Bushing, Console	549
Front Inner Fender Skirt	271	Funnel	73	Glass Hardware	219
Front Inner Wheel Bearing	329	Fuse Block	580	Glass Kibs	217
Front Lamp Wiring Harness	574	Fuse Block Screws	317	Glass Mounting Set, Door	228
Front Lower Frame Brace	336	Fuse Holder	580	Glass Seal Rope-In Tool	218
Front Outer Wheel Bearing	329	Fuse Panel Cover	71, 580	Glass Setting Tape	219
Front Runner Drive	441	Fuse Panel Wiring	571	Glass Stops	220
Front Seat Base	280	Fuses	580	Glass Support, Windshield	219
Front Seat Frame Floor Support	280	G		Glass, Back Window	217
Front Side Fender Flare	256	Gas Cap	498	Glass, Distributor	217
Front Spoiler	256-257	Gas Tank	496-497	Glass, Quarter Window	217-218
Front Spoiler Installation Hardware	256	Gas Tank Anti-Squeak Insert	497	Glass, Vent Window	217-218
Front Spoiler Mount Bracket	256	Gas Tank Penetration Epoxy	498	Glass, Windshield	217
Front Steering Brace	336	Gasket Maker, Silicone	415	Glasses, Drinking	141
Front Strut Tower Brace	336	Gasket Sealant	468	Glasses, Muffler	531
Front Subframe	338	Gasket Set, Engine	469	Glove Box Assembly, Console	126
Front Toe Board	279	Gasket Set, Exterior Lamp Lens	238	Glove Box Catch Plate	106
Front Wheel Bearing Grease Cap	329	Gasket Set, Manual Transmission	559	Glove Box Clips	107, 318
Front Wheel Bearing Seal	329	Gasket Set, Rear Seal	216	Glove Box Door	106
Fuel Additive	505, 507	Gasket, Air Cleaner to Carburetor	510	Glove Box Door Arm Bumper	107
Fuel Decal	499	Gasket, Back-Up/Reverse Lamp	240	Glove Box Door Stopper	106
Fuel Door	499	Gasket, Brake Backing Plate	377	Glove Box Door Stopper Bracket	106
Fuel Door Bumper	499	Gasket, Carburetor	510	Glove Box Hinge	106
Fuel Door Emblem	194	Gasket, Cylinder Head	469	Glove Box Lamp Bulb	106
Fuel Door Lock	499			Glove Box Lamp Wiring Harness	107
Fuel Evaporation Relay	504

