1969 OE Style Dash Pad

OE[®] dash pads feature an injected molded ABS base to eliminate the possibility of shrinkage allowing for a perfect fit every time. Produced with injection molded vinyl skin in the correct Madrid grain, just like Genuine GM dash pads. Factory style stitching makes for a superb reproduction with an authentic OE appearance. Includes all hardware necessary for installation. Dash pads with AC feature the correct cutout area in the center of the dash to install the air vent assembly. Non-air conditioned models do not have cutout.

Note: Shipped oversize.

3972011	1970-78	149.99 ea
---------	---------	-------	-----------

1973-76 Dash Panel Instrument Trim Panel

This is an OER® reproduction lower dash panel section that houses the in-dash radio, glove box section and air vent assembly. The trim panel is manufactured to exact specifications for 1973-76 which is known as the first design in 1976 Camaro models. However, this panel can be used as a service replacement on 1970-72 models with only a cosmetic difference being that this panel is equipped with the seat belt warning lens found on the later 1973-76 style panel. Additionally, this panel will also fit 1976-81 models with slight modifications to the radio holes.

Note: 1st design has dimension between radio holes of 6-1/4", the 2nd design has dimension between radio holes of 5-3/4".

25053742 1984-89 trip hole on bottom 64.99 ea

1993-02 Color Gauge Face

These pro-style display facings are manufactured in the United States and replace the original faces, using your existing gauges! Easily installed, these faces can be installed by anyone with a moderate degree of mechanical ability and patience. You must know how to remove your original cluster from the dash. For those who don't have time or mechanical knowledge for this project, we recommend a competent mechanic, speedometer shop, or stereo installation service for this quick and inexpensive project.

Instrument Cluster LED Upgrade Set

Replace the stock bulbs in your instrument cluster with direct replacement, super bright LEDs. These LEDs operate 75% cooler than traditional bulbs and bring crisp, vibrant light to your dash. Each 1/2" bulb features 5 light emitting diodes for 360 degree illumination. Installation is easy, just twist out your old bulb sockets and twist the new LEDs into your cluster. Fits select Camaro, Firebird, Nova, and Impala models. These dimmable LEDs are available in white, red, green, and blue for bright vibrant gauge illumination. Sets include 6 LED lamp assemblies.

Note: Please verify that your printed circuit/cluster accepts 1/2" bulb sockets.

- Over 30 including RGB color options including 12 preset color themes
 - Wide angle color TFT LCD Message Center(s)
 - Independent day/night color selections
 - Illuminated needles and LED backlighting for the numbers and tick marks
 - "Ghosted" indicators (Turn signals, high beam, check engine, cruise control engaged, parking brake, plus two that are user definable) appear only when lit.
 - Easy to use app allows for quick setup, modifications and sensor diagnosis

1987-81 HDX Series Gauge Sets

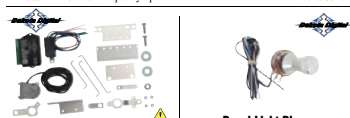

Fully customizable HDX series gauge sets rivals what's offered in today's modern vehicles allowing you to personalize your instrument panel to match nearly any vehicle theme. Each direct fit gauge package incorporates a speedometer, tachometer, fuel level, Volts, oil pressure and coolant temperature gauges, along with a digital message center. Matching console gauge packages are also available for 1967-69 models. Sets are integrated into your vehicle's systems using the supplied central control box. Bluetooth connection to tablet/smart phone. Includes necessary sensors. Offered in black or silver alloy and available with either standard (MPH and Fahrenheit) or metric (KMH and Celsius) displays. Available for iPhone and Android systems.

Important: Gauge bezels for the dash and console are not included. Please allow 3-5 week build time for Metric display gauge sets.

Note: Please specify option codes when ordering: 1 = standard (MPH and Fahrenheit); 2 = metric (KMH and Celsius) and then either A = silver alloy gauge face, or B = black alloy gauge face.

Example: DD16011A = 1967 with standard display and silver alloy gauge face.

1967-69 Camaro Gauge Kits

These gauge kits are a tasteful upgrade over your stock gauges without adding the flashiness of most aftermarket instruments. The exclusive gauges feature glass faces, shock proof cases, precision movements, and integrated indicator lights. Gauges include an 8000 RPM tach, 140 MPH speedometer, oil pressure, coolant temperature, 0-90 Ohm fuel gauge and voltmeter. Kits include two vintage styled, 4-3/8" 3-in-1 gauges and an adapter set that allows installation into your existing gauge panel. Kits also include wiring instructions. Speedometer sender not included.

1967-68 Dash Gauge Assemblies

Classic Instruments lends its style and quality to the 1967-68 Camaro line. These are complete retrofit units that feature a beautiful OER® dash instrument carrier with a 5" diameter, 140 MPH speedometer and a 5" diameter gauge cluster that includes the temp gauge, fuel gauge, Volt gauge and oil pressure gauge. All gauges are electronic 12 Volt. The speedometer, temp and oil sending units are included. The fuel gauge will operate on a GM or reproduction, standard 0-90 Ohm fuel sending unit (not included). All gauges come pre-assembled in the housing with an OE style mount bracket and wire harness.

Gauge Mount Panel

Mount your aftermarket 2-1/16" and 2-5/8" gauges the old school way on these aluminum mounting plates. Manufactured in aluminum for strength, these gauge panels also give your interior a hard core, no-nonsense look. Gauge mount brackets sold separately. Gauge bracket sets include a set of brackets and hardware to mount 3 gauges.

A8101008

Internal Float Fuel Sending Unit

Get reliable fuel gauge readings with this internal float fuel sending unit. This advanced design provides accurate readings without fluctuations due to fuel slosh. Because this internal float design requires no float arm, it is far more resistant to corrosion, even with racing fuels. All sending units mount to the tank with the standard 5 bolt mounting flange and are available in sizes from 4" to 24".

Important: Sending unit should not touch bottom of tank. When the fuel gauge reads empty, the area below the sending unit is reserve fuel.

Note: Sending units are available in lengths from 4" to 24" and are sold in 1" increments. Please add the desired length to the end of the part number; eg. 06=6", 11=11"

Sky Drive GPS Speedometer Sender

Drive your speedometer accurately and reliably with the Sky Drive GPS Speedometer sender. This device quickly calibrates and accurately drives any electronic programmable speedometer. The Sky Drive updates 10 times

per second without any transmission signals, pulse generators or signal converters and features an omnidirectional antenna that can be mounted virtually anywhere and in any position. No more guessing or recalibrating due to tire or gear changes; this unit requires one time setup and you're done.

280665 249.99 ea

PAINTLESS

Speed Sensor

A speed sensor is an electrical device that can sense the rotational speed of a shaft or member and transmit this information to another device, such as a readout.

Both sensors are 7/8"-18 thread.

Dixco Style Hood Tachometer

These Dixco style 8000 RPM tachometers were installed by builders for super car vehicles such as Yenko, Baldwin Motion, and Big Daddy Garlits. Fits all cars. This tachometer works with factory points and GM HEI distributors.

Note: Tachometer adapter required for aftermarket ignitions.

A9100101 all..... 199.99 ea

Universal Tachometer Filter

Eliminate tach signal noise and surges caused by your ignition system with this compact and easy-to-install tachometer filter. This filter installs between the tachometer and the signal source and modifies the sharp up and down spikes into a semi-square wave signal for steady readings and faster response. This tachometer filter can be used as a direct replacement for 1975-89 GM vehicles. Measures: 2" x 3/4" x 1". Includes instructions.

Important: Recommended for vehicles running an HEI ignition with a tachometer designed for point style ignitions.

Performance Gauges

Prestige In-Dash Gauges

These gauges have the precision and reliability with brushed aluminum centers, fully lit vintage style needles, domed lenses, and polished chrome bezels. Antique Ivory gauges have black numerals and needles, and feature an LED fully lit gauge face when illuminated at night. The Prestige Black Diamond gauges have white numerals and needles and feature through-the-dial LED lighting to illuminate the numbers, markers, and needles. Mechanical gauges include the necessary fittings and 6 feet of capillary tubing (unless otherwise specified). Electric gauges include the required sending units. 2-1/16" unless noted.

Note: *3-3/8".