Ring & Pinion Installation Set	357	Screw, Trim Panel	307	Secondary Spring and Housing	514
Ring & Pinion Shim Set	356	Screw, Upper Outlet Deflector	426	Security System	168-169, 581
Ring, Gauge Mount Angle	84	Screw, Wall Opening Molding	243	Sending Unit, Terminal	405
Ring, Shift Boot	230	Screw, Headlamp Bracket	242	Sending Unit Wire, Temperature	417
Rivet, Ball Joint	329	Screws, Park Lamp Lens	233	Sending Unit, Electronic Speedometer	92
Rivet, Rear Bumper	255	Screws, Receiver Dryer Mounting	431	Sending Unit, Fan Temperature	410
Rocker Arm Locks	468	Screws, Rocker Molding	224	Sending Unit, Fuel Tank	84, 92, 499
Rocker Arm Stud	468	Screws, Sheet Metal	43, 52	Sending Unit, Gear Indicator	82
Rocker Arm Stud Girdle	468	Screws, Windshield Molding	219	Sending Unit, Oil Pressure	474
Rocker Arms	468	Seal Puller	329	Sending Unit, Speedometer	81
Rocker Panel	281-282	Seal Set, Firewall Cowl Rubber	216	Sending Unit, Temperature	401
Rocker Panel Decal	205	Seal Set, Fresh Air Duct	424	Sensor, Coolant Level	401
Rocker Panel Emblem	194	Seal Set, Vent Ball	425	Sensor, Coolant Temperature	423
Rocker Panel Extension	257-258	Seal Set, AC Kit	430	Sensor, Fan Temperature	410
Rocker Panel Flap	282	Seal, AC Tube Foam	430	Sensor, Power Door Lock Position	293
Rocker Panel Molding	225	Seal, Air Cleaner Lid	457	Sensor, Throttle Position	511
Rocker Panel Molding Hardware	224-225	Seal, Bellcrank (Felt)	560	Serpentine Belt	413
Rocker Stud Tool	432	Seal, Core Support to Radiator	261	Serpentine Belt Pulleys	440
Rocker Switch	583	Seal, Cowl Induction Hood to Air Cleaner	455	Service Manual, Factory	158
Rod Clips	318	Seal, Cowl Induction Valve Frame	455	Service Tag Decal	202
Rod, Accelerator	133	Seal, Hood Lock Pillar	212	Shackle Bushings, Leaf Spring	351
Rod, Clutch Adjuster	559	Seal, Air Cleaner Lid	457	Shackle Set, Leaf Spring	351
Rod, Hood Opening Assist	267	Seal, Bellcrank (Felt)	560	Shaft Centering Sphere, Steering Column	110
Rods, Door Opening	293	Seal, Core Support to Radiator	261	Shaft, Oil Pump to Distributor	478
Roller Cage	348	Seal, Cowl Induction Hood to Air Cleaner	455	Shaft, Trunk Lock Handle	306
Roller, Quarter Bearing	559	Seal, Cowl Induction Valve Frame	455	Shafted Trunk Handle Set	578-579
Roller, Input Shaft Gear	560	Seal, Hood Lock Pillar	212	Sheet Metal Tools	313
Roller, Quarter Window Lower Guide	221	Seal, Epoxy Putty	311	Shield, Brake Line	373
Roof Drip Molding	224	Seal, Evaporator Box	430	Shield, Door Panel Water	49
Roof Panel	283	Seal, Evaporator Core Housing	431	Shield, Fuel Line	506
Roof Panel Braces	283	Seal, Evaporator Core Pipe	431	Shield, Park Brake	379
Roof Panel Skin	283	Seal, Fender to Side Cowl	271	Shield, Rally Sport Actuator	245
Roof Rail Weatherstrip	212, 215	Seal, Headlamp Bracket	423, 422	Shield, Actuator Lever, Transmission	546
Roof Rail Weatherstrip Retainer Track	216	Seal, Lower Door Weatherstrip	213	Shift Arm, Transmission	552
Roof Rail Weatherstrip Screws	316	Seal, Radiator Support to Hood	400	Shift Boot	130, 562
Rotabroach Cutter Set	313	Seal, Shift Boot	130	Shift Boot Retainer	130
Rotor, Brake	358-367, 375	Seal, Shift Plate	129	Shift Boot Ring	130
Rubber, Ignition	480	Seal, Spoiler/Fender	256	Shift Knob	549, 551, 562-563
Rubber, Bumper, Hood	268	Seal, Steering Column	109	Shift Knob Adapter	563
Rubber Bumper, Rally Sport Headlamp Door	243	Seal, Tail Lamp Lens	238	Shift Knob Snap Ring	549
Rubber Bumper, Seat Back	40	Seal, Top Frame to Body	215	Shift Lamp Mounting Plate	127, 129
Rubber Electric Fan Spacer	409	Seal, Transfer Tube O-Ring	513	Shift Lens Backing Plate	129
Rubber Stopper Kit	213	Seal, Windshield Wiper Motor to Firewall	275	Shift Lever	546, 561-562
Rubber Stoppers, Convertible Top Frame	186	Seal, Wiper/Bracket Core Tube	468	Shift Light	90
Rubber Undercoating Paint	186	Sealant, Gasket	468	Shift Plate	129-130, 562
Rust Prevention	180, 182-183	Sealant, Threadlocker	411	Shift Plate Bulb Retainer	129
		Sealant, Window	219	Shift Plate Pattern	128-129
		Sealer, Fuel Tank	504	Shift Plate Seal	129
		Seam Buser Chisel Tool	312	Shift Plate Slider Retainer	129
		Seam Tape	212	Shift Plate Slider, Console	129
		Seat Adjuster Handle	40	Shift Tunnel	131, 281
		Seat Adjuster Knob	40	Shifter	549-553, 561-562
		Seat Back Catch	40	Shifter Base, Horseshoe	549
		Seat Back Hook	298	Shifter Boot and Ring	552
		Seat Back Panel, Bucket	38	Shifter Button Return Spring, Console	124