Universal Power Antennas

Universal fit, service replacement antennas for classic or late model vehicles with power antenna option. Each motor is mounted directly to the mast assembly and is designed to mount with the universal fit bracket and cable that is included. Compact design is ideal for installations where space is limited. Operation is fully automatic, mast extends when radio is turned on and retracts when radio is switched off.

Note: *Features GM bulkhead connector.

Boom Mat Speaker Baffles

Solve the problem of rattles and vibrations caused by speakers and protect the back of speakers from damage! Boom Mat speaker baffles maximize speaker performance by isolating the correct frequency responses while damping reverberation in the sheet metal and panel to frame resonance. Also forms a water tight protective shell to prevent moisture intrusion. Made from a closed cell polyethylene to enhance frequency response for improved sound clarity. Easy conformably in tight spaces for a professional installation. Isolates frequency responses and prevents sound from migrating to unfavorable areas in the vehicle such as door panels.

New!

1970-81 Neutral Safety Switch Pivot

Pivot bracket to mount the neutral safety switch on 1970-81 Camaro models. Attaches near the pedal assembly to secure the neutral safety switch in place. Works with 3-speed M15, M63, and 4-speed M20/M21 transmissions.

3961589 1970-81..... 49.99 set

Neutral Safety/Back-Up Switch Relocation Set

On 1973-81 Camaro, the neutral safety back-up switch was originally mounted to the steering column and controlled by a rod from the transmission instead of the floor shifter. Installation of headers and overdrive transmissions often leads to malfunctioning reverse lamps and even accidental starting of the engine with the transmission in gear. With these relocation sets the switch can be moved to the floor shifter, resolving these issues.

Important: *For correct operation shifter must be converted for overdrive use.

1969-02 Back-Up Lamp Switch

Mounted on the driver side of the transmission, the back-up lamp switch is an open switch that prevents voltage from being applied to the back-up lamps until the vehicle is put in reverse. Putting the vehicle in reverse closes the contact and applies power to the rear back-up lamps. Fits 1969-02 Camaro models. All switches listed below are for use on manual transmission models.

Note: Option codes can be found on your Camaro's vehicle identification label located in the center console glove box.

Steering Column Components

1967-69 Tilt Steering Column

Brand new, premium tilt steering columns that include all levers and knobs and are completely wired for self-canceling turn signals, 4 way flashers, and horn. A neutral safety switch is included with column-shift columns. The correct wiring adapter to plug into your Camaro's stock wiring harness is included when required. For 1967-68 models the original under dash mounting hardware and floor mount can be used. 1969 models require a new rag joint, offered separately. A stock steering wheel from 1969 or newer GM vehicles bolt directly to the column. Most aftermarket wheels will attach with an adapter. Available in paintable steel, chrome steel, polished, or brushed billet aluminum.

1970-75 Tilt Steering Column

This steering column is designed to replace the original without special brackets or modifications. It was designed with safety in mind and is capable of collapsing up to five inches to compensate for structural damage during an accident. Each column can be used with original 1970-75 steering wheels. They include a custom floor mount and features 8 position tilt, self-canceling turn signals, 4 way flashers, turn signals, and tilt levers, and 1970-75 wiring plugs. Choose from paintable steel, chrome, or black powder coated finish. Made in USA.

Important: Designed for vehicles with floor shifters or manual transmissions. Columns do not have shift indicator or neutral safety switch provisions.

1967-75 Aluminum Steering Column

Pro-Lite lightweight aluminum steering column built to fit the 1967-75 Camaro. At under 6 lbs, the Pro-Lite still packs all the features of a standard column including self-canceling turn signals, 4 way flashers, horn wiring, 3-7/8" wiring plug, and a 1" 48 lower shaft. It also collapses a full five inches for enhanced driver safety and is designed to work with most quick release steering wheel hubs. Installs easily using your original dash mount and ididit's plug-in wiring connectors.