Side Marker Lamp Socket	235	Speedometer Cable Retainer Clip	77	Steering Frame Brace	336
Side Marker Lens	235	Speedometer Drive Gear Clip	77	Steering Gear to Pitman Shaft Lock Washer	324
Side Moldings	225	Speedometer Driven Gear	77	Steering Gearbox, Manual	324
Side Panel, Interior Rear	46	Speedometer Gear Housing	77	Steering Knuckle Spindle Washer	329
Side Panel, Trunk Cover	305	Speedometer Nut Set	74	Steering Nut Set	329
Side to Top Post Adapter Set	567	Speedometer Sender	84	Steering Shafts	341
Side Window Corner Filler Weatherstrip	213	Speedometer Sending Unit	81, 92	Steering Shaft Bearing Set	110
Side/Floor Storage Lock Set	291	Spindle Nut & Cotter Pin Kit	329	Steering Shaft U-Joint	324
Silencer, Door Lock Rod	293	Spindle, Disc Brake	328	Steering Shaft, Intermediate	324
Silicone Engine Coolant Plumbing Set	405	Spindle, Drum Brake	328	Steering System, Rack and Pinion	325
Silicone Gasket Maker	415	Splash Guard, Fender Skirt	271	Steering System, Trunk Return	39
Sill Plate	9	Splash Drums	240	Steering Wheel	112-119
Sill Plate Screw, Door	9	Splash Guard	256, 258	Steering Wheel Adapter	108, 113
Sill Plate Wire Harness Guard	9	Spoiler Emblem	195	Steering Wheel Center Cap	114
SiriusXM Radio Tuner	97	Spoiler Mounting Hardware	300	Steering Wheel Cover	115
Skid Shield Eliminator	540	Spoiler, Front	256	Steering Wheel Emblem	120
Sleeve, Armrest	55	Spoiler, Rear Window	258	Steering Wheel Horn Button	120
Sleeve, Jack Wrench	103	Spoiler, Trunk	300-301	Steering Wheel Mounting Hub	121
Slip Shaft, Steering Column	309	Spoiler/Fender Welting Seal	256	Steering Wheel Mounting Set	121
Smog Check Valve	525	Spot Weld Chisel Tool	312	Steering Wheel Puller Tool	112
Smog Divertor Elbow	525	Spot Weld Cutter Tool	312	Steering Wheel Quick Release	110
Smog Pump	525	Spray Adhesive	12, 69	Steering Wheel Stroud	120
Smog Pump Belt, Reproduction	525	Spray Gun, Paint	187	Steering Wheel Spacer	113
Smog Pump Bracket	525	Spray-On Acoustics Insulation	12	Stencil Set, Stripe	206-208
Smog Pump Hose Tower Clamp	525	Spread Bore Sealing Plate	512	Stencil, Fuel Tank	497
Smog Pump Pulley	525	Spring Shackles, Rear	351	Stencil, Muffler	497
Smog Tubes	525	Spring, Accelerator Pedal Tension	133	Stencil, Valve Cover	450
Smog/Air Block Off Plug	524	Spring, Brake Pad Retainer	378	Stereo Operating Instructions	202
Snap Ring, Shift Knob	549	Spring, Clutch Fork Repair	558	Stone Shield, Inner Fender	271
Socket Assist	523	Spring, Console Ashtray Lid	125	Stop Lamp Bracket	137
Socket, Ashtray Lamp	105	Spring, Console Lid	124	Stopper Kit, Rubber	213
Socket, License Lamp	240	Spring, Console Shifter Button Return	124	Stopper, Ashtray Cover	105
Socket, Oil Pressure Switch	475	Spring, Door Push Button Lock Knob	292	Stopper, Fold Down Seat Back	40
Socket, Quarter Dome Lamp	61	Spring, Frigate Return	57	Stopping Glove Box Door, Dash Mount	268
Socket, Side Marker Lamp	235	Spring, Headlamp Beam Adjusting	229	Stopper, Hood	268
Socket, Tail Lamp	239	Spring, Hood Hinge	266	Stopper, License Plate	268
Solar Wind Rear Window Spoiler	258	Spring, Hood Pop-Up	267	Stopper, Lower Window Bumper	220
Solenoid, Cowl Induction	455	Spring, Park Brake	380	Storage Bag, Convertible Top Boot	285
Solenoid, Headlamp Washer Drip Valve	229	Spring, Rear Drum Brake	377	Storage Bag, Jack	303
Solenoid, Lift Gate, Trunk Lock	307	Spring, Thrustle Return	511	Storage Box Insert	106
Solenoid, Starter	499	Spring, Window Crank Handle	57	Storage Sleeve, Jack Wrench	303
Solenoid, TCS	543, 561	Springs, Bucket Seat Support	37	Storage Sleeve, T-Top	215
Solenoid, Throttle	511	Springs, Coil	342-344	Strap, Brake Hose	373
Sound Deadener	11-12	Springs, Valve	468	Strap, Fender Wiring Harness	269, 583
Space Saver Spare Inflator Decal	201	Squirters, Accelerator Pump	511	Strap, Glove Box Support	106
Space Saver Spare Trunk Lock	201	Stabilizer, Shifter	561	Strap, Glove Box Core	293
Space Saver Tire Inflator Retainer	307	Stabilizer, Door Window Guide	201	Striker, Door Lock	42
Spacer Bar, Brake Shoe	373	Stainless Radiator Hose	425	Striker, Door Lock	107
Spacer, Air Cleaner	459	Stainless Steel Brake Hose	363, 372	Striker, Hood Latch	267
Spacer, Alternator	495	Stamp, Inspection	170	Striker, Liftgate	206, 306
Spacer, Ball Joint	327	Stamps, Hose	697	Strips, Decal Set	206-208
Spacer, Bump Stop	350, 384	Starter, Thrustle Return	490-491	Strips, Stencil Set	206-208
Spacer, Electric Fan (Rubber)	409	Starter Amperage Booster	491	Strips, Headliner Retainer	68
Spacer, Front Coil Spring	409	Starter Heat Shield	491	Strut Tower Brace	336
Spacer, Steering Wheel	113	Starter Motor Brace	491	Strut, Coulover	347
Spacer, Valve Cover	447	Starter Motor Brushes	491	Strut, Lift Gate Door Window	37
Spacer, Vent Glass Handle	58	Starter Mounting Bolts	491	Strut Assembly, Direct Glass Dash Mount	202
Spanner Wrench	343-344	Starter Relay	491	Stud Assembly, Door Window Glass Mount	221
Spare Tire Clamp Anchor Plate	302	Starter Shims	491	Stud Girdle, Rocker Arm	468
Spare Tire Cover	303	Starter Solenoid	491	Stud, AC Compressor Mounting	430
Spare Tire Nut	303	Starter Wire Harness Retainer	491	Stud, Alternator	494
Spare Wheel Decal	200	Steel Garage Art	151, 154-155	Stud, Carburetor to Air Cleaner	455, 457, 514

300116

1967-81 Coilover Set Front and Rear

Convert your front and rear 1967-81 Camaro suspension to full ride height adjustable coilovers. Aldan Phantom Series single adjustable coilovers deliver superior handling and ride quality for a drastic improvement over stock suspension. Aldan's hybrid front coil springs are designed as a direct fit into the factory upper spring pockets. Aldan rear kits use factory rear end and shock mounts for precise fitting. Lowers 0.0"-2.0" front and 0.0-3.0" in the rear. Made in USA.

DEALER AUTHORIZED

Our exclusive soft cotton lining provides added protection against dings and scratches.

Plus

WeatherBlocker™ Car Cover

The ultimate combination of protection and value! Designed for outdoor use, the Weather Blocker® cover is manufactured using a durable non-woven 4 layer material that provides a high level of protection against outdoor elements. The fourth layer is a soft cotton backing that further protects against scratches and dings. Each cover is sewn with double stitched seams that are strong and durable. Neoprene elastic is sewn into the front and rear hems to help secure the cover in place. Breathable and lightweight, Weather Blocker offers increased water resistance and protection from the sun's UV rays. Mirror pockets are featured on both sides of the cover. Non-scratch grommets are installed on each cover to allow the use of your tie-strap or lock. Specify gray or tan.

Pickup Layers of Dust with One Sweep!

An easy way of keeping your vehicle clean and free of dust, looking like it was just washed. It's specially treated cotton fibers lift dust off the surface without scratching the paint, even delicate lacquers. The more you use it, the better it works! Regular use maintains your car's appearance while significantly reducing frequency of washings.