1969-81 Tilt Steering Column

Tilt steering columns feature all-new components including a one piece cast upper housing design with a keyed GM ignition that has the standard GM plug. The ignition switch is located in the 3 o'clock position for added comfort and convenience. These columns are manufactured using 2" stainless steel tubing and a high strength, all steel shaft with Teflon coated bearings. They include the tilt and turn signal levers and hazard knob. The shift lever with the shift indicator are included on column shift applications. Three finishes to choose from! Columns are 33" long, with 1" 48 spline shaft and are a direct fit for 1969-81 Camaros or a column 33" long with a 1" DD shaft for rack and pinion steering. A stock GM steering wheel from a 1969 and newer GM passenger car will bolt to these steering columns.

Important: Reuse of original column to dash clamp is required for installation, with some modification necessary, or use part #FR20300 column strap clamp if you want to save your old column. If you do not want to do that you may use FR20114K and not use the OEM mounting.

Custom Steering Wheels

NRG's Steering Wheel Adapter System:

NRG's modular steering wheel adapter system lets you choose the level of security for your classic vehicle. Pick from a quick release system that removes the steering wheel, a tilt lock that unlinks the wheel from the column, or for total vehicle security use the Quick Lock system to prevent a would-be thief from placing a steering wheel onto the hub and driving away.

Rim Sport Style Wheel

NRG Rim Sport series wheel is manufactured from high-quality materials, providing the feel of smooth luxurious wood, polished aluminum center spokes and the old school brushed metal feel. Mounts to any six bolt hub or quick release unit and measures 14-1/4" in diameter, and 1-1/2" deep.

152778 6 bolt 209.99 ea

Classic Woodgrain Wheel

NRG Classic woodgrain 3-spoke center in chrome. Measuring in at approximately 14-1/2", this wheel was made to be a direct replacement for many of the older vehicle that did not feature options such as power steering, or assisted steering.

It's large, sturdy, and ready for the road. Covered in custom stained Mahogany featuring polished aluminum spokes.

153801 6 bolt 179.99 ea

Generation 2.0 Quick Release System

These NRG 2.0 Quick Release units feature many options that conventional ball-lock Quick Release systems do not offer, such as specially designed raised sections to prevent hub stretches and a self-locking mechanism.

Note: Must use in conjunction with the short hub adapter.

5 Bolt - 2.0 Quick Release

Compatible with all 5 bolt Grant steering wheels, and others with 5 x 70mm bolt pattern.

152783B black 119.99 ea

6 Bolt - 2.0 Quick Release

Compatible with all 6 bolt steering wheels with: 6 x 70mm or 6 x 74mm bolt patterns.

With Carbon Fiber Ring

152782BK black 111.99 ea

152782GM gunmetal 111.99 ea

152782GL silver 111.99 ea

Woodgrain Steering Wheel

6 bolt woodgrain steering wheel from NRG made from high-quality materials with a sophisticated design to let you feel the smooth luxurious wood and the aggressive matte finish. Mounts to any 6 bolt hub or quick release unit. Measures 13" in diameter, 1-3/4" deep.

152773B matte black center 159.99 ea
152773C chrome center 159.99 ea

Short Hub Adapter

This NRG short hub unit was designed to mount an aftermarket steering wheel/quick release combination close to the original orientation. Manufactured from the highest quality aluminum using a solid, 1 piece design for maximum strength.

Note: Must use with NRG Quick Release system.

152780 short hub

152775 screw set

Generation 2.8 Quick Release System

The NRG Gen 2.8 Quick Release provides all the benefits of the 2.0 Generation Systems ball-locking quick release system with the added benefit of an upgraded Diamond Cut flared ring. This provides leverage and grip for the pull ring allowing much easier release of the wheel.

Note: Must use in conjunction with the short hub adapter.

152784BK black 144.99 ea

152784GM gunmetal 144.99 ea

152784GL silver 144.99 ea

1/2" Steering Wheel Spacer

Bring your steering wheel closer with this 1/2" spacer. Manufactured from CNC-machined aluminum with counter sunk mounting holes to the hub and a universal 6 bolt mounting pattern.

1967-94 GT Pro-Touring Sport Wheels

Inspired by GM's optional NK4 4-spoke Sport wheel installed in various models during the 1970's, this custom steering wheel offers a modern flair to an already classic design. The black anodized spoke design features a leather wrapped grip with "baseball" stitched seam. The polished spoke design features genuine mahogany wood outer grip and perforated leather inner. Horn buttons are machined from 6061 aluminum and are secured using an exclusive o-ring design that keeps it from "popping off". Includes your choice of a black anodized or polished hub with matching horn button and Grade 8 mounting hardware.

Important: For Flaming River and idler steering columns use the 1969 and later kits. Not intended for vehicles with air bag safety systems.

Polished Horn and Hub

This kit includes a 14-1/2" diameter, 2-3/8" dish, polished 4-spoke wheel with a polished adapter and your choice of an engraved or red Bow Tie horn button. The horn buttons cover the wheel mounting bolts for a clean, custom look.

A8621111 1969-94 engraved Bow Tie 467.99 kit
A8621113 1969-94 red Bow Tie..... 462.99 kit

Black Horn and Hub

This kit includes a 14-1/2" x 14-1/4" diameter, 2-3/8" dish, black anodized 4-spoke wheel with black anodized adapter and a red Bow Tie horn button. The horn button exposes the bolts that mount the wheel to a high-performance look.

Note: The dimensions of this wheel replicate the original NK4 Sport Wheel.

Empire 6 Bolt Steering Wheel

Forever Sharp 6 bolt Empire steering wheels feature outstanding quality and sleek design. Each wheel is crafted from real mahogany wood with finger grooves on the back and steel spokes finished in bright polished chrome-plating. A urethane coating on the mahogany grip provides for a longer life and improved heat resistance on hot summer days. Wheels feature a 6 hole bolt pattern with a 1-3/4" dish depth and are available in 14" and 15" diameters. Finishes include either a light or dark stained mahogany finish.

Important: Steering wheels require mounting adapter and your choice of horn buttons, sold separately.

1970-81 Camaro Console

⚠️

Reproduction console for 1970-81 Camaro models. Each part is injection molded (when required) and pre-assembled. Includes: the upper and lower sections, side air vents, ashtray lid, console door assembly, and lock assembly. Due to variances in the transmissions, shift plates are sold separately. Fits all 3-speed, 4-speed, and automatic models. For 1973-81, original console components can be removed from the existing console and installed on to the new one. Rear cover plate and console glove box lid assembly sold separately.

Important: Some welding may be required to install floor bracket.

Note: Shipped double oversize.

Plug-n-Chug Colors

1969 Plug-n-Chug Drink Holder ⚠️

The Plug-N-Chug dashboard drink holder installs in seconds by sliding your ashtray out and sliding the Plug-N-Chug in, in its place. Whether driving to a show or just cruising in your daily driver, you'll find this standard size double drink holder a welcome addition to your cockpit. Best of all, it installs with absolutely no modifications to your vehicle. During the show, simply unplug the drink holder and plug the original ashtray back in its place for an original interior appearance. Upholstered in a variety of colors with automotive grade vinyl.

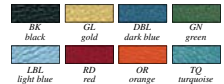

Note: Specify black, dark blue, dark green, graphite, medium green, orange, or red when ordering.

1967-73 Cup Holder Consoles ⚠️

Classic Consoles center consoles are designed and made specifically for 1967-73 Camaro models with bucket seats only. Constructed of automotive grade vinyl and double stitched with commercial nylon thread, this accessory console is an extremely durable and practical way to add storage to your classic Camaro with absolutely no modifications to your vehicle. Comes standard with nicely padded lift up armrest, fully lined interior and drink holders. Choose between the Humphugger consoles designed for 1967-73 models without factory installed consoles, or the saddle console designed for 1967-69 Camaro models with a factory installed console. Available in Camaro interior colors. Please specify 2 or 3 letter color code when ordering.

1973-81 Armrest w/Drink Holder ⚠️

Add the cup holder that GM left out of the 2nd Gen Camaro with the Holder™ armrest replacement. This is not a plastic cap, but rather a new padded armrest and king size drink holder complete with a new factory hinge. Installation is simple, remove your old armrest and hinge and mount the Holder™ in its place. Upholstered in black vinyl and includes a matching black drink holder trim ring to match the original vinyl of your interior. Want to customize the Holder™ to match your vehicle? Choose from 5 different color coordinated cup holder trim rings (red, blue, silver, camel, or gold) to create your own look. Also available without cup holder.

HH1012	1973-81	123.99 ea
--------	---------	-----------

1982-92 Replacement Style Armrest ⚠️

Make driving more comfortable in your third gen with this padded armrest replacement for 1982-92 Camaro models. The "armrest" is manufactured using new foam padding and comes upholstered black automotive grade vinyl to match your interior. This is not a reproduction cap, but rather a replacement style padded armrest that does away with the stock latching system. Installation is simple, remove your old armrest from the factory hinge and mount the new armrest using the 3 enclosed screws.

HH1006	1982-92	99.99 ea
--------	---------	----------

1982-92 Armrest w/Drink Holder ⚠️

Add the cup holder that GM left out of the 3rd Gen Camaro with the Holder™ armrest replacement. This is not a plastic cap, but rather a new padded armrest and king size drink holder complete with mounting screws. Installation is simple, remove your old armrest from the factory hinge and mount the Holder™ to the factory hinge using the 3 enclosed screws. Upholstered in black vinyl and includes a matching black drink holder trim ring to match the original vinyl of your interior. Want to customize the Holder™ to match your vehicle? Choose from 4 different color coordinated cup holder trim rings (red, blue, silver, or gold) to create your own look.

9780054 1969 black..... 12.99 ea

1970-81 Gearshift Boot Retainer Plate

OER® shift boot retainer plate for use with all 3- or 4-speed transmissions. An exact replacement for virtually all manual transmissions for 1970-81 models.

3973970 1970-81..... 24.99 ea

Console Components

1969 Manual Shift Tunnel

Black plastic tunnel is located directly below the shift plate and extends downward to the rubber shift boot. This reproduction is manufactured in a precision thermal vacuum formed black ABS plastic material.

Note: For use with floor consoles only.

3949539 1969 24.99 ea

1970-72 Manual Shift Tunnel

This excellent quality reproduction from OER® duplicates the shift tunnel for 1970-72 Camaro models with manual transmissions. Manufactured as original in black ABS plastic material.

3973964 1970-72 29.99 ea

1973-81 Manual Shift Tunnel

Reproduction shift tunnel assembly installed on all 1973-81 Camaro models with 3-speed or 4-speed transmissions. The tunnel is reproduced to exact factory specifications for a precise and snug fit. The shift opening holes line up exactly. Manufactured in ABS materials. Features the correct hot stamped raised chrome trim and metal reinforcements on all four mounting screw holes.

Note: For use with floor consoles only.

478571 1973-81 44.99 ea

1967-81 Console Gauge Wiring Harnesses

Console gauge wiring is made easy with Classic Industries' console gauge wiring harnesses for 1967-69 Camaro models. Each harness is produced with original color wires and correct terminals.

Console Gauge Wiring Conversion Kits

Includes console wiring from gauges to conversion harness and the conversion harness to the main under dash harness. Features correct terminals.

Important: There is not a conversion harness from column shift AT or MT to MT console shift with gauges. Front lighting, engine and under dash harnesses must be ordered separately and replaced for this application.

1967-81 Brake Pad Trim Plate

Reproduction brake pedal trim for 1967-81 models equipped with automatic transmission and power disc or drum brakes. Features original style tabs for easy replacement. Fits part #3930091 or K982 brake pedal pads.

K920 1967-81 6.99 ea

1967-81 MT Brake Pedal Pad Trim Plate

Reproduction brake pedal pad trim for all manual transmissions from 1967-81 where the brake pedal pad and clutch pedal pad are the same exact size. On some models, the brake pedal was larger than the clutch pedal to differentiate between the two pedals and provide a larger area for the foot to connect with the brake pedal. This trim plate fits when the 2 pedals are the exact same size.

K911 1967-81 brake pedal pad trim... 5.99 ea

1967-81 MT Clutch Pedal Pad Trim Plate

Reproduction clutch pedal pad trim for all manual transmissions from 1967-81. Part #K911 fits where the brake pedal pad and clutch pedal pad are the same exact size. Part #A9100228 fits when the clutch pedal is slightly smaller than the brake pedal. To determine which one you need, measure the pedal top at the widest point and under the pad closest to your measurement. Most 1967-71 models are equipped with a 3" pedal. In 1972, the pedal size decreased to 2" at the widest point.
